

Tangent Console

SECOLO

Tangent Console

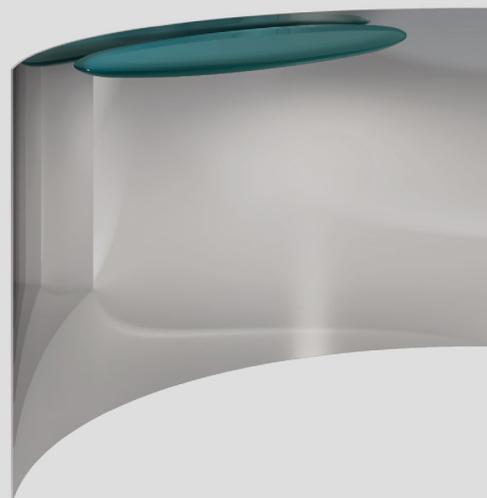

2020

The Tangent Console, older brother to the sketch side table, is the more refined, more mature, member of the family. Also inspired by sketching lines and geometry; one bent piece of metal provides all the support the console needs to stay standing.

The oval top, connecting at a tangent to the metal sheet, provides a surface for the console to be used. Just two pieces or two shapes creating a fully functioning console unit. The metal sheet is available in any metal finish or RAL colour. The top is available in metal, lacquered wood or marble.

Bent 3mm steel sheet. Top can be metal, lacquered wood or stone and is supported by an invisible metal structure.

140 x 40 x 80 H cm
