PACKING:

1 pcs. per package

① Important:

Refer to the mounting frame Installation Instruction for specific dimensions and detailed instructions.
② for more details on recessed hand dryer refer to the data sheet of the hand dryer 14.7182.02.010

CERTIFICATES & AWARDS

PRODUCT CARE

d line products are produced in the highest quality stainless steel, marine grade, AISI 316. To sustain the unique d line finish appearance please follow the below instructions:

- Wash down the surfaces using soapy water or mild detergent
- Always thoroughly rinse off with clean water
- To complete the cleaning procedure dry/polish the surfaces with a soft dry cloth

Please do not use scouring powder, steel wool, chloride based detergents or other aggressive cleaning products as these may damage the surface.
If spots or corrosion appear on the surface it is not due to the stainless steel quality, but to impurities in the environment, aggressive conditions or improper or insufficient cleaning.
