

VECTOR™ SEATING SYSTEM

PRODUCT DATA

VECTOR™ SEATING SYSTEM

PRODUCT DATA

The **Vector Seating System** is a modern, modular design that goes in whatever direction your seating needs take. This highly customizable line invites you to mix interchangeable bench and planter modules, choose materials and finishes to suit your design scheme, and personalize your layouts with optional seat backs and seat dividers, LED accent lighting below bench seats, and/or side panels in stainless steel or VividGlass. Coordinating Vector Table Ensembles expand the line's reach.

MATERIAL & CONSTRUCTION DETAILS

CONFIGURATIONS	SIDE PANEL OPTIONS	PLANTER MODULE
<ul style="list-style-type: none">• There are seven basic components to the Vector Seating System: four linear benches (2-, 4-, 6-, and 8-foot lengths), a 2' planter module, and two 120° angle benches. The components can be specified to connect to each other in a linear fashion and/or branch off of the sides.• In addition to linear benches, standard configurations include Cross, Tri-Hub, and Oblique. See pages 8 & 9 for details.• The Vector Seating System provides endless possibilities for custom configurations. See page 9 for examples.• All seating components are available with or without seat backs. Seat backs are not available at some connection points.• Wall-top configurations are also available. Please contact us to discuss your project's specific requirements.	<ul style="list-style-type: none">• All seating components are available with or without side panels on one or both sides.• Side panels are available in two materials: stainless steel or VividGlass.• Stainless steel side panels are available in three stainless steel finishes or can be powdercoated. Four standard perforation patterns are available or side panels can be specified with no pattern. See page 2 for details.• VividGlass side panels are available in standard and custom patterns. All VividGlass side panels are tempered and weather proof. See page 3 for standard pattern options.	<ul style="list-style-type: none">• Planter frame is aluminum with a powdercoat finish.• Planter capacity is 14 gallons.• Planter liner is molded polyethylene. Drainage holes are optional.• Planter side panels are available in two materials: stainless steel or VividGlass. See pages 2 & 3 for side panel options.
FRAME AND SEAT OPTIONS	OPTIONAL END AND INTERMEDIATE SEAT DIVIDERS	LED ACCENT LIGHTING
<ul style="list-style-type: none">• Frame is aluminum with a powdercoat finish.• Seats are available in two material options.• FSC® 100% Cumaru hardwood seat slats (8 slats per bench) have a natural oiled finish that enhances the wood's rich color (FSC License Code: FSC-C004453).• Extruded aluminum seat slats (4 slats per bench) feature a lightly grooved surface for enhanced appearance and a non-slip feel. Aluminum slats are powdercoated. See the Forms+Surfaces Powdercoat Chart for details.• Optional aluminum seat backs are powdercoated to match the bench frame.	<ul style="list-style-type: none">• Cast aluminum end and intermediate seat dividers are available for all of the seating components.• Seat dividers are powdercoated to match the frame.• Due to the inherent nature of metal castings, gloss powdercoats are not offered for cast components.	<ul style="list-style-type: none">• Optional LED accent lighting is available for all seating components.• Accent lighting attaches to the underside of the seating components.• Accent lighting is offered in 3000K warm white and 4000K cool white LEDs.

INSTALLATION & MAINTENANCE

INSTALLATION	MAINTENANCE
<ul style="list-style-type: none">• The Vector Seating System can be freestanding or surface mounted.• Configurations with seat backs must be surface mounted.• Surface mount models include anchors and stainless steel mounting screws.• Wall-top mounting is customized per project. Necessary hardware is included.• Can be shipped flat packed.	<ul style="list-style-type: none">• Metal surfaces can be cleaned as needed using a soft cloth or brush with warm water and a mild detergent. Avoid abrasive cleaners.• Cumaru hardwood slats can be maintained by re-oiling as needed with Penofin® hardwood finish or similar products.

VIVIDGLASS SIDE PANEL PATTERN OPTIONS

VividGlass side panels can be specified in one of the standard patterns shown below, or you can select from our full VividGlass line. All VividGlass side panels are safety laminated with Dupont™ Sentryglas® structural interlayer and tempered for ultimate durability. They can be used in any exterior environment, regardless of weather conditions, moisture, heat or cold. To see our full array of VividGlass options, including full technical specifications, please visit www.forms-surfaces.com/vividglass.

LEAD TIME: 6 to 8 weeks for freestanding or surface mounted benches and planters; shorter lead times may be available upon request. Lead times for custom wall-top mounted benches will vary based on the project. Please contact us to discuss your specific timing requirements.

PRICING: Please contact us at **800.451.0410** or **sales@forms-surfaces.com**. At Forms+Surfaces, we design, manufacture and sell our products directly to you. Our sales team is available to assist you with questions about our products, requests for quote, and orders. Territory Managers are located worldwide to assist with the front-end specification and quoting process, and our in-house Project Sales Coordinators follow your project through from the time you place an order to shipment.

TO ORDER SPECIFY: Quantity, model, powdercoat color, seat material, optional seat dividers (quantity), optional seat back (quantity), optional side panel (quantity), optional planter, and freestanding, surface mount or wall-top mount. Quote/Order Forms are available on our website to lead you through the specification process in a simple checkbox format.

NOTE: Because different computers, monitors and printers render colors differently, actual colors will vary slightly from those shown here.
