cappellini

La collezione di tappeti MAGIC CARPET raccoglie i progetti di alcuni fra i più noti designer internazionali; realizzati in lana, cotone, seta e viscosa secondo l'effetto desiderato, i tappeti MAGIC CARPET sono per Cappellini una nuova sfida e la conferma che la curiosità per la ricerca e le novità è sempre presente.

The MAGIC CARPET rug collection brings together projects of some of the most renowned international designers. Manufactured in wool, bamboo silk and viscose, depending on the desired effect, the MAGIC CARPET rugs are a new challenge for Cappellini and demonstrate the curiosity for research and new products.
