the new seating concept

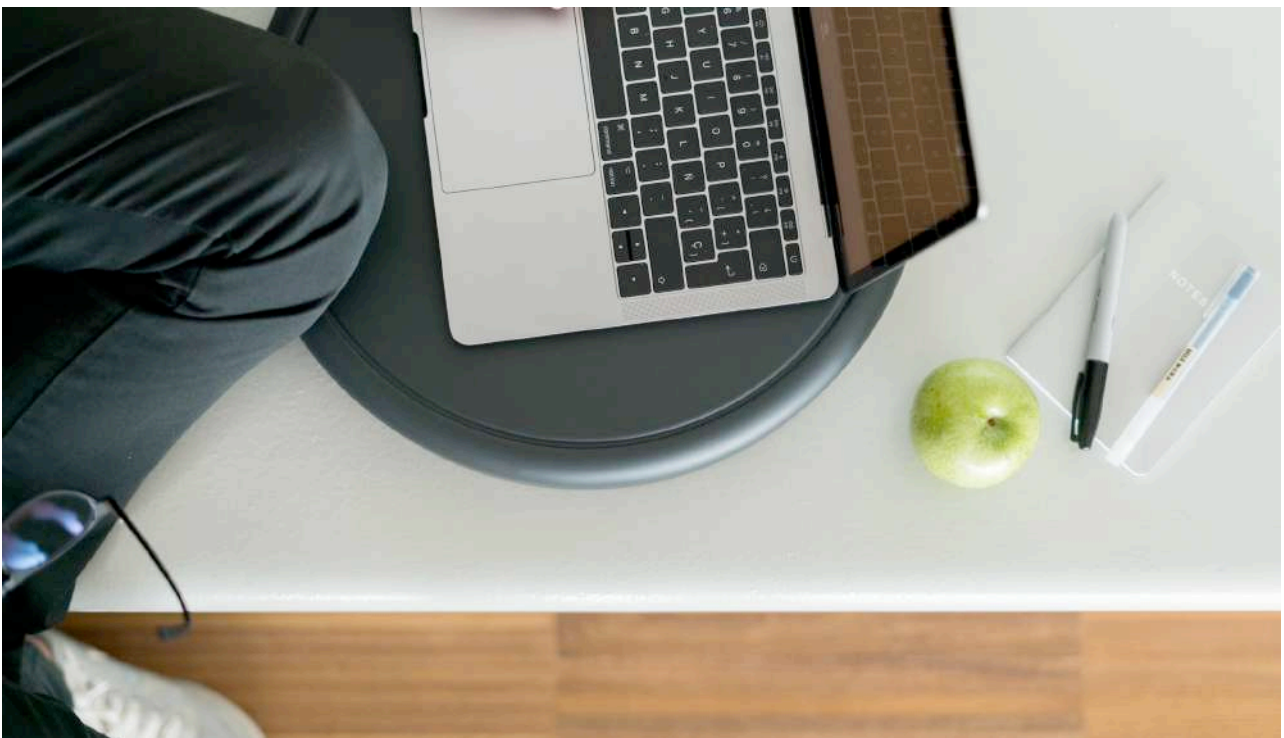

designing new ways to live, work and learn.

cushions specially conceived for public  
spaces

## offices and coworking spaces

not only are useful objects but also complete the space and inspire creativity, sharing of ideas, informal talks or just meditation time.

the cushions suit to lobbies, receptions areas and open spaces and of course, in soft seating areas and space limited rooms that need flexibility.

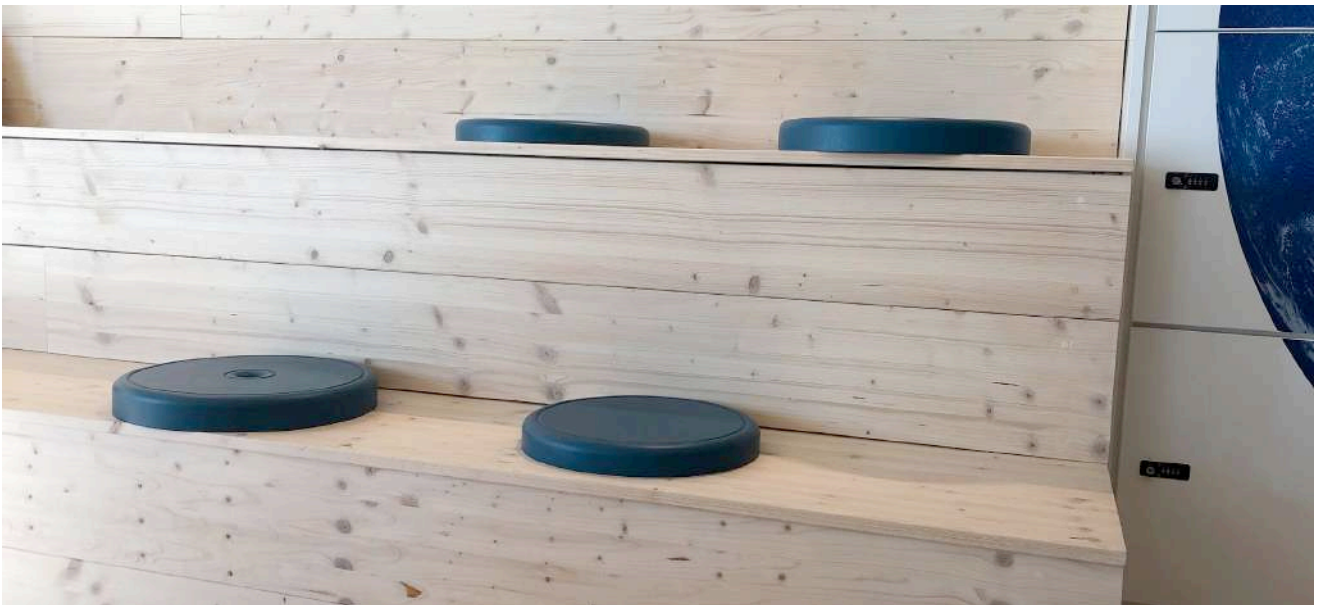

sentat<sup>o</sup>

## libraries

an ideal solution for informal reading, story time and free time periods. For sure, you will find the right to position to concentrate in the book.

cushions on the stairs for an informal seating.

grades and stadium seating.

sentat<sup>o</sup>

## educational areas

classrooms, music rooms, ICT rooms and of course, informal education seating, a space everyday more and more popular.

outdoor

why not a meeting outdoor? for sure you will find the right solution to any problem

sentat<sup>o</sup>

## easy to transport and store

the trolley accommodates 20 pieces to move around or store when not in use, our use the wall hanger for 10 pieces.
