

FR-ONE'S OPTIMUM

Our mission is to inspire with a wide range of beautiful fabrics, which conform to all safety standards, as well as the needs of our customers & their projects.

FR-One allows for the creation of inviting and peaceful interiors, undisturbed by the outside world. Create a sense of sanctuary by making the most of FR-One's sound absorption and dim out attributes.

FR-One collections are ideal for a range of interiors; hospitality and entertainment venues, boats and yachts, healthcare facilities, commercial settings and residential properties.

THE FR-ONE STANDARD

The inherent fire retardant properties of FR-One ensures durability, safety, and permanency combine to create fabric that is hard-wearing, fully washable, and conform to worldwide safety standards.

Our fabrics, which are rigorously tested in our ISO certified independent laboratory, guarantee optimal performance. Certified under the Oeko-Tex standard 100, FR-One is safe for the environment and human health.

COLLABORATION & PARTNERSHIP

Optimum

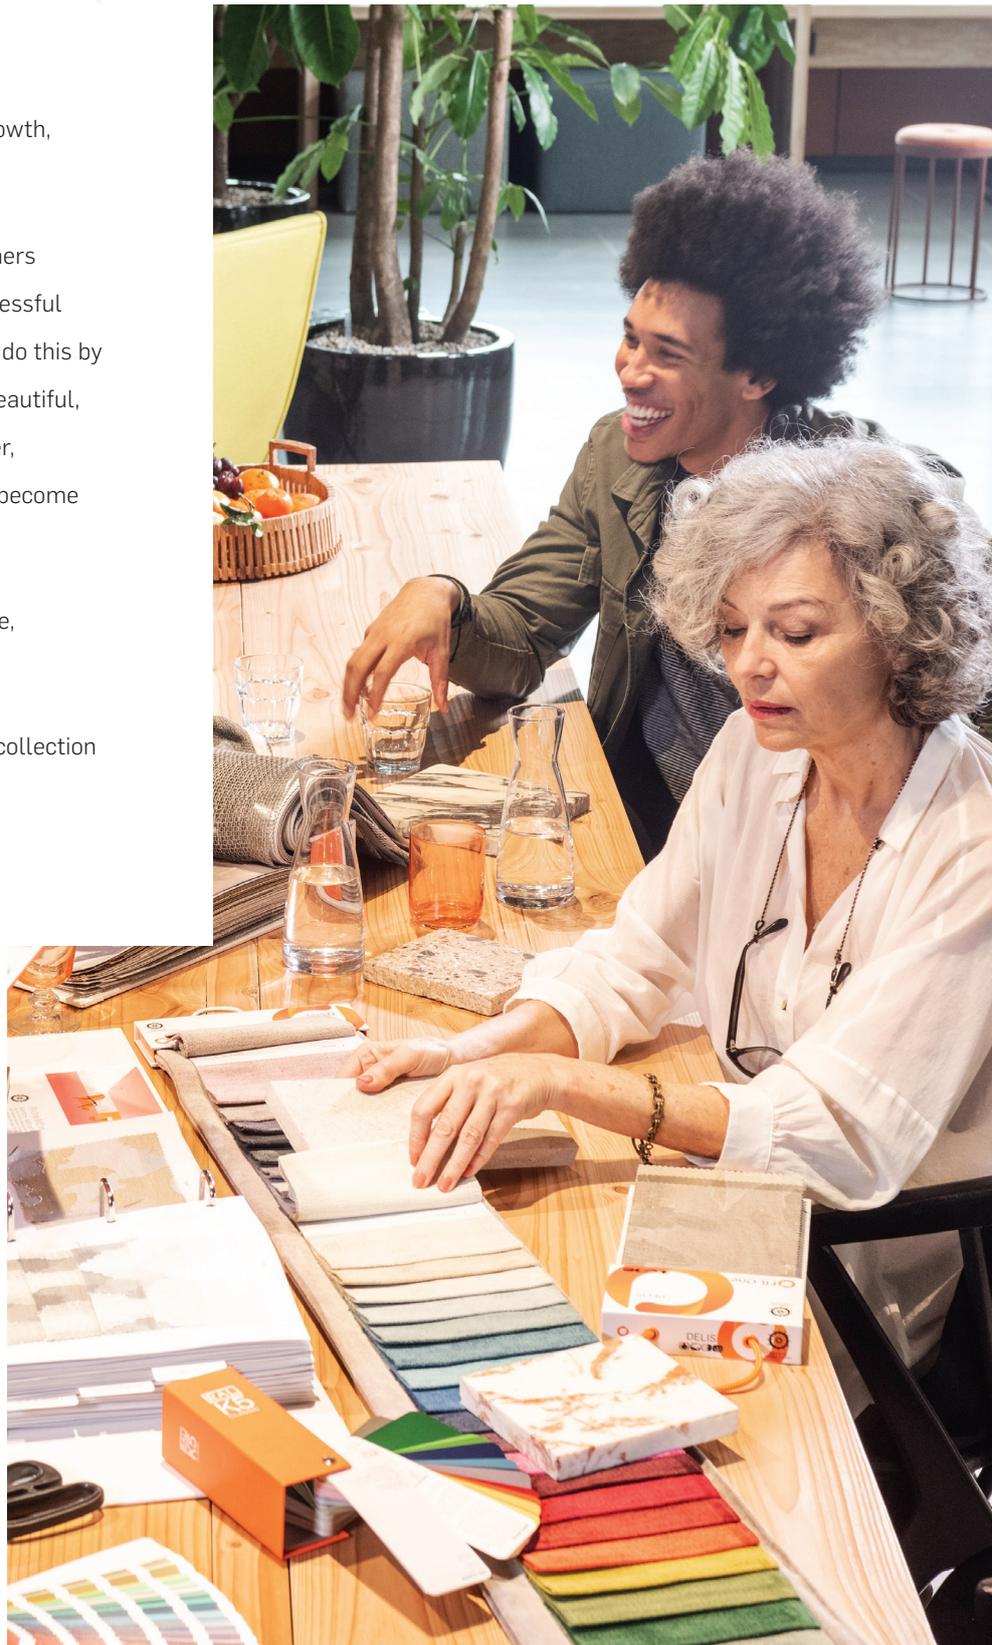

noun

The most favourable situation or level for growth, reproduction, or success.

FR-One's core ambition is to help our customers achieve optimum results by completing successful projects around the world. FR-One strives to do this by both equipping industry professionals with beautiful, high performance, interior fabrics, and further, by connecting, creating and collaborating to become the chosen partner for success and growth.

Optimum features 10 beautiful multi-purpose, upholstery, curtains, and sheer collections.

Keep reading for a short description of each collection in the Optimum range.

OSIAN

3 DESIGNS, 20 SKUs

Optimum's show stopping sheer collection features 3 inspiring designs.

'Ombre', a broad multicolour degrade stripe in rich metallic hues with a dimensional and tactile surface texture.

'Oscillate' - a playful take on a classic pinstripe, and luxurious leno weave.

'Obduce', presents a beautiful chainmail effect.

OBIS

2 DESIGNS, 24 SKUs

Inspired by contemporary tailoring and suiting, 'Obay' and 'Osmic' have an uncomplicated and refined simplicity. 'Osmic', a smart and fine texture impeccably compliments 'Obay', a debonair herringbone.

OPTIMA

1 DESIGN, 16 SKUs

An impeccably light, soft, and silky smooth sheer with a supple fluidity. Add a sense of dreaminess to any interior as 'Optima' curtains defuse the light with captivating luminosity.

OSIRIS

2 DESIGNS, 27 SKUs

A double act of deluxe velvets, suitable for both drapery and upholstery. 'Odeon', a true classic, features a matt plush pile while 'Opulent' takes centre stage with a dramatic and luminous sheen – both velvets inject a sense of luxury to any space.

OOLONG

2 DESIGNS, 24 SKUs

Oolong is a tranquil duo of sheers with a natural look and touch. 'Oxidant', a structured semi-opaque sheer with generous weight and volume meets, 'Ophelia', a fine and graceful with a dry natural touch and delicate slub effect.

OUZO

1 DESIGN, 18 SKUs

A tactile multi-purpose texture available in a range of strong and sophisticated on-trend colours. 'Ouzo's' combination of splendour and versatility will see this item become a core product within the FR-One range.

OLE

4 DESIGNS, 18 SKUs

A collection of jacquard sheers with a soft matt muslin finish. 'Oscine', an elongated hexagon, and 'Odin', a geometric honeycomb, are both fil coupe sheers. While 'Orb' depicts a subtle small-scale wave design giving this quality the feeling of quiet relief and texture.

Ole concludes with 'Odette', an essential plain in 13 spot-on colours seamlessly complimenting any project.

OSSIMI

1 DESIGN, 19 SKUs

'Ossimi's' dry yet soft touch evokes the feeling of felt and each colourway presents an alluring melange of tones to compliment any interior project. This specially developed wool-like quality is suitable for multipurpose application.

ORACLE

1 DESIGN, 12 SKUs

'Oracle' features a beautifully irregular cross-dyed effect that evokes a natural look and feel. A semi-opaque drapery in wide width that creates beautiful curtains with a sense of serenity and tranquillity.

OBLIX

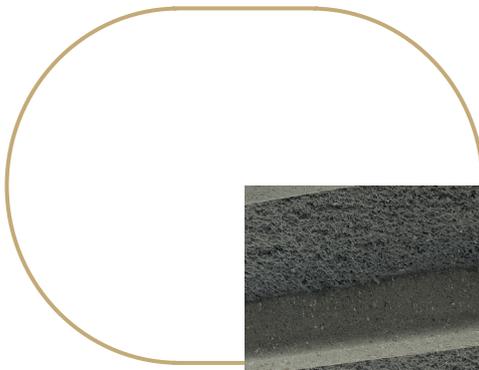

6 DESIGNS, 32 SKUs

Optimum's compendium range of drapery jacquards offers damasks, geometrics, and textures – all 6 designs have the added benefit of being wide width allowing for the production of continuous and seamless curtains.

'Objet', a stunning damask jacquard, is cleverly constructed to give this item amazing texture and dimension.

'Oxim', a striking geometric. 'Ornate' and 'Opal' are sumptuous floral damask designs, complimented by 'Opportune' and 'Ordain' - small scale jacquards conveying texture and ease.
