

An abstract graphic design featuring a white background with several diagonal lines and stripes. A prominent black diagonal line runs from the bottom-left towards the top-right. To its right, a yellow stripe runs parallel to it. Further right, a teal stripe runs parallel to the yellow one. On the far left, a thin red stripe is visible. The word "EXTRACT" is written in large, bold, black, sans-serif capital letters, oriented vertically along the right side of the image, overlapping the yellow and black stripes.

LIGHT YOU LIKE

“Light you like” è il progetto di Martinelli Luce che attraverso la tecnologia “Tunable White” ti rende protagonista nello spazio del tuo vivere quotidiano per dare vita a una nuova esperienza sensoriale e migliorare il tuo benessere.

“Light you like” is the project by Martinelli Luce that, through the “Tunable White” technology, renders you protagonist of your daily living spaces in order to give life to a new sensory experience and improve your wellbeing.

Bluetooth

App CASAMBI (Apple Store e Google Play)

PIPISTRELLO 4.0 Gae Aulenti 1965/2020

Grazie alla tecnologia Tunable White Led (bianco dinamico), la lampada Pipistrello, è in grado di riprodurre l'andamento della luce naturale modulando la temperatura di colore dei Led. A seconda delle esigenze o delle necessità, l'utente può modificare a piacere la tonalità del bianco attraverso l'applicazione CASAMBI, permettendo di regolarla da 2400K a 6500K riuscendo a valorizzare le sfumature più minute, migliorando la qualità percettiva e vantando un'alta qualità di resa cromatica (Ra 90) senza alterarne i colori.

Lampada da tavolo o da terra, a luce diffusa, regolabile in altezza. Telescopio in acciaio inox satinato, diffusore in metacrilato opal bianco. Base e pomello in alluminio verniciato in diversi colori. Sorgente di luce a LED integrato, dimmerabile. Alimentatore elettronico a spina.

Thanks to the Tunable White Led (dynamic white) technology, the Pipistrello lamp is able to reproduce the natural light pattern by modulating the color temperature of the LEDs. Based on demands or needs, the user can modify the tone of white as they wish through the CASAMBI application that allows adjusting the color from 2400K to 6500K, enhancing even the most minute nuances, improving perception and featuring a high quality color rendering (Ra 90) without altering the colors.

Height-adjustable, diffused light table or floor lamp. Satin-finish stainless steel telescope, white opal methacrylate diffuser. Base and upper knob in lacquered aluminum available in several colors. Integrated and dimmable LED light source. Electronic driver on the plug.
