# L'Azienda

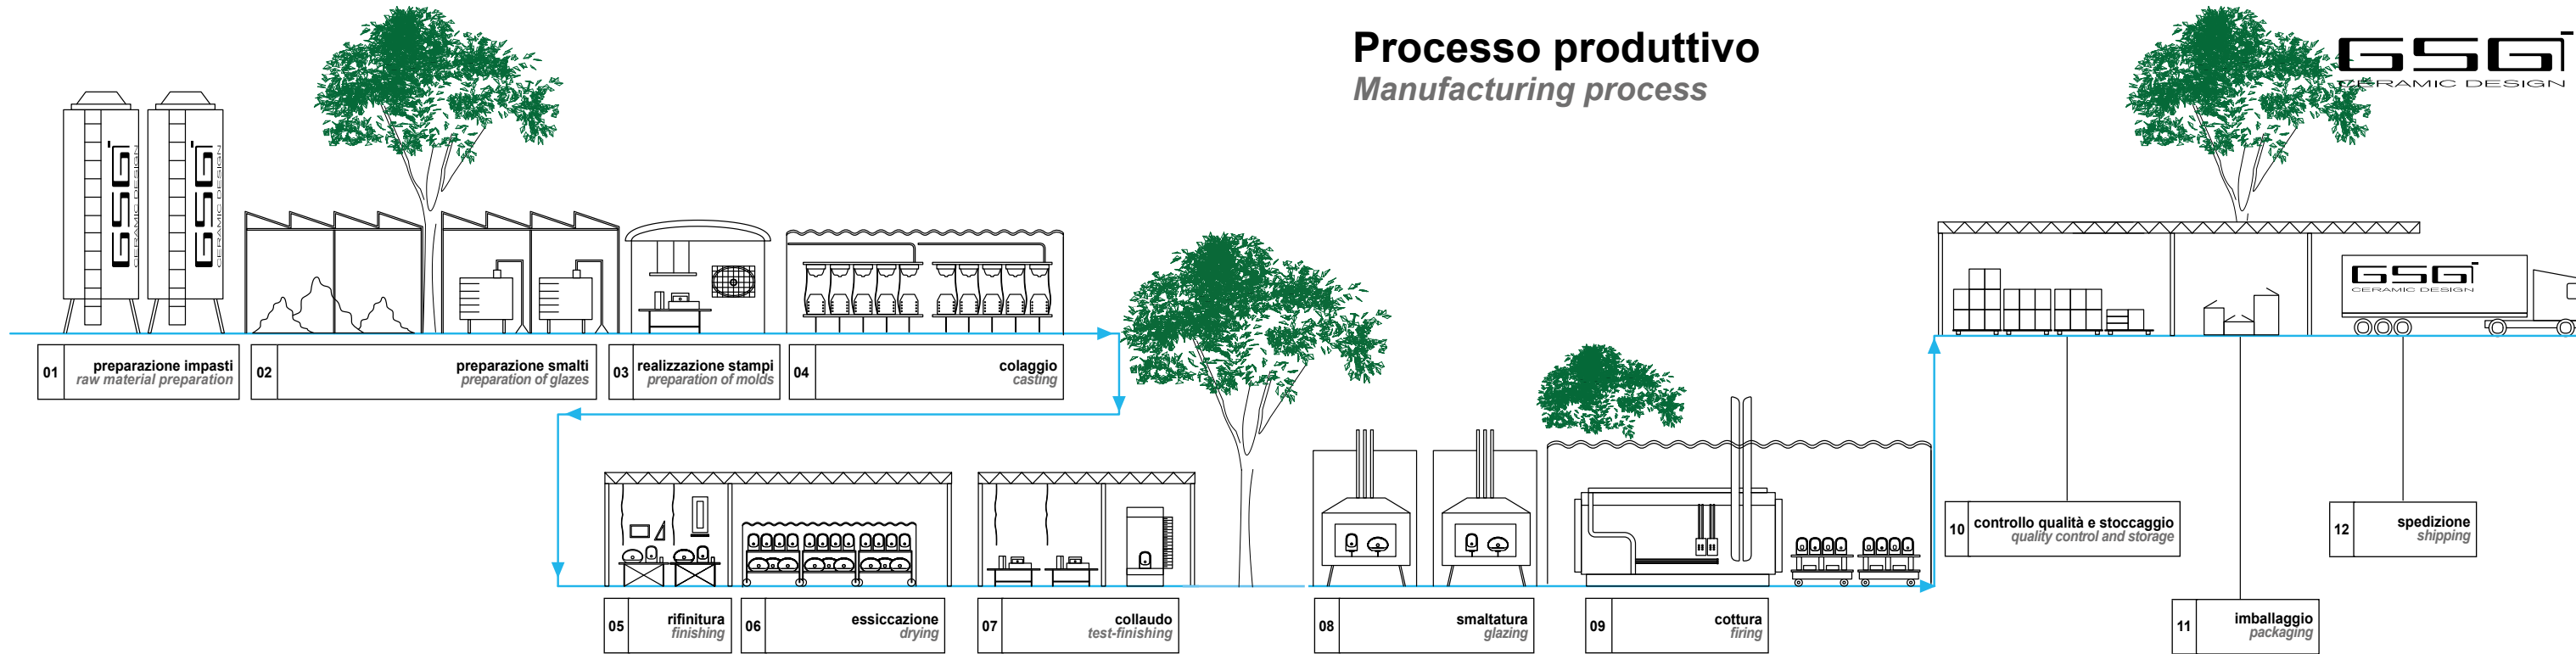

## *Company Profile*

GSG Ceramic Design considera elemento caratterizzante del suo percorso produrre ceramiche che possano, con la loro forte personalità, creare/evocare stimolanti suggestioni. È la ricerca estetico-tecnica con il suo design volutamente identificativo che ha portato GSG Ceramic Design ad essere conosciuta internazionalmente. Questo risultato è dovuto sia al talento artistico di Massimiliano Abati per la sua innovativa proposta formale sia alla professionalità dell'Azienda maestra nell'innovare costantemente nel solco di una grande tradizione tecnica. Gli oggetti prodotti sono esclusivi e carichi di significati intellettuali. Il loro utilizzo conduce a scenari estetici costantemente in evoluzione. Un prodotto GSG Ceramic Design offre sempre un valore oltre la funzione.

*GSG Ceramic Design considers a feature of its production path to produce ceramic of the highest quality that can with their strong personalities create / evoke stimulating suggestions. It's the aesthetic-technical research with its design deliberately identifying that led GSG Ceramic Design to be known internationally. This result is due both to the artistic talent of Massimiliano Abati for his innovative formal proposal and to the company's professionalism with his constantly innovating in the wake of a great technical tradition. The produced items are exclusive and plenty of intellectual meanings. Their choice leads to aesthetic scenarios constantly evolving. A GSG Ceramic Design product offers always a value beyond the function.*

|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <div>01</div> <div>preparazione impasti<br/>raw material preparation</div> <div>L'utilizzo di materie prime di primaria qualità, permettono di ottenere gli impasti comunemente usati per la ceramica sanitaria: Vetro China, ottenuta con l'utilizzo di alte percentuali di caolino e quarzo, che la rendono più pura e fine e Fire Clay, ottenuto utilizzando meno caolino e più materiali inerti.</div> | <div>02</div> <div>preparazione smalti<br/>preparation of glazes</div> <div>L'alta qualità degli smalti adoperati è garantita dai continui tests a cui vengono sottoposti, per esprimere al meglio la corretta sintonia con il supporto ceramico, l'adeguata corrispondenza della tonalità di colore e le caratteristiche di resistenza che le normative impongono.</div> | <div>03</div> <div>realizzazione stampi<br/>preparation of molds</div> <div>GSG Ceramic Design utilizza solo gesso di altissima qualità per la realizzazione dei suoi stampi. Il gesso permette, mediante il principio di assorbimento d'acqua, di creare le condizioni affinché il prodotto, nella sua prima fase di lavorazione, possa essere facilmente isolato.</div> | <div>04</div> <div>colaggio<br/>casting</div> <div>Gli impasti precedentemente preparati, Vetro China o Fire Clay, vengono iniettati, manualmente o con l'ausilio di appositi macchinari, all'interno degli stampi in gesso mediante i quali, per mezzo del principio di assorbimento d'acqua, si ottiene il prodotto prefinito avente il giusto spessore della materia.</div> | <div>05</div> <div>refinitura<br/>finishing</div> <div>La prima fase di rifinitura è a cura di mastri esperti che, manualmente, rimuovono ogni imperfezione dovuta ad esempio ad impasto eccedente nelle giunture tra i pezzi dello stampo o ad altre cause nel processo di modellazione. Eventuali articoli non idonei agli alti standard GSG saranno rimossi dalla produzione e riutilizzati come materiale da reimpasto.</div> | <div>06</div> <div>essiccazione<br/>drying</div> <div>Per ridurre in modo importante il processo di asciugatura dei prodotti senza tuttavia comprometterne l'integrità cioè senza provocare fessurazioni, essi vengono trasportati in un essiccatoio automatico dove viene forzata in modo controllato una rapida e significativa perdita d'acqua e quindi di peso.</div> | <div>07</div> <div>collaudo<br/>test-finishing</div> <div>I prodotti vengono sottoposti ad una ulteriore fase di rifinitura, sempre manuale, ancora più attenta e approfondita, al fine di ottenere prodotti privi di imperfezioni.</div> | <div>08</div> <div>smaltatura<br/>glazing</div> <div>La smaltatura, effettuata manualmente da mastri smaltatori, è applicata a tutte le superfici esterne ed interne di ogni articolo, evitando accuratamente che in ogni prodotto rimangano parti non smaltate.</div> | <div>09</div> <div>cottura<br/>firing</div> <div>I prodotti smaltati attentamente caricati sulle strutture vengono inviati al forno per la cottura. In GSG il ciclo di cottura ha una durata di ca. 22 ore e segue un preciso programma di fasi tutte determinanti per l'ottenimento di un risultato finale ottimale. I prodotti sono pre-riscaldati, quindi portati lentamente alla temperatura di cottura che in GSG è 1250° C., quindi passano alla fase di "permanenza" ed infine al raffreddamento.</div> | <div>10</div> <div>controllo qualità e stoccaggio<br/>quality control and storage</div> <div>I prodotti selezionati e corrispondenti agli standard GSG vengono stoccati nel magazzino. Prima di essere riposti per categorie, tutti i vasi, siano essi sospesi, a pavimento e monoblocco, vengono sottoposti ad ulteriore collaudo mediante test di sottovuoto, utilizzando un apposito dispositivo, per eliminare qualsiasi dubbio circa una possibile perdita d'acqua che si potrebbe manifestare durante l'uso. I prodotti sono suddivisi per serie, tipologia e colore o decorazione. Tutto il magazzino è controllato on time dal sistema di gestione per poter rispondere tempestivamente e correttamente alle richieste della clientela.</div> | <div>11</div> <div>imballaggio<br/>packaging</div> <div>Ogni articolo viene singolarmente sciolato, posto sul pallet e avvolto da una pellicola protettiva in PVC termoretraibile.</div> | <div>12</div> <div>spedizione<br/>shipping</div> <div>I prodotti sono tutti pallettizzati per la loro sicurezza e facilità di trasporto. GSG è in grado di caricare pallet su qualsiasi mezzo di trasporto su gomma con pianale e di predisporre containers sia di 20' che 40'.</div> |

## Sistema di scarico Smart Clean Intelligent flushing system

SMART CLEAN è il nuovo ed innovativo sistema di scarico realizzato da GSG Ceramic Design. Grazie alla forma della sezione del vaso, l'acqua compie un percorso rotatorio che garantisce una pulizia più efficace. Con l'eliminazione della brida l'acqua viene convogliata direttamente sull'area interessata, evitando formazioni batteriche in aree nascoste e difficilmente raggiungibili. Il sistema SMART CLEAN è disponibile nelle versioni FLUT, LIKE, BRIO e TOUCH. La pulizia delle superfici esterne del vaso, è facilitata dal sistema a sganciamento rapido del coprivaso che avviene attraverso il pulsante di rilascio, un semplice gesto senza utensili. Il sistema a sganciamento rapido è disponibile per le nuove collezioni FLUT, LIKE, BRIO, OZ, BOX. ALTI STANDARD IGIENICI - FACILITA' DI PULIZIA - MAGGIORE COMFORT.

*SMART CLEAN is the new and innovative flushing system made by GSG Ceramic Design. The particular form of the section of the WC makes the water flush in rotatory motion which guarantees a more effective cleaning. With the elimination of the rim, water is forced directly to the proper area, avoiding bacterial formations in hidden areas and difficult to reach. SMART CLEAN system is available in versions FLUT, LIKE, BRIO, and TOUCH. Clean the outer surface of the vessel, it is facilitated by the quick release system seat cover which occurs through the release button, a simple gesture without tools. The quick release system is available for the new FLUT, LIKE, BRIO, OZ, BOX. collections. HIGH STANDARD - TOILET EASY CLEANING - GREATER COMFORT.*

## PLUS VASI - WC

### SMART CLEAN

Vaso con sistema di scarico senza brida  
"Smart Clean"  
Toilet with flushing system rimless "Smart Clean"

Indicatore di consumo ridotto di acqua  
3/4,5 lt per vasi Smart Clean  
Low Water consumption (3 - 4,5 lt)  
for Smart Clean wc.

Sistema di fissaggio vaso e bidet  
sospeso a scomparsa.  
Hidden fixing kit for wall-hung wc and bidet.

Funzione bidet per vaso  
Bidet function for wc

Indicatore di consumo ridotto  
di acqua per wc 3/6 lt  
Low Water consumption  
(3 - 6 lt) for wc.

## Plus coprivaso - Seat Cover

Coprivaso avvolgente in termoindurente.  
Thermosetting wrapover Seat Cover.

Coprivaso con sistema di chiusura a  
caduta rallentata.  
Seat Cover with soft close system.

Coprivaso in poliestere per vaso  
Time.  
Polyester Seat Cover for wc Time.

Coprivaso in plexiglass trasparen-  
te per vaso Glass.  
Transparent plexiglass Seat Cover  
for wc Glass.

Coprivaso in termoindurente con coperchio e  
seduta sottili.  
Thermosetting Seat Cover with slim profile.

Coprivaso con sistema a  
sganciamento rapido.  
Quick release Seat Cover.

Coprivaso in legno di faggio, finitura noce, per  
vaso Time.  
Beech wooden Seat Cover, walnut finishing for  
wc Time.

Coprivaso in termoindurente.  
Thermoidurent Seat Cover.

## Caratteristiche lavabi - Washbasins features

Lavabo per installazione da appoggio a parete.  
Washbasin for wall countertop installation.

Lavabo per installazione sospesa a parete tramite dispositivi  
di fissaggio.  
Washbasin for wall-hung installation using appropriate fixing  
screws.

Lavabo a colonna centro stanza.  
Column free standing Washbasin.

Lavabo in vetro con fondo termoformato.  
Glass Washbasin with thermoformed bottom.

Lavabo in crystal tech®.  
Crystal tech Washbasin®.

Lavabo per installazione libera.  
Countertop for free standing Washbasin.

Lavabo ad installazione su colonna.  
Washbasin on column installation.

Lavabo a colonna a parete.  
Column back to wall Washbasin.

Trattamento anticalcare delle superfici interne  
per lavabo in vetro.  
Antilimestone treatment for inside surfaces of  
glass Washbasin.

## Caratteristiche sanitari - Sanitaryware features

Vaso / bidet ad installazione sospesa.  
Wall hung installation wc / bidet.

Cassetta appoggiata al vaso monoblocco.  
Close coupled monoblock cistern.

Vaso / bidet ad installazione a terra.  
Floor standing installation wc / bidet.

Cassetta a colonna accoppiata al vaso a terra.  
Column cistern suiting for floor standing wc.

GSG Ceramic Design è molto attenta all'impatto ambientale del proprio processo produttivo con il controllo dello smaltimento dei rifiuti, la riduzione dell'uso di energia e il riciclo al 95% degli imballaggi. I sanitari GSG sono prodotti con sistemi di scarico che utilizzano dai 3 ai 6 litri d'acqua a differenza dei vasi standard che necessitano di 7/8 litri.  
GSG Ceramic Design is very attentive to the environmental impact of its production process, controlling the disposal of refuse, reducing the energy use and having 95% of recycling of its packaging. Furthermore GSG Wc have flushing systems that use 3/6 litres of water only, instead of standard Wc that are using flushing systems with 7/8 litres consumption.

## Concept Like

Like è una collezione di sanitari sviluppata dallo studio tecnico della GSG Ceramic Design composta da 12 elementi:

Vaso e Bidet terra, Vaso e Bidet sospeso, Vaso monoblocco e Cassetta per Vaso monoblocco, 3 lavabi free-standing e 3 a parete.

Tutti i Vasi della collezione Like sono dotati di sistema di scarico SMART CLEAN, concetto sviluppato, testato e realizzato dall'ufficio tecnico di GSG Ceramic Design. Like è stata concepita per assolvere ad esigenze specifiche di semplicità funzionale ed estetica.

Per la pulizia delle sue morbide linee e la sua alta ergonomia la serie Like si adatta ad ogni tipo di spazio architettonico, dal più contenuto al più declinato.

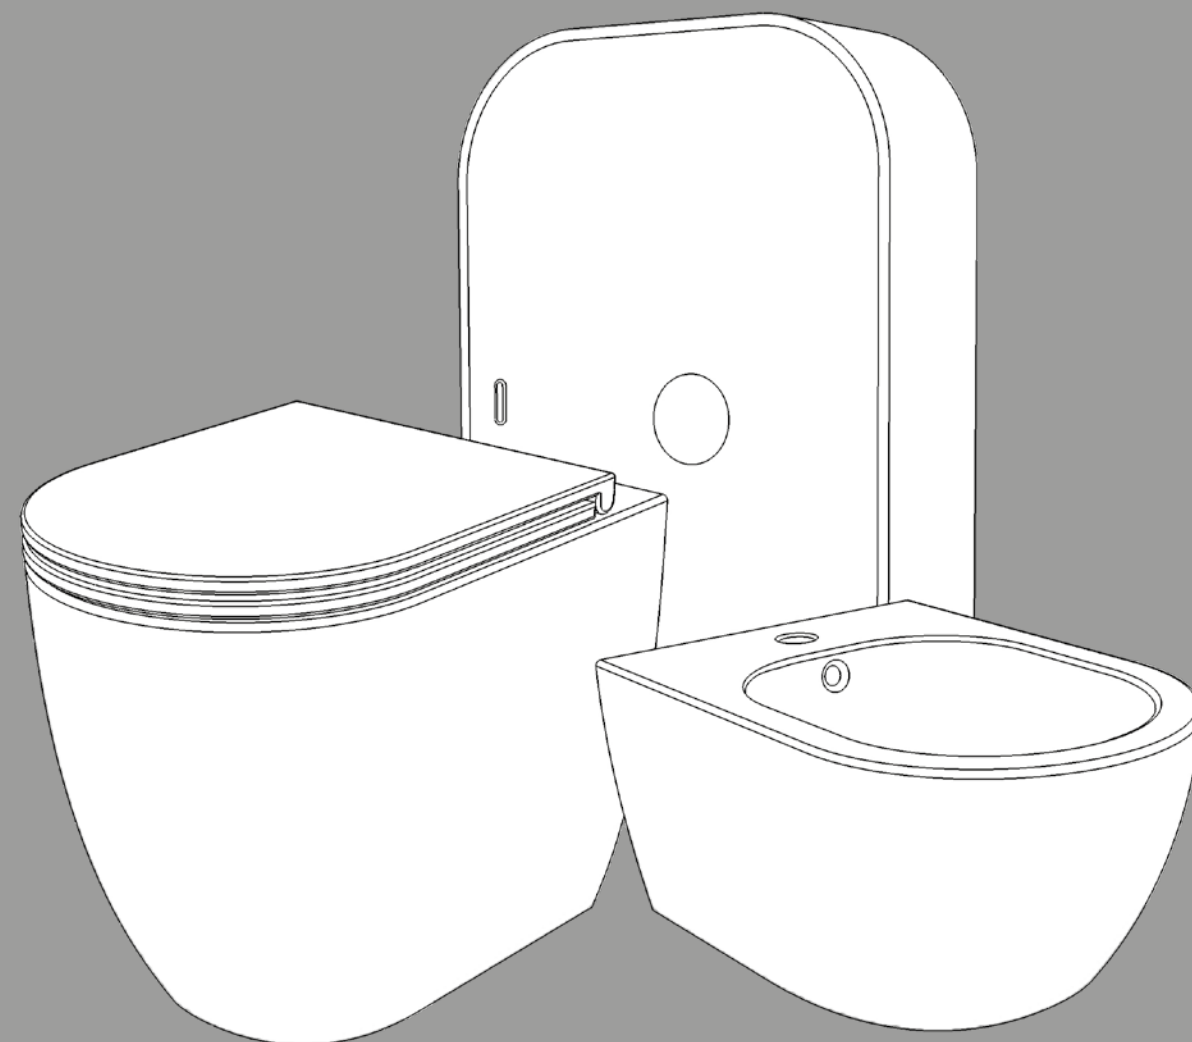

*Like is a collection of sanitary ware developed by the technical studio of GSG Ceramic Design composed of 12 items:*

*Wc and Bidet back to wall, Wc and Bidet wall-hung, Wc monoblock with Cistern, 3 washbasins free-standing and 3 back to wall.*

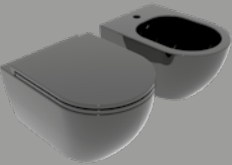

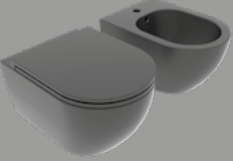

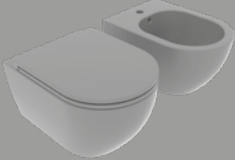

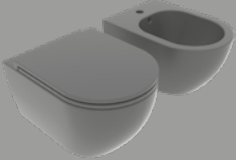

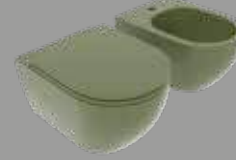

*All toilets of Like serie are equipped with SMART CLEAN flushing system, a concept developed, tested and implemented by the technical office of GSG Ceramic Design.*

*Like it has been designed to fulfill specific requirements of functional and aesthetical simplicity.*

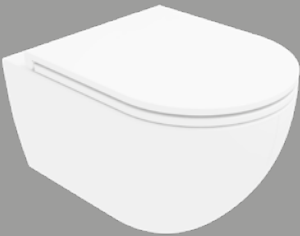

*The cleanliness of its soft lines and its high ergonomics make Like serie's adaptable in any architectural space.*

## Smart clean

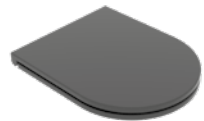

Sistema di scarico Smart Clean  
Intelligent flushing system

SMART CLEAN è il nuovo ed innovativo sistema di scarico realizzato da GSG Ceramic Design. Grazie alla forma della sezione del vaso, l'acqua compie un percorso rotatorio che garantisce una pulizia più efficace. Con l'eliminazione della brida l'acqua viene convogliata direttamente sull'area interessata, evitando formazioni batteriche in aree nascoste e difficilmente raggiungibili. Il sistema SMART CLEAN è disponibile nelle versioni FLUT, LIKE, BRIO e TOUCH. La pulizia delle superfici esterne del vaso, è facilitata dal sistema a sganciamento rapido del coprivaso che avviene attraverso il pulsante di rilascio, un semplice gesto senza utensili. Il sistema a sganciamento rapido è disponibile per le nuove collezioni FLUT, LIKE, BRIO, OZ, BOX. ALTI STANDARD IGIENICI - FACILITA' DI PULIZIA - MAGGIORE COMFORT.

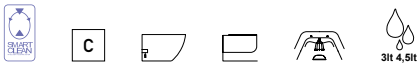

SMART CLEAN is the new and innovative flushing system made by GSG Ceramic Design. The particular form of the section of the WC makes the water flush in rotatory motion which guarantees a more effective cleaning. With the elimination of the rim, water is forced directly to the proper area, avoiding bacterial formations in hidden areas and difficult to reach. SMART CLEAN system is available in versions FLUT, LIKE, BRIO, and TOUCH. Clean the outer surface of the vessel, it is facilitated by the quick release system seat cover which occurs through the release button, a simple gesture without tools. The quick release system is available for the new FLUT, LIKE, BRIO, OZ, BOX. collections. HIGH STANDARD - TOILET EASY CLEANING - GREATER COMFORT.

## Concept Brio

Brio è una collezione di sanitari sviluppata dallo studio tecnico di GSG Ceramic Design, composta da 9 articoli:

Vaso e Bidet a terra, Vaso e Bidet sospeso, Vaso monoblocco e Cassetta per Vaso monoblocco e 3 lavabi.

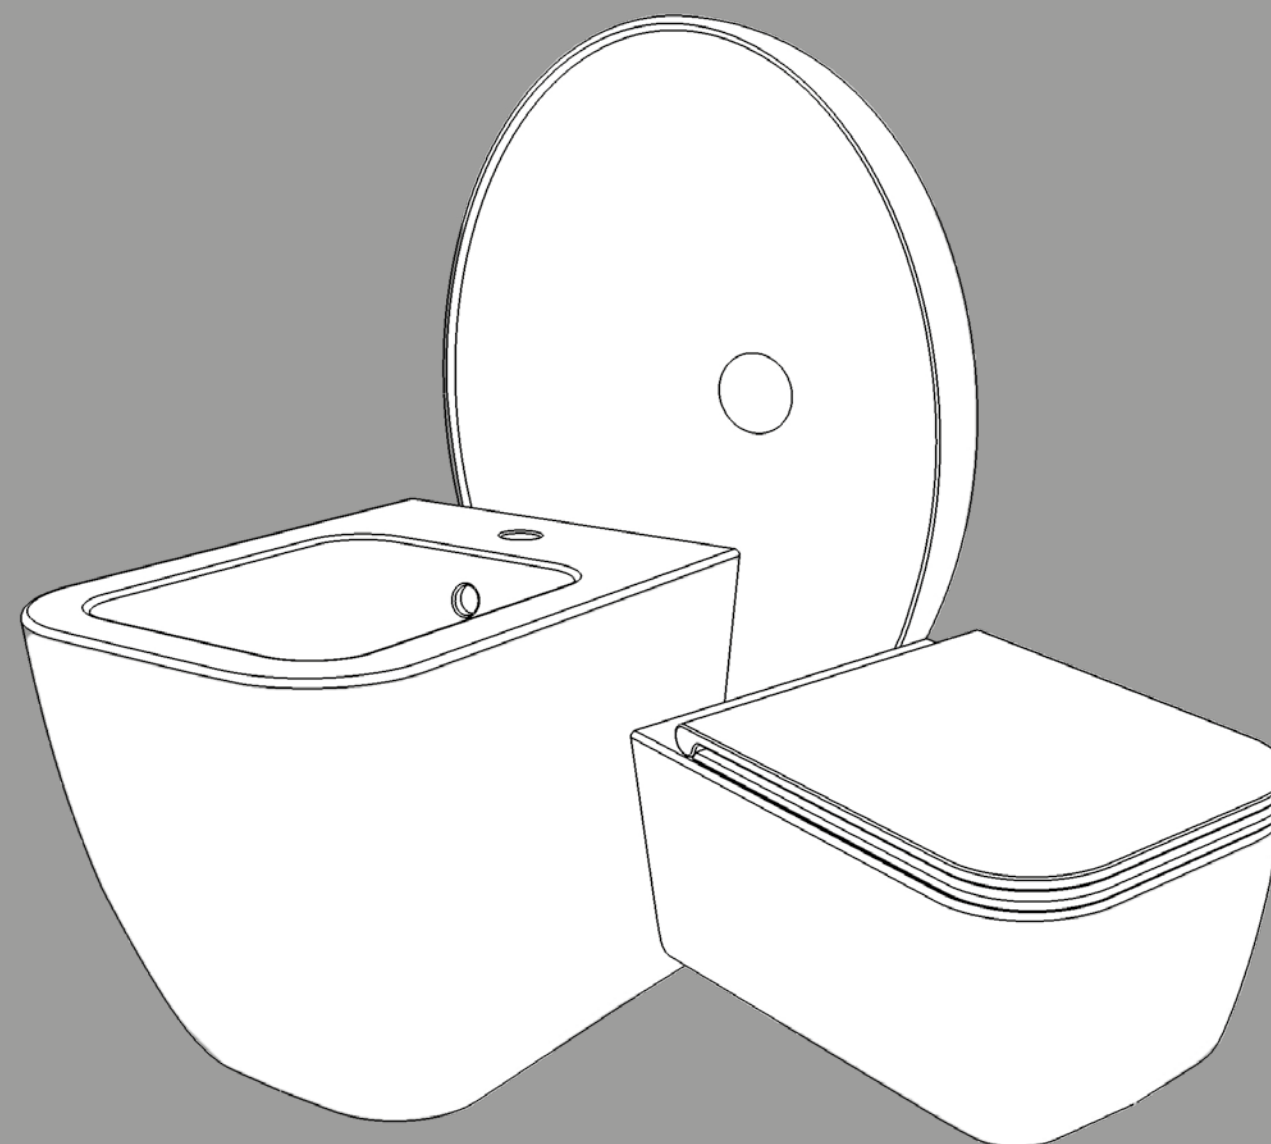

Tutti i vasi della collezione Brio sono dotati di sistema di scarico SMART CLEAN, concetto sviluppato, testato e realizzato dall'ufficio tecnico di GSG Ceramic Design.

Brio è stata concepita per intersecare il gusto di un pubblico moderno. Forma molto personale e grande poliedricità di utilizzo ne fanno un concetto di assoluta misura estetico-funzionale.

*Brio is a collection of sanitary ware developed by the technical studio of GSG Ceramic Design composed of 9 items:*

*Wc and Bidet back to wall, Wc and Bidet wall-hung, Wc monoblock with Cistern and 3 washbasins. All toilets of Brio serie are equipped with SMART CLEAN exhaust system concept developed, tested and implemented by the technical office of GSG Ceramic Design.*

*Brio is designed to meet the taste of a modern client. Its very personal shape and its wide versatility make this serie beautifully multifunctional.*

## Smart clean

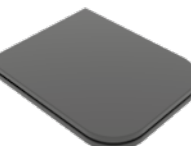

Sistema di scarico Smart Clean  
Intelligent flushing system

SMART CLEAN è il nuovo ed innovativo sistema di scarico realizzato da GSG Ceramic Design. Grazie alla forma della sezione del vaso, l'acqua compie un percorso rotatorio che garantisce una pulizia più efficace. Con l'eliminazione della brida l'acqua viene convogliata direttamente sull'area interessata, evitando formazioni batteriche in aree nascoste e difficilmente raggiungibili. Il sistema SMART CLEAN è disponibile nelle versioni FLUT, LIKE, BRIO e TOUCH. La pulizia delle superfici esterne del vaso, è facilitata dal sistema a sganciamento rapido del coprivaso che avviene attraverso il pulsante di rilascio, un semplice gesto senza utensili. Il sistema a sganciamento rapido è disponibile per le nuove collezioni FLUT, LIKE, BRIO, OZ, BOX. ALTI STANDARD IGIENICI - FACILITA' DI PULIZIA - MAGGIORE COMFORT.

SMART CLEAN is the new and innovative flushing system made by GSG Ceramic Design. The particular form of the section of the WC makes the water flush in rotatory motion which guarantees a more effective cleaning. With the elimination of the rim, water is forced directly to the proper area, avoiding bacterial formations in hidden areas and difficult to reach. SMART CLEAN system is available in versions FLUT, LIKE, BRIO, and TOUCH. Clean the outer surface of the vessel, it is facilitated by the quick release system seat cover which occurs through the release button, a simple gesture without tools. The quick release system is available for the new FLUT, LIKE, BRIO, OZ, BOX. collections. HIGH STANDARD - TOILET EASY CLEANING - GREATER COMFORT.

## Concept Flut

Flut: Il nuovo concept bath di GSG Ceramic Design, rilegge la contemporaneità attraverso codici stilistici appartenenti al nostro immaginario storico.

Una rievocazione di linee archetipiche che "mai" hanno abbandonato la nostra quotidianità. Il catino; il vaso sul comò; il bicchiere a calice; la tazzina da the; tutta l'oggettistica primi novecento: E tornando ancora indietro nel tempo, tutti i codici degli ordini architettonici della classicità greca.

Declinata nelle versioni, sospesa (wc e bidet) e back to wall (wc e bidet), e corredata da con una gamma di lavabi sospesi ed appoggio in 6 misure, dalle linee raffinate ed evocative.

Un nuovo modo di rileggere la nostra memoria delle forme, che irrompe nella contemporaneità con la sua citazione costante del "tempo".

Definizione di CLASSICO: "Classica, è quella cosa, che non esaurisce i suoi significati nel tempo"

cit. Italo Calvino.

*Flut: the new concept of a bathroom, by The GSG Ceramic Design. A contemporary vision through our historic imagination.*

*Architectural lines used during our daily life, a bowl, a vase on a dressing table, a goblet and a tea cup, objects from the early 19th century. going back in time, our memory leads us to a classical Greece.*

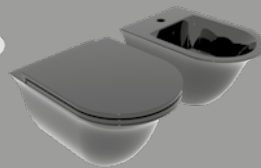

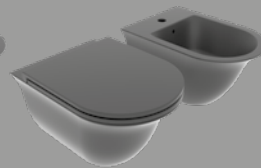

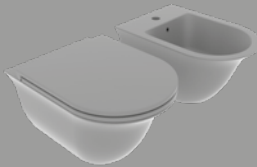

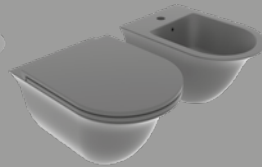

*Declining all our styles; W.C and bidet wall hung, back to wall W.C. and bidet, together with a variety of washbasins, wall hung and back to wall in 6 measurements, evocative and elegant designs.*

*A new way to evoke our memory of forms that become contemporary reminding us of "time" defining a classic image.*

## Smart clean

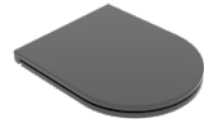

Sistema di scarico Smart Clean  
Intelligent flushing system

SMART CLEAN è il nuovo ed innovativo sistema di scarico realizzato da GSG Ceramic Design. Grazie alla forma della sezione del vaso, l'acqua compie un percorso rotatorio che garantisce una pulizia più efficace. Con l'eliminazione della brida l'acqua viene convogliata direttamente sull'area interessata, evitando formazioni batteriche in aree nascoste e difficilmente raggiungibili. Il sistema SMART CLEAN è disponibile nelle versioni FLUT, LIKE, BRIO e TOUCH. La pulizia delle superfici esterne del vaso, è facilitata dal sistema a sganciamento rapido del coprivaso che avviene attraverso il pulsante di rilascio, un semplice gesto senza utensili. Il sistema a sganciamento rapido è disponibile per le nuove collezioni FLUT, LIKE, BRIO, OZ, BOX. ALTI STANDARD IGIENICI - FACILITA' DI PULIZIA - MAGGIORE COMFORT.

SMART CLEAN is the new and innovative flushing system made by GSG Ceramic Design. The particular form of the section of the WC makes the water flush in rotatory motion which guarantees a more effective cleaning. With the elimination of the rim, water is forced directly to the proper area, avoiding bacterial formations in hidden areas and difficult to reach. SMART CLEAN system is available in versions FLUT, LIKE, BRIO, and TOUCH. Clean the outer surface of the vessel, it is facilitated by the quick release system seat cover which occurs through the release button, a simple gesture without tools. The quick release system is available for the new FLUT, LIKE, BRIO, OZ, BOX. collections. HIGH STANDARD - TOILET EASY CLEANING - GREATER COMFORT.

## Concept Time

Il progetto nasce dall'esigenza di riavvicinarci alle forme classiche ed eleganti, riprendendo contatto con atmosfere dal sapore retro. Forme che rievocano il concetto del bagno di "rappresentanza" di un certo impatto visivo, adatte alla decorazione sfarzosa e di lusso. L'oro, l'argento, motivi decorativi inneggianti al primo novecento con note ironiche ed attuali prendono posto in forme depurate da ogni orpello barocco, mantenendo gli archetipi delle linee classiche. Il concept TIME raccorda il passato al presente, rileggendo in maniera elegante e contemporanea il bagno nella sua declinazione più classica.

*This project is born from a necessity to bring together classic forms and elegance, getting back in touch with a scent and retro' atmosphere. Shapes which come to mind is the concept of a master bathroom with a visual impact, ready for important and luxury decorations. Gold, Silver which remind us of the 19th century with ironic and modern suggestions interrupting the baroque idea but maintaining classic forms. Concept TIME leads us from the past to the present in an elegant way from classical forms to a contemporary style.*

## Concept Touch

Rendere tattile l'ambiente bagno, è l'obiettivo di Gsg Ceramic Design, che offre ancora un mood fortemente caratterizzato. Touch è forma a servizio dell'acqua, modellata dall'acqua, fornita all'uomo come oggetto poetico: per chi cerca significati nelle forme, Touch diventa oggetto in divenire, sempre coerente al passaggio del tempo, mai stanco di servire il corpo e la mente. E' la ricerca della naturalezza, il movimento delle forme, la volontà di circondarsi di forme regalate dalla natura che diventa archetipo, un *modus vivendi* diventato l'unica via per vivere in un'esatta coerenza. Il gesto plastico che ricorre su tutta la gamma, è quello di creare quasi a livello manuale, una sede per accogliere l'acqua e modellare la materia per servirsene in maniera non traumatica: tutto ciò conferisce agli oggetti un contenuto artigiano d'altri tempi che esula dalle forme altamente industrializzate di cui ci siamo circondati. Il messaggio quindi è quello della riscoperta di oggetti che possano superare la sfida del tempo attraverso una riacquisita onestà delle forme e della loro destinazione d'uso.

*GSG Ceramic Design aims at creating tactile sensations in the bathroom setting and offers a strongly marked style. Touch is matter for water and shaped by water, offered to man in the form of a poetical object: for those who look for significance in shapes, Touch becomes an ever-changing object, always consistent with the passing of time and ready to serve body and mind. It is a search for naturalness, the movement of shapes, the desire to surround oneself with shapes offered by Nature that becomes an archetype, it is a *modus vivendi*, the only way of living in absolute consistent harmony. The plastic gesture characterising the whole set is the almost manual moulding of a place to house water and shape matter in order to reuse it in a non traumatic way. Objects thus take on an old-fashioned craftsmanlike value which has nothing in common with industrialized shapes we are usually surrounded by. The underlying message is: let's rediscover the taste for objects that can win the challenge against time through renewed integrity of shapes and their intended use.*

## Smart clean

Sistema di scarico Smart Clean  
Intelligent flushing system

SMART CLEAN è il nuovo ed innovativo sistema di scarico realizzato da GSG Ceramic Design. Grazie alla forma della sezione del vaso, l'acqua compie un percorso rotatorio che garantisce una pulizia più efficace. Con l'eliminazione della brida l'acqua viene convogliata direttamente sull'area interessata, evitando formazioni batteriche in aree nascoste e difficilmente raggiungibili. Il sistema SMART CLEAN è disponibile nelle versioni FLUT, LIKE, BRIO e TOUCH. La pulizia delle superfici esterne del vaso, è facilitata dal sistema a sganciamento rapido del coprivaso che avviene attraverso il pulsante di rilascio, un semplice gesto senza utensili. Il sistema a sganciamento rapido è disponibile per le nuove collezioni FLUT, LIKE, BRIO, OZ, BOX. ALTI STANDARD IGIENICI - FACILITA' DI PULIZIA - MAGGIORE COMFORT.

SMART CLEAN is the new and innovative flushing system made by GSG Ceramic Design. The particular form of the section of the WC makes the water flush in rotatory motion which guarantees a more effective cleaning. With the elimination of the rim, water is forced directly to the proper area, avoiding bacterial formations in hidden areas and difficult to reach. SMART CLEAN system is available in versions FLUT, LIKE, BRIO, and TOUCH. Clean the outer surface of the vessel, it is facilitated by the quick release system seat cover which occurs through the release button, a simple gesture without tools. The quick release system is available for the new FLUT, LIKE, BRIO, OZ, BOX. collections. HIGH STANDARD - TOILET EASY CLEANING - GREATER COMFORT.

## Concept Oz

Oz è un concetto, è l'assimilazione e al tempo stesso l'indifferenza verso i canoni e i codici. "SCAVARE", è l'azione che ha mosso lo spirito formale: segni impressi nella materia che costituiscono le radici del tempo e della tradizione. L'intenzione formale era quella di racchiudere questi concetti in un oggetto; decostruire il pensiero e la forma plastica, in un risultato di assoluto equilibrio. I "graffi" impressi nella materia sono gesti di rottura e di una certa violenza, ma anche benevoli, perchè si ricompattano per uno scopo specifico: quello di accogliere l'acqua e farla defluire nuovamente nella materia. L'invito a chi sceglie questo concept set è quello di parlarne come si argomenta su un'opera d'arte, perchè oltre ad assolvere le sue funzioni precise, è avanguardia.

*Oz is a concept, it is assimilation and at the same time indifference towards standards and codes. "Digging" is the action that has thrust forward the formal spirit: marks impressed onto matter that make up the roots of time and tradition. The "scratches" left on matter are violent as well as benign breaking gestures all serving a specific purpose: receiving water and making it flow back into matter. Those who choose this concept set are invited to discuss it as one usually does with a work of art, since it serves its specific functions in an avant-guard way.*

## Concept Glass

Leggerezza, innovazione, modularità, pulizia, sono prerogative chiaramente manifeste in questo concept. All'estrema pulizia formale del vetro, relegato ad involucro per l'acqua, si accosta la ceramica, risolta in forme pure che sostengono gli elementi in cristallo. È un concept fortemente architettonico: vuoti e sovrapposizioni di trasparenze unite agli elementi portanti in ceramica, sembrano costituire dei "loft" in scala ridotta. Il tutto restituisce a chi la vive suggestioni impalpabili ed eteree. Il cristallo, evoca ed enfatizza i riflessi evanescenti e sempre indefiniti dell'acqua; la ceramica ha il ruolo di sostenerne la gravità ponendo dei limiti percettivi.

*Lightness innovation consistency, cleanliness, are prerogatives contained within the new concept of the GSG ceramic Design. The extreme formal linearity of glass, creates a shell for water connecting the ceramic forms which support the elements in cristal. It it a strong architectural concept: empitness and trasparente overlappings conjointly with supporting ceramic elements, giving one the sensation of intangibility. Cristal evokes faint, reflections, always indefinite; ceramic supports the power of gravity creating detectable limits.*

 Piatti doccia STONE in mineral marmo  
*STONE Shower trays in mineral marble*

Piatto doccia  
*Shower tray*

Realizzato in massa e composto da una miscela di mineral marmo e resina poliestere, si caratterizza per la singolare estetica, resistenza, durata, impermeabilità e facilità di pulizia.

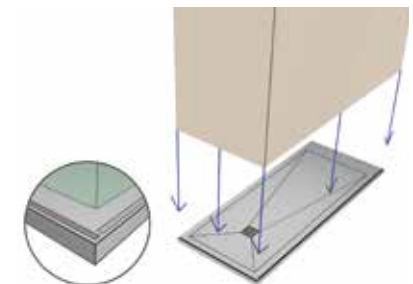

*Made in bulk and composed of a mixture of mineral marble and polyester resin, it's characterized by the singular aesthetics, strength, durability, impermeability and ease of cleaning.*

## Caratteristiche piatto doccia STONE *STONE shower tray features*

### Adattabilità *Adaptability*

Creazione di canali per inserimento di cristalli da 6, 8 e 10 mm. di spessore.

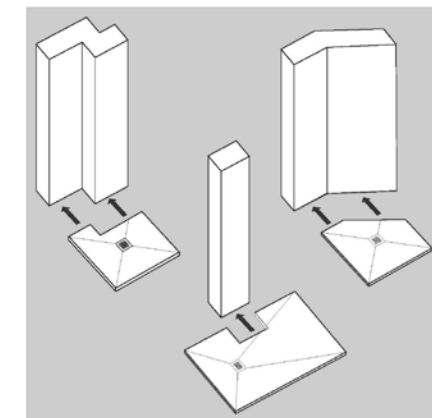

*Creation of channels to put in crystals with a thickness of 6, 8 and 10 mm.*

### Personalizzazione *Customization*

Forme e dimensioni possono essere realizzate su misura per adattarsi allo spazio desiderato.

*Shapes and sizes can be made to measure to fit the desired space.*

### Modularità *Modularity*

Possibilità di avere dei pannelli, della stessa finitura e colore del piatto doccia, per rivestire le pareti in caso di sostituzione della vasca esistente.

*Opportunity to have panels, with same finish and colour of the shower tray, to cover walls in case of replacement of the existing bathtub.*

# Soluzioni per piatti doccia STONE in mineral marmo

## Solutions for STONE shower trays in mineral marble

Realizzato in massa e composto da una miscela di mineral marmo e resina poliestere.

*Made in bulk and composed of mixture of mineral marble and polyester resin.*

Se si scalfisce la superficie, l'interno è dello stesso colore.

*If the surface is scratched, the material is the same colour inside.*

**Tolleranza nelle misure dei piatti doccia: +/- 5 mm**

**Dimension tollerance for shower trays : +/- 5 mm**

Ogni lato del quadrato, riferito nel disegno qui accanto, corrisponde ad una lunghezza di 5 cm.

*Each side of the square, referring to the drawing here beside, is equivalent to a lenght of 5 cm.*

\* Per richiedere dei piatti doccia su misura, indicare negli appositi spazi del disegno qui accanto, le misure esatte del piatto doccia che si desidera. In caso di personalizzazione della forma del piatto doccia, utilizzare lo stesso disegno per riportare le linee del taglio necessarie.

\* For requests of custom-made shower trays, indicate the exact dimension for the shower tray desired in the appropriate spaces on the drawing here beside. In case of customization of the shape for the shower tray, use the same drawing to indicate the necessary cutting lines

Per il prezzo dei piatti doccia su misura, vedere il prezzo della misura standard superiore più vicina per ogni lato.

*For the price of customized shower trays, see the price of the next closest standard size for each side.*

Per la personalizzazione della forma dei piatti doccia, non viene applicata alcuna maggiorazione di prezzo.

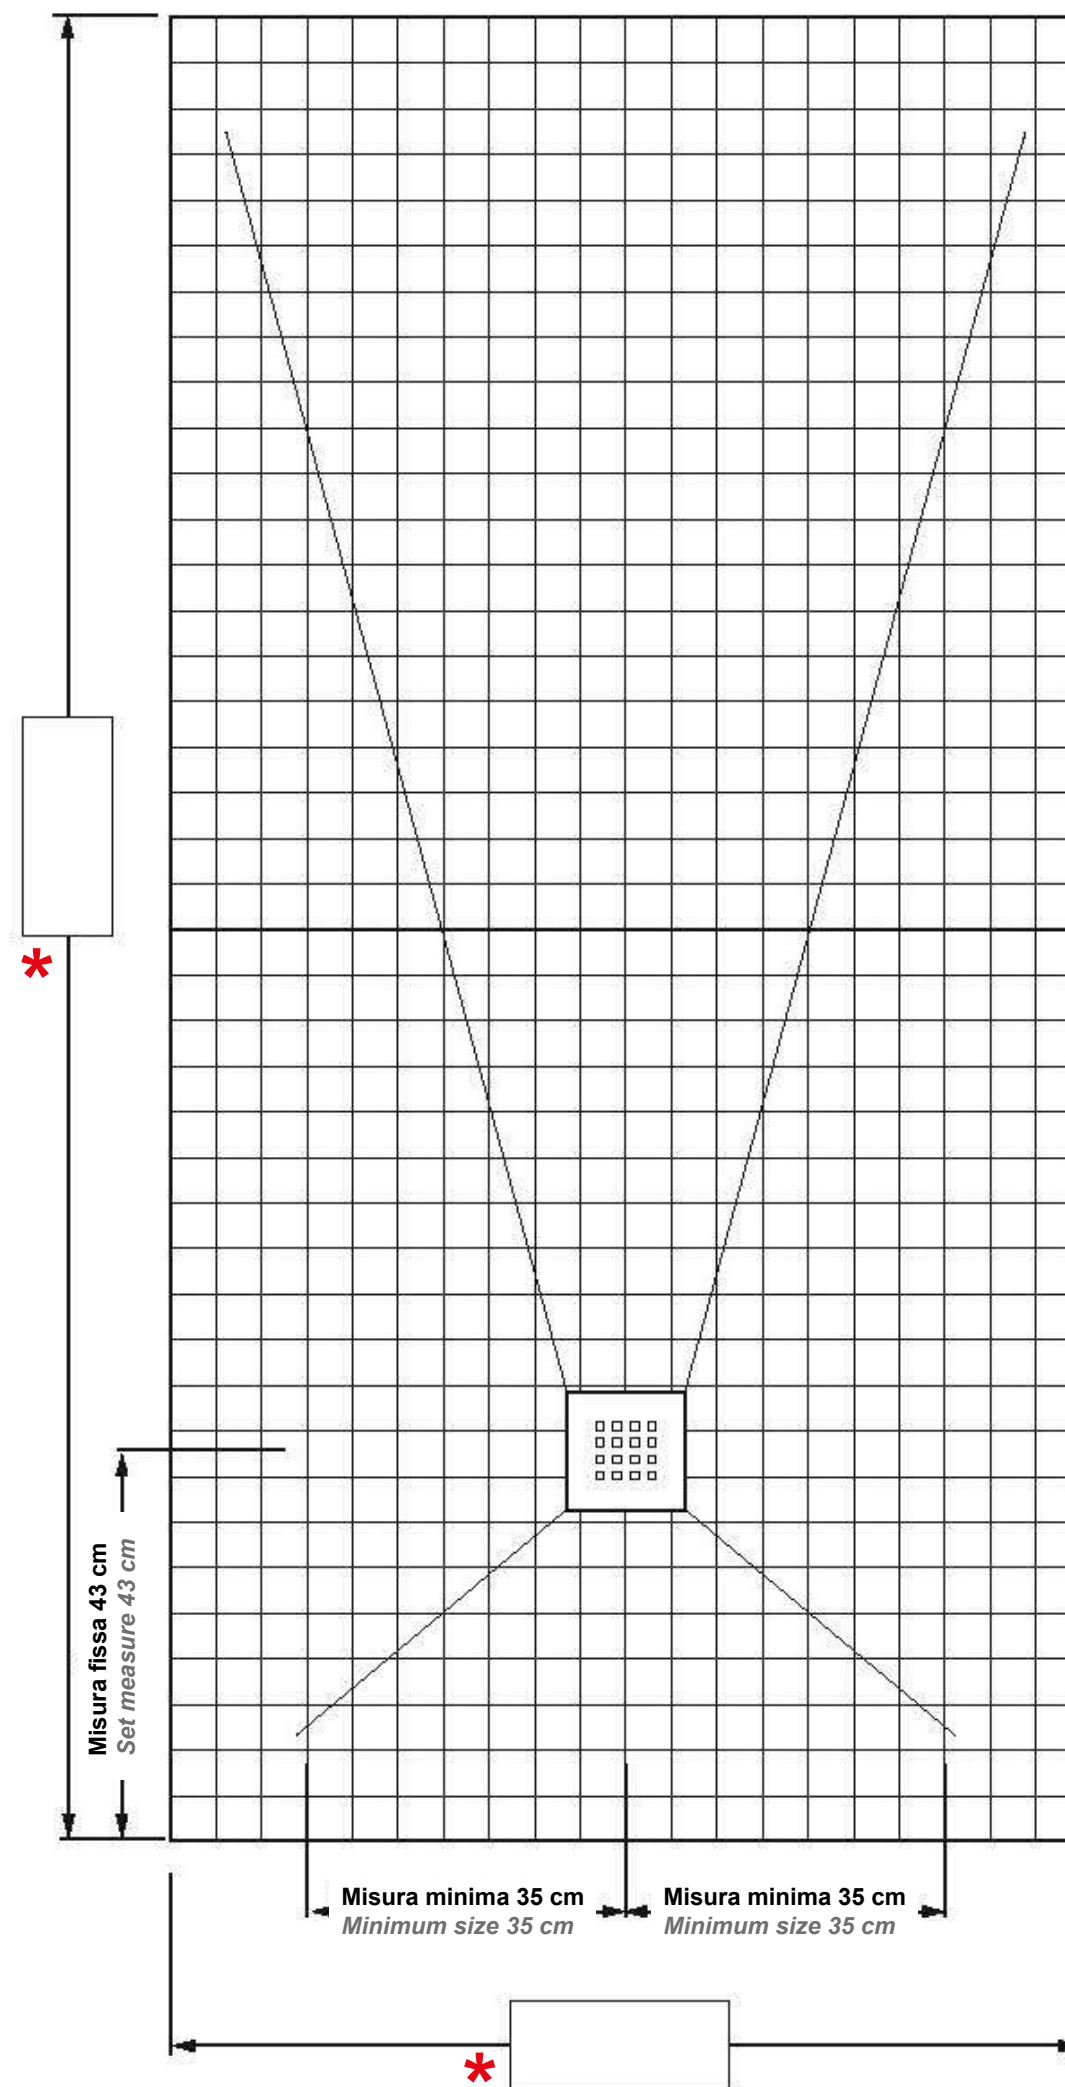

*For the customization of the shape for the shawer trays, no price increase is applied.*

N.B. : in caso di personalizzazione dei piatti doccia nelle forme e dimensioni, prima di inoltrare l'ordine richiedere la conferma di fattibilità all'azienda.

*NOTE : In case of customization of the shower trays in shapes and sizes, request the feasibility confirmation to the company before placing the order.*

**MADE IN ITALY**

□ = 5 cm

## CONSEGNA

La merce è venduta Franco nostro stabilimento.

La "GSG Ceramic Design S.r.l." si riserva la facoltà di evadere un ordine con più consegne a secondo delle effettive disponibilità di prodotto presso i propri magazzini.

La richiesta del Cliente di consegnare la merce in località diverse dalla residenza o domicilio di quest'ultimo, esonera la "GSG Ceramic Design S.r.l." da qualsiasi responsabilità, qualora al vettore non vengano contestate eventuali mancanze o rotture, al momento della consegna. Spetta al Cliente muovere contestazioni all'atto della consegna per ammanchi e/o rotture.

## RESPONSABILITÀ

La ditta fornitrice, previa autorizzazione, accetterà in restituzione unicamente prodotti riconosciuti difettosi per vizi di fabbricazione ed accrediterà al Cliente l'importo della merce resa escluso il trasporto, oppure si riserverà la facoltà di sostituire i medesimi.

Rimane esclusa qualsiasi altra prestazione e indennizzo o risarcimento per danni diretti o indiretti che dovessero derivare dalla posa in opera del materiale difettoso.

## TERMINI DI CONSEGNA

Il termine di consegna ha valore indicativo e non impegnativo.

La programmazione delle consegne sarà effettuata tenendo presente delle esigenze del Cliente fermo restando la facoltà della ditta fornitrice di modificare tale programmazione. Resta esclusa qualsiasi responsabilità della ditta fornitrice per ritardi o mancata consegna qualsiasi ne sia la causa.

## PREZZI

Si intendono validi quelli in vigore al momento della consegna.

## PAGAMENTI

I termini di pagamento devono essere quelli riportati sull'ordine d'acquisto.

La ditta fornitrice si riserva la facoltà di sospendere o annullare le forniture qualora i pagamenti non procedano nei tempi e nei modi pattuiti.

Eventuali contestazioni di qualsiasi natura non conferiscono al Cliente la facoltà di sospendere i pagamenti in corso.

## INTERESSI DI MORA

La mancata osservanza dei termini di pagamento pattuiti determinerà l'addebito al Cliente degli interessi di mora al tasso ufficiale di sconto aumentato di due punti.

## RECLAMI

Ogni fornitura si intende accettata trascorsi senza reclami otto giorni dal ricevimento della fornitura.

I reclami dovranno esser fatti a mezzo lettera raccomandata direttamente alla Sede Legale della "GSG Ceramic Design S.r.l."

## NUMERI DI CODICE

I prodotti dovranno essere ordinati con i numeri di codice di identificazione.

## CARATTERISTICHE TECNICHE

La "GSG Ceramic Design S.r.l." si riserva la possibilità di variare in ogni momento e senza preavviso le caratteristiche tecniche, di funzionamento, per migliorare la propria produzione.

## DOMICILIO LEGALE

Per qualsiasi controversia tra la fornitrice ed il Cliente sarà sempre e solo competente il Foro di Viterbo.

## MATERIALE RESO FRANCO FABBRICA

## PESI, MISURE E COLORI SONO DA CONSIDERARSI INDICATIVI

## TERMS OF DELIVERY

*The goods are sold ex factory. The GSG Ceramic Design srl reserves the right to deal with an order with various deliveries according to the availability of the goods in their warehouses.*

*The request of the Client to deliver the goods in a different locality from their residence or domicile, exonerates the GSG Ceramic Design srl from any responsibility, in the case that the carrier has not been notified of loss or breakage at the time of delivery. It is the Clients' responsibility to make his intimation at the moment of delivery of loss or breakage of the goods.*

## RESPONSABILITY

*The supplier, prior authorization, will accept the return of the goods only if they are known to be faulty goods from the factory; therefore credit the Client the amount of the returned goods without the cost of transport, or will reserve the possibility to substitute the goods.*

*It remains excluded any other supply, compensation or refund for direct or indirect damages made whilst fitting faulty goods.*

## TERMS OF DELIVERY

*The delivery term has an approximate time and is not binding. The planning of delivery will be effectuated according to the Client, but the supplier has the possibility to modify the date of such delivery. It remains that the supplier whatever difficulty or for delay or the inability to deliver, the supplier is not responsible.*

## PRICES

*Prices are considered valid on the date of delivery.*

## PAYMENTS

*The terms of payment must be written on the buyin order. The supplier reserves the possibility to suspend or cancel the consignment if the payments are not respected as agreed. Eventual protests of any kind will not give the Client the possibility to interrupt payments in course.*

## DEFAULT INTEREST

*The lack of compliance to payments previously agreed to, determines an interest of default of the official tax interest of two points for the Client.*

## COMPLAINTS

*Every supply will be intended to be accepted if there is no complaint within eight days. Complaints must be written and sent by recorded mail to the legal office of the GSG Ceramic Design srl.*

## CODE NUMBER

*The goods must be ordered by their identification code.*

## TECHNICAL FEATURES

*The GSG Ceramic Design srl reserves the right to change at any time and without warning, technical features or functioning to better their production.*

## LEGAL RESIDENCE

*For any controversy between the supplier and the buyer, the Foro di Viterbo will always have jurisdiction.*

## I.V.A (V.A.T.) IS NOT INCLUDED IN THE PRICE

## GOODS DELIVERED EX FACTORY

## WEIGHT, COLOURS AND MEASUREMENTS ARE TO BE CONSIDERED APPROXIMATE

## Controllo Qualità - Quality passed

Ogni prodotto GSG Ceramic Design è sottoposto ai test di alta qualità di GSG Ceramic Design per essere conforme alla normativa UNI.

*Any GSG Ceramic Design product is tested to match the GSG high quality controls and to be conform to UNI standards*

## Garanzia - Warranty

In osservanza della Direttiva Europea 1999/44/CE, recepita in Italia con D. lgs n. 206 del Codice di Consumo, GSG Ceramic Design riconoscerà eventuali difetti di conformità dei propri prodotti che si dovessero manifestare entro il termine di 24 mesi dalla loro vendita al cliente finale. L'unica spettanza di GSG Ceramic Design per tali pezzi è la loro sostituzione.

*In observance of European Directive 1999/44/EC, implemented in Italy with Legislative Decree no. 206 of the Consumer's Code, GSG Ceramic Design will recognize any lack of conformity of their products that may be found within the period of 24 months from their sale to the end customer.*

*The only pertaining of GSG Ceramic Design for these pieces is their replacement.*

## Manutenzione - Maintenance

I sanitari GSG Ceramic Design con la loro smaltatura di altissima qualità possono essere puliti perfettamente con semplice acqua tiepida e sapone o detersivo non abrasivo. L'uso di detersivi abrasivi per la pulizia danneggia la smaltatura.

*GSG Ceramic Design sanitary ware due to its high quality glazing can be perfectly cleaned with simple warm water and soap or non-abrasive detergent. The use of abrasives detergents for cleaning damage the glazing.*
