Dal 1959, tre generazioni di imprenditori, fiduciose delle proprie risorse, hanno saputo coinvolgere una piccola ma operosa comunità dell'entroterra marchigiano per raggiungere sempre nuovi obiettivi. Questo catalogo rappresenta un'importante tappa di questa lunga esperienza artigianale made in italy e pone l'accento sull'impegno di tutto lo staff Gibas al quale vanno i più meritevoli ringraziamenti.

The colour-code under each image is related to the colour of the photographed article. The available standard colours are shown on the last page of each series. The colours of the illustrated articles are reproduced the most faithfully possible, in line with the technical limits of printing and small variations of tone are possible, due to the handcraft making.

A stylized illustration in shades of gray and white. At the top, a white circle representing the sun is partially obscured by dark, swirling cloud patterns. Below the clouds, a dark silhouette of a person's head and shoulders is visible on the left. In the lower right, a group of four stylized human figures are walking across a light-colored path. The background is a dark gray gradient.
