José Leite de Castro

NEW COLLECTION **2020.**

At the turn of the decade José Leite de Castro would like to invite you to explore our new collection, an evolved interpretation of modernity handmade by our skilled craftsmen.

With an eclectic design approach by expanding the creative process in new directions, we combine wood, brass, stone, glass, leather and textiles to create furnishings that reveals a refined lifestyle where comfort and authenticity triumph.

The epitome of understated elegance, the collection is a reflection of understanding what it means to create a home that is warm and welcoming where space and furniture coexists in unity.

Extreme attention to detail and unique surfaces where lines and volumes blend harmoniously are key, that way we can give you luxurious, exclusive and timeless pieces.

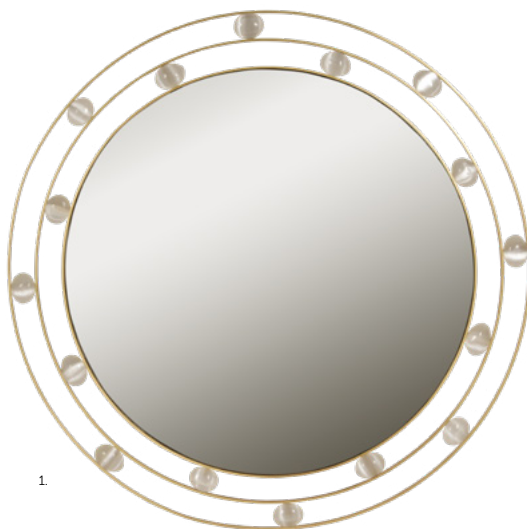

From our collection to the style of your home, dimensions, materials and fabrics can all be tailored to your specifications. Also, bespoke solutions can be manufactured according to the specific needs of the client's project.

Sophistication, Exclusivity,
and Attention to Detail.
