mediterranean trip

from the beach to the rock

Musola invites you on a journey around the Mediterranean. From beaches to quarries, we will enjoy charming places and we will go all over the different zones of our loved seaboard, symbolic houses, unforgettable forests and places. Musola lives together and integrates with the Mediterranean Sea.

Beach

Between sand traces we find unlimited silhouettes which carry us to the very depths of our childhood memories. From there, we come back touching the breeze with our fingers and we plunge into the ocean. Later, we sit down to breathe the purest air ever thought.

Forest

Between tree's leafy sheets the sun is grazing us
delicately and we are insinuated as
if it were a courtship. Here you realize you are
alive and suddenly you go out to a plain where
its courtship is loved back.

Pavilion

Open architecture and smell of terracotta, this is the way I want to enjoy lunch with you, in the privacy or in an unforgettable feast. Meanwhile, take a seat and enjoy.

Mountain

On the path of mountain our thoughts are pure,
we distinguish places, corners ... the beauty at
its purest revelation. Do not forget to take deep
breaths and listen carefully what it says to you.

Rock

What is arid sometimes is beautiful. Fineness
of your sharp edges, your veining and your cool
touch make you a shelter for my thoughts. And
do not worry, I will cheer up your cheeks.

TECHNICAL DETAILS

CHAIRS

CANASTA

REF. 9021

Chair designed by Yonoh Studio, made entirely of stainless steel. Fully removable cushion with Eva rubber and water-permeable polyurethane foam (Dry Feel) inside. It fits perfectly to the characteristic chair's backside.

CANASTA

REF. 9020

Chair designed by Yonoh Studio, made entirely of stainless steel. Removable cover seat with polyester fibre and waterpermeable polyurethane foam (Dry Feel) inside. This cover doesn't completely hide its characteristic grid.

NANSA

REF. 9025

Chair designed by Santiago Sevillano. With its frame made entirely of aluminium, it has a high lightness. Its seat is removable with waterpermeable polyurethane foam (Dry Feel) and polyester fibre inside. Stackable up to four chairs.

SOFAS

NANSA

REF. 9030

Armchair designed by Santiago Sevillano, made entirely of stainless steel. Removable seat with water-permeable polyurethane foam (Dry Feel) and polyester fibre inside.

NANSA

REF. 9031

Two seater sofa designed by Santiago Sevillano, made entirely of stainless steel. Removable seat with water-permeable polyurethane foam (Dry Feel) and polyester fibre inside.

NANSA

REF. 9032

Three seater sofa designed by Santiago Sevillano, made entirely of stainless steel. Removable seat with water-permeable polyurethane foam (Dry Feel) and polyester fibre inside.

TABLES • Auxiliary

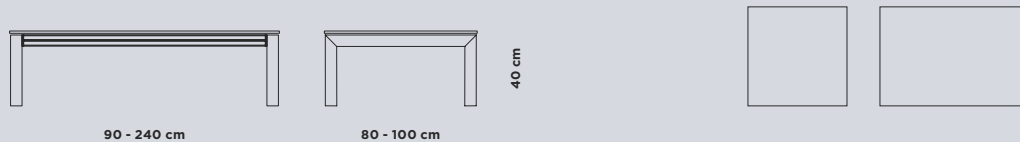

NANSA

Collection of coffee tables designed by Santiago Sevillano with aluminium structure. It is available in different sizes and forms. Table top made of ceramic laminated with glass.

* Further information of measures in the pricelist.

SALVIA

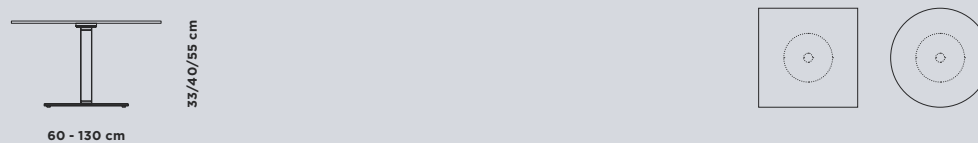

REF. 9041

Coffee table (height 40). Its structure and also the metallic elements which form it have been made of stainless steel. Table top made of ceramic laminated with glass.

- Square and rectangular top-tables.

* Further information of measures in the pricelist.

LEMON

REF. 9042 / 9043 / 9044

Central column table available in three different heights (H33/H40/H55). All metallic elements of its structure are made of stainless steel. Table top made of ceramic laminated with glass.

- Square and circular top-tables.
- Circular base:
(Ø45, Ø50 y Ø65).

* Further information of measures in the pricelist.
