Munkegaard chair

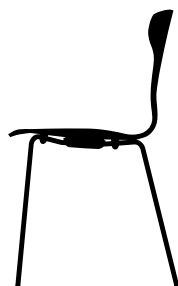

A bold move

The Munkegaard chair is a controversial design that turns heads as much today as it did when it was created in 1955. It offers easy functionality while maintaining a strong visual identity.

BOLD AND BEAUTIFUL

Munkegaard chair, also known as the Mosquito, was created in 1955 by celebrated Danish designer and architect Arne Jacobsen. Introduced in 1955 at the Munkegaard School in Denmark, it is an excellent example of Jacobsen's work: unexpected, elegant, and edgy.
