

CAPOFERRI

SELECTED REFERENCES

Capoferri Serramenti S.p.A. is an Italian Manufacturer of high-end custom-built project applications such as bespoke windows and doors, skylights, curtain walls, interior partitions, interior joinery; and architectural metal and wood finishes, both for the "high net worth" private residential sector as well as the high profile Corporate, VIP Hospitality, and Public Space sectors.

Constantly investing in know-how and cutting-edge technology since its foundation over a century ago in 1894, the 100+ Capoferri staff members design, engineer, build and install to the most stringent requirements. These range from low acoustic levels and high energy efficiency requirements to hurricane area restrictions and bullet- and blast-resistant applications for sensitive targets and/or hazardous areas. Oversized glazing, custom automations, sound-proofing and light control, together with special joinery such as bespoke glass enclosures, glass staircases, architectural claddings and walkover glazing applications further complete the range of solutions provided by a highly professional team that constantly assists architects, developers, builders and owners worldwide to push the limits of the architecturally possible.

Capoferri Serramenti S.p.A. is very proud to have been chosen by the following customers and architects all over the world to provide solutions for their projects.
