DESIGN Mathias De Ferm

De insteek van de Wire-collectie, een ontwerp van Mathias De ferm, is geniaal in zijn eenvoud. De eet- en salontafels (naar keuze rond, ovaal, vierkant, rechthoekig) en stoelen (stoel, low chair of barstoel) komen tot stand aan de hand van fijne inox-draden: 1 collectie, 1 zeer herkenbare designlijn. Indoor & Outdoor, lichtgewicht, solide en veelzijdig af te werken met verschillende tafelbladen. Opvallend detail: de poten die vanaf een centraal punt naar buiten plooien en het geheel nog luchtiger maken qua aanblik.

Le concept de la collection Wire, une création de Mathias De Ferm, est d'une simplicité géniale. Les tables de salle à manger et de salon (rondes, ovales, carrées ou rectangulaires au choix) et les sièges (chaises, chaises basses ou chaises de bar) reposent sur une fine trame en inox: 1 collection, 1 design reconnaissable entre mille. Pour l'intérieur ou l'extérieur, légères, solides, à personnaliser avec différentes feuilles de table. Détail remarquable: les pieds partent d'un point central pour s'écarter l'un de l'autre et rendre ainsi l'ensemble encore plus aérien.

The idea behind the Wire collection, a design by Mathias De Ferm, is ingeniously simple. The dining room and living room tables (round, oval, square or rectangular) and chairs (chairs, low chairs or bar stools) are fashioned from fine, stainless steel wire: a single collection with one highly recognisable design line. These are suitable for both indoors and outdoors, are lightweight and solid, and are available in versatile finishes with a range of tabletops. A striking detail is that the legs are angled outwards from a central point, giving the entire piece an even lighter look.

Der Ansatz der Wire-Kollektion, ein Entwurf von Mathias De Ferm, ist in seiner Einfachheit genial. Die Ess- und Couchtische (wahlweise rund, oval, viereckig oder rechteckig) und Sitzgelegenheiten (Stuhl, Low Chair oder Barstuhl) werden aus feinen Edelstahl-Streben hergestellt: 1 Kollektion, 1 Designerserie mit hohem Wiedererkennungswert. Indoor & Outdoor, leicht, solide und vielseitig mit diversen Tischplatten zu komplettieren. Auffälliges Detail sind die sich von einem zentralen Punkt nach außen neigenden Tischbeine, die das Ganze vom Anblick her noch luftiger gestalten.
