## CONSIGLIO / ADVICE

I prodotti possono presentare piccole variazioni e imperfezioni dovute alla artigianalità della lavorazione del materiale e rendono ogni manufatto unico. Le finiture ottone e nichel sono volutamente al naturale e quindi soggette a cambiamenti e opacizzazioni che donano all'oggetto bellezza e patinatura del tempo. Qualora si voglia evitare queste alterazioni, su richiesta possiamo verniciare i manufatti, con finitura semilucida o opaca.

The products may show small variations and imperfections due to the craftsmanship of the work of the material and make unique each piece. The brass and nikel finishings are intentionally natural and so are subject to variations and opacifications that give the object beauty and patina of time. If you wish to avoid these modifications, it is possible to ask us for a semishiny or matte varnishing.

IL TEAM

Lampade, tavoli e pomelli della collezione **Eclectic** attingono da elementi della flora e fauna terrestre per creare nuovi stili e forme dal gusto eccentrico. Talvolta elementi delle profondità marine e multiformi fronde di vari tipi di alberi, vengono immortalati nelle nostre fusioni mantenendo eterna la loro matericità, altre volte invece la natura fa da musa alla nascita di curiose forme ad essa ispirate. L'ottone è lavorato in modo da creare superfici irregolari dalle finiture non uniformi che rendono l'imperfetta unicità degli elementi naturali.

Lightings, tables and knobs of the EclecticCollection draw from real flora and fauna elements to create new styles and shapes with an excentric taste. At times elements from the sea-depths or branches taken from various trees, are forever captured in our fusions which keep their true essence intact. Other times nature simply acts as a muse to allow the creation of shapes which from it draw their inspiration. Brass is crafted and procesed so as to create irregular surfaces with uneven finishes which best recreate the imperfect uniqueness of nature.
