centopercento**italiano**

“Il Design dovrebbe portare il massimo del meglio al minor costo”

“Design should bring the best at minimum cost”

Questo pensiero accompagna in ogni momento lo spirito che ha portato a creare una nuova azienda e sviluppare una precisa ottica di qualità, ricerca e servizio del prodotto. Un'azienda che si inserisce sul mercato con la massima serietà nella produzione e cura del dettaglio, il tutto coordinato da un gruppo di persone con esperienze pluriennali e specializzate. Tutti i prodotti con marchio **I-Design®** sono interamente prodotti in Italia.

This thought accompanies in every moment the spirit which carried us to create a new Company and to develop a precise quality-oriented product, research and service. A Company which imposes itself on the market with maximum seriousness in the processing and care for the details. Everything is co-ordinated by a team of years-experienced and specialized people. Every product which is branded **I-Design®** is totally made in Italy.

L'azienda
The Company

La lavorazione The Processing

Tutti i nostri prodotti seguono diverse ed accurate fasi di lavorazione, dallo stampaggio a caldo, alle lavorazioni meccaniche, vibrazioni, smerigliature, lucidature per completarsi con processi di finitura.

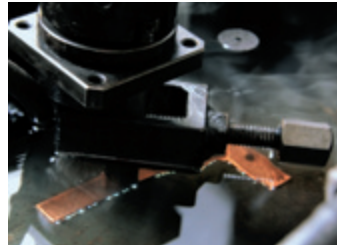

Every product we make follows different and accurate processing stages. From the mould production, through the mechanical processings and the polishings up to the final finishings.

Orostell® garantito 30 anni
Orostell® 30 years guarantee

Il rivestimento ottenuto utilizzando il trattamento **orostell®** permette di garantire maggiori prestazioni di resistenza rispetto alle normali finiture a cui vengono sottoposti i prodotti. Ideale in ambienti corrosivi, resistente all'ossidazione e alla corrosione di agenti aggressivi come pioggia acida e salsedine, raggi ultravioletti, resiste all'esposizione della luce solare diretta.

The covering obtained with **orostell®** treatment allows to guarantee better resistance performances compared to standards finishes. Ideal in corrosive environments, oxidation and corrosion proof of aggressive agents such as acid rains, UV rays, it endures to the direct sunlight exposure.

You-Design!

Il tuo stile personale merita un colore personalizzato.

I prodotti **I-Design®**, realizzati con attenzione particolare al valore di ogni dettaglio e frutto di un'accorta ricerca di mercato, sono studiati per soddisfare anche le esigenze di gusto estetico del cliente attraverso la **personalizzazione delle finiture**; per tutti i prodotti a catalogo, infatti, **I-Design®** vi offre l'opportunità di scegliere tra una vasta gamma di finiture in alternativa a quelle standard proposte. Potrete così scegliere la vostra maniglia (per porta a battente per porta ad incasso o per finestra), il vostro pomolo, un maniglione o un privacy set in uno dei colori dell'elenco qui accanto oppure in un **qualsiasi colore RAL®**.

Your personal style deserves a personalized colour.

The products **I-Design®**, made with special attention to the value of every detail and the result of careful market research, are designed to meet the aesthetic needs of the customer through the **customization of finishes**. For all the products in the catalog, in fact, **I-Design®** offers you the opportunity to choose from a wide range of finishes as an alternative to standard proposals. So you can choose your own handle (standard door to sliding door or window collection), your knob or privacy set in one of the custom colours shown in the list opposite or in **any other RAL®** colour.

Filo! ID01

BREVETTO DEPOSITATO
PATENT PENDING

Il nuovo standard di comodità nelle installazioni di design.

Grazie al brevetto **Filo! ID01** non saranno più necessari fori su misura per l'installazione della molla su sistema Filo!

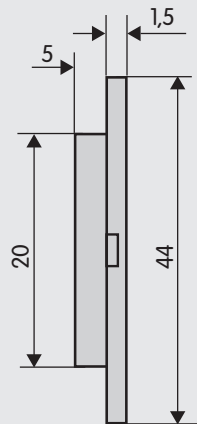

L'installatore, infatti, non dovrà più eseguire un foro speciale nella porta per la sede della molla ma utilizzerà il foro Ø 20 mm già esistente sulle porte. La molla inoltre può essere fornita nella **versione R8 50** con viti di fissaggio a legno così come nella versione **R8 50BB** con viti di fissaggio passanti.

The new comfort standard in design installs.

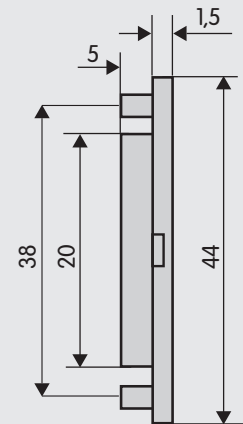

Thanks to **Filo! ID01** patent You will ever need no more custom holes to install the spring on Filo! systems.

The installer, in fact, no longer have to run a special hole in the door for the spring seat, but will use the Ø 20 mm. hole existing on the doors. The spring also can be provided in the **version R8 50** with fastening screws for wood as well as in the version **R8 50BB** with through fixing screws.

MOLLA PER Ø 50 Ø 50 SPRING

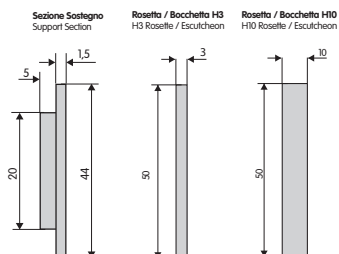

MOLLA PER Ø 50 BB Ø 50 BB SPRING

LA MOLLA FILO! ID01 È APPLICABILE SIA NELLE DIMENSIONI DI ROSETTA STANDARD H 10 MM, SIA UTILIZZANDO IL BREVETTO FILO! CON ROSETTE H 3 MM, TONDE O QUADRE DIAMETRO 50 E 50BB.

FILO! ID01 SPRING IS USABLE BOTH ON THE H10 STANDARD ROSETTES AND USING FILO! PATENT WITH H3 MM ROUND OR SQUARED ROSETTES 50 AND 50BB DIAMETER.

Filo!

I-Design realizza con Filo!

l'evoluzione nella maniglia, un tecnologico e innovativo sistema di fissaggio alla porta, completo di molla **brevettata** che riduce a soli 3 mm. lo spessore della rosetta e della bocchetta. Tecnologia, design, funzionalità e innovazione nei soli **3 mm di Filo!**

I-Design realizes with **Filo!** the evolution of the handle, a technological and innovative door fixing system, complete with **patented** spring that reduces to only 3mm the thickness of rosette and escutcheon. Technology, design, functionally and innovation in **just 3mm of Filo!**
