ENG

Ribes is the new modular seating system designed by Antonio Citterio with a focus on versatility, customisation, colour and research on materials. Sofas, central and end elements, chaises longues and ottomans all come in a huge variety of shapes and sizes that lend themselves to being arranged in an outdoor space according to personal taste thanks to the exceptional versatility of the modular components and the availability of a vast range of covers and finishes. The starting point is a futon base with flexible glass-fibre slats resting on an aluminium frame to which two types of arm or back rest can be attached as desired: one with a polypropylene fibre interlacing, the other with a roller cushion.

ITA

Ribes è il nuovo sistema di sedute componibili disegnato da Antonio Citterio, che mette al centro del progetto i temi della flessibilità, della personalizzazione, del colore e della ricerca sui materiali. Divani, elementi centrali e terminali, chaise longue e pouf, proposti in numerose tipologie e dimensioni, consentono di interpretare lo spazio outdoor in maniera molto personale grazie all'estrema flessibilità compositiva e alla possibilità di scegliere tra numerosissimi rivestimenti e finiture. Il punto di partenza è una base "futon" con doghe flessibili in fibra di vetro, appoggiate su una struttura in alluminio, sulla quale fissare liberamente braccioli e schienali previsti in due tipologie: a telaio con intreccio in fibra di polipropilene oppure a rullo.

Ribes,

the starting point is a futon base with flexible glass-fibre slats resting on an aluminium frame.

il punto di partenza è una base "futon" con doghe flessibili in fibra di vetro, appoggiate su una struttura in alluminio.

ENG

The textile choice is also extensive and colourful with designs that have been inspired by traditional fabrics collected during numerous trips to South America, reinterpreted and redesigned using very clear colour schemes that still leave a wide choice of different combinations allowing maximum customisation. The seat, back and arm cushions can be covered as desired in wide or narrow-striped, dotted or single-colour material, all in various shades that coordinate with each other. There is also a choice of trim colours in natural, blue and red tones.

ITA

Anche la proposta tessile è ricca e colorata, con fantasie che si ispirano a tessuti tradizionali raccolti nel corso di numerosi viaggi in Sudamerica, reinterpretati e ridisegnati secondo schemi cromatici ben precisi, che lasciano tuttavia grande libertà di scelta negli abbinamenti così da offrire innumerevoli possibilità di personalizzazione. I cuscini sedile, schienale e bracciolo possono infatti essere vestiti a piacere con tessuti a righe larghe, righe strette, puntinati e uniti, tutti in varie tonalità tra loro coordinabili. A scelta anche il colore dei profili, previsti nei toni naturale, blu e rosso.

ENG

The seating system is enriched with seat cushions intended as comfortable mattresses to stretch out on and several shapes of back- and armrest cushion, all containing a new filling giving Ribes a particularly lived-in and soft look. Colour comes into play in the painted frames in shades of anthracite, sage and clay. These same tones are then picked up in the back and arm supports combining the colours sage and clay with a natural-coloured interlacing and anthracite to one in a matching shade, and the same for the brackets of the roller sections.

ITA

Il sistema di sedute si arricchisce di cuscini sedile pensati come comodi materassi dove rilassarsi e varie tipologie di cuscini schienale e bracciolo, tutti realizzati con una nuova imbottitura che dona a Ribes un aspetto vissuto particolarmente morbido. Il tema del colore viene introdotto dalle strutture verniciate nelle tonalità antracite, salvia e argilla. Nuance riprese dagli schienali e braccioli a telaio, che abbinano il salvia e l'argilla ad un intreccio naturale e l'antracite ad un intreccio tono su tono, e dai supporti delle versioni a rullo.

ENG

Because it is so versatile, Ribes can also be reconfigured over time by adding new elements as well as altering the functional use of existing ones.

By substituting, adding or varying the position of the back and armrests, a sommier can turn into a vis-à-vis sofa, a sofa become an island and a corner seating plan transform into a comfortable bed. Ribes means transformation and is especially suited to those areas that are neither in-nor outside: verandas, shady patios, under a loggia or on a covered terrace allowing a fluid approach to the open spaces in the home.

ITA

Grazie alla flessibilità del sistema, Ribes può essere modificato nel tempo aggiungendo nuovi elementi, ma anche cambiando la funzione d'uso di quello esistenti. Sostituendo, aggiungendo o modificando la posizione di schienali e braccioli, un sommier può diventare un vis-à-vis, un divano può diventare un'isola, un angolare può diventare un comodo letto. Una natura trasformabile quella di Ribes, che si trova particolarmente a suo agio negli spazi di passaggio tra interno ed esterno, nelle verande o all'ombra di un patio, sotto un loggiato o un terrazzo coperto, per vivere con fluidità la casa e gli spazi aperti.

ENG

A classic is born. It expresses Antonio Citterio's stable elegance. Different types of seat: chairs, armchairs and a sunbeds are included in the collection. The folding armchair revisits the classic shape of the director's chair, with exclusive details. All sizes of tables, small tables and consoles have the same frame and top in painted aluminium, in brushed natural Iroko slats, in Calacatta white porcelain stoneware or in enamelled lava stone with anthracite, clay, sage decoration. Resistant and long-lasting, formally and physically. The quality and attention to detail make Mirto a collection that is made to last.

ITA

Nasce un classico che esprime l'eleganza stabile e riconoscibile del suo autore. Fanno parte della collezione diverse tipologie di seduta: sedie, poltrone, lettini con schienale reclinabile ed una poltroncina pieghevole che rielabora il lessico della classica tipologia da regista, con dettagli accurati. Tavoli, tavolini e console hanno la stessa struttura e top in lamiera verniciata, con doghe di Iroko naturale spazzolato, in gres porcellanato bianco Calacatta o in pietra lavica smaltata con decoro antracite, argilla, o salvia. L'aspetto qualitativo e la cura dei dettagli fanno di Mirto una collezione fatta per durare nel tempo.

ENG

In 2019 the Mirto collection is also being expanded to include new designs and finishes starting with the folding director's chair now in ecru canvas with natural thick leather armrests and a die-cast aluminium frame in the new colours, clay and sage.

There is also a series of very innovative dining, small and console tables in several sizes that reproduce the collection's minimalist design elements with a fresh take on colours and decorations.

The die-cast aluminium frame comes in three new varnishes - clay, sage and anthracite - and the table tops are made of black lava stone laid out in designs based on traditional Sicilian lace in the three different frame shades. A really innovative technique has been used to manufacture the decorative tiles using a special material obtained by crushing recycled electronic equipment screens which is then applied to the surface of the tiles using an exclusive production process.

ITA

La collezione Mirto si amplia nel 2019 con nuove proposte e finiture, a partire dalla sedia regista pieghevole ora presentata con un rivestimento in tela ecru con braccioli in cuoio naturale e struttura in pressofusione d'alluminio nei nuovi colori argilla e salvia. La grande novità è rappresentata dalla serie di tavoli da pranzo, tavolini e console in varie dimensioni che riprendono il disegno essenziale di quelli già parte della collezione, ma introducono i temi del colore e del decoro. Le strutture in pressofusione d'alluminio si presentano verniciate nei tre nuovi colori argilla, salvia e antracite, mentre i piani sono realizzati con piastrelle di pietra lavica smaltata con decori che riproducono il disegno di un pizzo siciliano tradizionale da abbinare alle tre tonalità delle strutture. La tecnica di stampa delle piastrelle è altamente innovativa e utilizza per il decoro uno speciale materiale ottenuto dalla frantumazione del vetro di monitor e strumenti elettronici dismessi, poi applicato alla superficie delle piastrelle tramite un esclusivo processo di lavorazione.

ENG

The Erica collection of sofas, armchairs and small chairs that was so successfully launched in 2017 has been enhanced by new sofas, still based on the same characteristic curved backrest and interlacing as before but offering a deeper seat and lived-in appearance. The sofas come in three extra-comfortable sizes - the 170 and 216 cm styles with a 96 cm deep seat and the 153 cm version with a 140 cm seat - and the cushions have a different type of filling giving an even softer and more natural look and making them even more inviting.

ITA

Erica, la collezione di divani, poltrone e poltroncine presentata con successo nel 2017, si arricchisce di nuovi divani che riprendono lo schienale curvo e l'intreccio caratteristici della serie, ma si distinguono per la seduta più profonda e l'aspetto vissuto. I divani sono proposti in tre misure particolarmente accoglienti 170 e 216 cm con seduta profonda 96 cm e 153 cm con seduta profonda 140 cm e prevedono, per i cuscini, una nuova tipologia di imbottitura che conferisce al prodotto un aspetto più morbido e naturale, un vero e proprio invito al relax.

Erica '19,

Sofas, armchair, small armchair and chair, including a stackable version, offer a technological blend of extruded and die-cast aluminium elements. Their lightness and design makes them ideal for both public and residential settings, featuring seat and back cushions for ergonomic comfort together with strength for outdoor use. The painted frames are available in three finish combinations: white painted aluminium frame with tortora colour polypropylene fibre interlacing, tortora painted aluminium frame with tortora colour polypropylene fibre interlacing or anthracite painted aluminium frame with anthracite colour polypropylene fibre interlacing.

ITA

Divani, poltrona, poltroncina e sedia, anche in versione impilabile, sono studiati con un mix tecnologico di estrusi e pressofusioni di alluminio. La loro leggerezza e il loro disegno ne suggeriscono l'utilizzo sia in spazi pubblici che residenziali, rispettando criteri di ergonomia e adattabilità ambientale. I cuscini sedile e schienale garantiscono un confortevole relax. Tre le finiture delle strutture verniciate, abbinata ad intrecci di nastri in tessuto sintetico con un'anima interna ad alta tenacità studiata per l'utilizzo outdoor: struttura in alluminio verniciato bianco con intreccio in fibra di polipropilene tortora, struttura in alluminio verniciato tortora con intreccio in fibra di polipropilene tortora o struttura in alluminio verniciato antracite con intreccio in fibra di polipropilene antracite.

Erica,

the lightness and the design of the elements make them ideal for both public and residential settings, featuring set and back cushions for ergonomic comfort together with strength for outdoor use.

ENG

After its success indoors, the Ray seating system by Antonio Citterio now include two new outdoor versions, namely the "Natural" and "Fabric" collections of seats which stand out for their new interlacings and materials. Ray Outdoor Natural features an interlacing rope pattern reminiscent of Manila hemp, in perfect harmony with nature, and is created with textile, making it perfect for outdoor use. Ray Outdoor Natural is available with an extruded aluminium feet or teakwood base. The "Natural" collection consists of sofas available in two depths as well as modular elements such as terminal elements, chaise longue and armchair.

ITA

Dopo il successo in ambito indoor, il sistema di sedute Ray di Antonio Citterio si veste per l'outdoor con due famiglie di sedute, "Natural" e "Fabric" che si distinguono per differenti intrecci e materiali. La famiglia Ray Outdoor Natural è caratterizzata da un intreccio a "corda" che si rifà all'abaca naturale, in perfetta armonia con la natura, ed utilizza textilene perfettamente adatto agli ambienti esterni. Ray Outdoor Natural è disponibile sia con piedini in estruso d'alluminio che nella versione con basamento in teak. Le tipologie di seduta si compongono di divani in due profondità e di elementi componibili, dai terminali alle chaise longue, e poltrona.

ENG

Gio, designed by Antonio Citterio, is the series with a contemporary classic accent dedicated to living in the open air. A complete range of sofas, end units, chaise longue, sunbeds, armchairs, chairs, tables and complements which have been developed from solid teak structures with a special antique grey finish, which gives the wood a particular lived-in aspect and silver-grey reflective quality.

The various types of sofas, end units and chaise longue can be assembled to form linear, corner and peninsula seating.

All elements have a basic structure of wooden slats where backrests and armrests, characterised by and interlacing of tortora ribbons, can be easily inserted. This particular type of structure allows for easily disassemble the various components, so to reduce the space needed to store the products in winter.

ITA

Al vivere all'aria aperta è dedicata Gio, la serie dall'accento classico contemporaneo disegnata da Antonio Citterio. Una famiglia completa di divani, elementi terminali, chaise longue, lettini, poltrone, sedie, tavoli e complementi che si sviluppano a partire da strutture in massello di teak nella speciale finitura antique grey, che conferisce al legno un particolare aspetto vissuto con riflessi grigio argento. Da un punto di vista formale le varie tipologie di divani, elementi terminali e chaise longue, tutti accostabili per formare sedute lineari, angolari e a penisola, prevedono una struttura di base a doghe di legno sulla quale si innestano telai schienale e braccioli caratterizzati dall'intreccio di nastri di colore tortora. Questa particolare tipologia di struttura consente di disassemblare in maniera molto semplice i vari componenti, riducendo così i volumi nel caso in cui si renda necessario stoccare il prodotto nel periodo invernale.

Gio,

the solid teak structure with a special antique grey finish, gives the wood a particular lived-in aspect and silver-grey reflective quality.

The seats are equipped with seat and back cushions which makes the Gio series particularly cosy and comfortable, and offer exclusive colour combinations. To ensure a better insulation from the weather, all the padded elements have a polyester cover with waterproof treatment, and the fabrics are certified for resistance to weathering, UV rays, chlorine and sea spray.

ITA

Le sedute sono completate da cuscini sedile e schienale che rendono Gio particolarmente accogliente e confortevole e offrono esclusivi abbinamenti cromatici. Per garantire un migliore isolamento dalle intemperie, tutte le imbottiture sono rivestite con una fodera di poliestere con trattamento waterproof, mentre i tessuti sono certificati per resistenza agli agenti atmosferici, ai raggi UV, all'acqua clorata e alla salsedine.

ENG

The Charles sofa system, a long-time bestseller for the company, is being introduced in an outdoor version: Charles Outdoor. Characteristics that made it a classic of pure contemporary taste have been left unchanged. The system will have the same slim frame, flexibility and signature design of the inverted "L" shape aluminium foot. The new piece maintains the beauty and simplicity of the original project while also evolving gracefully for practical outdoor use: the piece is lightweight thanks to its slim aluminium frame and has an external surface created by open interlacing brown polypropylene ribbon.

ITA

Il sistema di divani Charles, bestseller e longseller dell'azienda, viene proposto nella versione outdoor: Charles Outdoor. Rimangono inalterate le caratteristiche che lo hanno reso un classico dal gusto decisamente contemporaneo: la struttura sottile, la flessibilità del sistema e il design essenziale del piedino in alluminio a forma di "L" rovesciata. Sempre mantenendo un'estetica rigorosa e atemporale, equivalente al progetto iniziale, il volume di struttura si svuota grazie ad una struttura leggera di alluminio e a una superficie esterna realizzata con un intreccio aperto, regolare e ortogonale, di nastri in polipropilene marrone.

Charles Outdoor,

characteristics that made it a classic of pure contemporary taste have been left unchanged.

ENG

Collection of large rectangular and round dining tables featuring natural teakwood structural details and designed tops, studied to match central inserts made of Calacatta white porcelain stoneware.

The same collection features a chair, always in natural teakwood, with sinuous harmonious lines that are clearly inspired by northern trends. It is characterised by an interlacing in polypropylene fibre that is ideal for outdoor use. Colours are chosen to match natural teakwood with a beige interlacing. Comfort is guaranteed by seat and back cushions.

ITA

Collezione di tavoli da pranzo rettangolari e rotondi di grandi dimensioni caratterizzati da dettagli strutturali e disegni dei top realizzati in teak naturale che si abbinano ad inserti centrali realizzati in gres porcellanato bianco Calacatta. Della stessa serie una sedia, sempre in teak naturale, dalle linee sinuose e fluide di chiara ispirazione nordica, caratterizzata da un intreccio di nastri in tessuto sintetico adatto all'utilizzo outdoor. Lo studio cromatico ha previsto l'abbinamento del teak naturale ad un intreccio con nastro di colore beige. Il comfort è garantito da un cuscino sedile e schienale.

Ginestra,

Gelso,

is characterized by slightly spindle-shaped die-cast aluminum legs and by a white back-painted etched glass top with a particular shape.

è caratterizzato da gambe in pressofusione di alluminio leggermente affusolate e da un top in vetro acidato retro-verniciato bianco con una particolare forma sagomata.

Frank Outdoor,

This outdoor ottomans have contrasting profiles matched to colourful outdoor fabrics to provide a touch of colour to your outdoor furnishings.

Pouf per esterni che si caratterizzano per l'abbinamento di profili a contrasto abbinati a colorati tessuti outdoor e che donano una nota di colore agli arredi per esterno.

ENG

After the debut in the home collection, Edward Barber and Jay Osgerby design Tobi-Ishi Outdoor, the outdoor version of the iconic round dining table and of the small table clearly inspired by Zen. The design duo are great enthusiasts of Japanese art and culture, and the name and inspiration come from the smooth stones "tobi-ishi" used as ornaments in traditional Zen gardens. The overhang of the table and the vertical trapezoidal bases set at right angles generate an essential sculptural figure that appears to change shape depending on the point of observation. Exclusively made of cement, Tobi-Ishi Outdoor comes in two colour variants, grey and anthracite.

ITA

Dopo il debutto nella collezione casa, Edward Barber e Jay Osgerby propongono Tobi-Ishi Outdoor, la versione da esterno dell'iconico tavolo da pranzo rotondo e del tavolino con esplicite ispirazioni zen. I due designer sono grandi estimatori dell'arte e della cultura giapponese ed il nome e l'ispirazione è un riferimento alle pietre levigate "tobi-ishi" usate con funzione ornamentale nei tradizionali giardini zen. Lo sbalzo del piano e le basi trapezoidali verticali poste ortogonalmente tra loro generano una figura scultorea ed essenziale, che varia costantemente la propria immagine secondo il punto di osservazione. Unica la finitura del tavolo e del tavolino, realizzati in cemento in due diverse varianti di colore, grigio ed antracite.

Tobi - Ishi Outdoor,

Bay is a collection of sculptural and monolithic yet visually light outdoor seats comprising of a sofa in two sizes, an armchair and a high-backed armchair. Their enveloping volumes are marked by a double polypropylene fibre interlacing that creates "air pockets", granting transparency and lightness to the furniture. The frame accommodates padded solid seats and soft cushions for added comfort. The colours combinations are extremely refined, with tortora and anthracite for the interlacing, paired with elegant block colour and patterned fabrics for the seats and cushions.

ITA

Bay è una collezione di sedute da esterno composta da divano in due dimensioni, poltrona e poltrona con schienale alto, che si distinguono per l'aspetto scultoreo e monolitico, al contempo visivamente leggero. Avvolgenti volumi intrecciati realizzati in fibra di polipropilene, con un doppio intreccio che crea "tasche d'aria" che donano trasparenza e leggerezza, sono combinati con sedute imbottite dalle sembianze di rocce e si completano con morbidi cuscini che offrono grande comfort. Ricercata la proposta cromatica che prevede due colori per l'intreccio, tortora e antracite, da abbinare alle raffinate tonalità di tessuti tinta unita e fantasia previsti per i rivestimenti di sedute e cuscini.

ENG

In 2019 the Bay collection has seen the addition of a sofa, a small armchair and an ottoman that reinforce the iconic image of the range by mirroring the generous and solid shapes and the sense of transparency generated by the interplay of anthracite-and dove-coloured polypropylene interlacing. The new sofa has a particularly welcoming and deep seat, complemented by soft seat-back cushions and new roller cushions that can be used as headrests. The small armchair is a scaled-down version of the existing armchair providing a perfect addition to the collection, or an alternative for smaller spaces. The new ottoman mirrors the chair design and coordinates with the whole range.

ITA

La collezione Bay si arricchisce nel 2019 di un divano, una poltroncina e un pouf che confermano l'iconicità della famiglia, riprendendone i volumi ampi e monolitici e le trasparenze create dai sofisticati giochi di intrecci in polipropilene antracite e tortora. Il nuovo divano presenta una seduta particolarmente accogliente e profonda, completata da morbidi cuscini schienale e dai nuovi cuscini rullo da utilizzare come poggiatesta. La poltroncina riproduce in scala ridotta le poltrone già in collezione, diventando così una perfetta aggiunta oppure un'alternativa per spazi più ridotti. Nuovo anche il pouf che riprende il disegno delle sedute e si coordina con tutti gli elementi della serie.

After their success indoors, the Tabour ottomans now include new versions for use outdoors. These large, elongated, oval or square ottomans are multifunctional furnishings that can be used to create open-air conversation islands or to extend sofas and armchairs. The central, oversized "button", white, tortora or anthracite painted serves as a tray.

ITA

Dopo il successo in ambito indoor, i pouf Tabour ampliano le loro funzioni d'uso nel contesto outdoor. I grandi pouf di forma ovale allungata e quadrata, sono complementi polifunzionali che possono comporre arcipelaghi di conversazione all'aperto o diventare la naturale prosecuzione di divani e poltrone. Il "bottono" oversize centrale verniciato bianco, tortora o antracite ha la funzione di vassoio.

Tabour Outdoor,

these large, elongated, oval or square ottomans are a multifunctional furnishing.

i grandi pouf di forma ovale allungata e quadrata sono complementi polifunzionali.

ENG

Butterfly gets its name from the “butterfly” shape created by the outer corner that joins the armrest and the backrest. It is a modular seating system that responds effectively to the needs of modularity and comfort, suitable for free and informal usage. Its modular structure is shaped around an ottoman, which is the base piece, and which, when integrated with the backrest and/or the armrest, becomes a central or terminal element, either left or right. The combination of these elements, using a simple joint system, makes it possible to freely set up versatile configurations, from in-line sofas to corner solutions, from front facing to lounge layouts. The Butterfly complements have an outline that perfectly follows the lines of the sofa, harmoniously flanking the seat at the top. The family consists of round, square, and rectangular low tables and a small table featuring a large weave pattern, made of tortora coloured twisted polyethylene fibres that wraps around the grey painted aluminium frame. Two finishes are available for the surfaces of the complements: white Carrara marble “venatino statuarietto” or thermo-treated ash wooden slats.

Butterfly,

gets its name from the “butterfly” shape created by the outer corner that joins the armrest and the backrest.

prende il suo nome dalla forma a “farfalla” che disegna l’angolo esterno di unione tra bracciolo e schienale.

ITA

Butterfly prende il suo nome dalla forma a “farfalla” che disegna l’angolo esterno di unione tra bracciolo e schienale. È un sistema di sedute componibili che risponde in modo efficace ad esigenze di modularità e comfort, proponendo un utilizzo libero e informale. La struttura modulare si sviluppa intorno ad un pouf, il pezzo base, che integrato con schienale e/o bracciolo diventa poi un elemento centrale o terminale, destro o sinistro. Dall’accostamento tra questi elementi, tramite un semplice sistema di giunzione, nascono configurazioni libere e versatili, dai divani lineari a soluzioni angolari, da un accostamento vis-à-vis a soluzioni lounge. I complementi Butterfly presentano una silhouette che riprende perfettamente l’andamento della struttura del divano, affiancandosi poi armoniosamente alla seduta nella parte alta. La famiglia si compone di tavoli bassi di forma tonda, quadrata e rettangolare e da un tavolino caratterizzati da un intreccio grafico e dimensioni macro, realizzato con fibre di polietilene ritorte di color tortora, che avvolge la struttura in alluminio con finitura verniciata grigio. I piani dei complementi sono proposti in due finiture: marmo bianco di Carrara “venatino statuarietto” o in legno a doghe di frassino termotrattato.

ENG

The rounded, soft and sinuous shapes of the Fat-Sofa seating system are the base for the outdoor version, characterized by a brand new interlacing design. Its fully padded seat is accompanied by a metal frame backrest that supports the original weave, creating a special play of fullness and emptiness.

The large weave pattern, made of tortora coloured twisted polyethylene fibres, makes the design unique, respecting the designer's idea of lightness, transparency and puts the furnishings in an open "dialogue" with the surrounding environment. Fat-Sofa Outdoor consists of six types, ranging from the linear sofa to a large relax island, from two height variants of the armchair to a range of different sizes of ottomans.

ITA

Le forme arrotondate, morbide e sinuose, del sistema di sedute Fat-Sofa vengono riprese nella versione da esterni, caratterizzata da un'inedita proposta di intreccio. La seduta completamente imbottita è accompagnata ad uno schienale con struttura in metallo su cui si tesse l'originale intreccio, creando uno speciale gioco di pieni e vuoti. L'intreccio, di effetto grafico e dimensioni macro, realizzato con fibre di polietilene ritorte di color tortora, conferisce unicità al progetto, nel rispetto dell'idea della designer di leggerezza, trasparenza e "dialogo" dell'elemento di arredo con l'ambiente circostante. Fat-Sofa Outdoor si compone di sei tipologie, che spaziano dal divano lineare ad un'isola relax di ampie dimensioni, dalla poltrona con schienale in due altezze ad una serie di elementi pouf di diverse dimensioni.

ENG

A family of seating featuring a maxi-interlacing of white polyethylene fibre ribbon. There are many typologies: circular and linear sofas, armchairs, chairs, chaise longue and service elements. All these very comfortable seating have frames in aluminium with weather resistant polyester powder painting with interlacing in polyethylene fibre. The inspiration? A wicker basket in the Far East: Patricia Urquiola started working on the weave of Canasta (basket in Spanish) while out in the Far East. To find the perfect weave, the designer reinterpreted the traditional design of the octagonal holes in Viennese cane, mixed two patterns to transform the product into the macro-pattern of Canasta and create a series of outdoor sofas that look classic but have contemporary adaptability. In fact, the play between classic and contemporary is not a new idea: the Viennese cane inspiration is retro, and the polyethylene texture speaks today's language.

ITA

Famiglia di sedute caratterizzata dal macro-intreccio di nastri in fibra di polietilene bianca. Molteplici le tipologie: divani circolari e lineari, poltrone, sedie, chaise longue ed elementi di servizio. Tutte le sedute di grande comfort hanno la struttura in alluminio verniciato a polvere poliestere resistente agli agenti atmosferici e intreccio in fibra di polietilene. L'ispirazione? Una cesta in vimini vista in Estremo Oriente: Patricia Urquiola inizia da qui il lavoro sull'intreccio di Canasta (cesta, in spagnolo). Per trovare la trama perfetta la designer reinterpreta anche il tipico disegno a fori ottagonali della paglia di Vienna, mixa i due segni e li trasforma nel macro pattern geometrico di Canasta creando una serie di divani da giardino dalla memoria classica ma con plasticità contemporanea. Infatti il gioco tra il classico e il contemporaneo è senza alcuna nostalgia: se l'ispirazione alla paglia di Vienna è retro, la texture in polietilene parla il linguaggio di oggi.

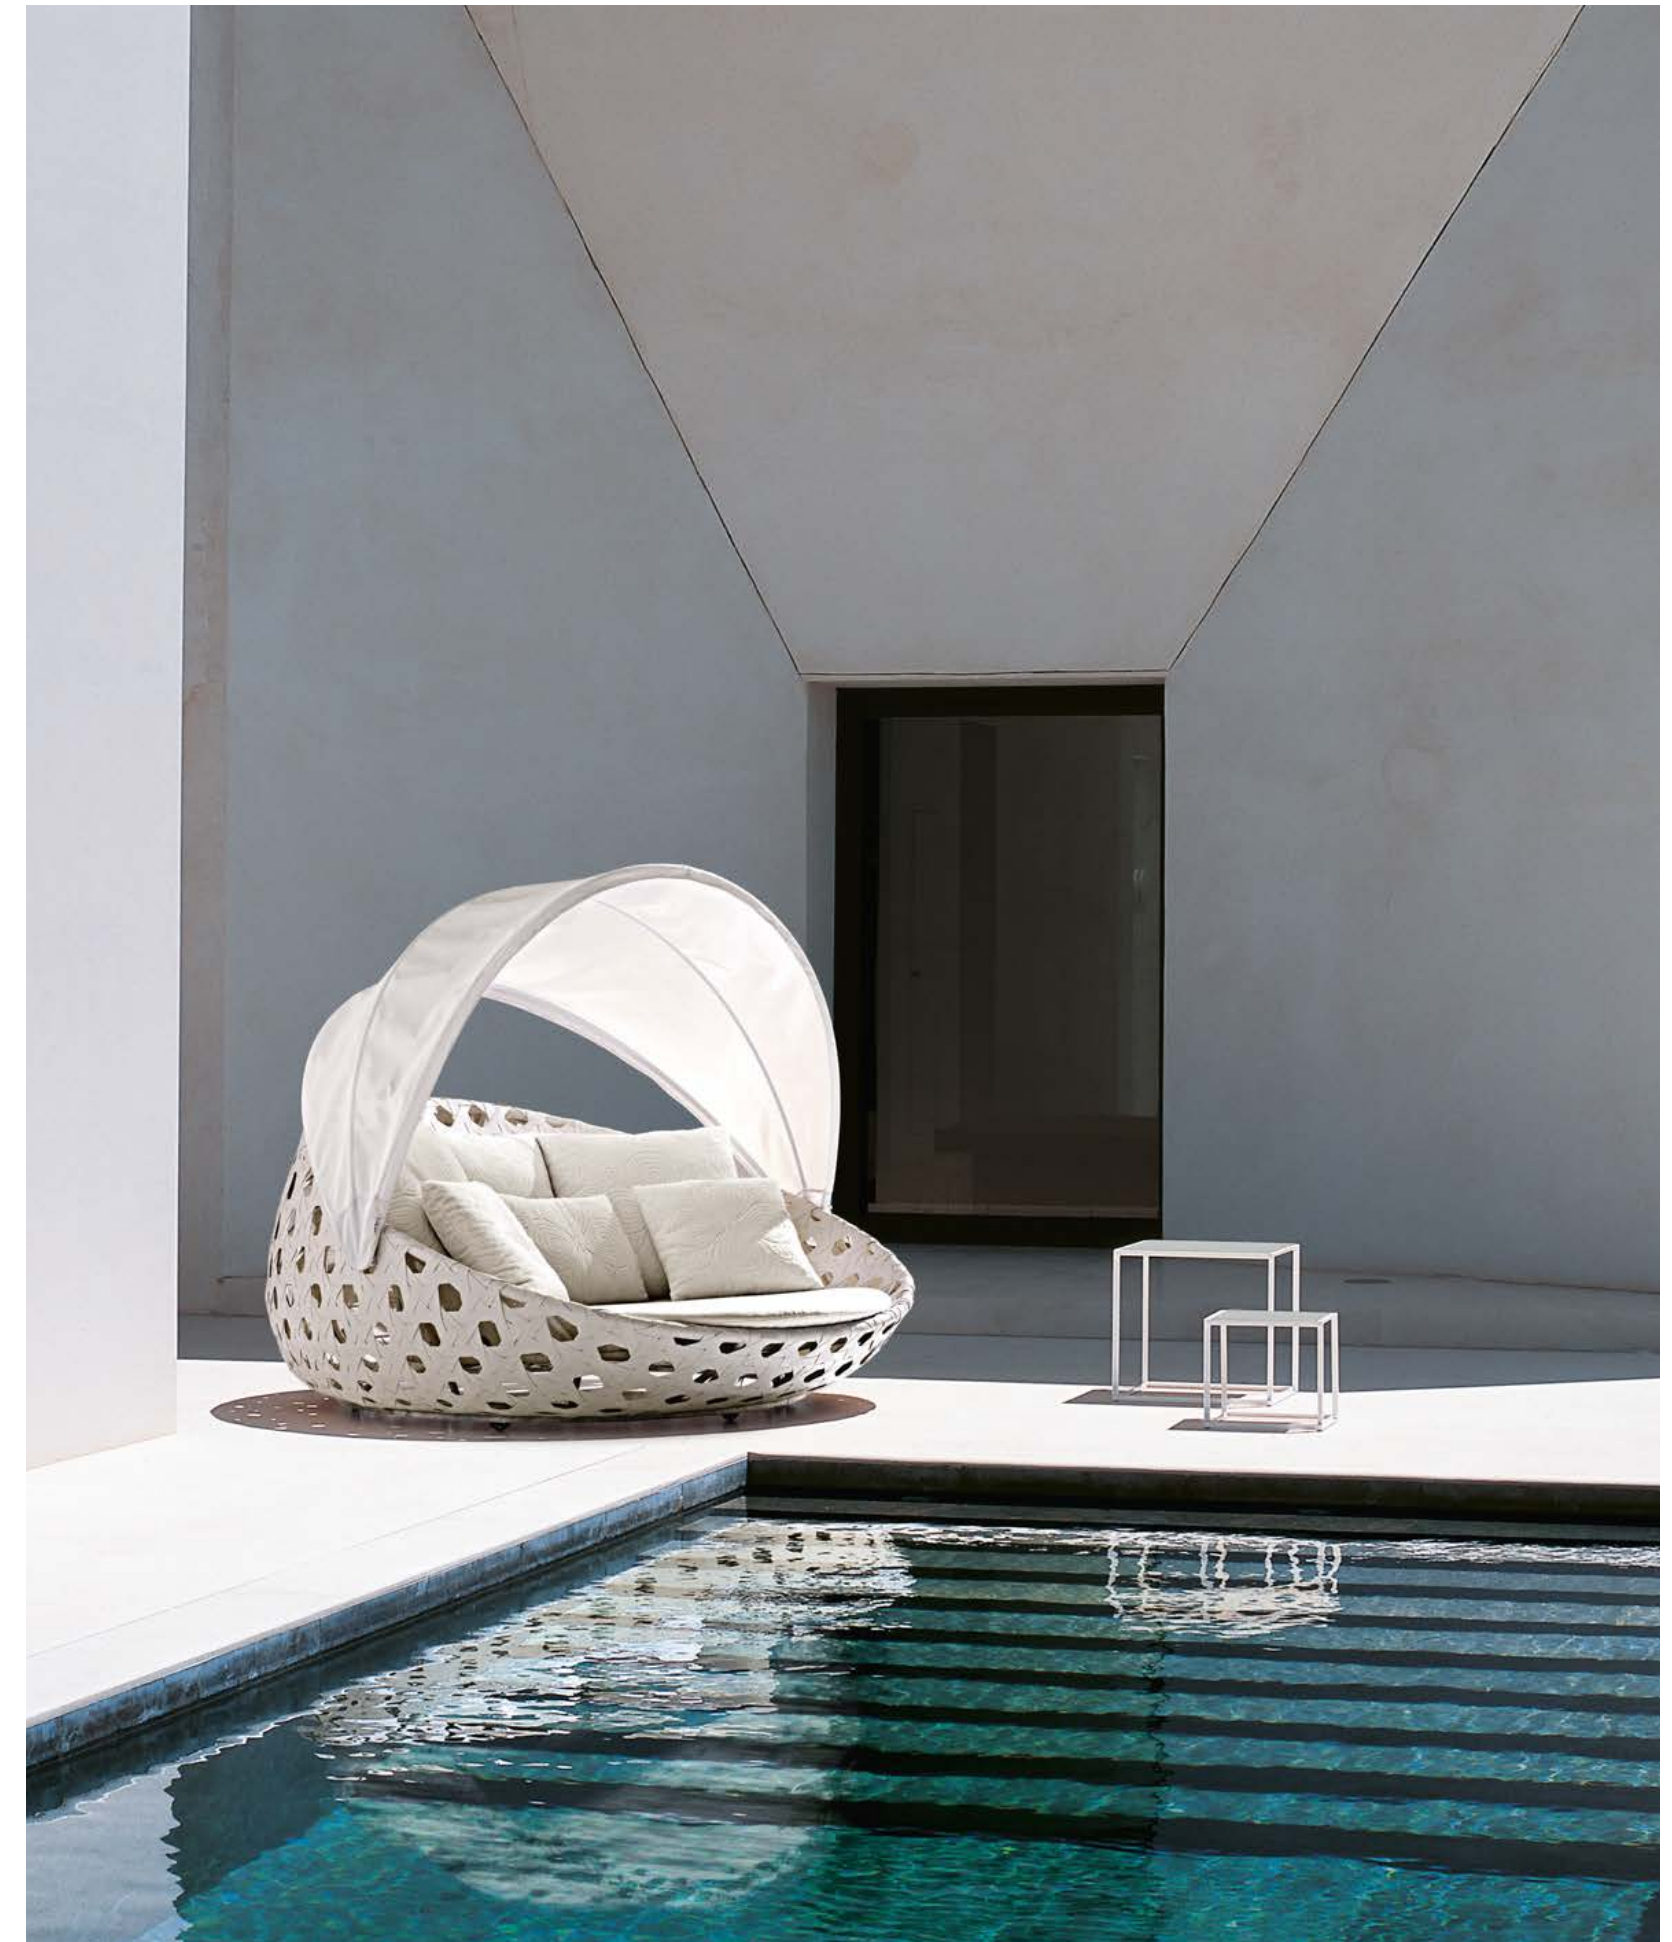

Canasta,

the play between classic and contemporary is not a new idea: the Viennese cane inspiration is retro, and the polyethylene texture speaks today's language.

Can you picture the dresses that women wore in the 1800s? Full, bell-shaped skirts held by crinolines (rigid underskirt garments) were spectacular “micro-architectures” commonly seen in living rooms everywhere. All of the chairs in the Crinoline collection are designed to reflect this elegant look: the wide curve of the base is repeated in the seat and the curve of the backrest.

Armchairs, small armchairs, chairs and a stool are designed in several different shapes and heights. The polyethylene fibre interlacing are joined by natural or bronze abaca. Being a natural material, the product with abaca interlacing is suitable for indoors, covered outdoor spaces or verandas.

ITA

Avete presente le gonne delle dame ottocentesche? Gonfie, a campana, sostenute dalle crinoline (sottogonne rigide) erano scenografiche micro-architetture da salotto. “Più che romantica. Più che sensuale. L'ispirazione è esotica e erotica”, dice Patricia Urquiola. Le poltrone e sedie Crinoline sono vestite in abito di gala: l'ampia conca della base ripresa nella seduta e nella curvatura dello schienale. Sedie, uno sgabello, poltroncine e poltrone sono declinate in tipologie diverse per forma e altezza. Ad intrecci in fibra di polietilene, si affiancano quelli in abaca naturale o bronzo. Il prodotto con intreccio in abaca naturale, trattandosi di fibra naturale, è destinato all'utilizzo in ambienti interni, in esterni coperti o verande.

Crinoline,

ENG

A fisherman's work, the sea and its fragrance. A humble fishing net and its diamond-shaped weave. This is what inspired Patricia Urquiola to create the pattern of the woven material for Ravel. She worked until she arrived at the complex pattern that decorates the backrests of the pieces in the collection. The result of field experimentation in the field, Patricia Urquiola's work marks another visitation of the interlacing theme. Interlaced backs in polyethylene fibre matched with base in black or white galvanized steel with polyester powder painting produce a modular element of two different sizes. The pieces can be easily combined to form linear, corner, terminal elements or chaise longue. The ottoman-small table pieces can be used between seats, or to add depth to sofas.

ITA

Il lavoro dei pescatori, il mare e il suo profumo. Una umile rete da pesca ed il suo intreccio a losanga. Qui Patricia Urquiola si ispira per elaborare la trama dell'intreccio di Ravel, fino a ottenere il pattern complesso, che disegna gli schienali della collezione. Frutto di una sperimentazione avvenuta sul campo, il lavoro di Patricia Urquiola segna un ulteriore approfondimento del tema dell'intreccio. Schienali intrecciati in fibra di polietilene si abbinano a una base in acciaio zincato nero o bianco verniciato a polvere poliestere, producendo un elemento modulare di due diverse dimensioni, accostabile con estrema libertà a formare sedute lineari, angolari, terminali o chaise longue. Elementi pouf-tavolino possono essere utilizzati sia a intervallare le sedute, sia ad alimentarne la profondità.

Ravel,

Fiore is a collection of dining tables with small sizes and small tables that stand out for their perfect formal balance and for the striking texture of their cement finish, available in white or greige. "Many years ago, I called my chairs Papilio because their silhouettes reminded me of butterflies. Now I have called my latest project Fiore, or flower in Italian, because the Papilio Shell chairs sit around these tables like butterflies flying around a flower. The combination of a Fiore table with the Papilio chairs creates a pleasant outdoor environment for a coffee or a quick meal. This was made possible by the use of a special cement moulding technology. We also added pigments so as to match the tables to the shell of the Papilio Shell chairs." (Naoto Fukasawa)

Fiore,

I have called my latest project Fiore, or flower in Italian, because the Papilio Shell chairs sit around these tables like butterflies flying around a flower.

ho chiamato questo nuovo tavolo Fiore, perché è un tavolo a cui le Papilio Shell stanno intorno come le farfalle volano intorno al fiore.

ITA

Una collezione di tavoli da pranzo di piccole dimensioni e di tavolini che si caratterizzano per il perfetto equilibrio formale e la forte matericità della finitura in cemento, in due varianti colore, greige e bianco. "Molti anni fa ho chiamato le mie sedie Papilio, perché la loro silhouette evocava le farfalle. Ora ho chiamato questo nuovo tavolo Fiore, perché è un tavolo a cui le Papilio Shell stanno intorno come le farfalle volano intorno al fiore. Credo che questa introduzione di Fiore insieme alle sedie Papilio crei un bell'ambiente outdoor per un caffè o un pasto veloce. Ciò è stato possibile grazie all'utilizzo di una tecnologia di stampo in cemento. Abbiamo aggiunto anche i pigmenti corretti per l'abbinamento con i colori delle scocche delle Papilio Shell." (Naoto Fukasawa)

Papilio Shell Outdoor,

is linked through its name to the previous family of very successful chairs and armchairs, but has an independent history.

Originating from a shell with a design that enhance comfort, it expresses considerable versatility that makes it perfect in different situations.

cita con il suo nome una precedente famiglia di sedute di grande successo, ma ha una storia indipendente. Originata da una scocca, il cui disegno sottolinea l'accoglienza e la comodità, esprime una notevole versatilità che la rende utilizzabile in situazioni molto diverse tra loro.

ENG

The waters of Lake Titikaka dictate the shape (and name) of the bench by Fukasawa. This stretch of water lies between Bolivia and Perú, a lake 204 km long and 65 km wide that occupies around 8562 km². This very beautiful place caught the designer's attention, and he tried to capture the movement of the waves to "move" the bench into a new, wavy shape. Titikaka revolutionises the concept of a bench. The traditional typology of the outdoor bench is revamped with contemporary language. It's an impressive piece that resembles a sculpture. Made of teakwood slats that cover the structure to the ground on both front and back, positioned horizontally on the aluminium structure in an original wave-like arrangement to create curves that are both pleasant and ergonomically functional.

ITA

Le acque del lago Titikaka dettano la forma (e il nome) della panca firmata Fukasawa. Tra Bolivia e Perú, il bacino di 204 km di lunghezza per 65 di larghezza occupa un'area di 8.562 km². Il luogo di grande suggestione ha colpito la fantasia del designer, che ha cercato di catturare il movimento delle onde per "muovere" la panca dall'inedito andamento ondulatorio. Titikaka rivoluziona il concetto di panchina. Ripropone la tradizionale tipologia della panca per esterni con linguaggio contemporaneo e si impone per la sua presenza scultorea. È realizzata in listelli di teak che scendono a terra su entrambi i fronti e si distribuiscono intorno alla struttura in alluminio con un originale andamento ondulatorio creando curve insieme plastiche e funzionali all'ergonomia della seduta.

Titikaka,

revolutionises the concept of a bench. The traditional typology of the outdoor bench is revamped with contemporary language. It's an impressive piece that resembles a sculpture.

rivoluziona il concetto di panchina. Ripropone la tradizionale tipologia della panca per esterni con linguaggio contemporaneo e si impone per la sua presenza scultorea.

ENG

A sculptural project by Naoto Fukasawa: the small table Awa Outdoor is a versatile object that can be used as a base for a lot of things. Base and top are integrated: aesthetically, it's the epitome of essential elegance. Awa is made with a technologically advanced material, a special blend of white Cristalplant Outdoor® that ensures it can be used both indoors and outdoors. Its particular surface is very soft, similar to natural stone.

ITA

Scultoreo progetto di Naoto Fukasawa: il tavolino Awa Outdoor è un oggetto versatile, di servizio, indispensabile per l'appoggio. Base e piano sono un unicum: l'estetica si divide tra l'eleganza e l'essenzialità. Il materiale è tecnologicamente avanzato: lo compone una speciale miscela in Cristalplant Outdoor® bianco che assicura l'utilizzo in indoor così come in outdoor. La particolare superficie del materiale ha un effetto soft touch, simile alla pietra naturale.

ENG

One-of-a-kind, this piece has been moulded in a continuous, joint-free shape: Link Outdoor stands out for its “soft” material and sensual shape. The material makes you want to reach out and touch its smooth surface. An interestingly shaped dining table dominates the room: Danish designer Jakob Wagner places his pure, contemporary mark on this room, typical of northern design. The table is made in a single piece and there are no hooks or joints. Made from a practical technological material: a special type of Cristalplant Outdoor® ensures that it is suitable for outdoor use. It is a resin, in a fluid form that is moulded into the desired shape, a concept in line with B&B Italia's production philosophy for upholstered furniture. Cristalplant Outdoor® has a velvety smooth surface, an effective soft-touch surface that feels wonderful.

Link Outdoor,

stands out for its “soft” material and sensual shape. The material makes you want to reach out and touch its smooth surface.

si distingue per la sua matericità “morbida”, per la sensualità della sua forma e del suo materiale che suscitano il desiderio di sfiorarne la superficie levigata.

ITA

Pezzo unico, plasmato, continuo, privo di giunti: Link Outdoor si distingue per la sua matericità “morbida”, per la sensualità della sua forma e del suo materiale che suscitano il desiderio di sfiorarne la superficie levigata. Un tavolo da pranzo sinuoso, plastico, protagonista dello spazio: lo firma il designer danese Jakob Wagner che ci mette il suo segno purissimo e contemporaneo, tipico del design nordico. Il tavolo è realizzato in un unico stampo e non prevede l'utilizzo di agganci e giunture. Tecnologico e pratico il materiale che lo compone: una speciale miscela in Cristalplant Outdoor® che assicura l'utilizzo da esterni e da interno. La resina, è in forma fluida e viene lavorata con stampi, concetto in linea con la filosofia di produzione degli imbottiti di B&B Italia. Al tatto Cristalplant Outdoor® si caratterizza per la superficie vellutata con effetto soft-touch di notevole impatto sensoriale.

Cosmos Outdoor,

this collection includes harmonious minimal tables and small tables, which can be used in pairs or groups of three due to their compact size.

una collezione di armoniosi e minimali tavoli e tavolini, che grazie alle dimensioni contenute si possono accostare l'uno all'altro adattandosi facilmente ad usi diversi.

ENG

Jean-Marie Massaud designed the Springtime Collection to furnish outdoor areas by creating a dialogue between nature and interior spaces. The combination of elements completes a domestic landscape that integrates this space and makes it liveable. Jean-Marie Massaud perceives the outdoors to be an infinite space in which there is dialogue, a harmonious relationship with nature and simultaneously a level of intimacy between ourselves and the people surrounding us. The collection is made up of sofas and chaise longue with white polyester powder painted aluminium frames. The pieces have stainless steel feet, polyester fibre upholstery and cover in water-repellent fabrics. The chaise longue comes in two different models: single with wheels or double with reclining headrests to place parallel or face to face, also with the possibility of placing support elements between the two seats. A rectangular small table with mahogany top can also be outfitted with cushion. The collection comes with several complements realized in white Cristalplant Outdoor®.

Springtime,

the combination of elements completes a domestic landscape that integrates this space and makes it liveable.

l'insieme disegna un paesaggio domestico che si integra nello spazio, abitandolo.

ITA

Jean-Marie Massaud con la collezione Springtime punta ad arredare la natura cercando un dialogo tra il dentro e il fuori. L'insieme disegna un paesaggio domestico che si integra nello spazio, abitandolo. Jean-Marie Massaud percepisce l'ambiente esterno come uno spazio infinito nel quale desidera proporre un dialogo, una relazione armoniosa con la natura ed allo stesso tempo una intimità tra sé stessi e con le persone circostanti. La collezione si compone di divani e chaise longue con struttura in alluminio verniciato bianco a polvere poliestere, dotati di piedini in acciaio inox, imbottitura in fibra di poliestere e rivestimento in tessuto idrorepellente. Le chaise longue si presentano in due versioni: singole con ruote oppure doppie con i poggiatesta inclinabili da disporre paralleli o vis à vis e con la possibilità di posizionare elementi d'appoggio tra le sedute. Ulteriori tavolini rettangolari, con piani in mogano, accompagnano le sedute e possono essere dotati di cuscinate. La collezione si completa con diversi complementi realizzati in Cristalplant Outdoor® bianco.

Overscale Flames Outdoor,

the large oil candles designed by Jean-Marie Massaud are in high density polyurethane resin (Baydur[®]), with a metallic frame painted matt white.

le grandi candele a olio disegnate da Jean-Marie Massaud sono in resina poliuretana ad alta densità (Baydur[®]), con struttura metallica verniciata bianca opaca.

White Collection,

the Gold Collection by Marcel Wanders is available in the white version: vases and stool are in ceramic, also suitable for outdoor use.

la Gold Collection firmata da Marcel Wanders viene proposta in versione bianca: vasi e sgabello sono in ceramica, adatta anche per esterno.

ENG

The outdoor collection is further enriched by the new carpets. Specifically designed for outdoor use, marked by permeability and breathability, they are produced in polyolefin and come in various sizes.

Twist features a pattern of intertwined strips in six sophisticated block colours: rope, green, tortora, grey, anthracite, blue.

The multi-coloured blend of Kaleidos, instead, matches perfectly with the hues of the outdoor collection.

Kyra carpets are made entirely by hand in a single size (300 x 200 cm) and they come in different colours: stone, olive green, overseas blue, blue royal, violet or anthracite.

ITA

I tappeti contribuiscono ad arricchire la proposta di complementi per l'outdoor. Studiati appositamente per l'utilizzo all'aperto con caratteristiche di permeabilità e traspirabilità, sono realizzati in Poliolefine, e proposti in varie dimensioni.

Twist presenta un motivo a fasce intrecciate monocolori in sei sofisticate tonalità tinta unita: corda, verde, tortora, grigio, antracite, blu.

Kaleidos propone invece un melange multicolore che si coordina perfettamente con le cromie della collezione outdoor.

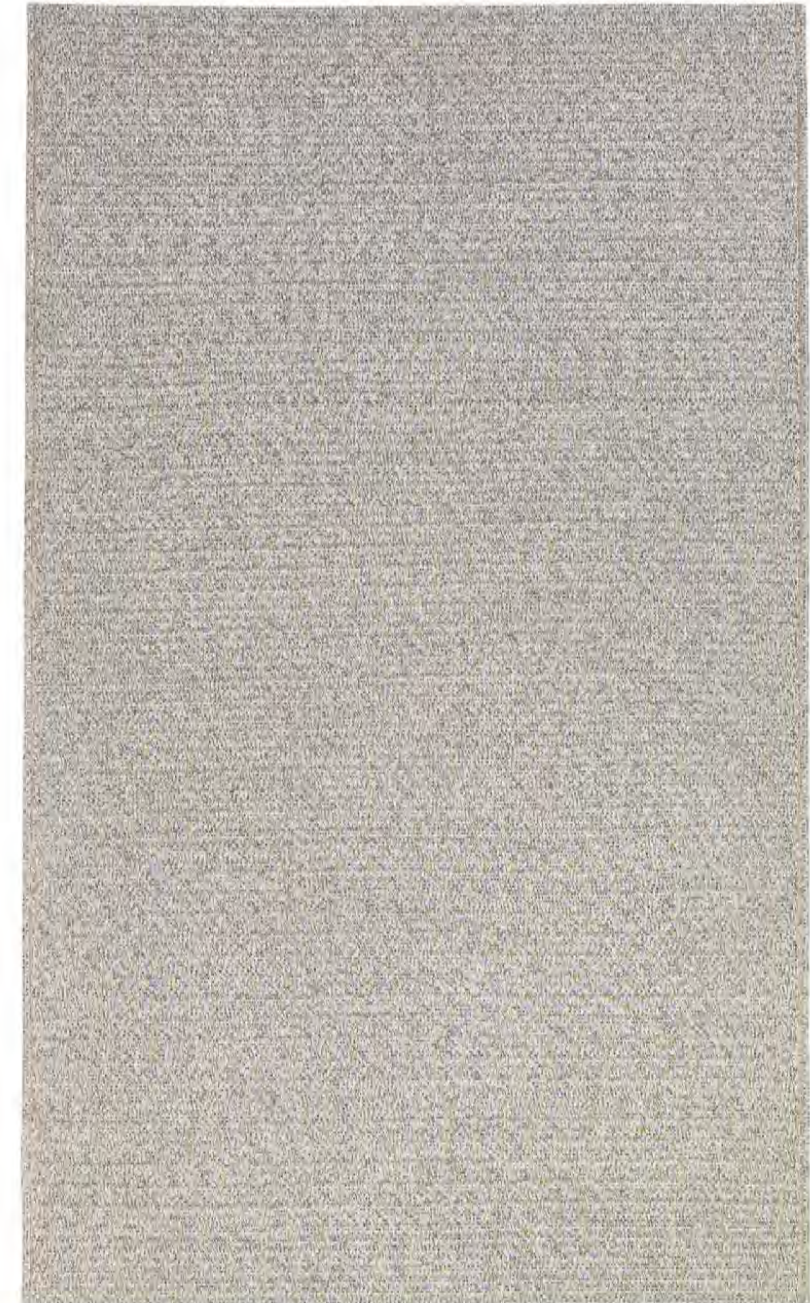

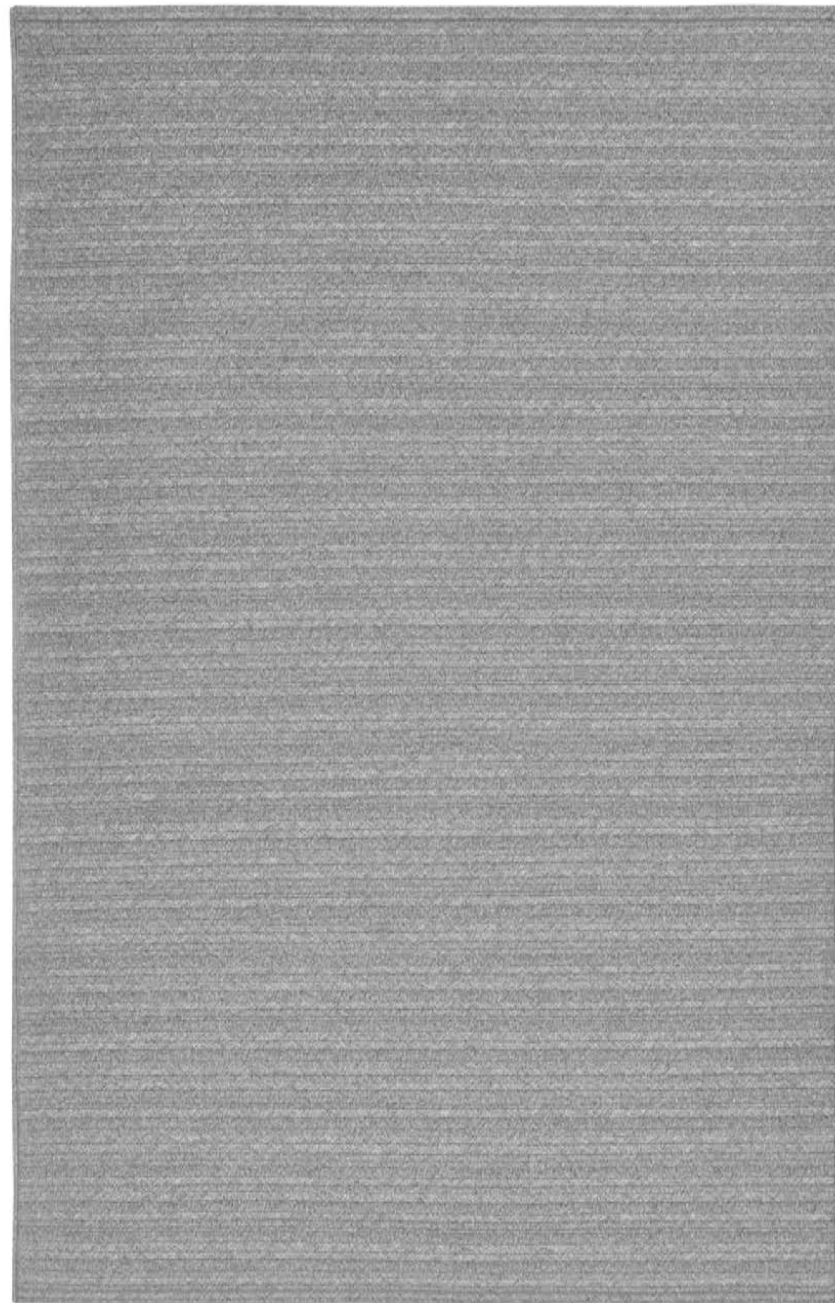

I tappeti Kyra sono realizzati interamente a mano in un'unica dimensione (cm 300 x 200), e sono proposti in differenti tonalità di colori: sasso, verde oliva, blu oltremare, blu royal, viola o antracite.
