ART LAB

La nostra non è una semplice collezione di stampe artistiche, non è una classica gamma di quadri, non è un campionario passivo di colori alla moda. Preferiamo pensare alle nostre creazioni come a strumenti di libera interpretazione, da utilizzare sia nelle dosi consigliate, che esagerandone la perfezione. Purché vi renda felici, ogni cosa è design: colore, materia, citazione, licenza poetica, rigore, visione. Sentitevi liberi di scegliere, di cambiare. Questa è libertà di espressione.

CRAZY HOME PAINTINGS vanta la collaborazione con numerosi artisti e designers di fama internazionale, uniti dalla passione per la creatività, per il colore, per la rappresentazione di pensieri e sentimenti. Le immagini selezionate per MOMENTI sono forti, dolci, toccanti, esplosive. Ogni stampa artistica è pregiata, pensata non solo per l'ambiente che la circonda, ma per il cuore di chi la guarda.

Ours is not a simple collection of artistic prints, it is not a classic range of paintings, it is not a passive sample of fashionable colors. We prefer to think of our creations as tools of free interpretation, to be used both in the recommended doses, which exaggerate their perfection. As long as it makes you happy, everything is design: color, material, quotation, poetic license, rigor, vision. Feel free to choose, to change. This is freedom of expression.

CRAZY HOME PAINTINGS boasts the collaboration with numerous internationally renowned artists and designers, united by a passion for creativity, for color, for the representation of thoughts and feelings. The images selected for MOMENTS are strong, sweet, touching, explosive. Every artistic print is valuable, designed not only for the environment that surrounds it, but for the heart of those who look at it.

I supporti della collezione CRAZY HOME PAINTINGS sono materiali ricercati ad alta prestazione. Innovativi ed emozionali, rispecchiano nelle loro finiture l'artigianalità del Made in Italy. Pensati per servire al meglio la qualità dell'opera rappresentata, danno consistenza e lucentezza alla stampa ecologica dell'immagine desiderata.

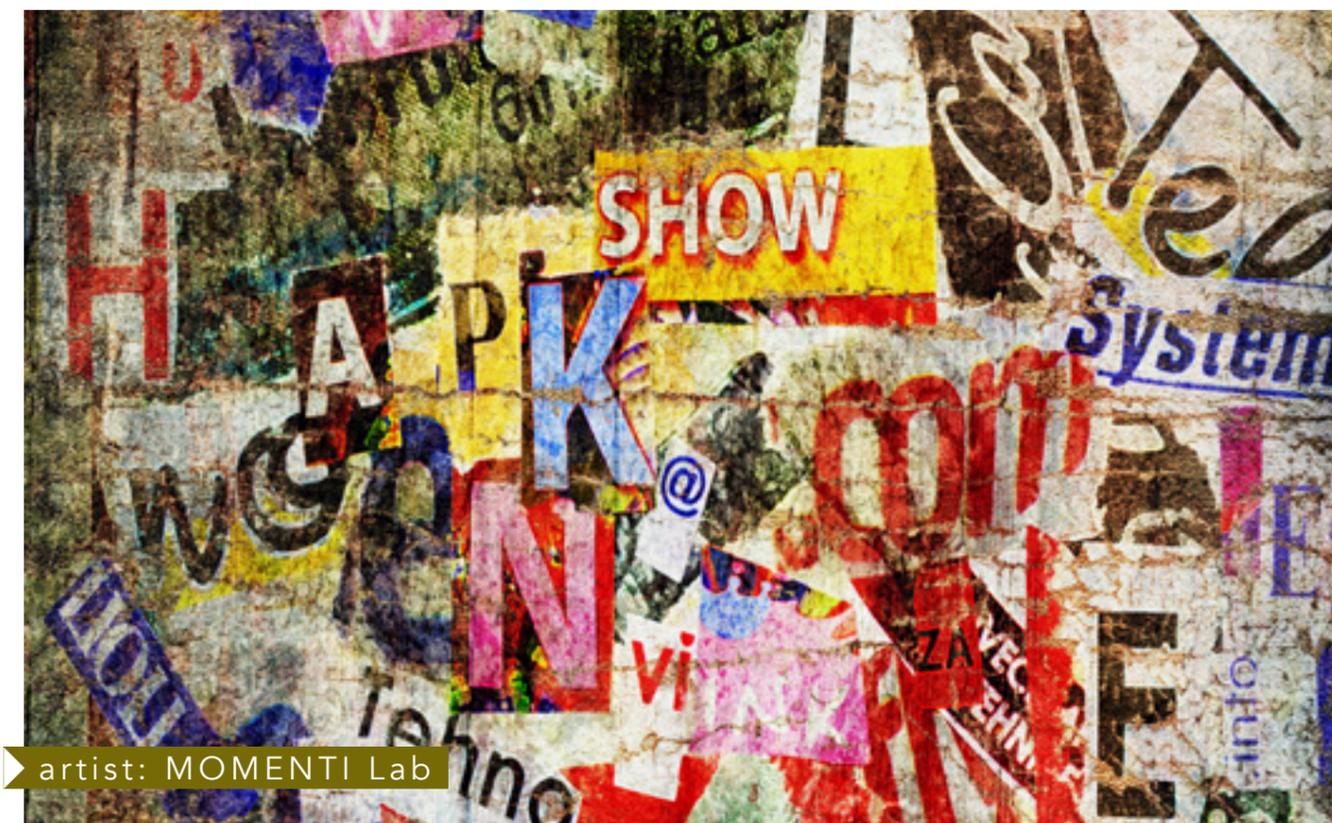

I prodotti CRAZY HOME PAINTINGS sono un perfetto complemento di decoro per completare un ambiente totalmente personalizzato, oppure un elemento improvviso di design, arte ed emozione, per sorprendere e ravvivare un ambiente già esistente. MOMENTI porta l'arte e la creatività nel design quotidiano, dove le grafiche si spandono su ogni superficie, regalando soluzioni sempre nuove e idee sempre in evoluzione.

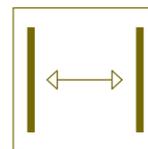

La manodopera esperta si unisce alla creatività e il processo di lavorazione avviene nel massimo rispetto delle norme ambientali vigenti.

The supports of the CRAZY HOME PAINTINGS collection are sought-after high-performance materials. Innovative and emotional, reflect the craftsmanship of Made in Italy in their finishes. Designed to best serve the quality of the work represented, give consistency and shine to the ecological print of the desired image.

ACUSTICA ACOUSTIC

• UN VALORE AGGIUNTO

MOMENTI si occupa di progettazione e fornitura di sistemi per il trattamento acustico, l'isolamento acustico e l'insonorizzazione di ambienti pubblici, domestici o privati.

L'uso di materiali innovativi garantisce elevate prestazioni tecniche e un design di alto profilo, senza dimenticare la forte valenza emozionale.

Tutti i materiali prodotti sono ottimi per la riduzione del riverbero e il miglioramento del confort acustico: per sale musica, sale conferenze, palestre, studi medici, allestimenti teatrali, alberghi, bed and breakfast, case di riposo, asili nido, ristoranti, scuole a tutti i livelli, ecc.

Al fine di ottimizzare il comportamento acustico di una sala è necessario analizzare due aspetti principali dell'acustica degli edifici: isolamento e assorbimento.

Questi due concetti sono spesso confusi, ma in realtà si tratta di due proprietà totalmente differenti.

• AN ADDED VALUE

MOMENTI is involved in the planning and supplying of systems conceived for acoustic treatment, acoustic isolation and sound-proofing of public, domestic or private spaces.

Employing innovative materials allows for high technical performances and for a high end design, without overseeing a strong emotional component.

All the materials are excellent for the reduction of reverberation the increase of acoustic comfort: for music halls, conference halls, gyms, medical offices, theaters, hotels, bed and breakfasts, nursing homes, kinder gardens, restaurants, schools of every order, etc.

In order to optimize the acoustic performance inside a room, it is necessary to analyze two main aspects concerning acoustics in buildings: soundproofing and sound absorption.

These two aspects are oftentimes confused but, as a matter of fact, they are two completely different entities.

• AMBIENTI DISTURBATI DAL RIVERBERO

L'impiego di strutture e materiali fonoassorbenti è richiesto in tutti quegli ambienti dotati di eccessivo riverbero, ovvero dove è percepibile il fastidio di "echi riflessi".

Il tempo di riverbero è uno dei requisiti acustici principali che concorre al benessere degli occupanti di un ambiente, in particolare per tutti gli ambienti di vita e lavoro ove è richiesto ascolto e comunicazione verbale.

In ambienti con pareti molto riflettenti, come aule, mense, ristoranti, hotel, non trattate con materiali fonoassorbenti, il tempo di riverbero è lungo, mentre in ambienti trattati con materiali o sistemi fonoassorbenti, il tempo di riverbero si riduce.

Un tempo di riverbero molto lungo causa perdite di intelligibilità (comprensione) della parola e incrementa la sensazione di disturbo e di disagio degli occupanti.

• ENVIRONMENTS AFFECTED BY REVERBERATION

Employing sound absorbing structures and materials is required in every environment characterized by excessive reverberation, where it is possible to perceive annoying "reflected echoes".

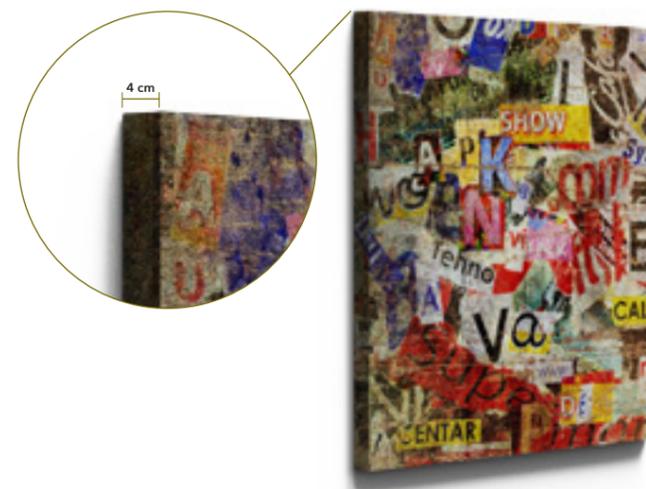

Reverberation time is one of the main acoustic requisites contributing to the wellbeing of the occupants of a room, particularly for all the life and work environments where listening and verbal communication are a requisite.

In environments characterized by particularly reflecting walls, as in classes, canteens, restaurants, hotels, which are not treated with sound absorbing materials, the reverberation time is extended, while in venues treated with sound absorbing materials or systems, reverberation time is reduced.

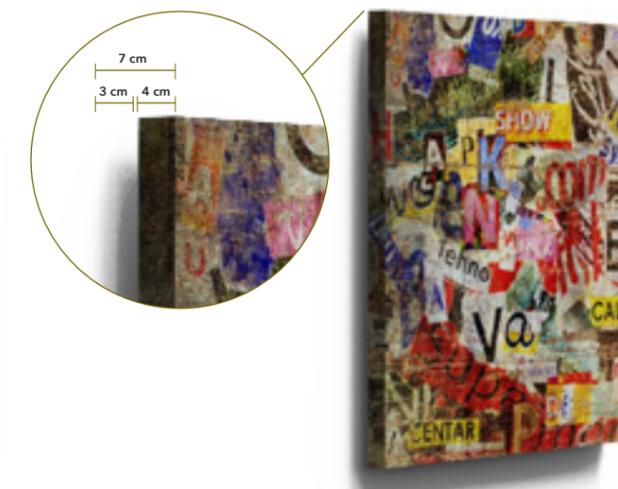

A very extended reverberation time can cause losses in word intelligibility (i.e. comprehensibility) and increases the disturbance and noise sensation for the occupants.

TELATO
CANVAS

TELATO FONO-ASSORBENTE
SOUND-ABSORBENT CANVAS

• CARATTERISTICHE GENERALI

Il concetto di fonoassorbente si attua nella caratterizzazione degli ambienti interni più o meno disturbati da riverbero. Un materiale è definito fonoassorbente quando la sua caratteristica principale è quella di trasformare in calore una parte dell'energia sonora incidente.

Il compito principale di un materiale fono-assorbente non è quello di riflettere e ostacolare il propagarsi delle onde sonore: al contrario, i materiali fonoassorbenti hanno proprietà intrinseche e forme che consentono di ridurre le riflessioni acustiche. In questo modo si ottiene la conversione di una parte di energia sonora, che incide sul dispositivo fonoassorbente, in calore.

UNO STRATO DI TESSUTO TECNICO 100% POLIESTERE ACUSTIC FIBER PROTEGGE LO STRATO ISOLANT POSTO ALL'INTERNO DEL PANNELLO TELATO, GARANTENDO UN ALTO LIVELLO DI FONO-ASSORBENZA E UNA FINITURA ESTETICA.

A LAYER OF TECHNICAL FABRIC 100% POLYESTER ACUSTIC FIBER PROTECTS THE ISOLANT LAYER INSIDE THE CANVAS PANEL, GUARANTEEING A HIGH LEVEL OF SOUND-ABSORBANCE AND AN AESTHETIC FINISH

• GENERAL FEATURES

The concept of sound absorption is applicable in the characterization of in-house environments more or less disturbed by reverberation.

A material can be defined as sound absorbing when its main feature is commuting part of the impacting sound energy into heat.

The main feature of a sound absorbing material is not reflecting or hindering the spreading of sound waves: on the contrary, the intrinsic characteristics and forms of sound absorbing materials allow for a reduction of sound reflections. By so doing, part of the sound energy impacting on the sound absorbing device is converted into heat.

• UTILIZZO

In ambienti rumorosi e riverberanti l'obbiettivo è ottenere confort acustico. Tale condizione di benessere è raggiungibile mediante specifici trattamenti acustici dell'ambiente disturbato.

Ci avvarremo dell'impiego dei nostri sistemi fonoassorbenti per controllare le riflessioni del suono all'interno di tali ambienti, per aumentare la qualità e/o l'intelligibilità di ascolto.

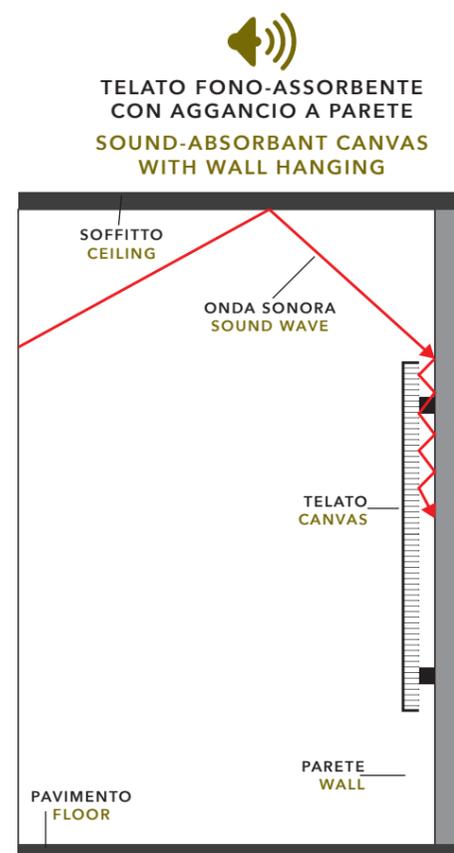

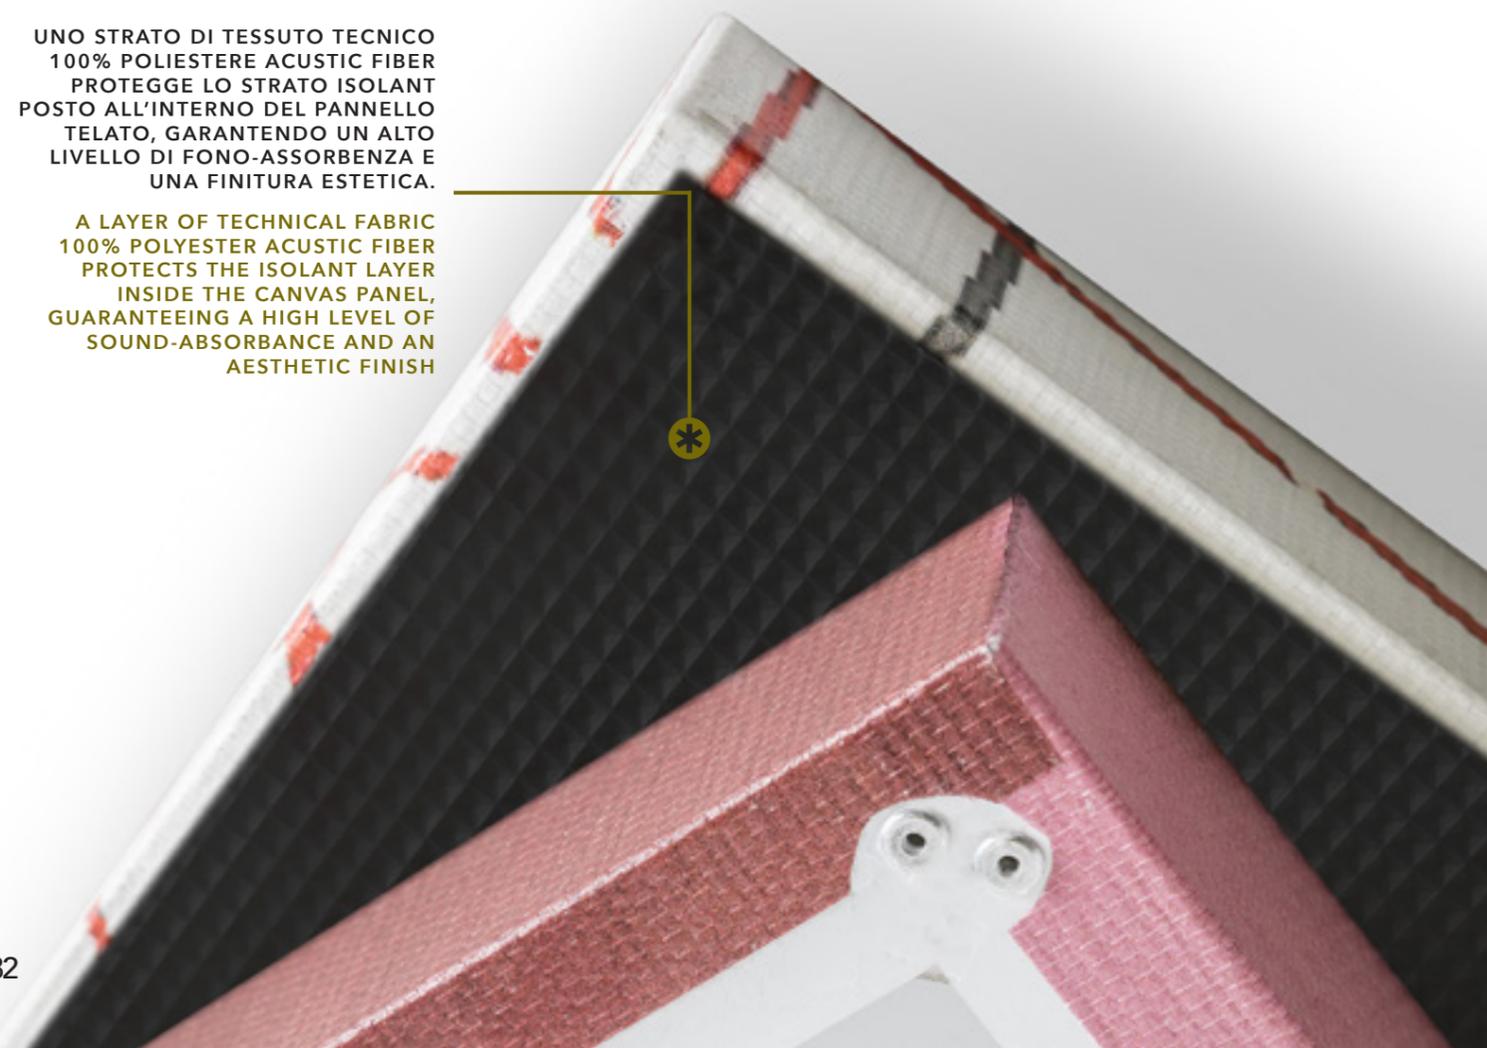

I materiali tecnici a disposizione di MOMENTI rendono facile la correzione acustica di un ambiente poiché, miscelando le caratteristiche delle diverse tecnologie (Acoustic Fiber e Strato Isolant), si può intervenire in modo mirato su problemi di riverberazioni ad alta, media e bassa frequenza.

• USE

Acoustic comfort is essential in noisy and reverberating environments and it can be achieved through specific acoustic treatments applied to a disturbed environment.

We employ our sound absorbing systems to control the reflections of sounds within such environments, with the aim to increase the quality and/or the audience intelligibility.

The technical material at MOMENTI's disposal call for an easy resolution of acoustic problems within an environment since, combining the features of different technologies (Acoustic Fiber and Strato Isolant), it is possible to operate in a targeted manner on problems of reverberation at a high, medium and low frequency.

È POSSIBILE AGGANCIARE IL PANNELLO TELATO FONO-ASSORBENTE SIA A PARETE CHE A SOFFITTO, CREANDO PANNELLATURE DI GRANDE IMPATTO GRAFICO E INCREMENTANDO IL LIVELLO DI BENESSERE ACUSTICO. PER L'AGGANCIO A PARETE, È CONSIGLIABILE MANTENERE UNA DISTANZA DI 3CM. PER L'AGGANCIO A SOFFITTO, È CONSIGLIABILE MANTENERE UNA DISTANZA DI 10 CM.

IT IS POSSIBLE TO HANG THE SOUND-ABSORBENT CANVAS PANEL BOTH ON WALLS AND ON CEILINGS, CREATING PANELINGS OF HIGH GRAPHIC IMPACT AND INCREASING THE LEVEL OF ACOUSTIC WELL BEING. FOR WALL HANGING, IT IS ADVISED TO KEEP A DISTANCE OF 3 CM. FOR CEILING HANGING, IT IS ADVISED TO KEEP A DISTANCE OF 10 CM.

Alexander & Matteo Bagnai

L'esigenza di creare e di mettersi in gioco sono le carte vincenti di MOMENTI, un nuovo modo di pensare, di vedere e di concepire l'ambiente per renderlo unico e personale. Insieme al nostro team abbiamo dato vita, materia e colore a superfici lavorate ad arte.

Le nostre collezioni nascono da continue prove di materiali, ricerche di finitura, di resistenza, di rispetto per l'ambiente e di continuo entusiasmo.

L'italianità dei nostri prodotti è sempre sinonimo di grande attenzione nei confronti di ogni processo produttivo, dalla scelta dei materiali e loro qualità, alla cura dei dettagli, con l'aiuto di grande esperienza, conoscenza e straordinaria tecnica.

Tutto viene eseguito rigorosamente a mano. Ogni prodotto, infatti, attraversa tutte le fasi di realizzazione - dall'ideazione alla produzione sul nostro territorio - a tenace salvaguardia di un comparto manifatturiero caratterizzato da creatività e abilità.

Mantenere questi standard di qualità, significa per noi offrire ai nostri clienti collezioni uniche, scelte esclusive e soluzioni innovative e versatili.

È per questo che amiamo definirci i "Sarti del Design Italiano".

Nascono così stampe artistiche, elementi d'arredo, rivestimenti dalla forte impronta artistica e vestiti di immagini emozionanti. Il risultato finale è arte applicata al design quotidiano.

The need to create and get involved are the winning cards of MOMENTI, a new way of thinking, of seeing and conceiving the environment to make it unique and personal. Together with our team, we have given life, material and color to surfaces that are artfully worked.

Our collections are born from continuous tests of materials, research of finishing, resistance, respect for the environment and continuous enthusiasm.

The Italian nature of our products is always synonymous with great attention to every production process, from the choice of materials and their quality, to the attention to detail, with the help of great experience, knowledge and extraordinary technique.

Everything is done strictly by hand. In fact, each product goes through all the stages of production - from conception to production on our territory - to a tenacious safeguard of a manufacturing sector characterized by creativity and skill.

Maintaining these quality standards means for us to offer our customers unique collections, exclusive choices and innovative and versatile solutions.

This is why we love to call ourselves the "Tailors of Italian Design".

This is how artistic prints, furnishing elements, coverings with a strong artistic imprint and dresses of moving images are born. The end result is art applied to everyday design.
