# MISTRAL BLACK

---

---

# MISTRAL TWIN

---

Symetric stairs looks amazing in big spaces. Mistral Twin is the perfect example of our all-glass staircase reflection. Elegant, linear and transparent. The character of the glass was here obtained by the use of normal "green glass".

---

# FLY

---

The stair design FLY is an innovative glass stair where we have used a self developed lamination technique. With this method we can build helical stairs in every possible shape. Circular, elyptical or stairs with more different radius are no problem.
