Twils LOUNGE

È il secondo anno che la collezione Twils® Lounge viene presentata al Salone del Mobile di Milano. L'ambiente espositivo è un tributo ai grandi progettisti del passato, sapientemente citati in chiave contemporanea. Ambienti fortemente connotati, dunque, suddivisi in un percorso che ci guida attraverso l'intera gamma di prodotti. Così come sono fortemente espressive le collezioni, che ambiscono a rappresentare il nostro brand e il suo spirito, a raccontare chi siamo, anche attraverso la riconosciuta qualità e dovizia di materiali e combinazioni tessili che rendono unico il mondo Twils®. Un mondo di ottimo design, stile inconfondibile e comfort assicurato.

Balmoral

design Cairoli & Donzelli

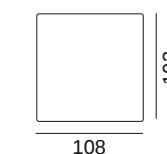

Linee essenziali e generose, con volumi importanti, declinate in un sistema modulare che consente la massima libertà di configurazione. Fra i tratti distintivi, l'ampio bracciolo innestato nella seduta e la leggera inclinazione dello schienale. Un divano concepito per il relax, d'aspetto compatto e informale, facile da comporre e scomporre a seconda delle esigenze. Il sistema prevede un elemento laterale con bracciolo, uno centrale, un raccordo angolare e due diverse misure di pouf, pensate sia per l'accostamento che per il posizionamento libero. L'altezza limitata a circa 40 cm accentua la profondità delle sedute, circoscrivendo lo spazio del comfort.

Essential, generous lines and large volumes denote this modular system which allows total freedom when configuring compositions. Its standout features include the large armrest inserted into the seat and the slight inclination of the backrest. This sofa, designed for total relaxation, has a compact, informal air to it and can easily be reconfigured to meet different needs. The system consists of a side element with armrest, a central element, corner and a footstool in two different sizes, which can either be included in the composition or placed elsewhere in the room. The height is limited to around 40 cm, emphasizing the depth of the seat and defining the space for your comfort.

Ravello

design Cairoli & Donzelli

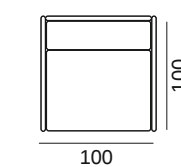

Un accogliente nido di soffici cuscini contenuti da un'elegante scocca in massello di frassino tinto wengé. Ravello ha una rassicurante immagine borghese, sottolineata dal contrasto fra l'avvolgente morbidezza della cuscinatura e il rigoroso disegno della struttura. Una riuscita sintesi fra la nostra vocazione tessile e la grande tradizione ebanistica. Al Salone sono stati presentati il divano e la poltrona singola.

A cosy nest of soft cushions in an elegant solid ash frame with a wengé finish. Ravello has a reassuring conservative look, emphasized by the contrast between the soft inviting cushions and the essential design of the structure. It successfully combines our vocation for textiles with the great cabinet-making tradition. The sofa and the single armchair were presented at the Salone.

Alla gamma di divani in cinque varianti dimensionali, poltrone in due differenti profondità e i comodi pouf, abbiamo aggiunto la chaise longue e tre elementi laterali. Revival ha così assunto grande componibilità, con il valore aggiunto dell'accuratezza manifatturiera che ci distingue.

Abbiamo creato questo sistema ispirandoci all'ormai collaudato SET, il modello con cui Twils® ha esordito nell'arredamento per il living. Lo abbiamo integrato con i braccioli e uno schienale la cui altezza è compensata dall'aggiunta di un rollò, elemento che diventa caratterizzante del design, così come il soffice trapuntino incernierato alla seduta. Le numerose varianti di ampiezza proposte consentono di comporre modularmente il divano secondo le proprie esigenze estetiche e di spazio.

The inspiration for this system was the tried and tested SET, the model which signalled the Twils® debut on the living room furniture scene. We have added armrests and a backrest, whose height is compensated by a roll cushion, an element which becomes key to the design, like the soft quilting zipped onto the seat. The many different sizes available make this a highly modular sofa which can be composed according to your aesthetic and space needs.
