Philosophy Set

Design: Studio Viganò

Con il programma SET abbiamo inteso superare il tradizionale concetto di letto o divano, per portare lo stile, la creatività e i requisiti di qualità dei letti Twils anche nel living, mantenendo invariate la nostra connotazione sartoriale e la nostra predilezione per le soluzioni tessili. Una pannellatura modulare a parete delimita lo spazio, dando origine a una morbida quinta: un “Set”, appunto. Si possono creare fondali di differente combinazione e cromia, personalizzabili all’infinito, grazie a una componibilità razionale e versatile. A completamento, abbiamo concepito imbottiti di forma semplice e rigorosa, che rendono l’ambiente raffinato ed esclusivo grazie al gioco di sovrapposizione dei volumi e dei colori. Moltiplicando lo spazio, la fantasia e il comfort.

The idea behind the SET system was to transcend the conventional concept of sofas or beds and bring the stylishness, creativity and quality standards of Twils beds into living rooms, with our bespoke tailored care and upholstery solutions remaining hallmark features.

Modular wall panelling defines the space, creating a soft side-scene, like a photography “set”.

The rational and versatile modularity of this system and the choice of elements and colours mean that completely personalised backgrounds can be created.

We have designed simple and precisely shaped padded elements, which can be overlapped and the colours combined to create a refined and stylish environment. Space, vision and comfort proliferate accordingly.

Mit dem Programm SET wollten wir das traditionelle Konzept des Betts oder Sofas überwinden, um den Stil, die Kreativität und die Qualitätsmerkmale der Betten Twils auch in den Wohnbereich zu bringen und gleichzeitig unser Kennzeichen der maßgeschneiderten Elemente und unsere Vorliebe für textile Lösungen beizubehalten. Ein Wandmodulelement die fläche den Platz und schafft eine weiche Bühne: eben ein “Set”. Es ist möglich, Hintergründe mit unterschiedlicher Kombinations- und Farbgestaltung zu schaffen, die dank einer rationalen und vielseitigen Modularität unendlichen Freiraum für eine Personalisierung bieten. Zur Abrundung haben wir Polsterelemente in schlichten und strengen Formen entwickelt, die den Raum dank des Spiels der Überlagerung der Volumen und Farben raffiniert und exklusiv gestalten und den Platz, die Fantasie und den Komfort um ein Vielfaches erhöhen.

Il programma può essere utilizzato sia al centro dell'ambiente sia come elemento angolare, per la creazione di nuovi spazi dedicati al relax.

Arrangements can be located just as easily in the centre of the room as they can in a corner when creating new areas for you to relax in.

Das Programm kann in der Raummitte wie auch als Eckelement für die Schaffung neuer Plätze für die Entspannung eingesetzt werden.

Comp. Set /07

Con pochi semplici gesti, possiamo trasformare in una confortevole zona notte la composizione creata per rendere più accogliente il living.

In just a few simple moves you can transform the welcoming arrangements in the living room into a comfortable sleeping area.

Mit wenigen einfachen Handgriffen können wir die geschaffene Komposition in einen bequemen Schlafbereich verwandeln, um den Wohnbereich noch gemütlicher zu machen.

Comp. Set /08

La vocazione di Twils per la qualità del riposo si esprime al meglio nelle composizioni del programma SET dedicate al letto.
La morbida quinta imbottita sarà in questo caso la vostra testiera.

Twils's dedication to ensuring sleep-quality is at its best in the SET system of arrangements with the bed taking centre stage. The soft padded backdrop in this case will be your headboard.

Die Liebe von Twils für die Schlafqualität ist am besten in den Kompositionen des Programms SET ersichtlich, die dem Bett gewidmet sind.
Die weiche Hintergrund ist in diesem Fall Ihr Kopfteil.

Comp. Set /09

Un ampio sommier pieno di cuscini, un confortevole letto matrimoniale, un divano angolare per gli amici e due pratici letti gemelli. Solo il programma SET consente tanta versatilità.

A generously sized sofa bed full of cushions, a comfortable double bed, a corner sofa for friends and two practical beds. Only the SET range can give you such versatility.

Comp. Set /10

Se lo spazio è poco, la composizione può essere sviluppata in verticale. Mensole, punti luce e tasche portaoggetti la renderanno pratica e funzionale.

If space is at a premium the panelling can go upwards. Shelves, light fittings and organiser pockets make it practical and functional.

Wenn nur wenig Platz zur Verfügung steht, kann die Komposition vertikal entwickelt werden. Ablagen, Lichtpunkte und hängetasche machen sie praktisch und funktional.

Twils®

La parete può essere completata da utili accessori: mensole di diversa forma e lunghezza, tasche portaoggetti, lampade; elementi che si integrano con facilità grazie a un sistema di aggancio appositamente concepito. La morbidezza e la funzionalità della parete si ripresentano negli elementi imbottiti, dalle forme semplici e dai volumi rigorosi, creando un ambiente raffinato ed esclusivo grazie al gioco di sovrapposizione delle forme e dei colori.

Useful accessories can be added to the wall panelling: different shape and length shelves, organiser pockets and lamps; a purposely designed connection system makes it easy to attach these elements to the wall.

The softness and practicality of the padded wall is taken up again in the cushions, their simple shape and precise volumes plus an assortment of sizes and colours creating a refined and exclusive atmosphere.

Die Wand kann mit nützlichem Zubehör abgerundet werden:
Ablagen von unterschiedlicher Form und Länge, Hängetaschen, Lampen;
Elemente, die sich dank eines eigens entwickelten Befestigungssystems
leicht integrieren.

Die Weichheit und die Funktionalität der Wand präsentieren sich erneut in den Polsterelementen mit schlichten Formen und strengen Volumen, die dank des Spiels der Überlagerung von Formen und Farben ein raffiniertes und exklusives Ambiente schaffen.

Divano Set Freestanding

Con la gamma di sedute del programma SET potete comporre un divano a misura delle vostre esigenze, gestirne la forma e la dimensione e creare nuove opportunità di relax in qualunque ambiente della casa, anche in centro stanza o in angoli finora non valorizzati.
Si può anche iniziare dalla scelta del tessuto di rivestimento più adatto, come per la stoffa di un abito sartoriale, per poi integrare i vostri arredi e complementi, o gli utili accessori del programma.
Sapendo che avrete sempre l'opportunità di modificare la composizione in base alle necessità, o all'estro.

The range of seating in the SET system means you can decide the shape and size of your sofa, tailoring it to your needs. It means you can create new areas for relaxation anywhere in the home, whether in the centre of a room or in hitherto unexploited corners.
You can also start by choosing the most suitable upholstery fabric, just as you would choose the material for a bespoke outfit. All this knowing that you can change the arrangement whenever you want, whether to satisfy different needs or a simple whim.

Mit der Auswahl an Sitzen des Programms SET können Sie ein auf Ihre Bedürfnisse zugeschnittenes Sofa zusammenstellen, die Form und Größe gestalten und neue Möglichkeiten für die Entspannung in jedem Raum Ihres Heims schaffen, auch in der Raummitte oder in bisher stiefmütterlich behandelten Ecken.
Wie für ein maßgeschneidertes Kleidungsstück kann man auch bei der Auswahl des geeignetsten Bezugsstoffs beginnen, um dann Ihre Einrichtung und Ergänzungen oder die nützlichen Zubehörteile des Programms einzubeziehen.
Dabei müssen Sie stets im Hinterkopf behalten, dass Sie die Möglichkeit haben, die Komposition nach Ihren Bedürfnissen oder Wünschen zu verändern.

Gli elementi del programma possono essere utilizzati per suddividere in più aree gli ambienti di grande dimensione. Un unico grande divano a zone differenziate.

A single large sofa serves more than one area.

Die Elemente des Programms können benutzt werden, um große Räume in mehrere Bereiche zu unterteilen.
Ein einziges großes Sofa mit unterschiedlichen Zonen.

Twils®

Per consentire l'uso del programma SET nella creazione di elementi divisori all'interno di ambienti molto ampi, abbiamo previsto la possibilità di usufruire anche del retro della boiserie, accessoriabile a piacimento con mensole, tasche e punti luce. L'opportunità di usare degli elementi in modalità freestanding aumenta le possibili declinazioni del programma. Si possono creare zone separate dalla diversa funzionalità ma unite dallo stile, che saranno sempre modificabili, ampliabili, rimodulabili a piacimento.

The back of the wall panels are also designed for accessorising so that the SET system can be used to create partitions in very large rooms; all the usual accessories – shelves, pockets and lamps – can be attached as desired. Freestanding arrangements increase the possibilities of use. Separate areas with different functions but united by the same style can be created knowing that the layout can always be altered or extended at a later date as required thanks to the modularity of the system.

Um die Benutzung des Programms SET bei der Kreierung von Abtrennelementen in sehr großen Räumen zu erlauben, haben wir die Möglichkeit vorgesehen, auch die Rückseite des Boiserie-Elements zu benutzen, das auch nach Lust und Laune mit allen Zubehörteilen, Ablagen, Taschen und Lichtpunkten ausgestattet werden kann.

Die Möglichkeit, die Elemente freistehend zu benutzen, erweitert die Gestaltungsfreiheit des Programms.

Es können abgetrennte Bereiche mit unterschiedlichen Funktionen, aber mit einem einzigen Stil geschaffen werden, die stets verändert, erweitert und nach eigenem Gusto neu zusammengestellt werden können.
