THE NEW RENAS SANCE

LUD'O LOUNGE

PATRICIA URQUIOLA

Una poltrona relax innovativa nelle linee e nel sistema costruttivo. Una struttura portante realizzata in materiale plastico riciclato accoglie un morbido vestito realizzato in diversi tessuti o pelli. Basta un semplice gesto per cambiare l'abito a Ludo, dando volta per volta una immagine differente. Non un imbottito sfoderabile ma un imbottito vestibile, caratterizzato da grande comfort. Un'immagine immediata ed altamente riconoscibile fanno sì che questa poltrona rappresenti un importante capitolo nell'evoluzione della seduta contemporanea.

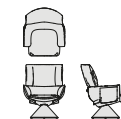

Lud'o Lounge is Patricia Urquiola's tribute to Vico Magistretti, her professor. Thanks to Magistretti, she started her career in Milan and she learned the ability to go beyond the limits of the project.

Lud'o Lounge armchair is an innovative concept that gives a feeling of extreme comfort, softness and warmth.

It consists of a rigid and highly durable seat shell made of our recycled plastic material using a rotational molding. An upholstered seat cover can be easily put on and off the seat shell, just like a duvet jacket.

GONG CIRCUS

GIULIO CAPPELLINI

Un'altra variante per il tavolino Gong, caratterizzato dalle linee sottili e rigorose. Gong Circus rappresenta un omaggio alla grafica degli anni Cinquanta ed in particolare al design di Alexander Girard, caratterizzato da un segno forte e colorato. Le tre proposte, bianco/nero, rosso/arancio e verde chiaro/scuro lo rendono protagonista negli ambienti più diversi.

The essential shapes of the II gong coffee table is enriched with a decoration that is a clear homage to the sign and colors of Alexander Girard.

White / black, red or light and dark green give this object a playful and circus look to give a touch of irony and warmth to all rooms in the house.

JULI PLASTIC 2020

WERNER AISSLINGER

Due nuovi colori si aggiungono nel 2020 alla paletta di finiture esistenti per Juli. Il color fango, dalla calda tonalità, proposto sia per le scocche che per le basi metalliche. Il colore verde, allineato alle più contemporanee tendenze che vedono questo colore rientrare prepotentemente nell'arredo. Viene ora proposto anche un cuscino mobile di seduta sfoderabile in tessuto o pelle con base frenante.

Two new colours are added in 2020 to the palette of existing finishes for Juli: mud and green. The mud colour, a new classic that with its warm shade will increasingly replace gray, is proposed not only on the plastic seat but also on the metal bases. The green colour, on the other hand, is aligned with the most contemporary trends that position green coming back into the furniture sector. A removable seat cushion in fabric with an anti-slip surface underneath is also available.

GIULIO CAPPELLINI

Nuovi spessori e nuovo comfort caratterizzano l'edizione 2020 di questo classico divano.

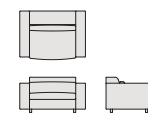

Sedili più sottili e filanti nulla tolgono al comfort che viene ora migliorato grazie ai nuovi cuscini poggia reni.

Nuovi tessuti della Collezione 2020, come l'attualissimo velluto a coste contribuiscono a rendere questo divano contemporaneo.

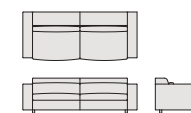

New thicknesses and new comfort characterize the 2020 edition of this classic sofa.

Thinner and streamlined seats do not diminish the comfort that is now improved thanks to the new kidney support cushions.

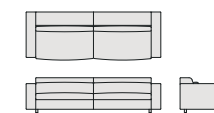

New fabrics from the 2020 Collection, such as the very trendy corduroy, make this sofa very contemporary.
