

TRIBU

Our dream has always been to inspire people with our furniture. To offer that little something extra that elevates design from the ordinary to the extraordinary. We value the time we spend together as a family and the special atmosphere that good design, with every detail in harmony, helps to create.

Today Tribù is one of the oldest fully family-owned manufacturers of high-end outdoor furniture in the world. Our independence gives us the freedom to pursue our own strategy. As innovators, it is our passion to develop beautiful and timeless outdoor furniture that meet demanding standards, creating places to relax and leave the daily stress behind.

We hope to inspire you with this catalogue and our furniture. Love it, live it, share it!

TAO

The elegant Tao table collection is a lesson in perfectly balanced contrasts – bold sculptural pedestals and slim table tops that are pleasing to the touch. The use of refined lightened concrete gives the tables a look of elegant solidity. The Tao tables come in natural linen and warm wengé tones to create striking centrepieces for any setting.

CTR

The CTR collection is characterized by a tube in powdercoated stainless steel that follows its outline in one continuous line. With a lightness of touch the open weave of the backrest appears to float unsuspended around the upholstered seat. The CTR collection is a complex design created with an effortless, relaxed style.

YABU PUSHELBERG

NODI

Light and airy, the Nodi chair's form and silhouette are characterized by twisted-interlaced rope in weather resistant Canax®, stretched across a precise geometric wireframe. Pared back, refined proportions and a minimalist approach to materiality lend a casual lightness to the collection. The slim profile of the arm is angled slightly inward in a welcoming gesture.

REGISTA

Regista is a sophisticated reinvention of a design icon. The perfectly balanced director's chair combines high-tech materials and meticulous attention to detail. The lattice back has the natural look and tactile appeal of rope. It is handwoven using an innovative weather-resistant fibre, also used to cover the armrests. The legs are slim and elegant, yet very durable and strong.

KOS / PURE SOFA

The Kos and Pure Sofa collection share the warmth of smooth Javanese plantation teak and a clean, simple design. The gentle curve of the Kos chairs and their deep seats provide an excellent seating comfort.

The finely balanced proportions of the Pure Sofa are offset by soft, deep sofa cushions, which come in two designs and an array of luxury outdoor fabrics. The five modular elements can be combined as desired to create welcoming seating areas.

BRANCH

Just as sunlight filters through the branches of a tree, so it illuminates the Branch collection. Slender legs and lattice seats give Branch a lightness and delicacy, while the clever design and hi-tech materials make the collection highly comfortable and durable. "Branch strengthens the emotional connection with nature. It creates a feeling of respect and fascination with the natural environment," says designer Manel Molina.

ILLUM

The Illum collection refines and reworks the essence of Scandinavian furniture design. Belgian design duo Merckx & Maes has created a line of finely proportioned pieces based on the pure and graceful curves of traditional wooden furniture. The collection is made of durable coated aluminium, allowing the designers to create a slender silhouette with a solid, weather-resistant metal.

NEUTRA

There is a quiet beauty in the modern chic Neutra collection, an attention to detail that becomes apparent beyond the first impression of the simply defined contours of each piece.

Seamless triangular frames give the illusion of ultra-thin metal supports, while in a touch of sober elegance, the Batyline seats are discreetly edged with weather-proof faux leather.

An elegant seating shell in powder-coated stainless steel is upholstered with an extra-large, vertical weaving, developed exclusively by Tribù. A great deal of research resulted in a unique product with a natural and soft appearance, while being nevertheless 100% weatherproof. A combination of textilene and Tricord (polyolefin) is knitted over a tube of EPDM foam without any visible joint. The material is fungi resistant, stain repellent and does not fade.

A subtle frame with attractive, curved armrests contrasts beautifully with the volume of the outdoor cushions which are supported by a weave in broad textile straps. Thirteen different modules compose the outdoor sofa of your liking. The aluminium frame of the sofa is powdercoated with ultra durable structure lacquer. The outdoor cushions can be left outside, even in the rain. The ventilating filling is covered with a laminated polypropylene cover which is water resistant. All stitches have an extra inside cover to prevent water from penetrating.

Slender, teak platforms support comfortable outdoor cushions without any visible back or arm structure. Tribù uses only the very best plantation wood from East-Java. Every log is handpicked during the cutting process of the tree. The cushions are supported by brackets in stainless steel 304L and can be left outside, even in the rain. The ventilating filling is covered with a waterproof, laminated polypropylene cover which is water resistant. All stitches have an extra inside cover to prevent water from penetrating. The simple, modular system allows for endless compositions from a small meridienne sofa to a large corner sofa with sidetables.

An elegant series of coffee tables that, thanks to the variety of colours and materials, can complement different sofa types. The slightly tapered, slimline legs in powdercoated aluminium combine with a circular or rectangular tabletop and are available in different heights. This offers the opportunity to create enriching combinations with different colours and different organic materials such as teak, granite and lightened concrete.

The elegant Tao table collection is a lesson in perfectly balanced contrasts – bold sculptural pedestals and slim table tops that are pleasing to the touch. Designer Monica Armani has used refined lightened concrete to give a look of elegant solidity. The coffee table plays tricks with symmetry by setting the finely milled square table top off centre. The Tao tables come in natural linen and natural wengé tones to create striking centrepieces for any setting.

Still water disturbed by a breeze is the visual reference for the T-Table. The light-reflective, hand crafted glazed lava stone top mirrors the sky and adds a unique quality with its naturally occurring imperfections. The glazing, adorned with a subtle crackle finish, makes the stone heat, water, UV and stain resistant. The pure and simple form of the T-Table is designed to fit harmoniously with other furniture in the Tribù collection.

The rugged basalt columns of the Giant's Causeway in Northern Ireland were the inspiration for the Hexagon side table. It comes in a variety of heights and sizes, like the basalt columns, which makes a strong statement when grouped together. The sturdiness and pure symmetry of honeycomb also influenced these teak side tables. Hand crafted glazed lava stone, each piece unique and available in a selection of 2 colours, adds to the bold, natural look.
