The ambience, with its classic and welcoming style, is very bright with a finely cared for decor in shades of gold, white and cream. This harmony of colors is also reflected in the Chapeau luxury chandelier for the bedroom and in the wall lamps chosen by the designer. The chandelier and eappliques made for this project are in white glass lined with gold: a process of great value and difficulty, with an enchanting result.

The red colour characterizes this typical restaurant near the station of the city Ciney, famous for the beer. Not only the red colour is on the external walls so that it is immediately visible, but it is also repeated inside on the curtains of the windows and with 3 huge Chapeau chandeliers each 36 lights. Not only the handblown glass is red, but also the handcrafted lampshades are in red organza tissue. These lively and colourful chandeliers become the real protagonist of this place where people nicely meet and savour a good lunch and dinner.
