THE MULLAN STORY

Mullan Lighting's name derives from the small village in Ireland in which we continue to design and manufacture light fixtures. Mullan translates to 'The Mill'. This is our story.

c1850

A flax mill, with its associated mill race and workers' cottages, is developed on the site in Mullan village. The mill remained operational until the early 20th century.

1924

A shoe factory is established in the old mill and Mullan village is once again a bustling rural centre.

1978

The shoe factory closes. The nearby border road also closes due to The Troubles in Northern Ireland. The factory lies idle for the next 30 years. By 1990 most of the mill cottages are also abandoned and the village is all but deserted.

2009

Mullan Lighting is established by Mike Treanor inside the old mill building. At the same time the mill houses in the village are restored and life is brought back to the village once more.

2012

Mullan Lighting expands its product range from traditional pub and church lighting to vintage and industrial-style lighting. The company begins to export to the United Kingdom.

2013

Mullan Lighting attends its first international trade show - MAISON&OBJET in Paris.

2014

Subsequent trade shows in Stockholm and Germany help establish the Mullan Lighting brand across Europe. Our team grows to 22 people.

2015

Mullan Lighting's product quality and speed of manufacture becomes recognised more and more. We become the choice lighting supplier for Costa Coffee, Jamie Oliver restaurants, the Hard Rock Cafe and Superdry stores.

2017

Mullan Lighting now employs 60 people. We complete one of the largest ever outdoor decorative lighting projects in Dubai.

2018

Mullan Lighting begin planning for the expansion of their production facility. We continue our focus on quality, new product development and growth into the future.

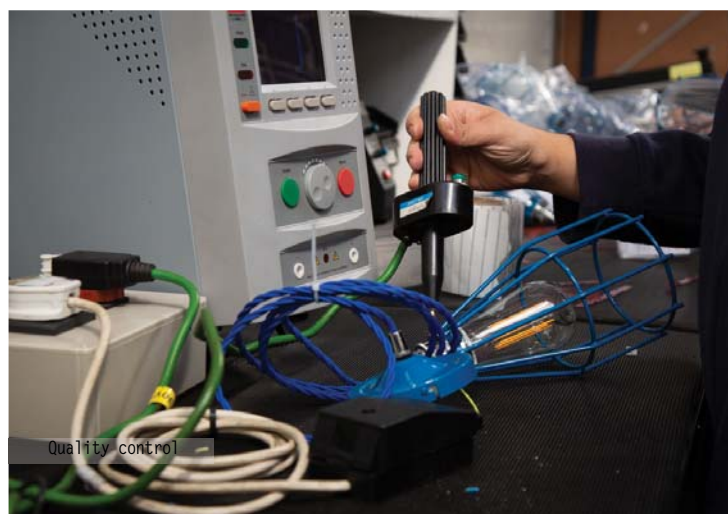

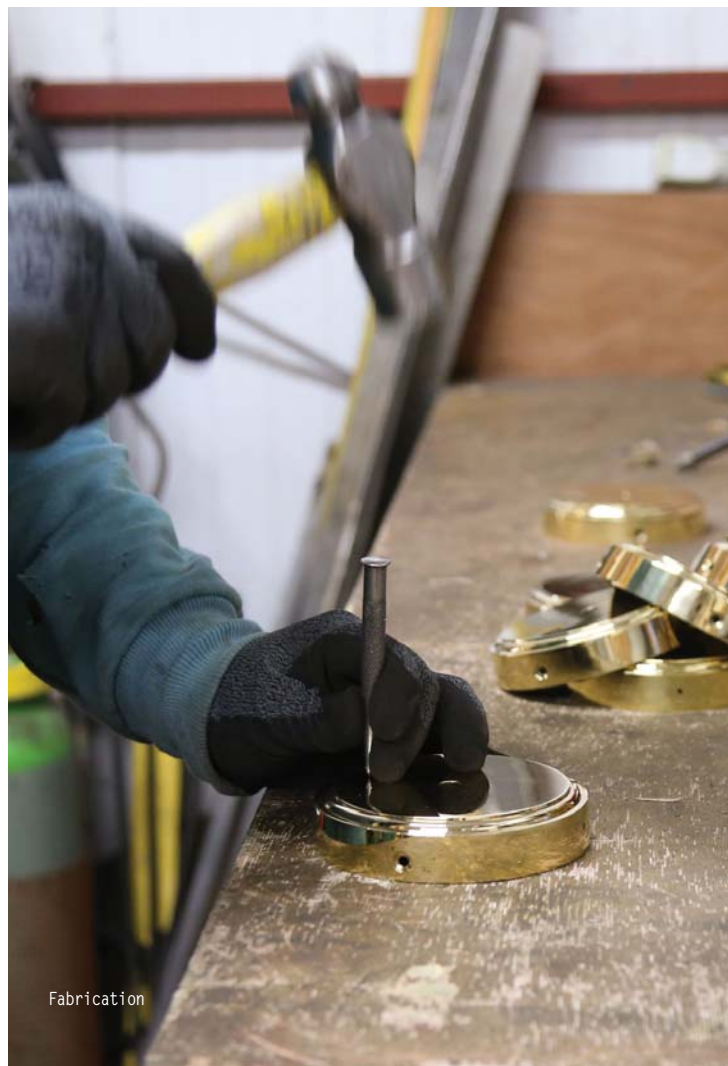

MANUFACTURING

Mullan Lighting is a lighting design and manufacturing company based in Ireland. We have the capacity to manufacture high-volume quantities of a single lighting product and one-off bespoke pieces.

Established in 2009, we combine our abilities in lean manufacturing with creativity from our team of lighting designers to create high-quality light fixtures at an affordable price. The majority of our light fixtures are manufactured for use in the hospitality and commercial sectors.

The quality of the lights that we manufacture is the main driving force to our success. Our client portfolio includes Caffè Nero, Costa Coffee, Google, Guinness, Hard Rock Cafe, Heineken, Hilton Hotels, Jameson, Jamie's Italian, LEGOLAND, Novotel Hotels, Primark, Radisson Blu Hotels, Selfridges, Superdry, Ted Baker and many more.

DESIGN

Mullan Lighting's in-house design team has a wealth of lighting design experience in the commercial and hospitality sectors. We work closely with clients to understand their initial lighting concept, develop drawings and 3D renders, before producing prototypes, if necessary.

We believe that good design should not only be aesthetically pleasing but should be functional and affordable. We apply this design ethos to every new product that we create.

BESPOKE LIGHTING

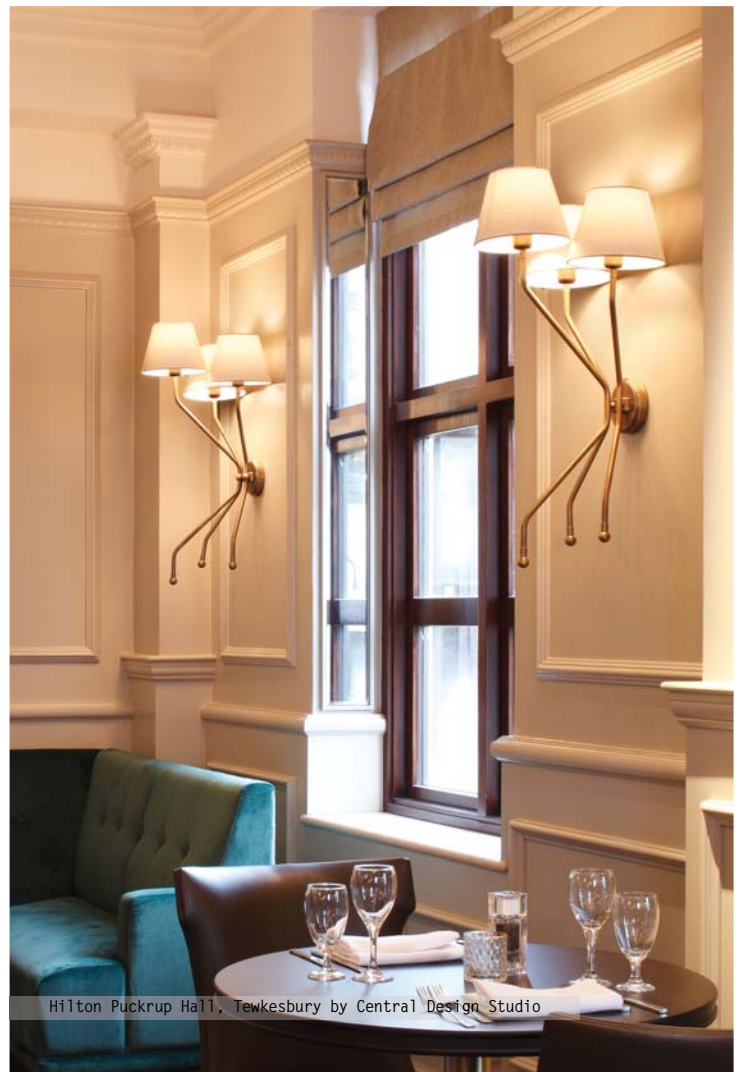

Our comprehensive in-house design and manufacturing facilities provides our customers creative freedom to make their interior design truly unique. We offer a complete bespoke lighting service whereby we guide our clients through the entire process, from initial concept to design, the manufacture of samples, if required, to the finished product.

All our standard designs are also fully customisable in terms of colour, size, suspension length etc. to suit any interior design. Our quick turnaround times mean that we always meet project deadlines.

BARS & RESTAURANTS

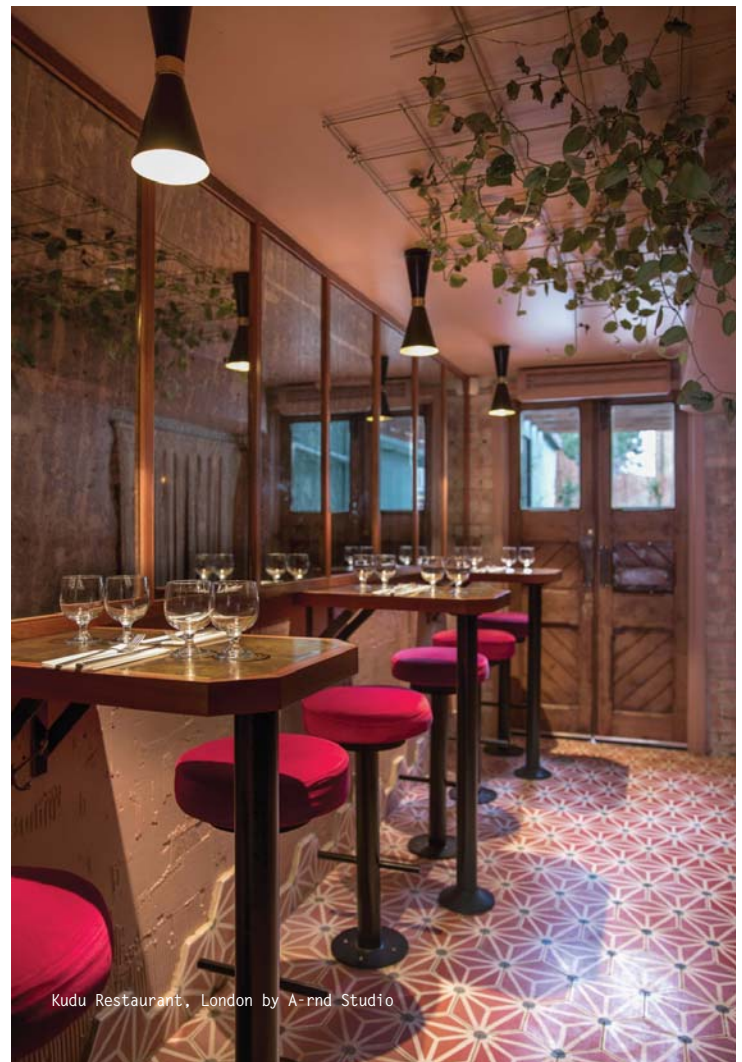

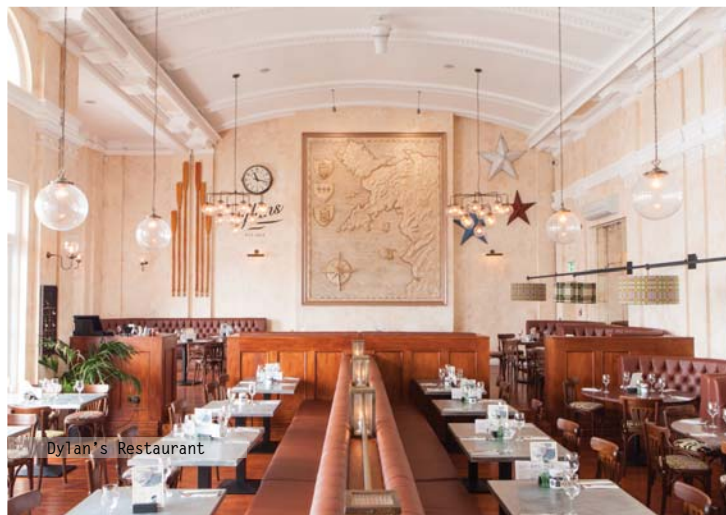

Good lighting design is essential for setting mood and tone and creating the correct ambience in bars and restaurants. Our standard lighting range has many fixtures that can be found in bars and restaurants across Europe, the United States and beyond.

WEIGHT: 0.160kg / HEIGHT: 34cm/13.50" / TOP RING DIAMETER: 8cm/3.25"
BOTTOM RING DIAMETER: 17.5cm/7" / GIMBLE: 4cm/1.50"

CYLINDER

MLFS009

MATERIAL: Fabric
WEIGHT: 0.160kg / HEIGHT: 30cm/11.75" / DIAMETER: 15cm/11.75"
GIMBLE: 4cm/1.50"

CUBE SQUARE

MLFS001

MATERIAL: Fabric
WEIGHT: 0.260kg / HEIGHT: 20cm/8" / WIDTH: 20cm/8"
PROJECTION: 20cm/8" / GIMBLE: 4cm/1.50"

SYMBOLS

At Mullan Lighting we are proud of the accreditations we have earned to ensure our products are not only manufactured to the highest standards, but are sustainable produced, limiting our impact on the environment around us. Below is a short explanation of some of the symbols and quality assurance marks found on our website and our catalogue.

CE mark: The CE mark is a mandatory conformity marking for certain products - including light fixtures - sold within the European Economic Area (EEA) and indicates the compliance with EU legislation of a product. It's also found on products that are manufactured in the EEA but sold outside the EEA and is therefore an internationally recognisable symbol of compliance to EU legislation regarding product safety, health, quality and environmental protection. It is similar to the FCC Declaration of Conformity used on certain electronic goods sold in the United States.

.....

UL listed: The UL symbol means the product, after a series of testing, meets the UL nationally recognized Standards of Safety. UL is an American non-profit organization dedicated to public safety and Mullan Lighting is proud to have the majority of its products UL listed.

.....

Waterproof symbol: This water droplets symbols indicates that the product is moisture-resistant and suitable for use in bathrooms and outdoors. The product has a minimum IP rating of IP44 (most are IP54 or greater), meaning it is protected from water spray from any direction.
