

Season 1 collection

“Per un pensatore come Vincenzo D’Alba, lo spazio dell’abitare è un ambiente mutante ed immersivo in cui condensare in un unico flusso i ritmi vitali con l’architettura, il design e le arti visive. Discipline che da sempre hanno dialogato e che nella contemporaneità sembrano apparentemente distanti, assurdamente chiuse in categorie a sé stanti, nella sua ricerca invece coabitano, colloquiano, si attraversano in una progettualità plurale che si fa spazio totale da vivere e contemplare intensamente. Le carte da parati rientrano in questa attitudine: da umanista che vive nella contemporaneità, D’Alba | Kiasmo ha progettato e disegnato un ampio ciclo di carte da parati – “Season I” collection – che sembrano profondamente in sintonia con una riflessione di Orhan Pamuk custodita nel suo Il museo dell’innocenza: «Emanciparsi dal senso del Tempo, trascendere il Tempo: è questa la più grande consolazione della vita». Queste sue carte da parati (veri e propri intonaci che potranno essere adottati anche sui soffitti, sui pavimenti e negli esterni, anche a contatto con l’acqua) travalicano il tempo, mixano in un flusso straordinario antico e presente, arcaismi e ridondanze, leggerezza e densità materica. D’Alba conosce la genesi dei materiali, sa relazionarli con le esigenze di chi vorrà convivere con queste carte da parati che accolgono, singolarmente, dialoghi densi con specifici immaginari, contrassegnando l’indagine dell’artista nei territori dell’abitare. C’è l’opulenza misurata della Secessione nei rilievi in oro; c’è anche la declinazione strettamente geometrica, che riflette sulla dimensione ancestrale della forma chiusa e della forma aperta praticata da Achille Perilli negli anni di Forma Uno; c’è altresì la cultura egiziana e il segno rigorosissimo e rapido (voluttuoso ed erotico, anche) nei volti che si incontrano e si scontrano per poi intrecciarsi in un unico corpo, come accade in molta produzione ceramica coeva. E c’è la capacità di spostare prospettiva e percezione, resinando queste superfici per poterle adottare negli esterni, o modificandone le texture per restituirle, di volta in volta, con peculiarità proprie dissomiglianti. Queste carte da parati sono infatti un display irregolare e potenzialmente infinito, nato per riconnettere forme, azioni e oggetti in un unico grande spazio della visione, che è quello di una nuova realtà di tutti i giorni.”

Lorenzo Madaro

La collezione “**Season 1**” è il frutto della profonda ricerca creativa dell’artista e designer **Vincenzo D’Alba**.

Sul nostro supporto a base intonaco queste esclusive proposte grafiche emergono in tutta la loro bellezza, grazie alla speciale finitura.

La manifattura dei nostri parati artigianali materici si effettua tramite l’uso di materiali naturali tradizionali e l’impiego di moderni processi tecnologici.

L’intonaco da parati è realizzato con un impasto composto da una serie di materiali, tra cui calce, granelli di marmo di Carrara e travertino romano.

Il risultato è un muro spesso un millimetro, in grado di essere facilmente arrotolato e trasportato.

Arte, tradizione e tecnologia si fondono in un unico prodotto in grado di soddisfare la clientela più esigente.
