

An elegant extension to the STEELART family of sit-on bowls is the BLANCO ATTIKA XL single bowl with the exclusive ATTIKA frame.

In combination with the matching draining bowl and walnut compound bridge chopping board, it becomes the perfect preparation zone. The chopping board can be inserted both in the bowl and in the flat draining bowl.

**i** A remote pop-up waste is not recommended because of the height of the ATTIKA frame. If the BLANCO ELOSCOPE-F II mixer tap with 2 tap holes is not used, then we recommend the retrofit set with the round knob (chrome)

**SPECIAL DRILL HOLES**  
We regret special drill holes are not possible with this model.
