

LITHOLOGY

LITHOLOGY

FR-One's Lithology range is inspired by mineral layers and their magnificent textures and tones. Combining an array of exceptional characteristics; they can be luminous, transparent, glisten, matt, cloudy and opaque, polished, brushed, and beautifully irregular.

Lithology features nine alluring drapery and upholstery ranges, paying homage to these mineral attributes.

LUXURY

FR-One combines the perfect balance of "form and function",
the principle at the very core of interior design and architecture.

Our mission is to inspire with a wide range of beautiful luxurious
fabrics, which conform to all safety standards, and meet the
needs of even the most demanding contract projects.
