## AN OFFICE THAT FEELS LIKE HOME.

The biggest challenge in designing office space is to integrate the various needs, competencies, cultures and behaviours of the office workers. Comfort, ergonomics, flexibility and design are commonly shared objectives when arranging office space for individual work and teamwork.

Spontaneous meetings, brainstorming, job interviews, team up, phone calls, video conferences, concept work, are everyday routine in every office. Each of us has a unique style of work and needs tools and a workplace suitable for this style

Important places in the office  
that are worth remembering:

*individual work*

*creative work*

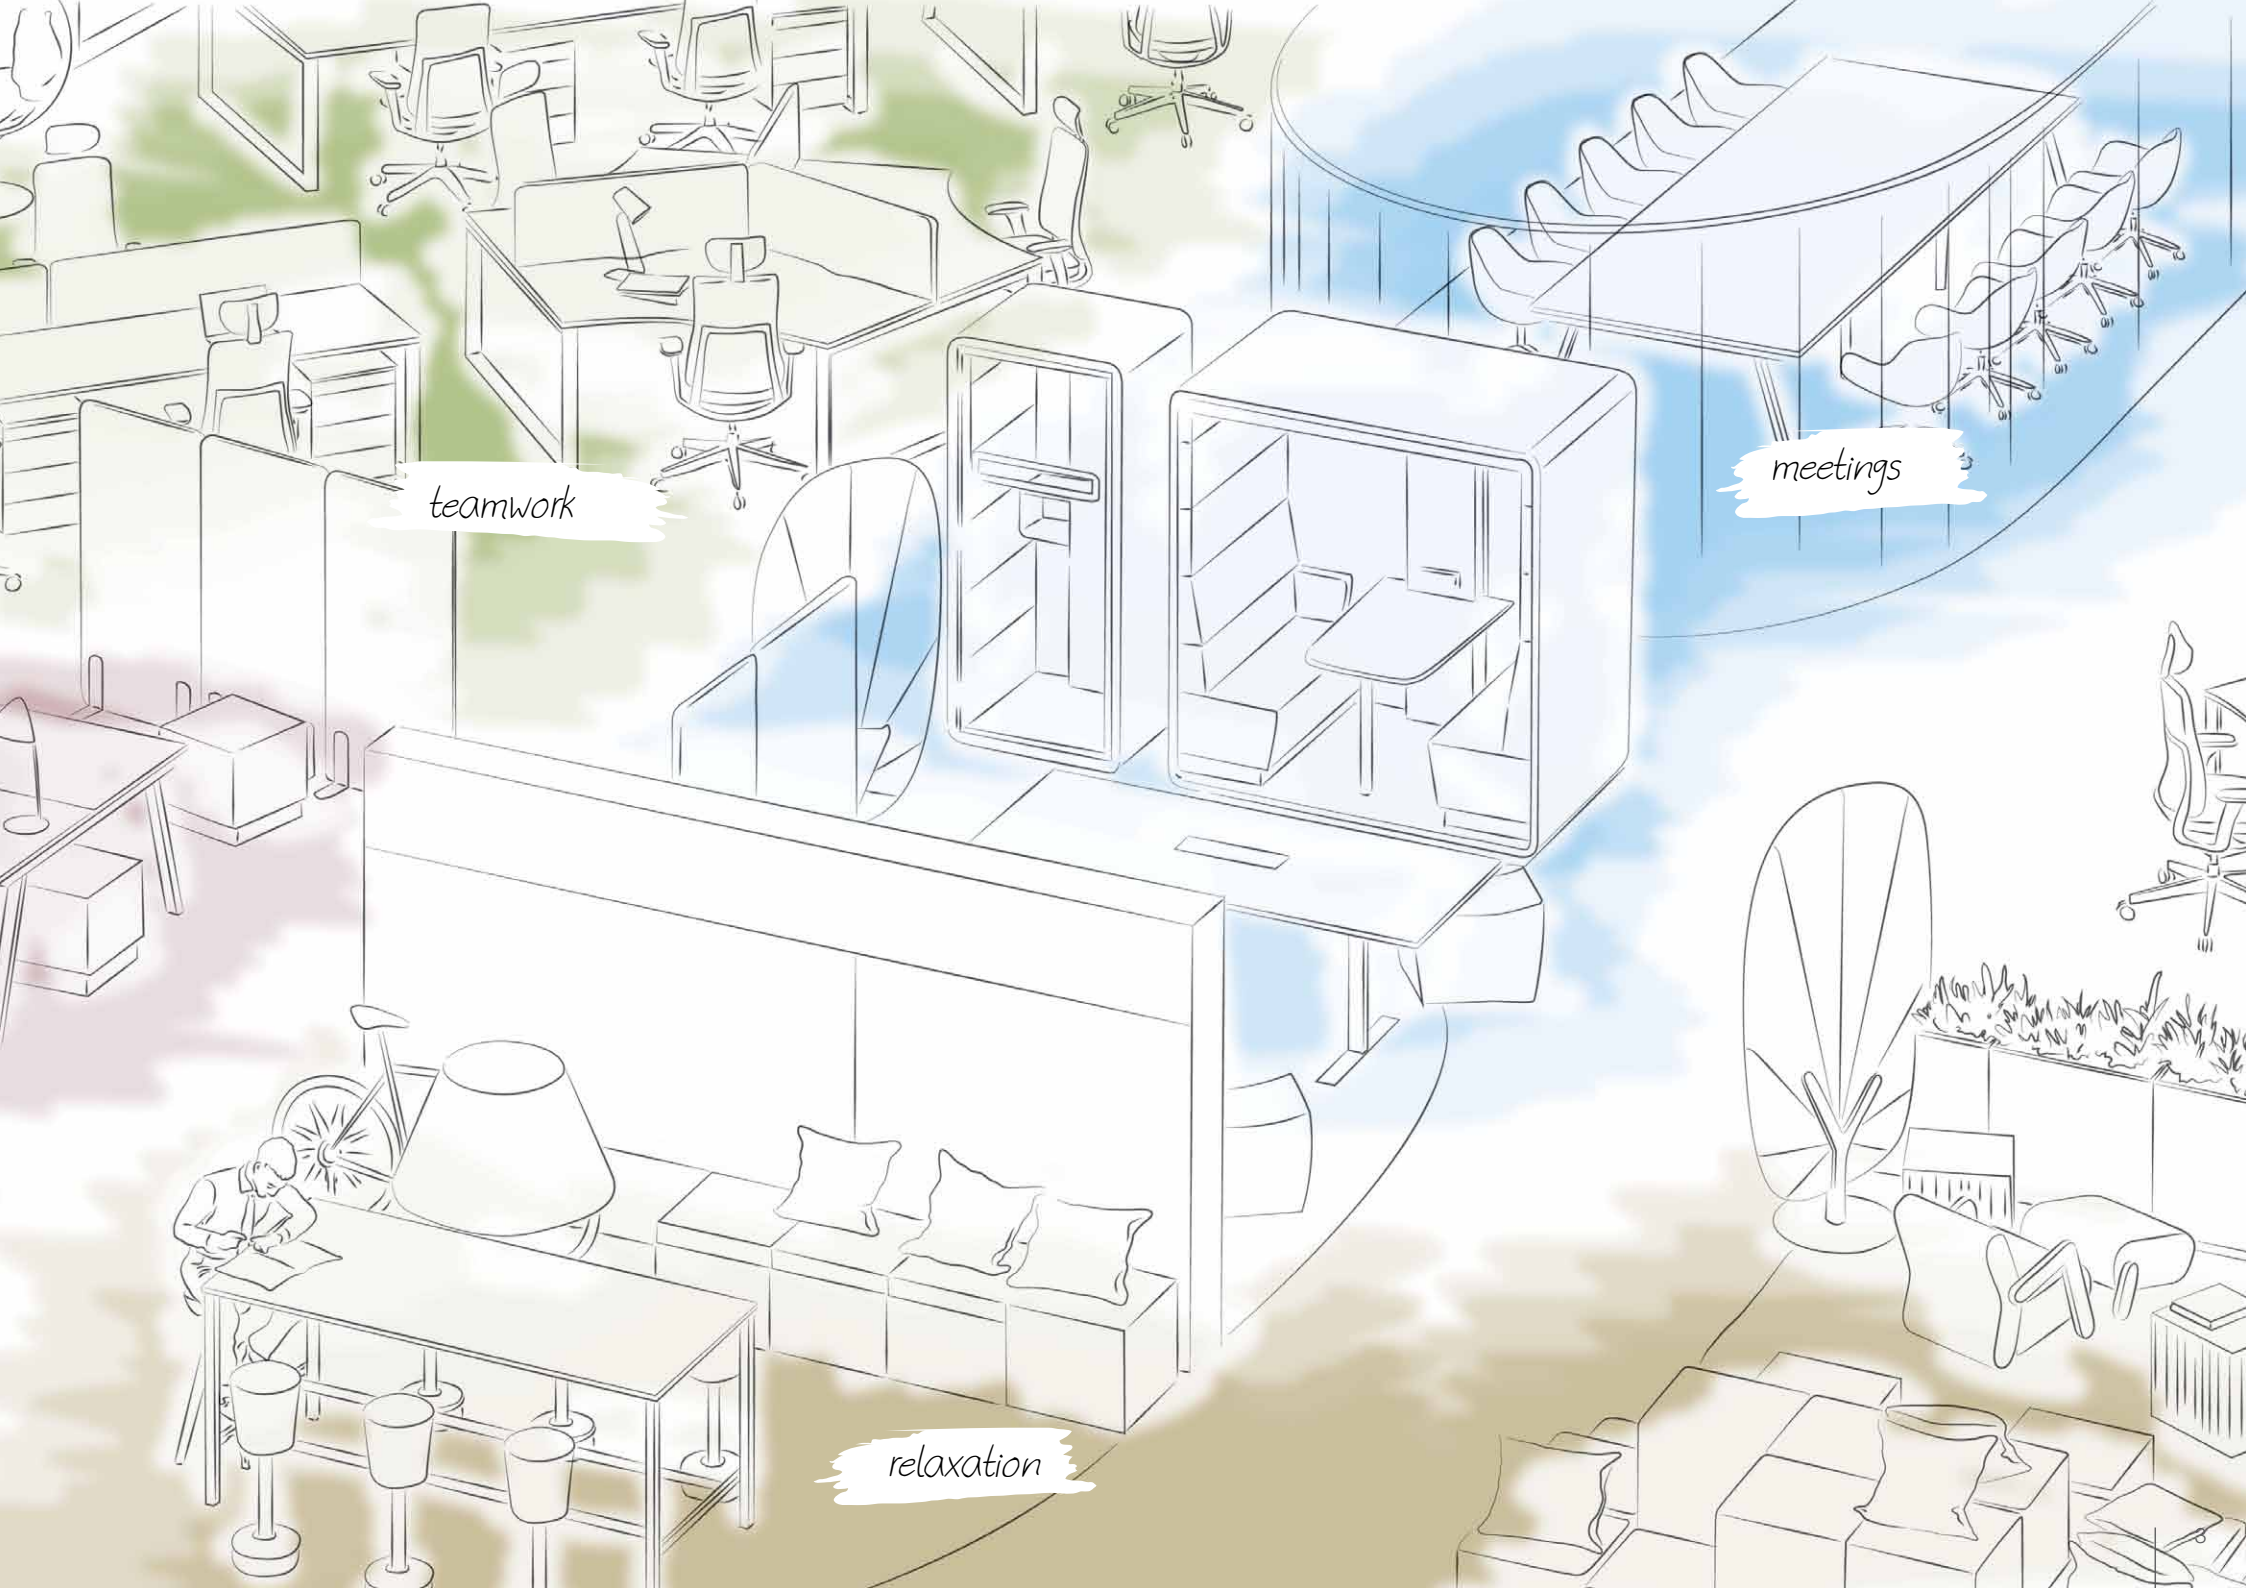

*teamwork*

*meetings*

*relaxation*

*creative work*

*individual work*

teamwork

meetings

relaxation

adjustable  
desktop height

a place to meet  
in silence and concentration

wide range of colours  
and finish versions

high quality materials,  
including solid wood legs

levelling of legs

**hushmeet**

#### **HUSH MEET BOOTH**

is a perfect place to meet with employees, customers. Closed rooms give the feeling of privacy and comfort, so you can talk freely, without disturbing others. Hush Meet also works perfectly when you need to concentrate, so want to work in peace and quiet.

# FLEXIDO

## INDIVIDUAL WORK

### Effective leader - how to play to win?

#### A perfect place for individual work ensures:

- personal space for planning, managing and conversations
- privacy and quiet
- easy access to necessary documents and materials
- convenience and comfort, including the possibility of setting a suitable desktop height

#### Proposed solution:

- single desks on under-desk cabinet
- desks with desktop height adjustment
- acoustic screens and booths
- hanger accessories
- high quality materials
- colourful upholstery

*Individual work requires concentration and quiet.  
Acoustic screens and Hush Phone or Hush Meet solutions  
can ensure such conditions.*

practical suspension  
accessories

a wall to aid privacy and allow  
a better focus on work

convenient filing of documents  
or storage of necessary office supplies

# FLEXIDO

## TEAMWORK

### Together we can do more

#### A perfect place for teamwork ensures:

- free flow of information
- a separate place for meetings and conversations
- silence and the option of working in concentration and isolation

#### Proposed solution:

- bench-type desks
- star-shaped desks
- storage cabinets or drawer units, placed close to desks
- a separate place for phone calls and meetings
- greenery

*The success of teamwork lies primarily in the mutual motivation of the team members and their common goal. It is therefore worth creating a friendly space for employees working in groups.*

# FLEXIDO

## CREATIVE WORK

### Two heads are better than one

#### A perfect place for creative work ensures:

- free flow of information
- a separate place for meetings and conversations
- quick and easy access to power outlets
- freedom of thought

#### Proposed solutions:

- design tables
- various, sometimes atypical furniture shapes, for example star-shaped desks
- acoustic solutions in the form of screens
- accessories for cabling management and electrification
- storage cabinets
- comfortable poufs, armchairs

*When creating a creative work zone, it is necessary to ensure that employees are able to communicate freely with each other and have the tools that will allow them to share their creativity.*

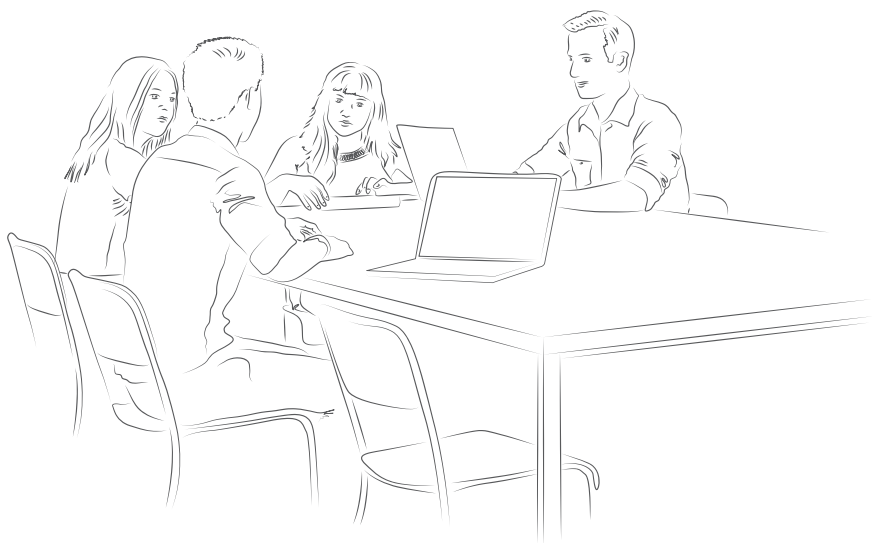

quick and easy  
access to cabling

combination  
of solid wood and metal

cable management  
basket

# FLEXIDO

## MEETINGS

*The meeting places in modern offices are not only typical, standard conference rooms, but mainly places of a less formal nature, often needed for smaller groups.*

### Effective meetings, not only business meetings.

#### A perfect meeting place ensures:

- friendly atmosphere stimulating discussions and problem solving
- free and undisturbed communication
- trouble-free and quick use of media
- convenience and comfort

#### Proposed solutions:

- conference table
- accessories for cabling management
- electrification modules
- comfortable seats

comfortable space  
for larger meetings

a functional meeting table

different colors of finishes

# FLEXIDO

## RELAXATION

### From time to time, everyone needs to get a 5 minute rest

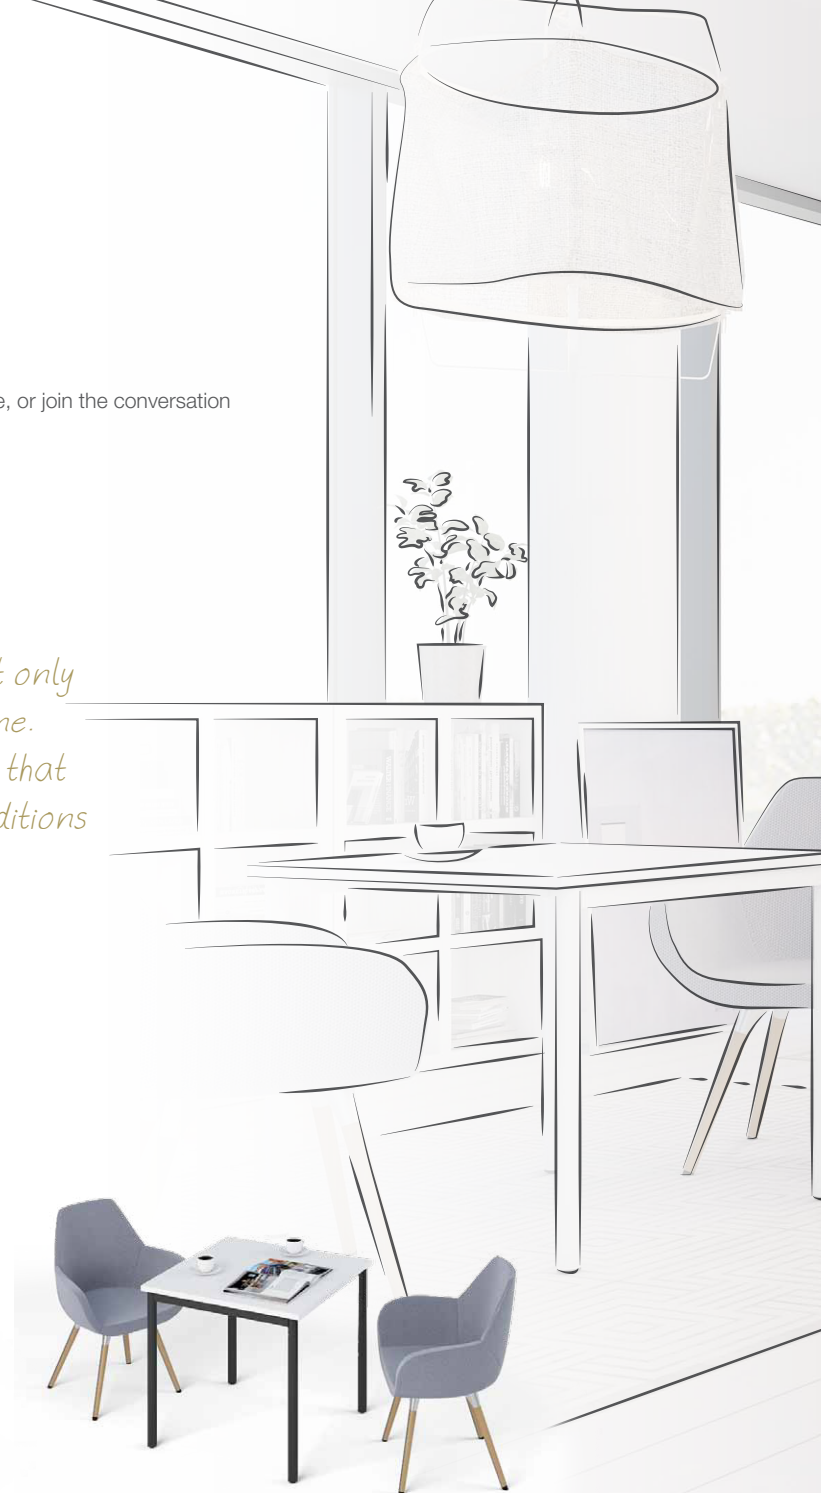

#### A perfect relaxation place ensures:

- uninhibited atmosphere and privacy
- freedom of thought
- sense of security
- the option of meeting with colleagues
- the option of reading newspapers
- convenience and comfort

#### Proposed solution:

- a comfortable table or tea table, where you can sit, drink a cup of coffee, or join the conversation
- comfortable armchairs, poufs
- a shelf for newspapers and books
- landscape architectural elements
- screens with acoustic properties

*A well-designed office includes not only work rooms but also a relaxation zone. The most important thing is to ensure that the office environment offers the conditions for relaxation and provides a sense of freedom and comfort.*

working height of  
110 cm

## TYPES OF FRAMES

### A

A modern frame in the shape of the letter "A", inspired by Scandinavian design..

**Available in 3 configurations:**

- wooden legs with step adjustment,
- non-adjustable wooden legs,
- metal legs

more information  
about the A frame  
on page 16

levelling

step adjustment of the desk  
within the range of  
650–860 mm (every 2 cm)

### C

The C frame is characterised by a light form, made of a round profile. It is perfectly suitable for large, open spaces as well as for office rooms.

levelling

smooth adjustment  
of the desk  
within the range of  
680 – 800 mm

### D

A frame with an open, universal form, made of a square profile. The system fits well into both individual and teamwork styles.

levelling

smooth adjustment  
of the desk  
within the range of  
680 – 800 mm

O

Inspired by modern interior design,  
it fits well into artistic and creative spaces,  
in which a play with colour  
and form dominates

levelling

T

Thanks to its light form, it looks very  
aesthetically pleasing in an open space,  
as well as in office and conference rooms

levelling

U

A simple and light leg construction fits  
perfectly into modern and open  
office spaces. A solution dedicated  
to individual and team work.
