

JANUS et Cie®

RATTAN

JANUS et Cie:  
A PASSION  
FOR WEAVING,  
CRAFT &  
HISTORY.

Since I was a young child browsing antique shops with my beloved mother, I have found myself drawn to handmade items of unsurpassed quality—always delighting in preserving treasures of true craftsmanship. My grandmother’s dining set was a masterpiece of paper loom intertwined with durable rattan frames... a cherished heirloom that has continued to inspire my love of dedicated design and my fascination with this resilient material.

Drawing from the centuries-old tradition of handweaving from natural plant materials, JANUS et Cie proudly brings you our exquisite rattan collection. This magnificent assortment of woven furnishings was inspired by the intricate detail and elegant patterns fondly recalled from my childhood. My own creations are offered alongside exclusive designs by our renowned collaborators Orlando Diaz-Azcuy, Gabellini Sheppard and Michael Vanderbyl. Each item in

our luxurious rattan selection is a work of art, meticulously hand crafted from the finest palms available by the most experienced and dexterous artisans. Lightweight, durable, and offered in an array of rich stains and painted finishes, these sophisticated rattan and raffia pieces add refinement to any interior setting and are designed to last for generations with proper care.

# SPECS

The JANUS et Cie house icon designates products designed specifically for interior use. All of our superb interior rattan pieces are crafted by skilled artisans from natural plants within the palm family. Out of 600 species, we only use the highest grade of these strong and resilient materials. Due to natural variations in the fibers, frames and hand weaving process, finishes may vary slightly. Light, durable and infinitely beautiful...when used and cared for properly, our rattan furnishings will endure over time.

Our sun icon indicates products that are suitable for both interior and exterior use. Many of our rattan designs are also available in JANUSfiber™, a synthetic JANUS et Cie material engineered to withstand the effects of weather and time. JANUSfiber products are supported by durably constructed aluminum, treated carbon steel, or stainless steel frames finished with our proprietary JANUScoat™ electrostatic powder coating process. Offered in an array of textures, weaves and finishes, JANUSfiber pieces harmonize seamlessly with our rattan collections and are equally at home indoors and out.

The JANUS et Cie Masterpiece designation is applied to collections which flawlessly achieve an unparalleled level of complexity in both design and fabrication. Beginning with exquisite composition, each piece is rigorously engineered with the finest materials and finishes available, then masterfully hand crafted employing time honored traditions. Products in the Masterpiece offering take months to produce, representing the most exclusive and intricate furniture we offer.
