

ATTESTATION OF CONFORMITY

TSCA-CARB-2017-12-05-03

In accordance with the provisions of Third Party Certification required within US EPA TSCA Title VI – 40 CFR Part 770 – Formaldehyde Emission Standards for Composite Wood Products and the Final Regulation Order of “Airborne Toxic Control Measure (ATCM) to Reduce Formaldehyde Emission from Composite Wood Products” - § 93120 - 93120.12, title 17, California Code of Regulations – by the California Air Resources Board (CARB),

Entwicklungs- und Prüflabor Holztechnologie GmbH (EPH)
Zellescher Weg 24, D-01217 Dresden, Germany

as CARB-approved and EPA-recognized **TPC-10** has

- (A) verified that the panel producer quality assurance and quality control procedures are complying with the requirements
- (B) verified the panel producers quality control test results compared with test results from ASTM E1333 or ASTM D6007, by having the TPC laboratory conduct quarterly tests
- (C) established quality control limit(s) (QCLs) for each product type
- (D) established a process that will be used to determine if products are exceeding the applicable QCL
- (E) provided the CARB or EPA TPC number to the panel producer for labeling and recordkeeping; and
- (F) inspected the panel producer, its products and records at least quarterly

according to Third Party Supervision and Certification Agreement no. SPL-08-11-10
and certifies that the product

Particleboard PB E-LE line 1 (former line 3)
in the nominal thickness range of 8 mm - ≤ 40 mm

manufactured by
KRONOSPAN CR, spol. s r.o.

at its manufacturing site
Na Hranici 6
CZ-587 04 Jihlava

complies with the applicable emission standards set forth

in TSCA Title VI – § 770.10 and CARB Phase 2 according to table 1 of § 93129.2.

This evaluation is based on **Supervision Report 2117016/2017/04 dated 5 December 2017.**

This attestation confirms, as a proof of continued TPC certification, the validity of the Initial Certificates no. CARB-08-12-17 and TSCA-2017-08-23-04 and remains effective for the agreed surveillance period unless the requirements and conditions, under which this attestation has been issued, have changed considerably.
