

# LA GALLINA MATTA

## Lookbook

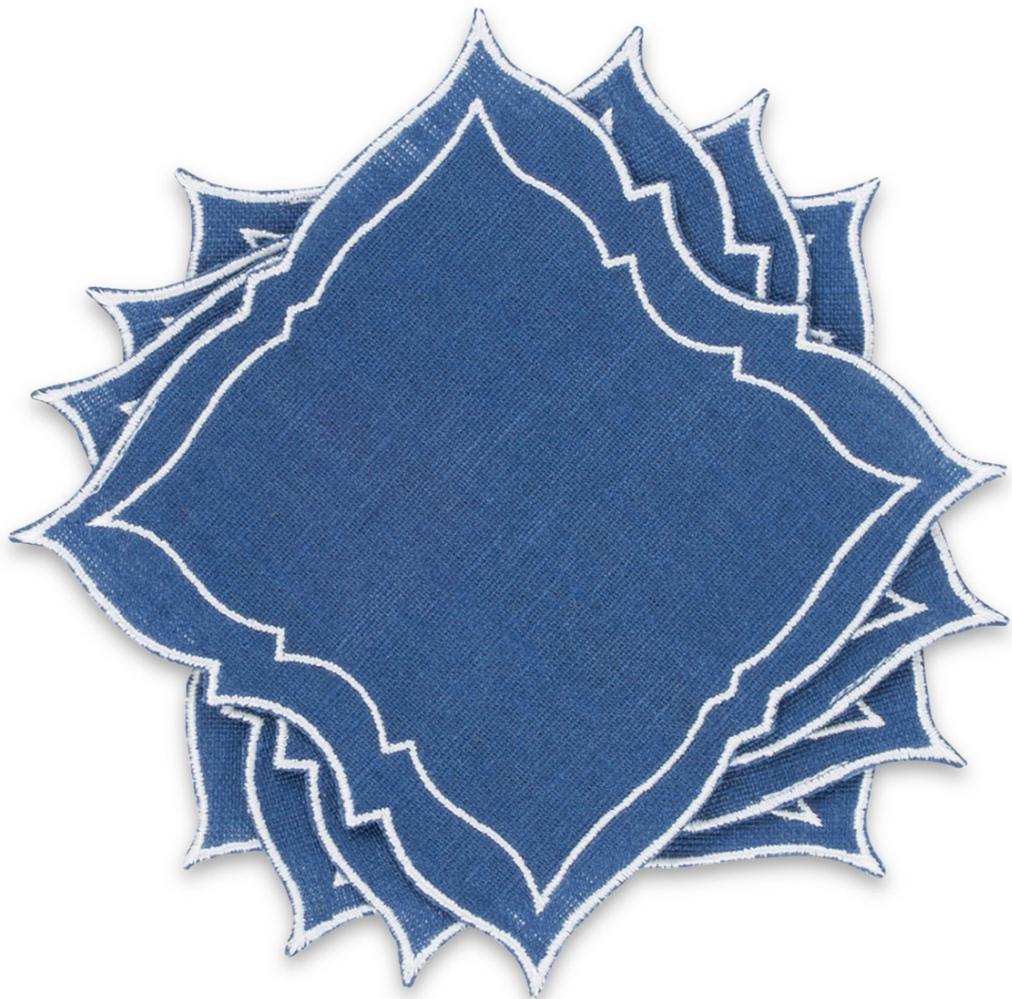

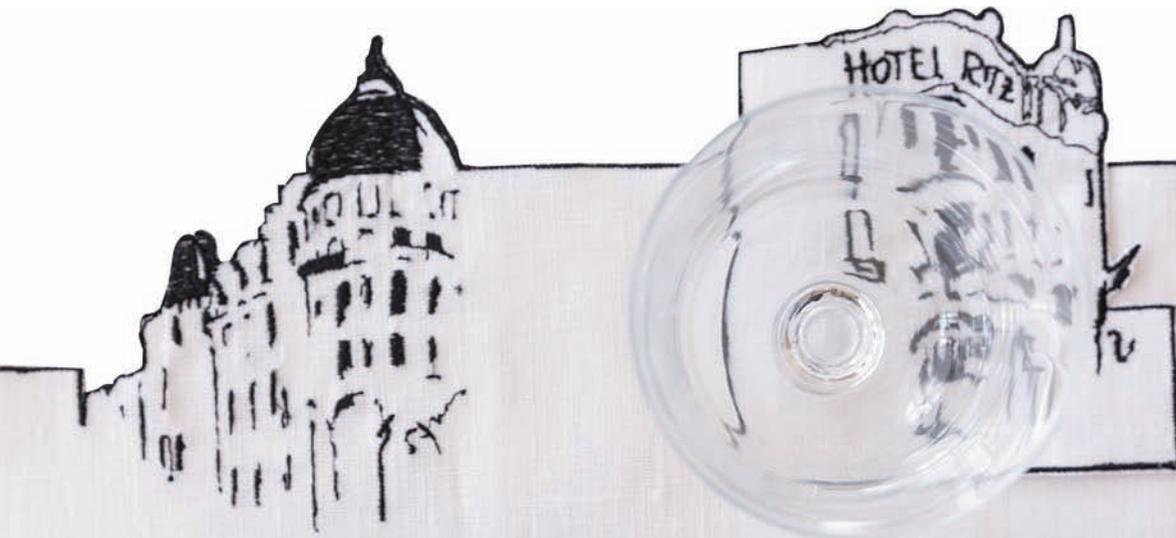

Caring for Parentesi placemats is easy. Should a spill happen,  
simply wipe clean with a damp sponge.

Heavier soiling can be machine washed on the gentle cycle  
using cold water with a mild detergent.

Air dry flat (tumble drying is not recommended).

If pressing is desired, use the iron's lowest steam setting  
and press on the reverse side, covered by a towel.

Note that shrinkage of about 3% is normal with the first  
laundering..
