CITTERIO RESEARCH DEVELOPMENT & COMFORT

Citterio SpA, nata nei primi anni '60 in provincia di Lecco, è un'azienda dinamica, protesa verso il futuro, attenta a raccogliere le sfide del mercato, e, grazie ad un costante sviluppo, leader nel settore dell'arredamento d'ufficio.

Citterio offre una vasta gamma di prodotti: pareti divisorie cieche e vetrate, armadiature, sistemi operativi e direzionali, complementi; ognuno di questi prodotti è utilizzato dai progettisti per soddisfare le esigenze del Cliente, le cui idee sono sviluppate ed integrate in un progetto unico e personalizzato.

Ricerca ed innovazione, flessibilità produttiva, alto livello tecnologico, cura del dettaglio, servizi qualificati in grado di valorizzare gli investimenti dell'utenza, affidabilità e continuità, maestria nella lavorazione del legno: tutte caratteristiche insite nell'azienda e nel suo DNA.

I prodotti e i servizi di Citterio si distinguono per funzionalità, design, materiali ecocompatibili ed ecosostenibili, alta qualità: elementi essenziali per i nuovi ambienti di lavoro, dove l'attenzione sempre maggiore al benessere e al comfort delle persone non può prescindere dai requisiti funzionali ed estetici.

Citterio Spa, founded in the early 60s in the province of Lecco, is a dynamic industry, that looks towards the future, alive to collect market challenges, and, thanks to a steady development, a leader in the office furniture.

Citterio offers a wide range of products: blind and glazed partitions, cabinets, staff and executive systems; each of these products is used by designers to meet the needs of the customer, whose ideas are developed and integrated in a unique and personalized project. Research and innovation, production flexibility, high technology, attention to detail, qualified services able to enhance the investment of users, reliability and continuity, skill in woodworking: all of the features are inherent in the company and in its DNA.

Citterio's products and services stand for functionality, design, eco-friendly and environmentally friendly materials, high quality: essential elements for the new work environment, where more and more attention to the welfare and comfort of the people cannot ignore the aesthetic and functional requirements.

CITTERIO, PEOPLE MATERIALS & TECHNOLOGIES

Un'azienda fatta di persone che ogni giorno si ritrovano in un ambiente sereno, amichevole e ricco di idee e dove queste idee prendono vita e diventano prodotti e poi progetti.
Un'azienda dove legno, vetro e alluminio, materiali nobili, i quali vengono plasmati da mani esperte che li trasformano in prodotti attraverso i quali vengono creati ambienti di lavoro confortevoli, ergonomici e dal design essenziale ed elegante.
Un'azienda attenta al benessere sia dei propri lavoratori, ma anche ai lavoratori di tutto il mondo, dove il design, l'eleganza e la trasparenza rendono gli ambienti di lavoro ospitali proprio come un ambiente domestico.

A company made of people, who get together every day, in a relaxed, friendly and creative environment, to turn ideas into products, and eventually projects.

A company where noble materials, such as wood, glass and aluminium, are shaped by expert hands that turn them into products thanks to that we create comfortable and ergonomic work environments with a simple and elegant design.

A company that is committed to welfare of its workers, and workers all over the world, where in the work environment design, elegance and transparency are used to produced the same welcoming feel of a home environment.

SHARD 

La particolare forma triangolare della struttura portante di Shard è un segno fortemente distintivo del suo essere elegantemente minimalista e delinea il percorso strutturale dell'intero progetto. Pensato per organizzare con molteplici soluzioni i più svariati compiti operativi dettati dalle nuove modalità di lavoro. Questo sistema modulare, composto da cavalletti portanti e travi strutturali, permette con l'utilizzo di piani di diverse dimensioni di generare un'infinità di composizioni che variano dalla semplice scrivania a postazioni lineari multiple.

The special triangular-shaped section of the supporting structure of Shard is a highly distinctive sign of its minimalist elegance and outlines the structural path of the whole project. Thought to offer multiple solutions for the organisation of the most diverse operating tasks associated with modern work application. This modular system combines support legs and beams with worktops of various sizes, to create endless compositions, ranging from simple individual desks to multiple in-line workstations.

POINT 

Il sistema di piani di lavoro è elegante e funzionale al tempo stesso. Point è caratterizzato dalla struttura portante a cavalletto in alluminio e dalle molteplici finiture dei piani. La flessibilità progettuale e le ampie possibilità dimensionali la rendono l'interprete ideale per rispondere alle richieste di ogni tipo. Point coniuga il rigore del design con la duttilità di ogni componente, secondo le concezioni più aggiornate dei sistemi per ufficio. Point è in grado di rispondere sia alle necessità di distribuzione dello spazio di chi lavora su un semplice tavolo rettangolare, sia alle esigenze più complesse del lavoro di gruppo, che richiede la configurazione di uno spazio articolato.

This desk system is elegant and functional at the same time. Point is characterized by the structure in aluminium and multiple finishes of the worktops. The design flexibility and the different dimensional possibilities can make it the ideal interpreter to meet any kind of needs. Combining rigorous design with highly-versatility components, in line with the most modern interpretations of office systems, Point is able to meet the basic layout requirements of those who work alone on simple rectangular tables, as well as the more complex needs of a team requiring to work together in a more structured layout.

RUNNER 

Il nostro stile di vita è sempre più integrato agli oggetti che usiamo tutti i giorni. Siamo abituati ad interagire con strumenti di comunicazione e muoverci in spazi dimensionalmente sempre più piccoli. Il tavolo Runner è la risposta a questo stile di vita, permette di utilizzare lo spazio sotto al piano per riporre oggetti e pensieri, è un tavolo caratterizzato da un design essenziale ed efficace. Uno strumento ON/OFF a seconda del momento di vita della nostra giornata.

Our lifestyle is increasingly integrated with the objects we use every day. We regularly interact with numerous means of communication and move in increasingly smaller spaces. Runner table is the answer to this change in lifestyle, optimising the use of the space under the worktop in order to store things and thoughts. Despite its original design, this remains a minimal, simple and effective object. An instrument that can be switched ON and OFF depending on the time of the day.

Tavoli direzionali e tavoli riunioni creano ambienti unici, raffinati e preziosi.

Executive and meeting tables create a refined and precious environment.

La sezione importante della gamba in alluminio sposa la leggerezza del piano in cristallo con assoluta eleganza.

The important section of the aluminium leg embraces the lightness of the glass top with sheer elegance.

Uno spazio sottopiano garantisce un vano personale, ordinato e organizzato.

The space under the top assures a personal, tidy and organized space.

La particolare sezione dei profili orizzontale e verticale fanno apparire il piano libero dalla struttura stessa.

The particular section of the horizontal and vertical profiles make up the top free from the structure itself.

La disponibilità di diverse configurazioni e finiture

CORNER 

Questa collezione di tavoli direzionali, si combina perfettamente con la scrupolosa attenzione per il dettaglio evidenziata dalle pareti perfettamente tracciate di un edificio. Un sistema di geometrie severe, derivate dall'incontro di angoli retti che definiscono un raffinato insieme di piani lineari e di composizione ortogonale. Corner deriva dalla sinfonia di incontri in corrispondenza di spigoli, di piani spezzati in ogni angolo, che si proiettano in linee indipendenti verso nuove direzioni.

This collection of executive desks and tables is the perfect match for the highest care for detail expressed in an accurately designed building. A system of right angles and clear-cut lines, forming an elegant ensemble of linear planes and perpendicular compositions. Corner is a symphony of lines meeting sharply into edges and tops breaking into angles, each one projecting independently into new directions.

Linee geometriche pulite caratterizzano il sistema che è completato con eleganti cassettiere.

Clean geometric lines characterize the system which is completed with elegant pedestals.

ADD 

Sistema di tavoli caratterizzati da un'impostazione fortemente geometrica. L'originalità è visibile e tangibile: una sommatoria di doghe di lunghezza variabile e di larghezza fissa. Vi domina l'equilibrio della linea retta, l'ortogonalità ha lasciato il segno della saggezza e dell'equilibrio. Proprio dalla sua caratteristica dogia fissa ne deriva una serie di tavoli di diversa configurazione: rettangolari, quadrati, alti, bassi, da conversazione, attesa, meeting...

A collection of tables featuring a highly geometrical concept. The concept of originality is both tactile and visual: an overall sum-up of fixed and various-length staves. Straight lines dominates the system, the orthogonal settings cast an aura of wisdom and poise. Its characteristic fixed stave allows a series of tables of different configurations: rectangular and square tables, high and small tables, conversation and coffee, waiting tables, meeting tables...
