SPLENDOUR

WELCOME TO SCARLET ROOMS

A showcase of eclectic Scarlet Splendour furniture interacting with luxury living spaces.

For our sixth edition, we present to you a bold, contemporary three-bedroom apartment. Characterised by organic shapes and fluid forms this amazing home is designed by Morphlab. An award-winning, interdisciplinary architectural studio founded by Architect Sahil Jain. They pride themselves on being both designers and builders, creating architectural and creative solutions to help people realize their vision.

The Mould House in Kolkata is connected with an asymmetrical design style. Sahil and his team set a tone with blue, white and rust palette, through the use of rich textiles, marble and brass finishes. Our collections – Oasis, 88 Secrets, Vanilla Noir, Karesansui and Luce Naga were a perfect match for their unique requirement.

The white and brass tones of our cabinets, lamps, rugs and chairs exemplified the idea of elegant, subdued luxury. As you stroll through the rooms, you can feel a seamless transition from one space to the other. Remember, we patiently await the opportunity to add drama to your amazing spaces too.
