

SCARLET
SPLENDOUR

PRESENTS

AND THE DRAMA GOES ON

Even during these unprecedented times, people are holding on to hope. Choosing to remain creative, upbeat and productive and making the most of their homes.

We understand how important it is for the show to go on. To support our team of craftsmen and designers and celebrate their labour of love. While Salone Del Mobile cannot be replaced by anything, the world can experience joy and a bit of fun from the safety of their homes.

SCARLET SCENES 2020 IS PURE VISUAL DRAMA.

An anthology of cinematic frames that never fail to transport us into the world of drama, dance, song and laughter. Each piece of furniture is cleverly represented in an ambience, reminiscent of a movie. In these restrictive times, there can be no greater luxury than travelling through those magnificent scenes.

Celebrated by Scarlet Splendour's handcrafted timeless collection. Co-created with some of the most stylish, dramatic and quirky designers of our time. This year, Italian designers Marcantonio and Elena Salmistraro have joined the squad with their wonderful creations. Matteo Cibic, Richard Hutten, Nika Zupanc and Artefatto Design Studio have created stunning pieces, yet again. Come, watch us steal the show.
