ARMCHAIR

Jess outdoor furniture: Earl Outdoor

Earl Outdoor is the first range of outdoor furniture designed by Jess. These pieces have a stylish look to guarantee a unique garden experience. The range consists of a chair, a lounge and a three-seater sofa.

UV-resistant

The steel underframe is finished with a UV-resistant coating, which is available in three RAL colours. The material used will not rust. However, it is better for the inner frame if the furniture is not left outside in all weathers. We therefore recommend covers for the chairs, lounge and/or three-seater sofa with a specially designed cover, or storing them in a dry place, during the winter months.

Quick-dry foam

The Earl Outdoor range is made using Dryfeel, which is a quick-dry foam. This specially developed material has a wide-open cell structure, which allows water and moisture vapour to be eliminated quickly and efficiently. This maximises user comfort, even under moist conditions. Dryfeel has the following properties:

- Breathable structure thanks to wide open cells
- Lasting resilience
- Built-in bacteria protection
- Not affected by seawater or pool water

Weather-resistant fabric

The fabric used for the Earl Outdoor range is of a top quality and is water-repellent and mould-resistant. It is not completely waterproof but can withstand a shower of rain.

Specially designed protective cover

For a full guarantee, the furniture must be protected against extreme weather conditions. We therefore recommend using the protective cover specially designed for this furniture. It is made from Surlast, which is a technical textile from the Sunbrella Marine Protection Collection.

PRODUCT INFO

Measurements

	Depth	Height	Width	Seat height	Weight
Earl Low	80 cm	72 cm	85 cm	43 cm	15 kg

Technical data

Construction	Under frame	Upper frame
	Massive RVS Ø 12 mm	Steel frame Ø 20 mm
	RAL black 9005, white 9010, grey 7016	Powder coated
Filling	Seating	Back
	Dryfeel	Dryfeel
Springs	Seating	
	Nosag 2,8 cm	

Design

Jess Original 2019

Special requirements on request. All sizes are approximates. Due to design and selected comfort level the folds is inevitable.
