LEERY
by Kasper Friis Egelund

Product name	LEERY
Design	Kasper Friis Egelund 2018
Measurements	Ø280 x Height 400 mm Base: Ø140
Colours	Black

LEERY is a table lamp designed by Kasper Friis Egelund for Gejst. Pure round shapes (ball and cylinder) creates this quite minimalistic but still characteristic lamp. To emphasize the simple design approach, an honest and almost obvious “pull-out” of the cord, is made. To balance the lamp a concrete piece is placed on the back, to keep it upright. An E27 socket is fitted inside the lamp shell. The raw industrial look fits perfectly in to the Gejst universe. The LEERY lamp embraces and protects the light, therefore the name LEERY.

KOLLAGE
by Michael Rem

Product name	KOLLAGE
Design	Michael Rem 2017
Measurements	Hooks: W30 x D30 x H65 mm Flowerpot: Ø140 x H120 mm Shelf: W600 x D180 mm Mirror: Ø500 x H37 mm
Colours	Black

Kollage is inspired by the French cleat system, that is often to be found in old-fashioned craftsmen workshops. Michael Rem has given new life to the classical principle, that is based on one single element as a recurring motif. Kollage is characterised by a distinctive hook, which serves as starting point for all the remaining hanging objects in the collection: a mirror, a shelf and a planter. The original organising system has been rethought, taken out of the dusty garages and brought in to the design world. Place the hooks, mirror, shelf and planter how you like and create a collage of useful and decorative items.
