## COLLECTION

PORCELANOSA

**Home Collection, wood and stone avant-garde for the new home.**

PORCELANOSA Group's new brochure includes multiple proposals for the introduction of; innovation, style and quality into the home. Each of these products is conceived and designed to meet the expectations, tastes and needs of each profile. It is worth highlighting the ceramic wall and floor tiles in stone or natural wood, the kitchen furniture and accessories, the author's bathrooms with unique toilets and bathtubs, and the wardrobes and dressing rooms for interior rooms.

To see the finish and quality of these products yourself, you can go to your nearest PORCELANOSA store. There you will have the professional advice of our team, who will help you discover all the possibilities available for your project. Ask PORCELANOSA Group's advisors about promotions and financing advantages with the guarantee and quality which defines us.

PORCELANOSA NEW YORK

## 1000 SHOWROOMS AROUND THE WORLD

The close to 1000 showrooms, that PORCELANOSA Group has around the world, have allowed the brand to expand in the main commercial hubs and expand its distribution network. The company currently has 43 logistics centres and is present in more than 150 countries. New York, Miami, London, Paris and Milan are some of the main cities where PORCELANOSA Group has located its showrooms. Design, quality, innovation and personalised attention define the intentionality and acceptance of each of its eight brands.

## INSPIRATION FOR 365 DAYS OF THE YEAR

Redefining spaces or incorporating new interior design trends are some of the lines of action carried out in PORCELANOSA Group showrooms. Visit any PORCELANOSA store to find out how to redefine or create your home with our team of advisors, who will study your project and answer any questions you might have. Find your nearest PORCELANOSA showroom using the online locator at [www.porcelanosa.com](http://www.porcelanosa.com)

## CUSTOMER SERVICE

Our professionals will answer any questions you may have on the company's customer service telephone number: +0034 901 100 201 (for UK calls please dial 08702 240245). If you wish to email us instead, please contact PORCELANOSA Group via [grupo@porcelanosa.com](mailto:grupo@porcelanosa.com)

## WWW.PORCELANOSA.COM

This portal is the gateway to the widest range of products with which to give your home personality, style, functionality and style. There you will find the tools to make the right decisions as well as extensive information on current trends. Intuitive and user friendly, it is also the way to contact specialised professionals who will solve your questions.

## NEWSLETTER

You can subscribe to the company's newsletter to keep up to date with the latest trends in decoration and interior design, technological advances and the new collections from PORCELANOSA Group. You can subscribe to the monthly newsletter at [www.porcelanosa.com](http://www.porcelanosa.com)

## MOBILE APPLICATIONS

PORCELANOSA Group has created an App package (applications for mobile devices) so professionals in architecture and interior design and interested users can get to know the different brands within the Group. This app will allow you to create spaces in a journey from virtual to reality through your smartphone, iPad or any tablet. Download them in the applications section at [www.porcelanosa.com](http://www.porcelanosa.com) or from App Store.

## BLOG

New products, trends, projects, innovative developments, avant-garde products, technological materials and new ideas for your future projects. All these concepts and more are shown on the [www.porcelanosa.com](http://www.porcelanosa.com) blog, always updated to keep on top of the latest trends to gather ideas for your project or your home.

## PRODUCT FINDER

PORCELANOSA Group's extensive range of products and services, including technical features, installation manuals, CAD files, detailed pictures and setting proposals, is at your fingertips in the simple and effective product search engine. You will be able to check all this information at [porcelanosa.com](http://porcelanosa.com), where you will select the best elements and be able to view your project.

# LIVING ROOMS

The resistance and warmth of ceramic parquet, hydraulic-inspired tiles or floor tiles that reproduce the aesthetics of cement recover the handcrafted value of the polished product. Collections that are combined with relief coverings and vinyl finishes. Rustic, industrial and minimalist environments for interiors that seek greater meaning.

# BATHROOMS

The movement of water is the start and end of the design, from the taps and bathtubs to showers, washbasins, toilets and bathroom furniture. With personal wellbeing as the aim, each of the pieces that make up PORCELANOSA Group's collections have redesigned the concept of the bathroom as we know it. Modernity that flows.

# DECORATIVE PROFILE

Butech's decorative profiles are the small details that make a big difference in bathroom design. Butech offers a wide range of profiles that are adapted to a variety of uses: decorative metallic lines, separations between different materials, corner protections, or upper trims for wall coverings available for all types of bathrooms and kitchens. Butech's customer solutions range from functional design chromed profiles to 24K gold profiles for the most exclusive environments.

- 1** Decorative profile Pro-Part Cast Iron.
- 2** Decorative profile Pro-Part Rose Line.
- 3** Decorative profile Pro-Part Sand.
- 4** Decorative profile Pro-Part Cement.
- 5** Decorative profile Pro-Part Rose.
- 6** Decorative profile Pro-Part Latón Cromado / Pro-Light Aluminio Anodizado.
- 7** Decorative profile Pro-Part Graphite Matt.

**1 Shower screen Attica.** This user-friendly design is completely integrated in every detail: hinges and fixings flush with the glass for easy cleaning, ergonomic handle, innovative pivoting hinge system for smooth opening and closing whilst still maintaining watertightness. Manufactured in 8 mm tempered glass with exclusive SystemGlass easy clean treatment and accessories in high gloss chrome, is the perfect combination of elegance and minimalism. **Profiles** High brilliance finish. **Transparent glass** Easy-cleaning Treatment SystemGlass. **Serigraphy** Filo, Opal, Line and Deco.

**2 Shower screen Deca.** A large shower enclosure with sliding doors fitted with the silent easy-glide SoftClose system. Available with 10 mm-thick transparent glass for the fixed pane of glass and 8 mm-thick transparent glass for the sliding doors. It also features tough aluminium profiles in a satin anodised aluminium finish. The enclosure comes in various different sizes and models, ensuring a wide range of compositions able to meet all possible needs. **Profiles** Satin anodised aluminium. **Transparent glass** Easy-cleaning Treatment SystemGlass. **Serigraphy** Filo, Opal, Line and Deco.

**3 4 5 Shower screen Yove.** The new Yove bath and shower screen collection uses simplicity in its lines capturing a minimalist and contemporary spirit without compromising on performance. In various formats and sizes to satisfy market demand, the shower screen is available in two heights: 1950 mm for showers and 1450 mm for installing over baths. The entire range features space-saving sliding doors, for user convenience. The doors have two bearings on the upper section, leaving the bottom of the shower screen clear. The minimalist profile, together with detachable lower guide, makes the Yove range extremely functional and versatile. **Transparent glass** Easy-cleaning Treatment SystemGlass. **Serigraphy** Filo, Opal, Line and Deco.

**1 Shower screen Vitra.** Maximum security 8 mm tempered glass. Aluminium profiles and stainless steel bars. **Transparent glass** Easy-cleaning Treatment SystemGlass. **Serigraphy** Filo, Opal, Line and Deco. **Shower tray** Kit Imperband. **Shower grates** Texture Chrome finish

**2 3 Shower screen Silke.** Consists of an 8 mm wide high security tempered glass. The glass and the 20 mm compensation. **Profiles** High brilliance finish. **Transparent glass** Easy-cleaning Treatment SystemGlass. **Serigraphy** Filo, Opal, Line and Deco.

**4 Shower screen Neo 10 + 5.** Adaptable to any bathroom space shower tray. Telescopic stainless steel brackets for usage in shower areas from 40 cm to 100 cm. Hinges with a possibility of rotation of 270°. 8 mm maximum safety tempered glass. **Profiles** High brilliance finish. **Transparent glass** Easy-cleaning Treatment SystemGlass. **Serigraphy** Filo, Opal, Line and Deco.

**5 Shower screen S+Line.** Reflects new trends in design. The conventional straight edges of the aluminium have been replaced with gentler, more sinuous shapes. Its compact organic profile incorporates one of the most advanced roller systems on the market in this small space. As with the natural world, where superior solutions to environmental problems often go unnoticed, the S+LINE shower enclosure's gentle minimalist design conceals innovative solutions, like its extra-smooth rails or the SoftClose opening and closing mechanism. **Fittings** Chrome. **Transparent glass** Easy-cleaning Treatment SystemGlass. **Serigraphy** Filo, Opal, Line and Deco.

# TECHNICAL SOLUTIONS

Specialised in ventilated façade systems, raised technical floors and constructive solutions, Butech is the company from PORCELANOSA Group responsible for advising all those professionals in the ceramic industry on the latest advances in tile installation. The firm's technical office studies the specific features of each façade, develops the necessary solutions to carry it out and supervises its installation in all types of buildings. Quality, technology and customised assistance.

## TILED FAÇADES

All STON-KER, URBATEK, XLIGHT, and even PAR-KER and STARWOOD tile models can be used on façades. Thanks to their technical characteristics and wide variety of designs, they are ideal as outdoor cladding on buildings.

Through its Technical Project Department, Butech offers clients of PORCELANOSA Group assistance in the design and assembly of façades.

Shown systems:  
Ventilated Façades  
Bonded Façades

## KRION™ FAÇADES

The KRION™ VENTILATED FAÇADE system combines the excellent performance of Solid Surface with the know-how developed by Butech in the design and execution of all kinds of façades endorsed by the most demanding international agencies and the prestige of the brand PORCELANOSA.

This system adapts perfectly to the cladding and allows the designer /architect to execute impossible designs with other materials: curved forms, backlight, decoration by engraving or façade designs in different planes. The technical characteristics of the system as well as its flexibility allows to create the most innovative designs.

## RAISED ACCESS FLOORING

The raised access flooring (RAF) is a system that was born from the need to hide the large number of visible installations and connections such as telephone and electricity wiring, piping or air conditioning systems that are located in work areas, offices, technical rooms or similar spaces.

These installations are hidden under the system, as a "technical plenum" has been created with immediate and easy accessibility which allows to carry out a smooth installation process.

## RAISED ACCESS FLOORING FOR EXTERIORS

The raised access floor (RAF) system for terraces has been specially developed to provide an aesthetic solution for terraces containing unsightly drainage slopes. By building a completely flat floor over the existing terrace floor, these slopes are conveniently hidden underneath.

Height deviations are offset with height-adjustable plots and any accumulated water is drained through open joints on the newly paved surface and then channelled down the terrace's waterproofed slopes to the drain.

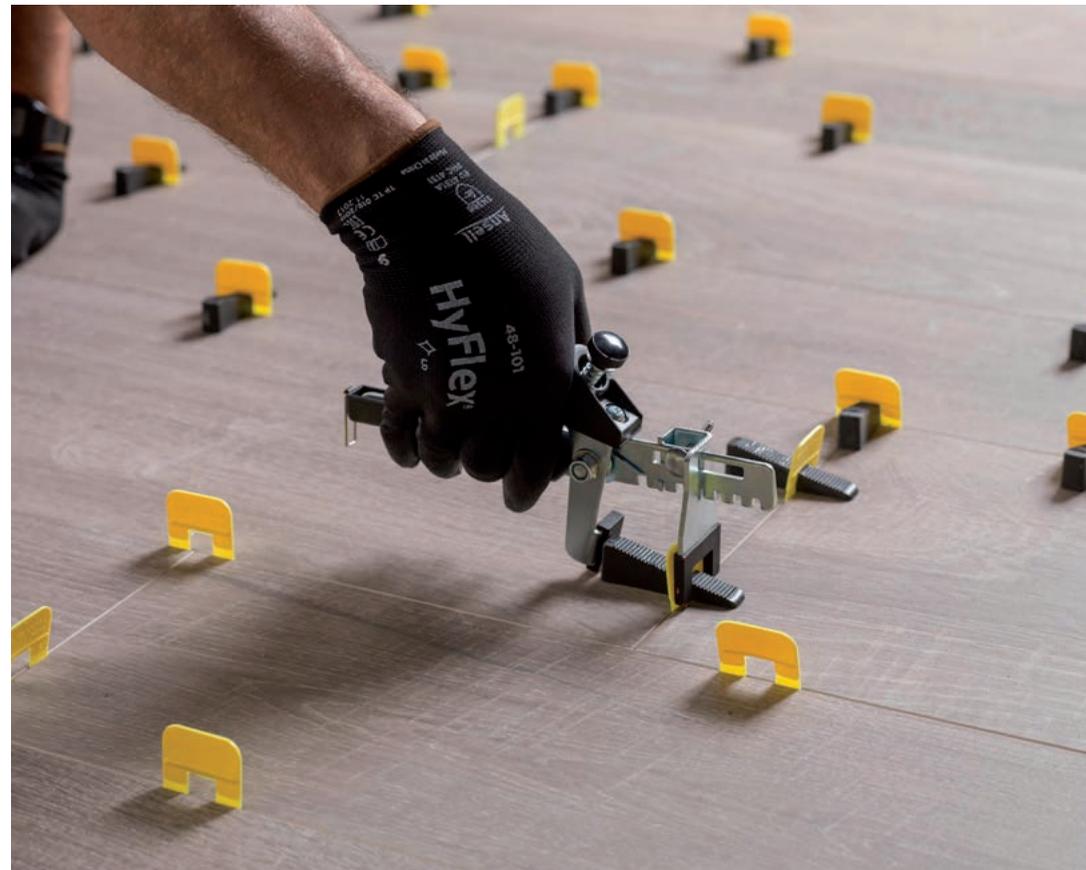

## FULL SAFETY AND ASSURANCE

### TILE-LAYING AND GROUTING MATERIALS

A specific adhesive is required for each tile. PORCELANOSA Group has a close awareness of its product's requirements, and it develops technical solutions to facilitate the installation of different tiles and to ensure safe, healthy buildings.

PORCELANOSA Group recommends Butech setting materials only. Ask our technical team for advice on choosing the correct adhesive.

Shown products:  
 Levelling tile spacers and wedges.  
 one-flex premium.

 colorstuk rapid n  
 epotech nature

## WATERPROOFING SYSTEMS

When water is present, there is always risk of leakage. This contingency must be taken into account in the design and creation of all bathrooms. Damp, drips and water leaks can be avoided by laying a waterproofing membrane under tile coverings as a moisture barrier.

Butech has a wide range of waterproofing for swimming pools, exterior floors and bathrooms.

Shown products:  
 Kit imperband standard  
 Kit imperband rehabilitation n

Check the available grids on page 123.

HIGH-PERFORMANCE SOLUTIONS

## Butech RADIANT FLOOR HEATING

Radiant floor heating warms comfortably, using radiant heat instead of hot air.

Butech radiant floors consist of a fine electrical mesh laid under the floor, which avoids the presence of radiators, and an intelligent thermostat which can be controlled from a mobile phone. 100% comfort.

Shown products:  
 Premium radiant meshes 1-5 m<sup>2</sup>  
 8GM Smart Thermostat

## SHOWER DECK SYSTEM

New Concept shower tray with hidden drain for the most exclusive bathrooms. This new shower-tray system creates a sense of continuity with the rest of the bathroom floor because the slopes are hidden under the floor. Drainage is achieved through open joints and does not require a drainage grille.

The shower deck system is a shower consisting of a polyurethane base coat with thermostable polymer, ready for ceramic tiles without any need for adhesive. Especially recommended for bathroom refurbishments.

Shown products:  
 Shower Deck
