PIPE

design Garcia Cumini
Chair, 2018

**A great formal lightness,
an apparent simplicity made
possible by investigating new
boundaries of resistance and
ductility of wood.**

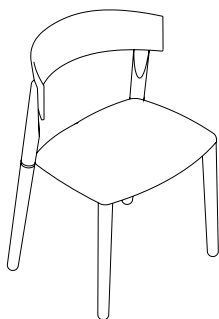

Un progetto colto e di grande
leggerezza formale, frutto di una
ricerca che indaga nuovi confini di
resistenza e duttilità del legno.

TRENCH

design Laura Silvestrini
Armchair, 2018

**Trench shares a detail of style
with the iconic and timeless
“must-have” coat: the belt softly
laid at the waist.**

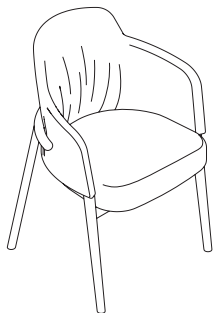

Trench condivide con l'iconico
e intramontabile impermeabile
un dettaglio di stile: la cintura
morbidamente appoggiata in vita.

MACARON

design Laura Silvestrini

Chair, 2018

The seat is a perfect circle on which a soft cushion rests. The overlapping of the two recalls the image of the French pastry that gives the name to the armchair.

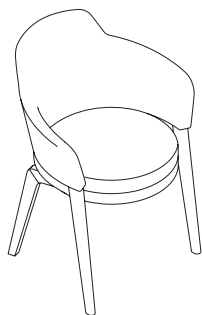

La seduta è un cerchio perfetto su cui poggia un morbido cuscino. È proprio la sovrapposizione di questi due strati a richiamare l'immagine del pasticcino francese che dà il nome alla poltrona.
