Vetrovivo präsentiert
ARCHITECTURÆ.

Alle Basis Modelle haben geometrischen Formen und große Entwicklung ist an den TONDI gegeben worden, die in verschiedenen Formaten präsentiert worden sind.

Projekte zu machen ist schön, es ist einfach mit den verschiedenen Formen und Farben mit Phantasie zu spielen: viele, wenige, unregelmäßig, horizontal, vertikal und immer farblich, eine optimistische und unwiderstehliche Auswahl.

Die besonderen Formen können in maximaler Freiheit interpretiert werden. Sie bilden eine Wirkung von immer neuen effektvollen Eindrücke, von kompletten Oberflächen auf Mosaik oder wertvolle Feinarbeit mit Bordüre oder Formteile in Verbindung mit anderen Materialien wie Fliesen, Holz usw.

Alles Glas mit einer Stärke von 8 mm, jetzt auch in SLIM Dicke von 4 mm., naturell, öko-kompatibel, komplett wieder verwendbar, ohne Nutzgrenze und mit Farben die zeitlos sind.

Die überraschende Gamma von Geometrischen Formen auf Glas.

Vetrovivo von Grund Made in Italy, eine wirklich transparente Qualität. Der Siegel Vetrovivo bestätigt die Authentizität.

Vetrovivo présente
ARCHITECTURÆ

Tous les modèles de base sont de forme géométrique. La série TONDI propose divers formats.

Il est beau de composer et facile de jouer avec les différentes formes et couleurs avec fantasie: nombreux, solitaire, irréguliers, horizontaux, verticaux, ils donnent un choix aussi optimiste que coloré.

Les formes particulières peuvent être interprétées avec le maximum de liberté tout en créant des effets scénographiques nouveaux sur d'entière superficie revêtue de mosaïque, de décors ou de listels qui peuvent se marier avec toute sorte de matériaux comme les carrelages, le bois, le métal et autres...

Tout en verre d'épaisseur 8mm, également disponible à ce jour l'épaisseur SLIM de 4 mm., naturel, Eco-compatible et totalement recyclable, sans limites d'utilisation et inaltérable dans le temps.

La surprenante collection de Formes Géométriques en Verre.

Vetrovivo entièrement Made in Italy, une qualité vraiment Transparente. Le sceau Vetrovivo en certifie l'authenticité.

Vetrovivo presents
ARCHITECTURÆ

All basic models are of geometrical form, particularly TONDI got a great development, they are proposed in various sizes.

It's nice to project, it's easy to play with the different shapes and colors with fantasy: many, few, irregular, horizontal, vertical and always very colored, it's an irresistible and optimist choice.

The particular shapes may be freely interpreted to create always new spectacular effects on fully glass mosaics dressed walls or with precious finishing with borders or loose pieces combined with other materials, such as tiles, wood and so on.

Full glass exalted by a 8 mm. thickness, now also available in SLIM thickness of 4 mm., natural, eco-friendly, completely recyclable, with no use limits and with timeless unalterable colors.

The amazing collection of Glass Geometrical Shapes.

Vetrovivo full Made in Italy, a real Transparent quality. Vetrovivo seal certifies its authenticity.

Vetrovivo presenta
ARCHITECTURÆ

Sono di forma geometrica tutti i modelli base di questa serie dove grande sviluppo è stato dato ai TONDI che vengono proposti in diverse dimensioni.

E' bello progettare, è facile giocare con le diverse forme e i diversi colori utilizzandoli con fantasia: tanti, pochi, irregolari, orizzontali, verticali e sempre coloratissimi, una scelta irresistibile e ottimista.

Le particolari forme possono essere interpretate in massima libertà creando effetti scenografici sempre nuovi con intere superfici rivestite di mosaico o preziosi interventi di finiture con listelli o pezzi sfusi in abbinamento ad altri materiali quali piastrelle, legno ecc..

Tutto vetro esaltato da uno spessore di 8 mm., ora disponibile anche SLIM da 4 mm., naturale, ecocompatibile, completamente riciclabile, senza limiti di impiego e con colori inalterabili nel tempo.

La sorprendente gamma di forme geometriche in vetro.

Vetrovivo completamente Made in Italy, una qualità davvero Trasparente. Il sigillo Vetrovivo ne certifica l'autenticità.
