ZEN PROTECT COS'E':

Una serie di schermi per proteggere da eventuali droplets rilasciati durante una normale conversazione. Un pannello in PMMA o PETG trasparente in varie misure sostenuto da supporti a morsetto o appoggio. **Il PMMA può essere pulito acqua e sapone o con una soluzione di ipoclorito di sodio all'1.15% (tipo Amuchina)**

ZEN PROTECT WHAT IS IT?

*It's a collection of screens made of transparent PMMA, to protect from droplets released during normal conversation. Different sizes supported by metal brackets freestanding or clamped. **PMMA or PETG can be cleaned with water and soap or with 1.15% sodium hypochlorite product like Amuchina***

ZEN SOUNSHAPER ACUSTICO è anche un ottimo alleato per mantenere gli ambienti protetti. I divisori in poliestere rivestiti di trevira CS sono facilmente sanificabili.

Possono essere trattati senza subire danneggiamenti o cambiamenti di colore, con:

- Acqua e sapone e/o alcool etilico 75% e/o ipoclorito di sodio 0,5%,
- Disinfettanti a base di etanolo.
- Lavaggio in acqua e sapone neutro come da scheda tecnica prodotto.
- Lavaggio a secco.

E' importante aspirare regolarmente i tessuti e mantenerli asciutti al fine di prevenire la proliferazione batterica.

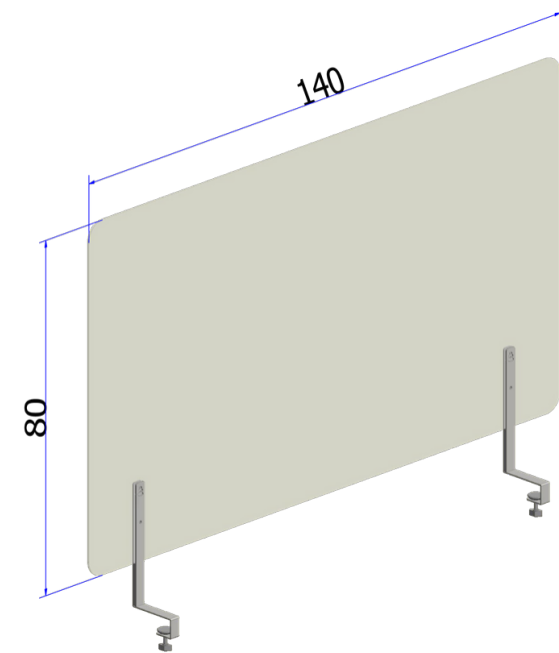

ZEN SOUNSHAPER ACOUSTIC is also an excellent ally for keeping environments protected. The polyester dividers coated with trevira CS are easy to sanitize.

They can be treated without suffering damage or color changes, with:

- *Water and soap and / or ethyl alcohol 75% and / or sodium hypochlorite 0.5%,*
- *Ethanol based disinfectants.*
- *Washing in water and neutral soap as per product data sheet.*
- *Dry wash.*
- *It is important to regularly vacuum up the fabric to keep them dry to prevent bacterial proliferation.*
