ROLF BENZ

VISION AND AMBITION

Awe-inspiring creations are made on the outskirts of the Black Forest in Nagold. Intelligent beauty meets outstanding quality. Hi-tech creations crafted by the hands of experienced specialists. Rolf Benz epitomises traditional, almost lost values that are now experiencing a renaissance.

Rolf Benz has always brought together the spirit of the times and character to places of longing.

The importance of the beautifully made, high-quality and steadfast is once again on the rise. With the new Rolf Benz SLEEPING collection, these attributes are now also making their way into the bedroom – with beds that are so beautiful, you almost won't want to close your eyes.

Rolf Benz has been making sofas since 1964. Some deem them to be the most beautiful ones ever created since humankind discovered the pleasantly comfortable position between sitting and lying down. Rolf Benz has now also come up with an array of other product categories – from designer dining tables to carefully thought-out cabinet systems. This is furniture that can be found anywhere in the world where timeless elegance and superlative quality are regarded as an expression of hospitality.

n o t h i n g b u t

THE ESSENCE OF OUR
CREATIONS FOR
THE ESSENCE OF YOUR
LIFESTYLE -
THAT IS "NOTHING BUT
WUNDERBAR."

w u n d e r b a r .

Still at the heart of everything: creation and craftsmanship. The two are brought together in the aspiration to constantly re-define and optimise the human comfort zone. In the process, we create a feeling that we like to associate with the beautiful German word "wunderbar". Wunderbar happens when the senses are indulged and heightened at the same time. Wunderbar happens when relaxation gives rise to new inspiration. Wunderbar happens when the essentials unfold.

ROLF BENZ

55 YEARS OF HIGHLIGHTS

Moving with the times becomes a fine art, especially when you manage to do it successfully for decades. Rolf Benz designs regularly win national and international awards.

1 9 6 4

Addiform, the first sofa and armchair range by Rolf Benz, makes a radical break from the traditional, conventional arrangement of sofa, armchairs and a coffee table. Customers have the flexibility to add the elements that suit them.

1 9 7 1

Rolf Benz first exhibits at the international furniture and interiors fair (imm) in Cologne with its own stand in 1971. The hippy generation lounge in the avant-garde concept of huge living room environments complete with scenery by Rolf Benz.

1 9 8 5

Times come and go. Rolf Benz 6500 is here to stay. For over 30 years! This elegant, timeless piece is an indispensable object in living rooms all over the world.

2 0 0 3

Rolf Benz EGO seems to be the perfect solution to discerning customers' needs. Its modern, highly flexible design has made this sofa system an international bestseller for over 15 years.

2 0 1 7

AS TIMES CHANGE,
SO DO TASTES.
WITH ROLF BENZ,
THEY ALWAYS REMAIN
SOPHISTICATED.

In times where even living space is becoming more and more of a luxury, creative solutions are needed: Rolf Benz MERA is a remarkably smart system full of concealed functions – and also a real game changer in terms of space.

2 0 1 9

The lives of the modern-day generation are more in flux than ever before. Rolf Benz ADDIT has the flexibility to adapt – while at the same time superbly maintaining its sleek, cosmopolitan elegance.

ROLF BENZ

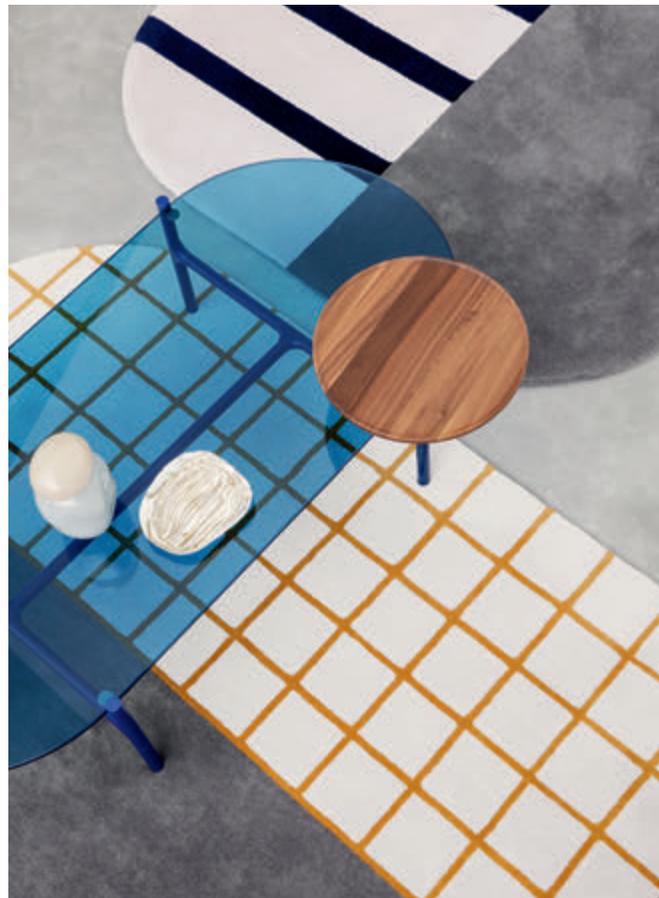

BRAINS AND IDEAS

We are proud to be able to unveil a new addition to the canon of renowned Rolf Benz designers: Werner Aisslinger. The pioneering objects by the 2014 A&W Designer of the Year have inspired numerous visitors to the New York MoMa, the Munich Pinakothek and the Victoria & Albert Museum, to name just a few.

Werner Aisslinger's interest lies in new materials and technologies that go beyond mere shape and form. His speciality is creating innovation by re-mixing the familiar. In collaboration with designer Tina Bunyaprasit, he has come up with one of his most beautiful objects: Rolf Benz ADDIT.

“ARCHETYPICAL
AND AT THE SAME
TIME FRESH AND
PLAYFUL. ROLF BENZ
ADDIT IS LIKE A
LIVING COLLAGE.”

Werner Aisslinger, Designer

Werner Aisslinger is one of the most significant designers of the modern age. With Rolf Benz ADDIT, he is once again showcasing his visionary ideas and highlighting his influential role.

How life is: Rolf Benz ADDIT

The name says it all: the modular system effortlessly adds all of the options that change or develop the way we live – in a vibrant interplay of metal, wood, fabric, leather and ideas. During the development process, the designers took their inspiration from patchwork families, for example, as well as the tastes of different generations and various lifestyles.

ROLF BENZ

MADE IN GERMANY

The cradle of what we today refer to as high-quality German craftsmanship lies in Germany's most southerly corner. Where old traditions are upheld just as much as productive and innovative working.

As a long-established company from the Black Forest, Rolf Benz embodies the characteristically German virtues of order, conscientiousness and discipline. The interaction of the Swabian work ethic, unique expertise, decades of experience and an exacting demand for quality runs through the entire production chain at both of our plants, situated close to the company's headquarters in Nagold:

- fabric and leather storage
- cutting
- stitching
- frame production
- pre-upholstery
- upholstery
- final inspection and packaging

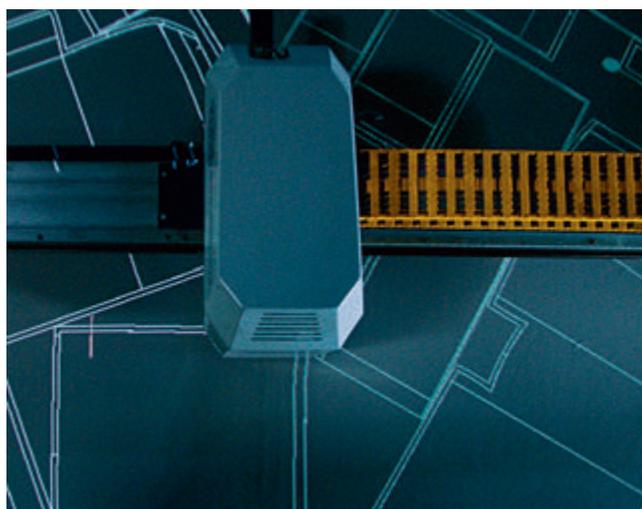

DOWN TO THE DETAIL

Every year, we turn several hundred thousand square metres of fabric and leather into covers.

NUBUCK LEATHER, VISCOSE, VELOURS - ANYTHING THAT LEAVES OUR WAREHOUSE HAS BEEN CHECKED MULTIPLE TIMES WITH EAGLE-EYED SCRUTINY TO ENSURE ITS QUALITY.

Through the use of high-tech in the leather-cutting process, we reduce waste to a minimum and are able to process valuable materials with particular efficiency and sustainability.

Maximum precision

Stage by stage

Our “Made in Germany” sofas are among the highest quality worldwide. Each one of them has passed through countless stages before it is completed. After the individual configuration by our customer, we have the ordered unique pieces produced at our plants in Mötzingen and Pfalzgrafenweiler.

The results of Rolf Benz's high-quality German craftsmanship are now supplied to over 50 countries worldwide – custom-made with a choice of over 100 leathers and over 200 fabrics.

E F F I C I E N T A N D

Making sure that every production step is executed flawlessly requires not only muscle strength, but also expertise and concentration.

Precision work and exacting checks are the essential ingredients in our efforts to achieve perfection. The actual formula for success, however, is universal: only what is created with dedication succeeds so well that it leaves a lasting impression. The dedication to “Made in Germany” is ideal for communicating exactly the feeling that we are aiming for – one that is best expressed with that beautiful German word: WUNDERBAR.

S U S T A I N A B L E

Every sofa is a unique piece and is subjected to strict quality criteria multiple times before being shipped.

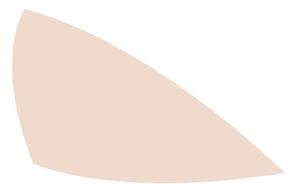

Take a look behind the scenes in the short film entitled “nothing but wunderbar”.

Sofas

Rolf Benz
ADDIT

Design
**Tina Bunyaprasit &
Werner Aisslinger**

Nominated for the
German Design
Award 2020

**The universal sofa of our time.
With the future included.**

More than ever, our lives today are subject to change. For Berlin designers Tina Bunyaprasit and Werner Aisslinger, this was the motivation and inspiration behind creating Rolf Benz ADDIT, a freely movable living collage. The result is a modular sofa landscape in an iconic design that

adapts to virtually every wish and every room situation – and which can also, when required, be expanded piece by piece. The graphically linear, floating appearance blends with any surroundings. The voluminous cushions make Rolf Benz ADDIT the ultimate feel-good experience.

**Wonderfully
extendable.**

Is that even still a sofa? Rolf Benz ADDIT is a media point, a meeting place for the family, a home office, a play area, a place to chat and a cabinet of curiosities all in one. Rolf Benz ADDIT is made up of individual upholstered elements that sit on a fine, leather-covered frame. The design communicates a playful, lightweight appearance yet has the elegance of a modern classic. As an individual sofa or in a combination of modular elements, it is ideal for all floor plans. Combined with shelving

units and trays, with brackets and matching coffee tables and rugs, Rolf Benz ADDIT creates an unending number of possibilities. Add, for example, a shelving unit on the back – positioned in the middle or to the side. On its own or in combination with a bracket, it brings together a cosy comfort zone and elegant storage. In order to satisfy not only your taste but also your physique, you can choose between two seat heights.

**Add
your style.**

The striking frame, which supports the fine leather framework, can be designed with traffic black, telegrey 4 or sapphire blue surfaces. The optional trays are available in steel (also in traffic black, telegrey 4 or sapphire blue) or like the shelves in solid wood (oak, black oak or walnut). The brackets can be covered in all leathers from the collection.

The comfortable Rolf Benz ADDIT armchair with optional tray impresses both as an individual piece and as an ideal add-on to the sofa. Designers Tina Bunyaprasit and Werner Aisslinger are also the creators of the coffee tables of the same name, which are available in various sizes and surfaces (p. 121). The duo have also created the four rugs, as fitting companions for Rolf Benz ADDIT in terms of their look and materials (p. 155).

Rolf Benz
VOLO

Design
labsdesign

Nominated for the
German Design
Award 2020

**Catches the eye.
And never lets go.**

Discover a new perspective on life and enjoy the exquisite feeling of luxurious lightness and superlative comfort with the Rolf Benz VOLO sofa range. The elegant composition of super-soft cushions, fine covered framework and graceful feet appears to float in the room. Whether as a single or a sectional sofa, Rolf Benz VOLO can be

perfectly adapted with a range of design options to fit personal preferences and has been designed to accommodate flexible living. The individual elements can optionally be free-standing in the room or joined together. Upholstered modules without backs or integrated tables also provide visual transparency.

**More space
for your ideas.**

Rolf Benz VOLO offers a range of options for creating exciting sofa landscapes. As a modular and flexible sofa system, it satisfies discerning demands in terms of comfort and, with its Lounge Deluxe upholstered version, is ideal for lovers of a casual look. The construction of the Lounge Plus upholstery offers maximum comfort to those who prefer a more tranquil surface. The rolls integrated into the back cushions provide support in the lower lumbar area, thus allowing especially comfortable reclining and perfectly balancing the

model's generous seat depth. The optional raised back cushions with a further roll, which lies on top of the sofa back, allow particular high-backed comfort. The covers for the body, framework, back cushions and back cushion rolls can be combined in all-over look or individually with various fabrics and leathers in "mix and match" style. The metal feet on the sofa, which is available in two seat heights, are offered in fine traffic black, umbra grey or modern ochre-beige metallic.

**Relaxed
interaction.**

Rolf Benz 933 and Rolf Benz 932 offer further options for customising the Rolf Benz VOLO comfort range. An ideal addition is the Rolf Benz 933 side table, which can be positioned next to the sofa or as a harmonious element in between. The Rolf Benz 933 shelving unit provides an especially practical storage surface on the back or side of the sofa. Both versions are available in natural oak, black oak or walnut. The elegant Rolf Benz 932

coffee table (p. 125) brings an additional sensory aesthetic to your living room. The table, available in two sizes, impresses with its finely rounded tabletop, which, just like Rolf Benz VOLO, exudes a lightness that gives it the appearance of floating. The table tops are available in natural oak, black oak or walnut. The striking metal frame can be chosen with surfaces in traffic black, umbra grey or ochre-beige metallic.

Rolf Benz
NUVOLA

**Make life
at home.**

Spend time with your family, welcome friends and acquaintances – or simply enjoy a moment of calm on your own. Rolf Benz NUVOLA is made for your life. The generous comfort system range offers a variety of individual elements to choose from that

allow you to create all manner of flexible floor plan solutions. The sectional sofa impresses with its lightweight appearance, reflecting international trends, and transforms any living space into a vibrant place or a calm oasis, just as you wish.

Freedom of movement.

With Rolf Benz NUVOLA, you have the ability to change yourself and your personal living style whenever you want. Every individual element in the modular range can be joined together or free-standing. The seating elements can be selected in various sizes, with and without armrests, and combined with backless ottomans. Floor plans can therefore be rearranged and brightened up at any time. Create your flexible living room environment and design your sofa in line with your own preferences: there are 3 seat heights to choose from, 3 foot designs (polished cast aluminium, traffic black or umbra grey) and 2 upholstery comfort variants – Lounge Plus and Lounge Deluxe. It can feel so wonderful simply to fall back and let go of everyday stresses. Now it's more comfortable

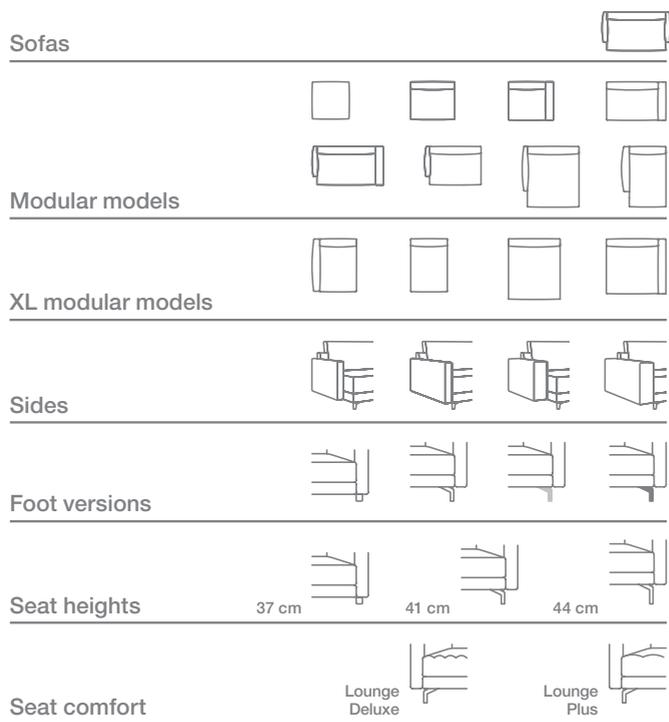

than ever before – with the new Lounge Deluxe seating comfort, a superbly soft and casual-looking upholstery that offers blissfully gentle, easy seating. It comprises three anatomically shaped foams, a mat on top made from high-tech fibres, encased in a generous cassette chamber configuration with additional viscose foam and a carefully made, three-layer fleece ticking composite as the cover. To accommodate every seating preference, the tried-and-tested Lounge Plus seating comfort is available as an alternative and features a calmer surface. Additional cushions ensure perfect relaxation in any position: for example back cushions with a stitched-on neck roll for true upright seating comfort.

Combination options

**An all-round feeling
of wellbeing.**

The Rolf Benz 987 models are the ideal supplement to the Rolf Benz NUVOLA sectional sofa. The table can be linked to the upholstered elements and stand both between the modules and as an addition on the end. The shelving unit provides a handy storage surface behind the sofa. The tops are available in solid oak or solid walnut. To match Rolf Benz NUVOLA, the frames are available in traffic black, umbra grey or polished chrome.

The graceful new coffee and occasional table Rolf Benz 8770 (p. 138), with its curved supporting metal struts, has an almost weightless appearance despite its sculptural expressiveness, and combines beautifully with the Rolf Benz NUVOLA sectional sofa. The metal struts are painted in traffic black, umbra grey or olive yellow and bonded to a colour-coordinated glass plate or Parsol glass plate.

Rolf Benz
EGO

Design
Edgar Reuter

**The
EGO principle.**

Our classic in the new look and feel – Rolf Benz EGO is clearly focused on what matters most: you and your wishes. The number of possible combinations is impressive. Choose from 2 basic types, 5 seat widths, 6 modular elements, 17 side sections, 8 foot designs, 3 upholsteries, 3 seat depths and 3 seat heights. Not least thanks to the sumptuous choice of over 200 fabrics and over 100 leather coverings,

your sofa is guaranteed to be unique. Depending on your personal taste, decide on one of the two basic Rolf Benz EGO shapes, Type G or Type F, which we will present to you in more detail on the following pages. From the smallest apartment to a spacious loft: Rolf Benz EGO offers you unique seating comfort in every shape.

**Purist
and
linear.**

Type G

With Rolf Benz EGO Type G, you are opting for classic design. The straight side pieces with the back rest located in between are striking features. Discover the tremendous diversity of Rolf Benz EGO Type G as a living landscape or as a classic

individual sofa. Type G offers an especially large selection of side parts. Their width influences the overall dimensions of the sofa decisively and can also be selected to save space in small rooms.

**Modern
and
elegant.**

Type F

With Rolf Benz EGO Type F, you are choosing seating comfort on an unmistakably modern and elegant sofa. The particular hallmarks of this basic model are the back visible over the armrests and the

shaped side sections. This design type also offers you a wide range of different modular elements and the full gamut of the Rolf Benz EGO concept.

Rolf Benz
CARA

Design
Anita Schmidt

**A new love
for your
home.**

A sofa you fall in love with instantly – that's Rolf Benz CARA, a new system range with a variety of design options and truly "lovable" characteristics. Stylish proportions and numerous relaxation functions make your design and comfort wishes come true. With the delicate Rolf Benz CARA's interchangeable language of form, it graces rooms of all sizes. Thanks to 5 seat and sofa widths, 9 modular elements, 2 side section heights, 2 back

heights, 2 seat heights, 2 seat depths, 7 leg variants and 2 upholsteries, Rolf Benz CARA transforms your every wish into a reality. And, with 4 optional functions, it can even satisfy the need for even greater comfort. You'll see for yourself: Rolf Benz CARA is more than just a quick fling.

**Compact
versatility.**

Rolf Benz CARA blends in with every room, recreating every individual idea – whether it be a small modular group, a compact corner sofa or a spacious living room environment. With the choice of legs (single leg, metal or wooden brace leg), you can add the perfect finish to your personal living style. Choose the upholstery and seat height to match your ergonomic preferences. The seat depth is created by the thickness of the back cushions and can be chosen for each individual model. As a result, different seat depths can be created and mixed within a sofa-scape. The Rolf Benz CARA

individual sofa can also be custom-adapted to your preferences. With a total width from 136 cm, it is the most compact sofa in the Rolf Benz collection and is complemented by an armchair, an ottoman or a footstool. The matching Rolf Benz 574 reclining seat (p. 111), Rolf Benz 8440 coffee table (p. 135) as well as the Rolf Benz 978 occasional table (p. 131) are the perfect companions to Rolf Benz CARA.

Rolf Benz
VIDA

**Pure
variability.**

There are numerous paths you can take in life. All kinds of different demands you can place on life. But to whom should you always remain true? To yourself, of course. One sofa that is as individual as you are and that complements your lifestyle is Rolf Benz VIDA. You can select your individual

sofa look and choose from 5 seat widths, 8 modular elements, 9 side elements and 6 foot variants. And it goes without saying that Rolf Benz VIDA also satisfies your entirely personal wishes for comfort in terms of upholstery, seat depth and seat height.

**Modern
character.**

Rolf Benz VIDA is also convincing as an individual sofa. Upholstered in leather, with a metal leg arch and side elements throughout, it blends in perfectly with a modern living style. Just like the modular elements, the individual sofas are

also available in various seat widths, seat depths, seat heights and upholstery. Would you like to make Rolf Benz VIDA into a comfortable place to sleep? Then simply put the loose back cushions to one side.

Rolf Benz VIDA is also currently available in a special leather edition at an attractive promotional price. Choose from 17 leather colours: black, ivory, dark brown, dark red, white, black-blue, beige-brown, grey-brown, grey, light beige-grey, beige-grey, green, light green, orange, tomato red, blue-grey and petrol.*

*Further information can be obtained from participating dealers and at www.rolf-benz.com. Promotion only available for a limited period in leathers 60.500–60.516.

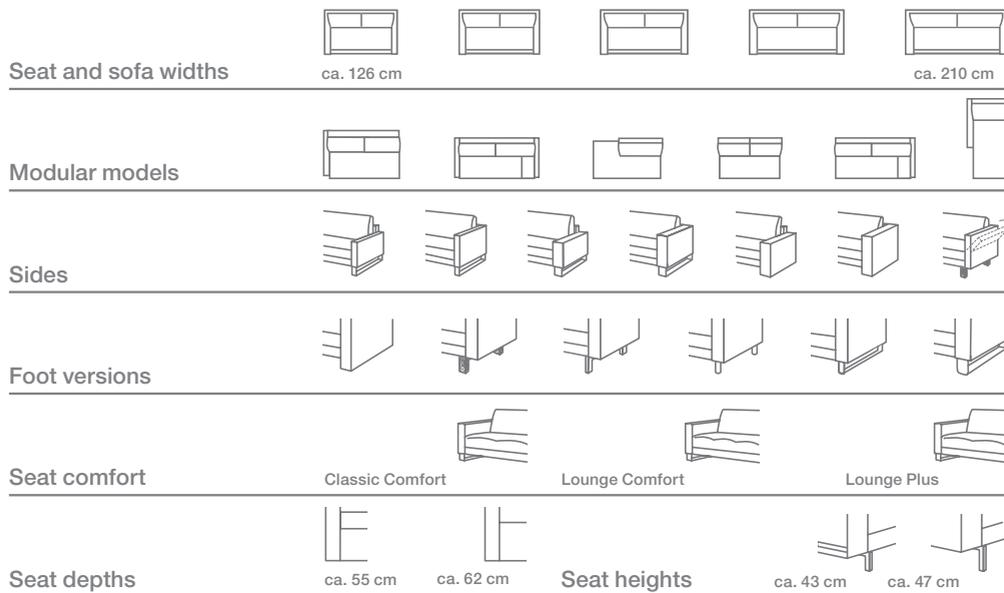

Clear beauty.

Rolf Benz VIDA emanates its unique charm even in relatively small rooms. The clear language of form ensures elegance and harmony. The loose back cushions and the point-elastic seat upholstery throughout provide maximum comfort – when sitting, lying or relaxing. Anyone who loves the natural look will also love Rolf Benz VIDA. With legs made from a solid wood arch (in oak, walnut

or elm), the sofa range also accentuates the natural living style. The side elements can be folded down, and this in combination with the adjustable headrest ensures informal relaxing at any time. Rolf Benz VIDA is perfectly complemented by the associated armchair which can be configured to match the sofa.

Combination options

Rolf Benz
MERA

Design
Beck Design

**Wonderfully stylish
and functional.**

The new Rolf Benz MERA single or sectional sofa is love at first sight – and at second glance too, because the graceful appearance conceals a

wealth of functionality. As a result, the sofa offers superb individuality, both in terms of its design and comfort.

**Nicer than sitting:
floating.**

Rolf Benz MERA is impressively small on proportions but big on lightness: slimline feet and a delicate frame make the sofa look like it's floating. And that's also just how it feels, thanks to the superbly soft seating. Even in a small space, the sofa offers plenty of room for personality, because you can choose from 2 seat heights, different cover options and a frame in silver, traffic black, umbra grey and polished chrome textured paint. Optional additional cushions complete the overall picture and complement the feel-good experience.

**Surprisingly flexible,
reassuringly comfortable.**

In times where even living space is becoming more and more of a luxury, creative solutions are needed that can easily make more out of less. This is why Rolf Benz MERA has been designed as a real game changer in terms of space. Although not immediately apparent, the sleek style conceals a remarkably smart system, as the various combinations of flexible back rests, seats and side sections accommodate a wide range of sofa compositions with personalised reclining and seating positions. In the position for raising the legs, the foot section is exactly at seat height. This not only feels great, but it looks good, because it allows self-contained islands to be created. A steplessly adjustable back and upwards-folding cushions create an extra-high back rest that offers exceptional comfort. Even the headrest can be moved to the user's preferred position. Adjustable side sections for reclining and sitting cross-ways complete the many hidden comfort functions that turn every living space into your very own dream space. And every day offers new comfort possibilities.

Rolf Benz
AURA

Design
Beck Design

**Relaxed
presence.**

Flexibility and adaptability are everything in today's world. That's precisely why the new Rolf Benz AURA sofa range fits perfectly into "now". It is perfect for large and small rooms, whether as an individual sofa or seating group,

for relaxed evenings at home or when friends are round. Designed to let you do everything that is important to you to create a relaxed atmosphere: relaxing, reading, just being with loved ones.

**Authentic
elegance.**

The lightweight Rolf Benz AURA functional sofa range is a tribute to elegance, picking up on the trend for authentic materials. The luxurious seat cushions in this configuration appear to rest on a delicate tabletop, which is available

with five surfaces – veneered walnut, natural or black-painted veneered oak, genuine veneered slate or covered with leather. Rolf Benz AURA thus combines top-quality craftsmanship with luxurious seating comfort.

**Flexible
lightness.**

Rolf Benz AURA adapts perfectly to the most diverse situations and requirements. Choose between an individual sofa (244 cm wide) and modular elements to fit into the most diverse room layouts. You are guaranteed amazing flexibility, regardless of which layout you opt for. The back cushions can be folded out to create an extremely high back rest, which can be steplessly adjusted to create a comfortable position in which to relax. The 2 available seat heights allow you to ergonomically adapt it perfectly to your needs – however you wish to relax. And you have even more creative freedom when it comes to the look and comfort, with different designs of optional additional cushions. And

talking of comfort, the adjustable side sections provide for side support and a comfortable lying position. If you fold the side section down and swivel the seat, Rolf Benz AURA becomes a comfortable long chair, with the free platform simultaneously turning into a practical table for glasses, plates, books or trays. This function lets you create 2 individually adjustable sitting or lying positions with the individual sofa, while interlocking tables provide additional storage space and individual transparency, if required. The light and airy appearance of Rolf Benz AURA is underlined by its delicate and elegant cast aluminium feet, which are available in black, umbra grey and polished.

Rolf Benz
PLURA

Design
Beck Design

**One sofa
with many
faces.**

Rolf Benz PLURA is the new definition of freedom – it gives you all the possibilities you could wish for to live the way you want to. Whether you want to sit upright, lounge about or sleep in total comfort – very little effort is required to adjust this multi-functional sofa to your favourite position.

Different elements and designs give you the freedom to adapt Rolf Benz PLURA to completely match your personal needs. With the reclining option, for example, the back can be adjusted from its upright position to a reclining position.

**Always different,
always ideal.**

The soft, radius-accentuating design of the cushions stands in charming contrast on Rolf Benz PLURA to the rectilinear metal frame that comes in silver -, black-painted or polished chrome to match your personal style and design preferences. Carefully finished decorative seams highlight the sofa's superlative quality, which comes in 3 different seating heights to reflect your ergonomic needs. Rolf Benz PLURA adapts to your comfort requirements whenever you want it to. The folding

side element, the swivelling seat and the steplessly backwards- and upwards-adjustable back are what makes this versatility possible. Whether it be sitting, lounging, relaxing or sleeping – now there's nothing stopping you from doing whatever you want. Fold the back upwards, and Rolf Benz PLURA transforms into a high-backed chair. Fold the side element down and swivel the seat, and Rolf Benz PLURA becomes a comfortable long chair.

**Versatile
comfort.**

The functional versatility of Rolf Benz PLURA is also expressed as a versatile individual sofa with 2 individually-adjustable seating and lying positions. Even more comfortable: 2 end armchairs with one handy storage solution in black leather. Even more compact: the long chair Rolf Benz PLURA, optionally also available with leather storage unit. With Rolf Benz PLURA, the loose, low cushions for maximum lower back comfort can also be finished in a different covering material to the cushions – creating a modern material mix of leather and fabric, for example.

Rolf Benz
ALMA

Design
Beck Design

GERMAN
DESIGN
AWARD
SPECIAL
2018

**Unwind – and relish
premium comfort.**

Sometimes you just need to mellow out. And that's exactly what you get with the Rolf Benz ALMA. At the very first glance, this sofa emanates a feeling of freedom, providing you with enormous potential to become your new favourite place. The graceful legs give the sofa the appearance of floating and the upholstery in the Comfort Lounge Deluxe also provide a weightless seating experience. An innovative back rest rounds off this experience of well-being and ensures soft, pillow-like reclining comfort thanks to the newly developed back. There are no limits when designing your own personal refuge: the modular Rolf Benz ALMA sofa range

includes 2 seat heights and 3 foot designs, and consists of seating elements that all stand on 4 feet, ensuring flexible connections of the elements. In addition, visual gaps and other exciting compositions can be created due to adjustable coffee tables and backless upholstered benches. Leather straps secured with wooden buttons represent a stylistic highlight, which can encompass the sofa and be individually selected. You can choose between light grey leather straps with buttons in oak or anthracite leather straps with buttons in walnut. In the version without this detail, the Rolf Benz ALMA still wows with its extreme, simple elegance.

**Your individual
oasis of well-being.**

The Rolf Benz 925 coffee table range (p. 123) was created as an ideal compliment to the Rolf Benz ALMA. It offers additional combination elements, giving you free rein when creating your own personal favourite place. It includes round and rectangular tables in light or dark oak or walnut. In some instances, it can also be connected to Rolf Benz ALMA seating elements on one or both sides. As a round coffee table and rectangular side table, Rolf Benz 925 is also available with sophisticated leather inlays in light grey or anthracite, which harmonise wonderfully with the leather straps of the Rolf Benz ALMA.

Rolf Benz TONDO

Design
labsdesign

**Perfect seating.
Perfect lounging.**

Graceful, aesthetic, extraordinary: the Rolf Benz TONDO sofa range really earns its place in the spotlight. Organic, sensual shapes and an inviting, cushiony look come together in a design that permits various seating positions and personal floor plan solutions, from an individual sofa and two-part groupings to large corner combinations. The flowing forms and softness

of the sofa are further emphasised by the fine seam details and high-quality workmanship. Whether free-standing or in front of a wall, the Rolf Benz TONDO adds excitement to any living room environment.

The Rolf Benz TONDO is also available in the “Dream fabrics at dream prices” special edition, which makes it even easier to attain your dream sofa. Select from various fabric qualities and colours, and create your own personal unique design.*

*Promotion applies for a limited time only for fabrics 05.002 ff / 05.012 ff / 05.100 ff / 05.120 ff / 05.130 ff / 05.140 ff / 05.160 ff / 05.170 ff / 05.180 ff / 05.270 ff / 05.370 ff / 05.380 ff. Further information can be obtained from participating dealers and at www.rolf-benz.com.

**Flowing
interaction.**

You can give your feelings free reign when it comes to the composition of the Rolf Benz TONDO. The ergonomically-designed elements in a normal seat depth and the extra-deep lounge elements are available with a low or high back in two different seat heights. Those who crave optimal relaxation will combine an extra-deep element with a high back. Elements with different back heights are recommended for exciting living situations with a totally unique and individual look. The seating and reclining comfort can be adjusted perfectly to any situation with loose back cushions in 2 heights.

**Indulging
comfort.**

The Rolf Benz TONDO features, above all, a tangible, revolutionary seating experience along with its sensual aesthetics. The sofa range matches various tastes with the Lounge Deluxe and Lounge Plus Comfort designs. The new, relaxed Comfort Lounge Deluxe ensures an incomparable seating experience due to its three-layer, cold foam structure that is topped with a coffered pad filled with innovative high-tech fibre. The second design, Comfort Lounge Plus, has a calmer seating surface. It is made from an interactive seat frame, multi-layer cold foam and a seat cushion.

Rolf Benz
ONDA

Design
Christian Werner

**Organic
and
flowing.**

Rolf Benz ONDA is as versatile as it is simple: it combines practical modularity with new, organic and soft shapes while offering all the customisation options of a classic system range. The soft overall shape of the sofa can be determined completely in line with your preferences by choosing individual elements to match your floor plan.

Then choose the relevant foot design in accordance with your design preferences, along with the seat height and the upholstery comfort based on your ergonomic needs. The interplay of the dynamic, curved shapes, the cosy, lounge-like cushions, superlative seating comfort and lovingly-selected materials make relaxing and instantly feeling great easy.

**Where
freedom
lives.**

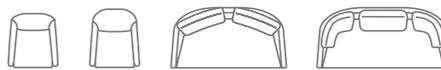

The organic-shaped Rolf Benz ONDA concept sofa range creates a very special place. A place in which you can find time for yourself. Time to do what does you good. Rolf Benz ONDA is a modular sofa range which, with its flowing language of form, its sensu-

ously opulent and yet modern appearance, provides instant inspiration. And not least due to the various optional additions that help you put together your very own personal dream sofa.

**Change
can
be planned.**

The many choices available for composing your dream sofa represent a very special type of freedom. For smaller living rooms, simply choose Rolf Benz ONDA as a single sofa or as a two-piece modular group. The modern oval tube foot is available in matt chrome, polished chrome and oak.

The ideal companions to Rolf Benz ONDA are the eponymous armchairs and the Rolf Benz 8100 and 8200 coffee tables (p. 135), which blend perfectly with the sofa.

Rolf Benz ONDA is currently available in trendy and timeless fabric concepts at a promotional price.*

Rolf Benz MIO

Design
Beck Design

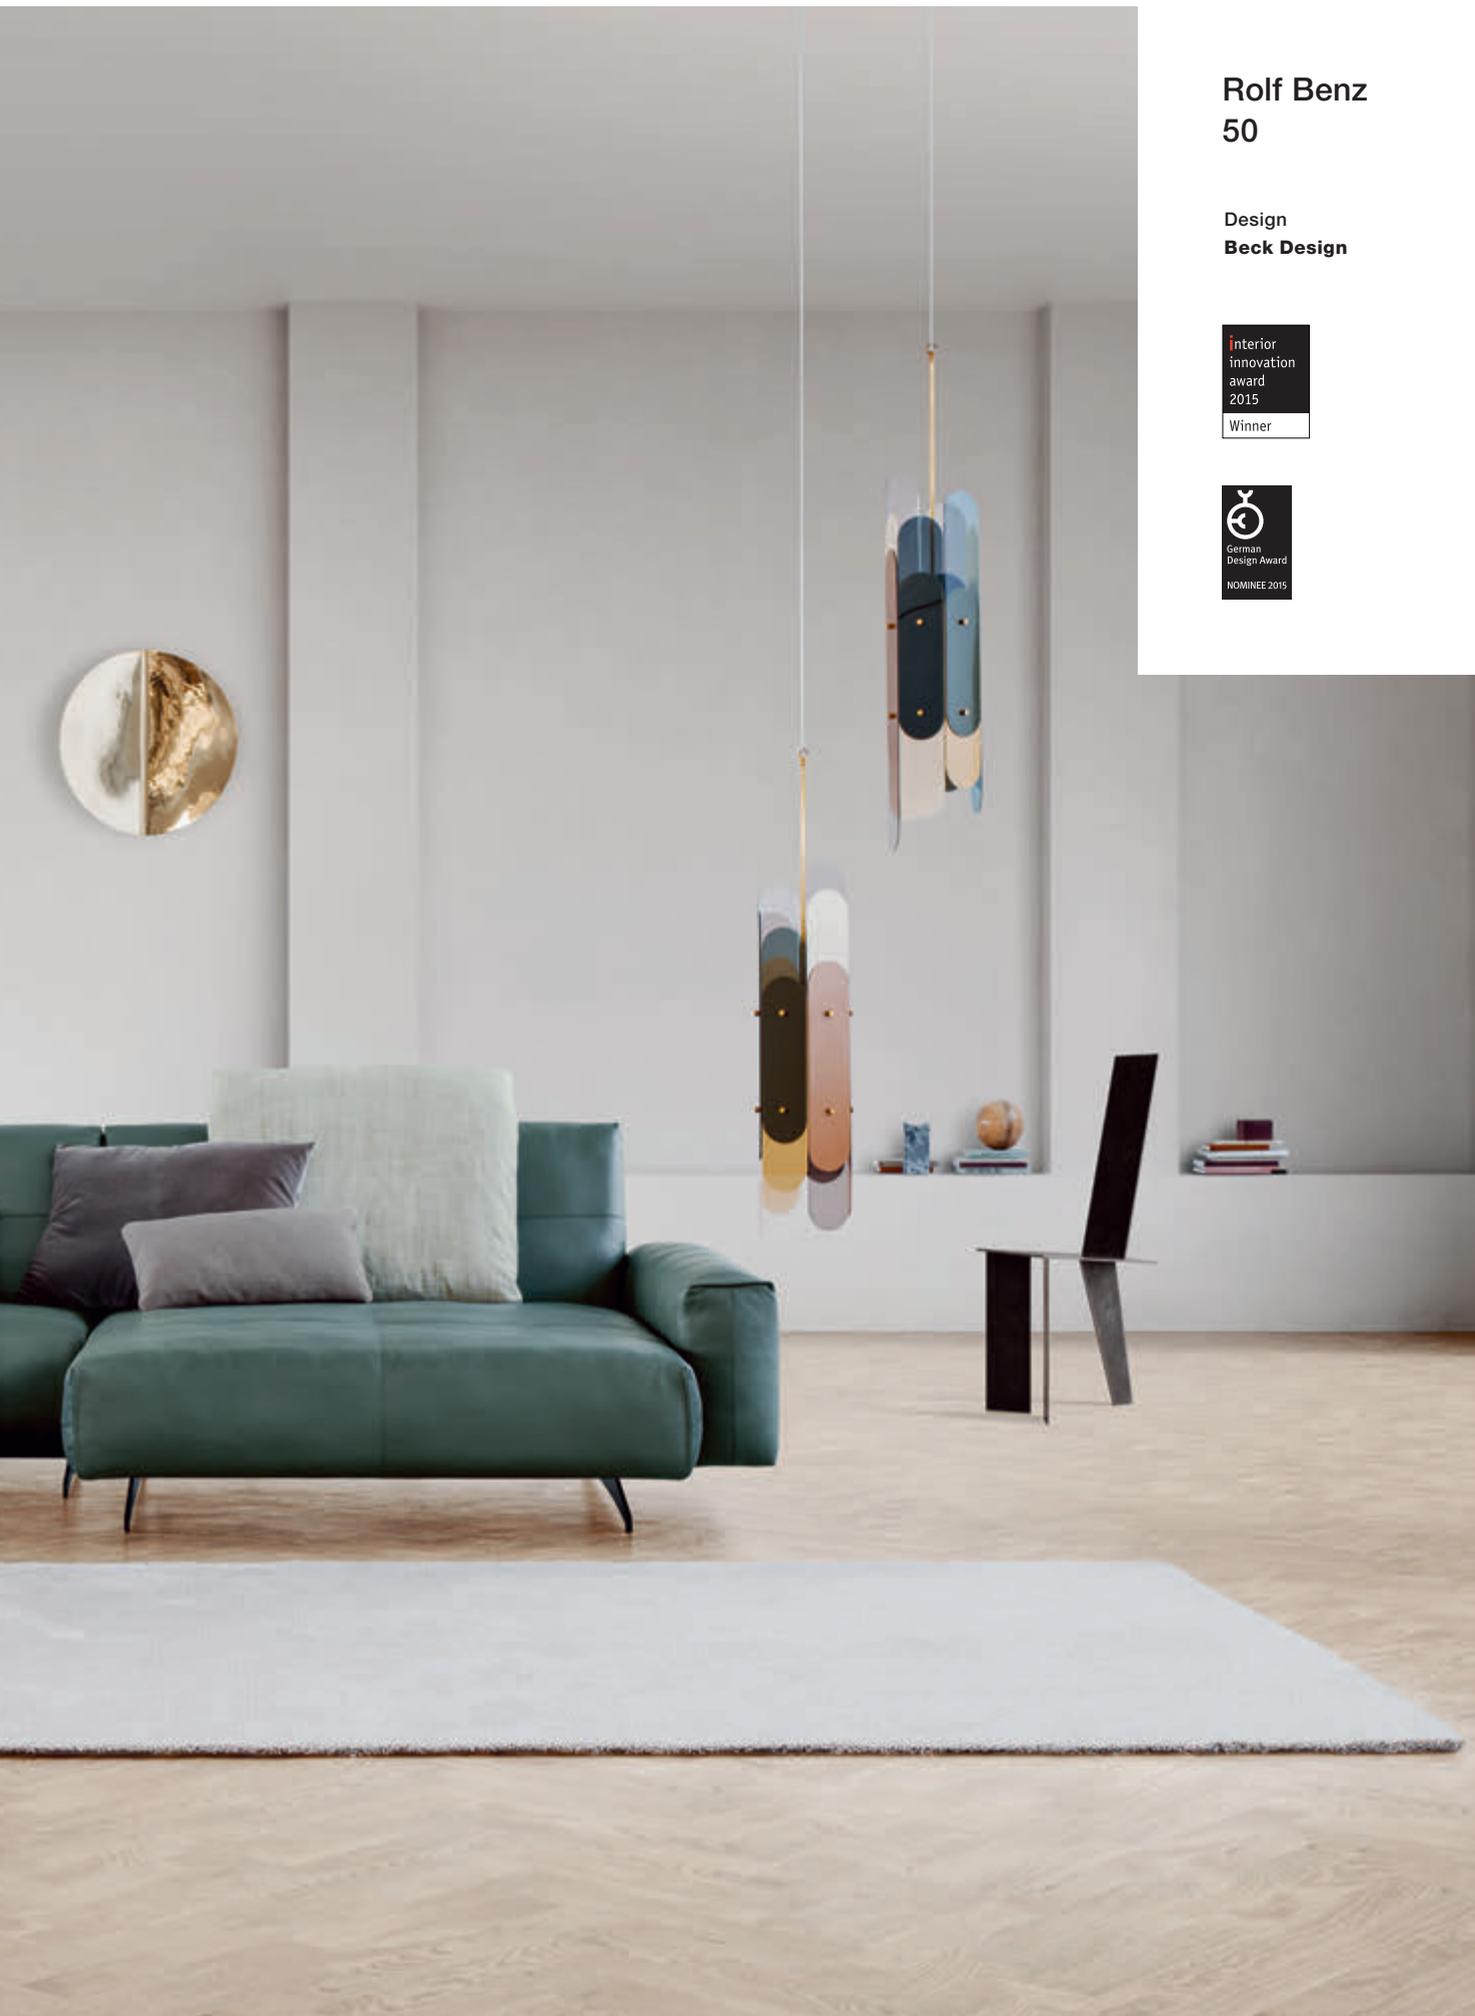

**Elegance
and
sensuality.**

The luxuriously generous seating surface and soft appearance of Rolf Benz MIO offer an irresistible invitation to sit, relax and lounge. The high quality of the materials, the superb design of the seat structure and the loving, flawless finish make sitting on Rolf Benz MIO an incomparable experience for the senses. Rolf Benz MIO offers elegance that is simply irresistible.

The numerous individual elements permit a variety of combinations in any room. Whether it be a single sofa, a two-piece composition or a large corner sofa, Rolf Benz MIO – with its 2 seat heights, 2 seat depths and 2 seat section heights – can be adapted to suit your requirements precisely and complemented perfectly with the armchair, ottoman and matching Rolf Benz 940 side table (p. 127). Numerous cushions, including an especially comfortable back cushion with roll, ensure even greater comfort and personal style.

**Inspired
by half
a century
of Rolf Benz.**

In the tradition of our design icon Addiform, Rolf Benz 50 is celebrating yet another superb achievement in the over 50-year history of producing premium, “Made in Germany” furniture. The exceptionally elegant anniversary sofa features superlative seating comfort, an innovative relax

function and an outstanding variety of floor plan options. Numerous lovingly created details such as a new pleated quilting seam and meticulously crafted flat fell seams accentuate its accommodating elegance.

**A whole world
of style
possibilities.**

Rolf Benz 50 is available as an individual, modular or corner sofa in over 200 fabrics and over 100 leathers. Its generous, lounge-like shape is the perfect invitation to experience relaxation at a whole new level. Choose between 2 seat heights, 2 seat depths and 3 different foot designs (traffic black paint, silver pearl matt paint or shiny chrome). The Rolf Benz 50 armchair, the Rolf Benz 574 reclining seat (p. 111) and the Rolf Benz 958 and 959 coffee tables (p. 128) are just perfect for adding the finishing touch to your home style.

**The innovation
of comfort.**

Rolf Benz 50 has an especially comfortable seat structure based on traditional, craftsman-made upholstery techniques that have been developed even further. The high-quality strap spring unit with superimposed interactive pocket spring core and high-quality cold foam layer is also covered with a chambered rod fibre mat in the Comfort Lounge version. For soft and supporting comfort at all times. The Comfort Lounge Plus is also available as an alternative, combining soft seating with a calmer surface. The back cushioning is tailored precisely to the seat thanks to carefully-positioned clefts in the foam, offering a beautifully harmonised,

overall seating comfort. The optionally available back mechanism allows stepless adjustment from the seating to the relaxed position. Thanks to special technology based on a new gas spring, you can move the back rest manually with very little effort to the perfect position for you. The back section extends by up to 12 cm, offering you even greater comfort. The optional functional cushion is available in 2 heights and complements the back function perfectly. It is especially comfortably upholstered and has a steplessly adjustable mechanism that converts it into a highly functional headrest.

Rolf Benz LINEA

Design
Cuno Frommherz

Clear line – clear style.

Rolf Benz LINEA combines clear design with unique seating comfort. The optional lower back cushions in the super-deep version ensure maximum back comfort and can contrast in terms of material and colour. A special design detail is the modern brace leg, which is available in stainless steel or black-painted metal. Alternatively Rolf Benz LINEA stands on individual ball feet in oak or walnut. Choose from 2 seat depths and 2 seat heights, and enjoy feeling great across the whole line.

As an individual sofa or as a modular group: Rolf Benz LINEA impresses with its clear, purist design that blends in beautifully with all kinds of lifestyles. It is one thing above all: a true favourite piece for individualists. Together with the comfortable armchair and matching upholstered bench element, it makes every home an oasis of clear style and exquisite taste.

Rolf Benz 328

Design
Cuno Frommherz

Reduced to the essentials: your style.

There's a lot to be said for taking a seat on the Rolf Benz 328 sofa. The superb seating comfort, for example, which you can personalise to your needs: simply choose the right seat height for you. Anyone who prefers to sit up a bit higher when reclining will find the back padding version that is 10 cm longer than the standard option exactly what they're looking for. Rolf Benz 328, however, not only adapts to you and your guests, but thanks to the compact, two-piece combination, its pared-back language of form means it looks perfect even in smaller rooms. Its minimalistic beauty and clear aesthetics mean that it can be matched with virtually any interior design, either as a single sofa or sectional sofa. The elegant runner feet are available in traffic black, umbra grey or silver.

Armchairs

Rolf Benz 571

**Comfort
in every position.**

Stylishly crafted and with a timeless design, the new motorised Rolf Benz 571, 572, 573 and 574 functional armchairs can be moved steplessly to your preferred position. They are intuitively operated via invisible touch sensors, which are integrated between the armrest and the seat cushion. The headrest can be adjusted to the desired position by hand. The reclining seats, available in 2 sizes, are coordinated throughout with the Rolf Benz EGO (571),

Rolf Benz 50 (572), Rolf Benz NUVOLA (573) and Rolf Benz CARA (574) sofa ranges, but they look equally stunning on their own. The upholstery can be chosen in accordance with your tastes (firm, medium or Lounge Plus). A swivel cross foot (polished aluminium or traffic black) or a swivel star foot (steel painted in traffic black or umbra grey, or chrome-plated steel) ensures maximum stability.

**Perfect for any room
you like to sit in.**

The Rolf Benz 562 club chair never looks out of place. This is thanks not just to the finely rounded seat, but also to the organic appearance that helps it to blend in perfectly with any living situation. Whether large living rooms or cosy book corners, with its graceful appearance it looks wonderful wherever it sits. To accommodate every preference,

it comes with a wide range of covers, and the feet also come in a variety of styles: either the painted metal version in traffic black or umbra grey, or the wooden version in oak or walnut. Both are optionally available with a swivel function and regardless of which option you choose, both evoke a touch of longing for the old days.

Rolf Benz 580

Design
formstelle

**Impressive
expression.**

Matchless, characteristic, recognisable: the 2016 German Design Award-winning Rolf Benz 580 armchair makes a statement with its unique language of form. The striking wooden frame made from oak or walnut is inspired by the aesthetics of the art of paper folding, origami. The upholstery, accentuated with decorative seams, is inspired

by orinuno, the Japanese art of fabric folding. Rolf Benz 580 sets more than just visual standards. Even with a low back rest, the original offers luxurious seating comfort. And even more comfortable is the high-backed version coupled with the matching footstool.

Rolf Benz 394

**Lightness you can see.
Softness you can feel.**

A declaration of love for seating – the essence of Rolf Benz 394. An elegant armchair that cuts an impressive figure either in combination or as an individual piece. Its visual appeal lies in the combination of the ample upholstery covered in fabric

or leather and the delicate wire frame in polished chrome, traffic black or umbra grey. Rolf Benz 394 instantly impresses with its pleasantly soft seating comfort and can optionally be complemented with a matching footstool.

Rolf Benz 383

Design
Joachim Nees

**Opposites
attract us.**

The Rolf Benz 383 armchair creates the perfect balance between cushioned comfort and modern minimalism with ease: the organic and huggably soft, upholstered seat is supported by a graceful cross foot, giving the armchair a sleek yet comfortable appearance and making it the ideal spot to while away the hours in comfort. The round tube frame is available in traffic black, umbra grey

and polished chrome surfaces and harmonises beautifully with a range of interiors – as does the matching footstool, which is slightly lower and also stands on a cross foot. The upholstery and outer shell covers of the armchair and footstool can be manufactured in different materials according to your individual style.

Rolf Benz 384

Design
labsdesign

**An island
of calm.**

The graceful Rolf Benz 384 armchair with its striking piped seams and rounded shape is an oasis of calm full of character that offers the perfect invitation to read and relax in. It fits perfectly in small spaces as well as in larger, more spacious living concepts and harmonises beautifully with

virtually every style of design and all materials. Fully covered, with the body construction hidden, it can be interpreted in a truly personal way through the choice of covering. Equipped with a tray, the matching footstool becomes a handy occasional table.

Cabinets

Rolf Benz
CUBO

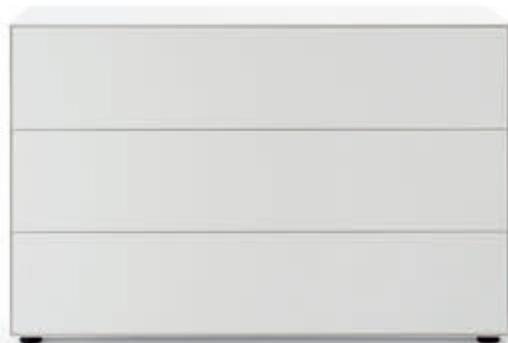

**Everything
in beautiful
order.**

The Rolf Benz CUBO sideboards are pared back to the essentials, so as to leave no wish ungranted. There are individual boxes which can be combined in a myriad different ways entirely in harmony with your ideas. Whether it be a free-standing, individual piece, a composition of straight lines, a creatively designed sideboard or as a room divider: details

deep in finesse, the workmanship of the mitred side sections and the sophisticated interplay of lines give these sideboards a stylish, purist and sensual appearance. The classic white guarantees that this also remains true for a long time to come.

**One system.
Many possibilities.**

Whether it be a box with a door, drawers or a flap, with Rolf Benz CUBO, every element fits beautifully together – and with your needs. The box with a door or drawers is available in heights of 75 or 50 cm (each not including feet) and a width of 120 cm. The box with the flap is 37.5 cm tall (not including feet)

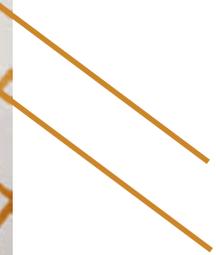

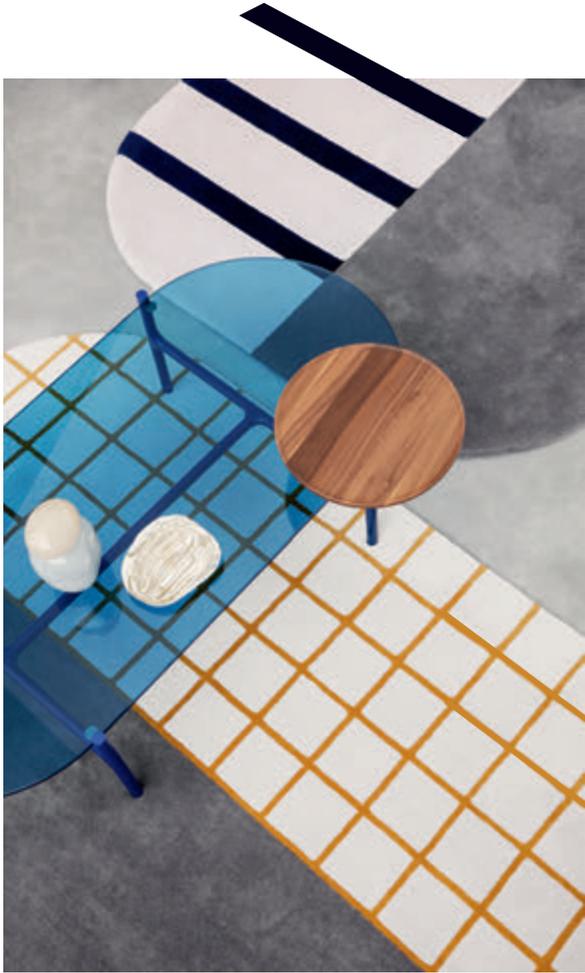

and also 120 cm wide. All of the elements of the Rolf Benz CUBO are 48 cm deep and are available optionally with black plastic feet (height: 2.5 cm) or anthracite-painted metal feet (height: 13 cm). Further information can be found in the technical section on page 66.

Rugs

Pure nature: pure fleece wool

Rugs featuring the best qualities of nature.

Pure fleece wool is an especially resilient natural fibre which also impresses with properties that make for an excellent rug: it is dirt-repellent, elastic, sound-insulating and barely absorbs any odours. Rolf Benz rugs made from fleece wool therefore create a positive microclimate and are highly versatile.

Naturally hand-tufted.

Rolf Benz rugs made from fleece wool are truly one-of-a-kind works of art. The weft yarn in these tufted rugs is threaded by hand into a carrier fabric using a yarn gun. Select your favourite rug from a wide range of designs and a wealth of colours. All rugs are available in different standard sizes and also in customised sizes.

Rolf Benz ELEMENTI

**A basis
for any style.**

The minimalist design of Rolf Benz ELEMENTI provides an elegant foundation for your personal style. Adding 30% viscose to the fleece wool gives the rug a silken shimmer with an understated mottled effect, whilst nevertheless retaining the

unique durability and easy-care qualities of fleece wool. Rolf Benz ELEMENTI is available in 8 special colours: from cream and gold to copper brown and silver grey.

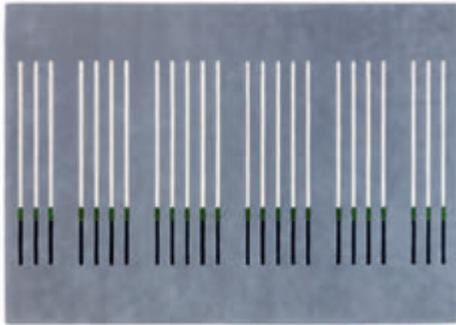

Rolf Benz OTTO

Design **Bettina Hermann**

**Beauty right
across the line.**

Its graphic design makes Rolf Benz OTTO a modern all-rounder. Thanks to its low-lying loops, the rug available in 28 colours has an exciting, three-dimensional structure that allows it to showcase its graphical line even in monochrome. In two colours, it creates an even more striking visual impression in the room.

Rolf Benz SCALA

Clearly textured.

If you are looking for a little more structure in your life, then you'll find it in the new Rolf Benz SCALA rug. The pattern remains rather subdued – but it breaks out at the right moment, surprising the onlooker with striking contrasts. The 4 colours can be combined from the entire Rolf Benz standard range.

Rolf Benz TENDA

A personal ideal line.

The Rolf Benz TENDA rug gives its owner complete freedom. The two colours for loops and velour can be combined to reflect individual preferences. Its consistent yet varied lines create visual dynamism and at the same time a feeling of security. Available until the end of April 2020.

Rolf Benz PONTE

Design **Bettina Hermann**

Tracking your imagination.

The characteristic look of the Rolf Benz PONTE rug, which is available in all 28 standard colours, builds a bridge in your living space. Through the alternation of loops and velour, the monochrome version creates a subtle structural interplay, while the two-colour version boasts great contrast.

Rolf Benz CODE

Its message: relaxation.

Different pile heights and lines alternate randomly at first glance with the Rolf Benz CODE, almost as if they are trying to say something. Its message is simply waiting to be deciphered. The rug, which is

available in all 28 standard colours, succeeds in allowing you to see something new in it time and time again.

Rolf Benz CALMA

Always calm.

Coming home means coming back to a calm space. Rolf Benz CALMA is the ideal foundation for this: neat and clean lines. However, its pattern can also always be used as the springboard to new and fresh thoughts. The rug can be designed in up to 4 standard colours from the Rolf Benz colour palette. Available until the end of April 2020.

Rolf Benz CUNEO

Tranquil dynamism.

The striking pattern of Rolf Benz CUNEO extends over the entire width of the rug, narrowing or expanding, depending on the viewer's angle, and therefore prevents any loss of mental momentum. Put together your personal favourite from the 28 Rolf Benz standard colours, creating a vibrant or relaxing ambience, depending on the colours you choose.

new

Rolf Benz ADDIT

Design **Tina Bunyaprasit & Werner Aisslinger**

Transcending the linear.

The circular is combined with the angular and calm surfaces with lines. The result: rugs that look graphically dynamic, but also strikingly friendly. The Berlin-based designer duo Tina Bunyaprasit and Werner Aisslinger has, as part of the Rolf Benz ADDIT collection, created four tufted rugs that pay homage to the elegantly

subtle patchwork principle of the sofa of the same name. Created with a look and mix of materials to accompany Rolf Benz ADDIT, they also have a modern, supremely pleasant, 12-mm-high presence even on their own. 2 to 3 colours from the Rolf Benz rug colours collection can be combined in each design.

An impressive appearance: high-twist fleece wool

Irresistibly resistant.

Life pulsates in the most beautiful hotel lobbies of the world: people arrive, linger awhile and then depart again. Rolf Benz rugs, with their highly twined yarn, are the perfect backdrop to this. The high-twist yarn gives the rugs a robust quality, making them especially durable and creating an exceptionally comfortable surface to walk on. They are also easy-care with lasting beauty – perfect for public spaces.

Feel at home in your home.

Rolf Benz rugs made of highly twined yarn do not have to be used in public spaces. They are also perfect for your home. This is where they show off their high-quality workmanship to best advantage: craftsmanship in pure fleece wool. Naturally resilient and dirt-repellent, these rugs are especially long-lasting and ideal for dining areas, among other places.

Rolf Benz CAPPIO

Appealing to every taste.

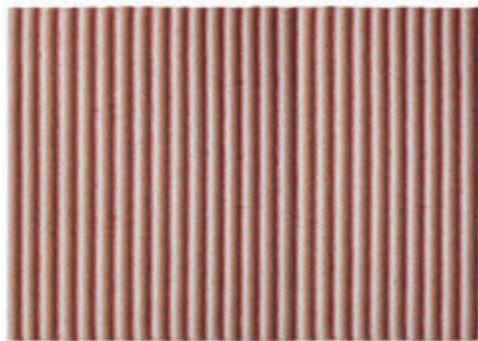

With Rolf Benz CAPPIO, the high-twist fleece wool yarn available in 6 colours is crafted into short, shorn loops. As a result, this rug is an especially resilient foundation that perfectly accentuates the special character of its surroundings.

Rolf Benz PUNTINO

Setting the style.

The Rolf Benz PUNTINO rug sets an unobtrusive style. It is available in 6 tasteful blended shades and radiates a calming feeling of well-being. Each shade is made up of 3 coordinated yarn colours.

Rolf Benz PRATO

Design **Bettina Hermann**

Delicate tones.

The Rolf Benz PRATO rug graces flooring of all kinds with its fine texture. Choose your favourites from 4 carefully coordinated colour patterns in grey-beige, grey-green, grey-blue and beige-red, and create your very own oasis of comfort.

Rolf Benz SOLCO (image on left page)

Design **Bettina Hermann**

New interior order.

Set styles, break areas up – with Rolf Benz SOLCO, made from pure fleece wool, you can create living spaces just the way you want them. The subtle lines with alternating colour schemes in variants of beige-grey, grey-green, dark grey-blue and beige-red make this rug a truly special accessory for any home setting.

100% sustainable. 100% TENCEL® yarn.

Naturally for your home.

Good for the environment: TENCEL® is produced from eucalyptus wood procured from sustainably managed plantations. In its production, only a fragment of the volume of water is needed compared to the production of chemical fibres.

Good for your home: the natural fibres have an extremely smooth surface with a silky feel, are warm like fleece wool, cool like linen and more absorbent than cotton.

The perfect fibre for Rolf Benz rugs.

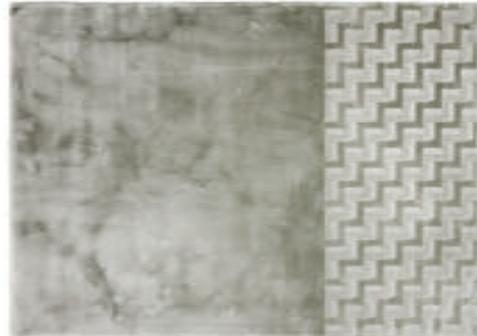

To date, natural cellulose fibres were too fine and too short for rugs. But the TENCEL® yarn used in these Rolf Benz rugs has a thicker diameter and longer fibres. The advantage over synthetic fibres: its excellent moisture absorption and release properties ensure a balancing effect on the room's atmosphere, preventing the build-up of electric charge. Available in all standard sizes and shapes, as well as in customised dimensions, they are guaranteed to win you over with their 9 different brilliant and striking colours.

Rolf Benz TELA

Born out of love for art.

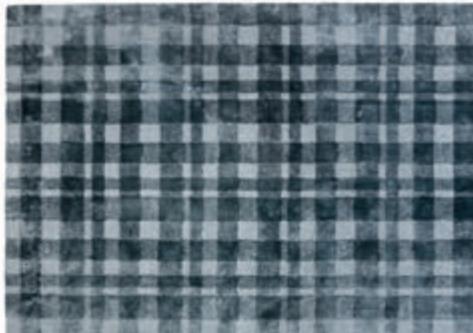

The Rolf Benz TELA rug's most distinguishing feature is its striking woven look. Its artistic pattern is created by combining 3 fabric structures: smooth-shorn velours and shorn and closed loops. This dynamic visual effect contrasts beautifully with larger, calmer spaces and lends your living room a particularly harmonious note.

Rolf Benz SOLO

Simple elegance.

The Rolf Benz SOLO rug remains discreetly in the background, adapting unobtrusively to its environment. However, it can also be a real eye-catcher: vibrant traces appear on the shaded surface time and time again, depending on your perspective and the position of the fibres.

Rolf Benz PANNO

Think outside of the boxes.

Checks are this versatile: Rolf Benz PANNO in Glencheck comes across as being ultra-dynamic with its rectangles and squares of varying size – at the same time as appearing traditional. It gets its strong contrasts from the combination of smooth-shorn velour and its shorn and closed loops.

Rolf Benz PARI

A rug that moves.

Thanks to the fascinating pattern of wide and narrow stripes, Rolf Benz PARI brings vibrant dynamism to any room. Its radiance is created by the contrasting textures of the smooth-trimmed velours and slightly trimmed loops.

Rolf Benz DIVISO (image above)

Impressively simple.

Despite its simple, sleek characteristics, Rolf Benz DIVISO is a real eye-catcher, and creates an abundance of cosiness. The contrasting structures, involving smooth-trimmed velours and slightly trimmed loops, give the rug its dual colours and sophisticated, blended effect.

Rolf Benz MONTE (image below)

Balanced asymmetry.

Rolf Benz MONTE exudes a simplicity that also turns heads, thanks to the dynamic arrangement of the geometric shapes. The contrasting structures, involving trimmed velours and slightly trimmed loops, also create an atmospheric, blended effect.

**Seating opportunity
and eye-catcher
in one.**

Whether it be a storage solution, seating option or as an accessory, the Rolf Benz 945 footstool and upholstered footrest of the same name create a memorable impression with their graceful appearance and functional character. They are available

in 3 harmonious colour combinations: light oak combined with the body and cushions in “natural and orange”, dark oak with “black and white” and walnut with “grey and brown”.

Rolf Benz 944

Design
formstelle

**Naturally talented
in every way.**

In addition to the striking solid wooden frame in oak or walnut, the Rolf Benz 944 bench impresses with its slimline construction and comfortable upholstery. It enhances living room environments with an additional seating opportunity, serves

as a storage area in entrance halls and even looks great at the end of the bed in the bedroom. Rolf Benz 944 is available in 2 widths and can be custom-covered in all fabrics and leathers in the Rolf Benz collection.

Rolf Benz 953

Design
Johannes Steinbauer

**For more
relaxed corners.**

Rooms and their functions have become more flexible. This calls for creative pieces of furniture that are lightweight and therefore mobile. It was on this principle that the Rolf Benz 953 footstool was created, as it can be moved effortlessly: the comfortable footstool with the striking corners is always

a delight to get hold of. Made from high-quality light green, blue-green, dark red or dark grey felt and modelled with buttons and cord, Rolf Benz 953 also makes the perfect gift. It is protectively enveloped for transport and supplied in a stylish box.

Rolf Benz 950

**Flexibility
all the way.**

Need another place for an unexpected guest? Or want somewhere to put your feet up in style? The round Rolf Benz 950 footstool on round sliders is ideal for a variety of uses in all kinds of different living spaces. A woven, specially developed textile piping gives the footstool, available in 3 colours, a high-quality and individual appearance. Its wooden body, featuring a foam structure, provides

pleasant seating comfort, even on a small space. The seating cube of the same name, with an edge length of 45 cm, requires little space, but offers plenty of possibilities: for example as a coffee table or an impromptu seating opportunity. In terms of design, the choice is yours from all leathers and fabrics in the Rolf Benz cover collection.

Rolf Benz Floor Cushions

**Simply
feel great.**

Rolf Benz floor cushions offer the best possible seating comfort thanks to their high-quality cushion structure as well as the painstaking craftsmanship used in their manufacture. They are therefore ideal additional seating, which can be moved around as necessary and is particularly well suited for a youthful lifestyle. Further information on the designs available can be found in the technical part on page 70.

Rolf Benz Cushions

**Comfortable
style highlights.**

Rolf Benz offers a wide selection of additional upholstered cushions and motif cushions to match the sofa and coverings you've chosen: for example, the Rolf Benz 943 cushions. They are available in black-blue, moss grey or mouse grey, made from woollen felt with a leather side strip all round. They create interesting colour accents as sofa or floor cushions. You'll find an overview of all the cushions on page 70 in the technical part.

Rolf Benz Plaids

Stylish highlights.

Snuggling is allowed. Rolf Benz plaids give your room colour at the same time as offering you warm, snug coverage. They are available with different material combinations, patterns and colours, inviting feelings of well-being and relaxation. You can cast your eye over all the plaids in our technical part on page 71.

Rolf Benz Tray

Design
Johannes Steinbauer

Clear design, tastefully served.

With the Rolf Benz 941 tray, the material, shape and colour merge to form a harmonious unit. And it impresses not just with its appearance, but also its superb practicality. In combination with something underneath, for example an upholstered bench, the tray can also be used as a stylish occasional table. Rolf Benz 941 is available in various designs: walnut with a metal inlay in copper brown, light oak with an inlay in umbra grey or dark oak with an inlay in olive yellow.

Chairs

Rolf Benz 629

Design
This Weber

Harmonious lightness.

The Rolf Benz 629 bench and chair are the result of many years of design evolution. Inspired by the middle of the last century, they impress with their striking and warm design. Equally majestic are their elegant and carefully crafted legs, available in two solid wood versions (oak or walnut) and two painted metal versions (traffic black or umbra grey). The models are particularly customisation-friendly thanks to their choice of covers: the bench and stool can be configured in a single

colour or using the mix & match option, with the back shell in leather and the seat in fabric. They create a harmonious duet, blending in perfectly with their exquisitely tasteful surroundings. The bench and chair are each available in two seat heights (48 or 50 cm), while the chair optionally comes with or without a swivel function and the bench is available in four sizes (180, 200, 220 or 240 cm).

Rolf Benz 655

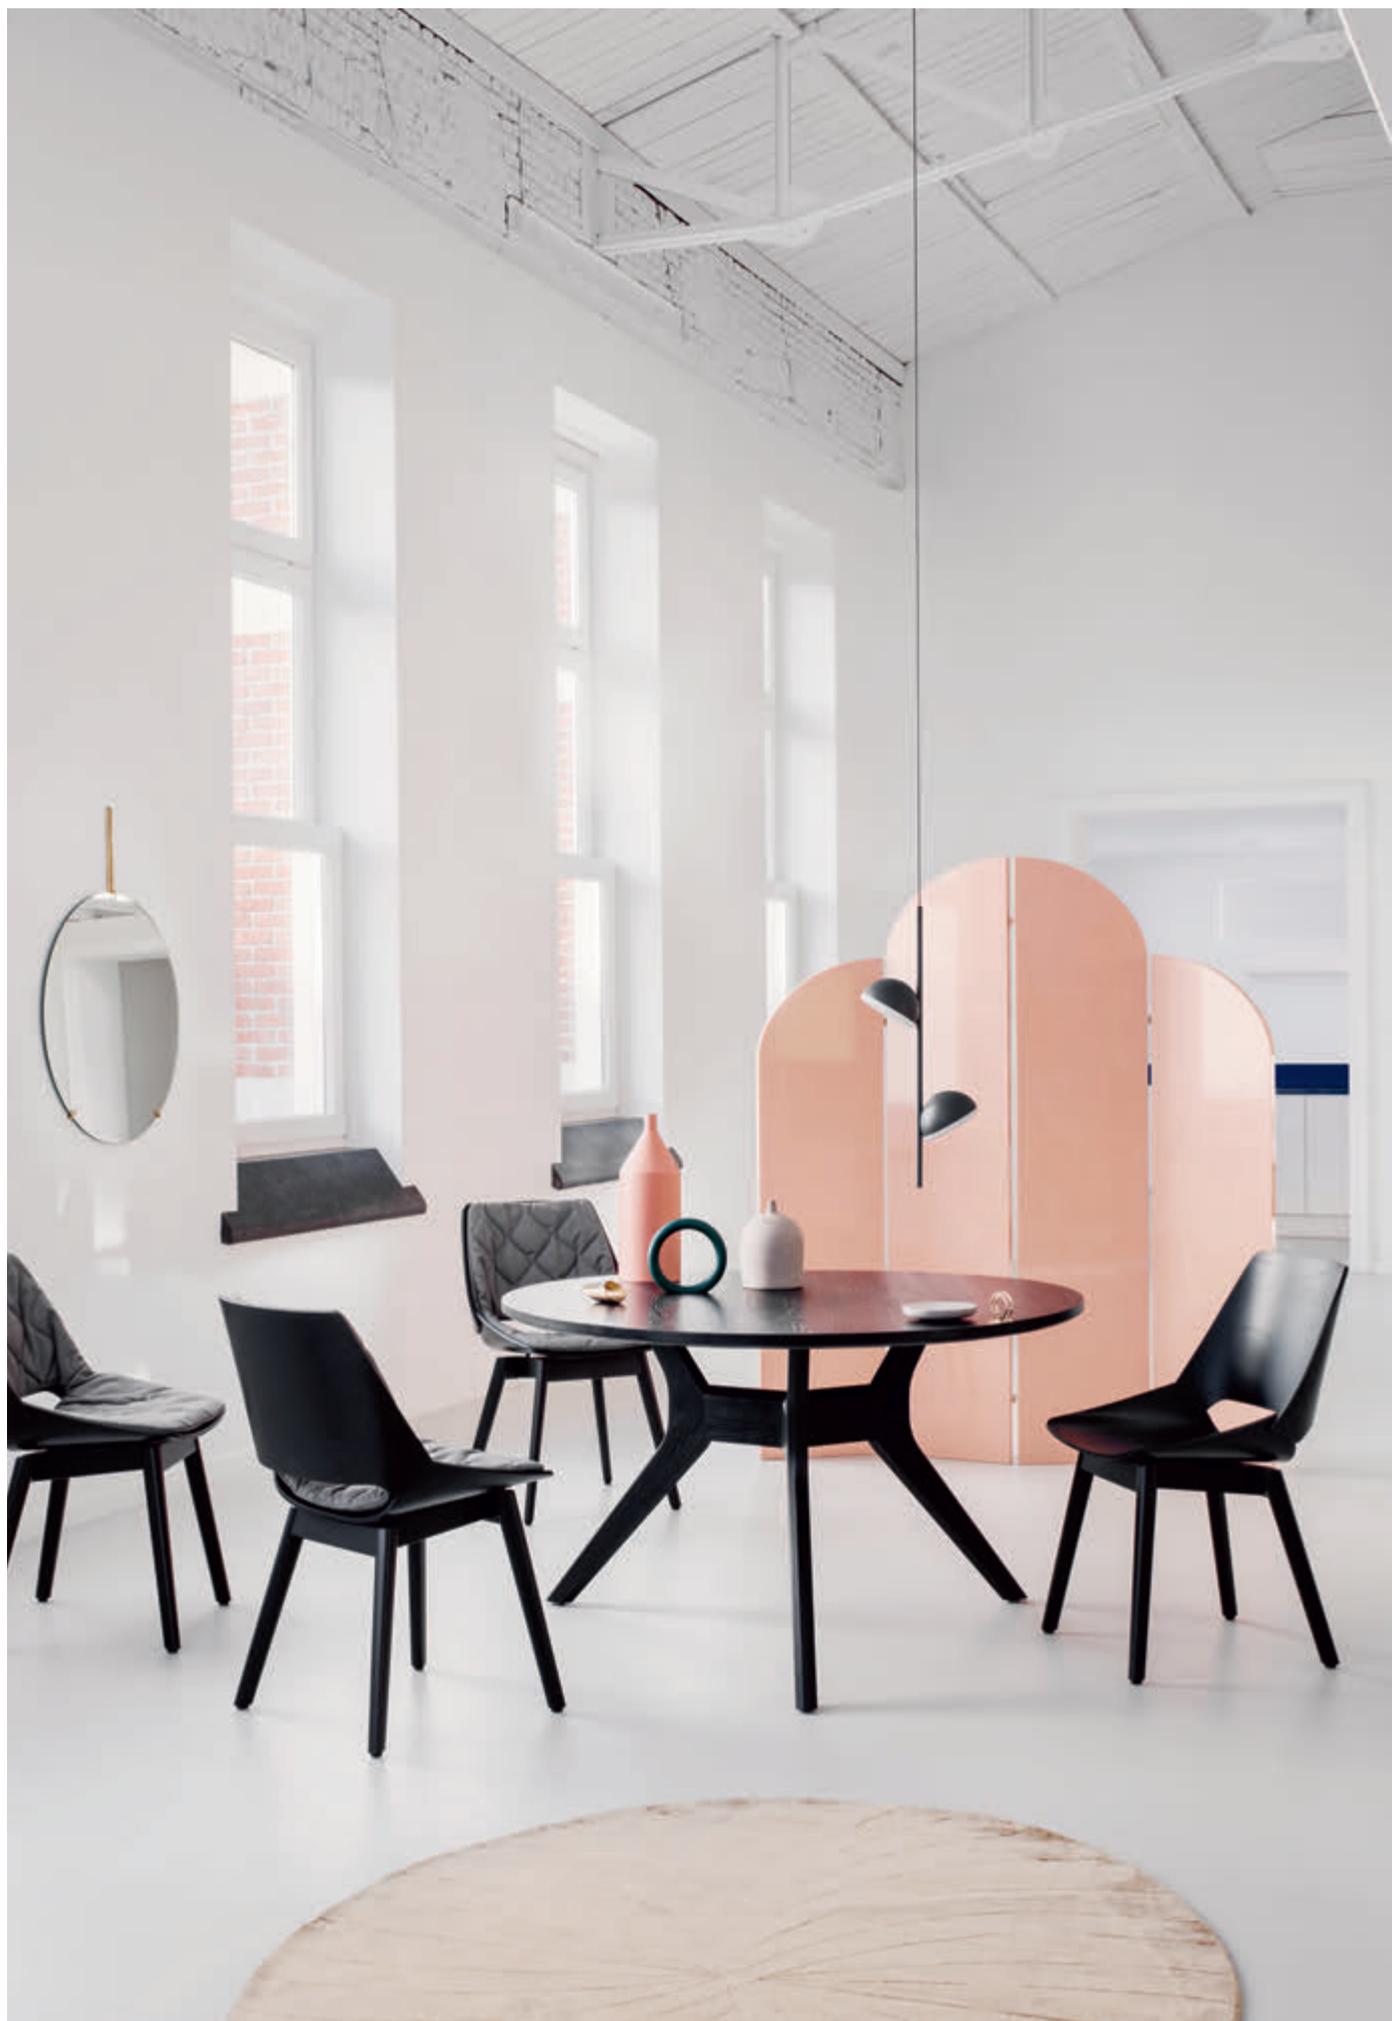

Design
Hoffmann & Kahleiss

Elegant outside, soft core.

Sitting down to eat together – moments that are more precious than ever today. The Rolf Benz 655 chair provides the right base for these moments: elegant on the outside and soft on the inside. It mirrors the style of the 50s with its fine lines, fusing them with contemporary comfort. True craftsmanship comes into its own here. The Cacharel pleat in the chair back requires the ultimate in precision and exudes sheer luxury in upholstered furniture,

at the same time as issuing an invitation to your creativity. The outer cover can also be applied to the inside of the pleat, if required, while the inner fabric can be selected in another colour as well. The individuality of the chair is also reflected in its striking metal feet in black, umbra grey or silver textured paint. The Rolf Benz 655 perfectly matches the Rolf Benz 964 dining table (p. 196).

Rolf Benz 650

Design
**formstelle in cooperation
with Rex Kralj**

Intertwining elegance and innovation.

With the elegant and extremely adaptable Rolf Benz 650 range of chairs, form and function go hand in hand. This is literally true because the design is inspired by two intertwined hands. The comfortable and beautiful wooden shells available in oak or walnut ensure maximum seating comfort, resting either dynamically on a frame in the same wood designs with oval feet, or on a slightly angular steel tube underframe, whichever the customer prefers. The metal foot is available in polished chrome or in painted black or grey. The design options for this innovative range of chairs are also plentiful thanks to a sophisticated optional cover concept: a customised quilted cushion is available in a dynamic furniture cover material made from

100 % recycled polyester in grey beige, beige grey, black grey and cement grey, or in breathable premium synthetic, ensuring even more comfortable seating. The PVC-free cover is made from environmentally-friendly polyurethane and impresses with its soft, supple surface in grey beige, anthracite or stone grey. Alternatively, the chair can have the cover fitted only to the seat or to the seat and back with a fixed upholstery in fabric or leather, making it even more customisable. The range of chairs harmonises perfectly with the matching solid wood Rolf Benz 965 (p. 194) in an oval or round design with a filigree branching underframe, which is also an eye-catcher in its own right.

Fulfils dreams and fills rooms.

The Rolf Benz 650 is also well-suited for a complete room concept. The bar stool – available in oak or American walnut – makes its own magic with its low and comfortable back shell and comfortable footrests. It is available in 2 seating

heights and with wood or metal foot designs. The bar stool can optionally be equipped with a loose seat cushion made from recycled polyester or breathable premium synthetic, as well as a fixed upholstery with a versatile, customisable design.

Rolf Benz 640

Design
This Weber

**An engaging shape –
with inviting comfort.**

The timeless Rolf Benz 640 seat sculpture combines the generous comfort of an armchair with the fine aesthetics of a chair, making it the perfect seating solution both at the dining table and on its own in a room. The shell shape, with its discreet armrests, is accentuated with lovingly-stitched decorative seams. The hybrid chair/armchair has a stylish foot made from solid oak or walnut and is also available with a painted metal foot in umbra grey, black or polished chrome, with an optional swivel function.

Rolf Benz 641

Design

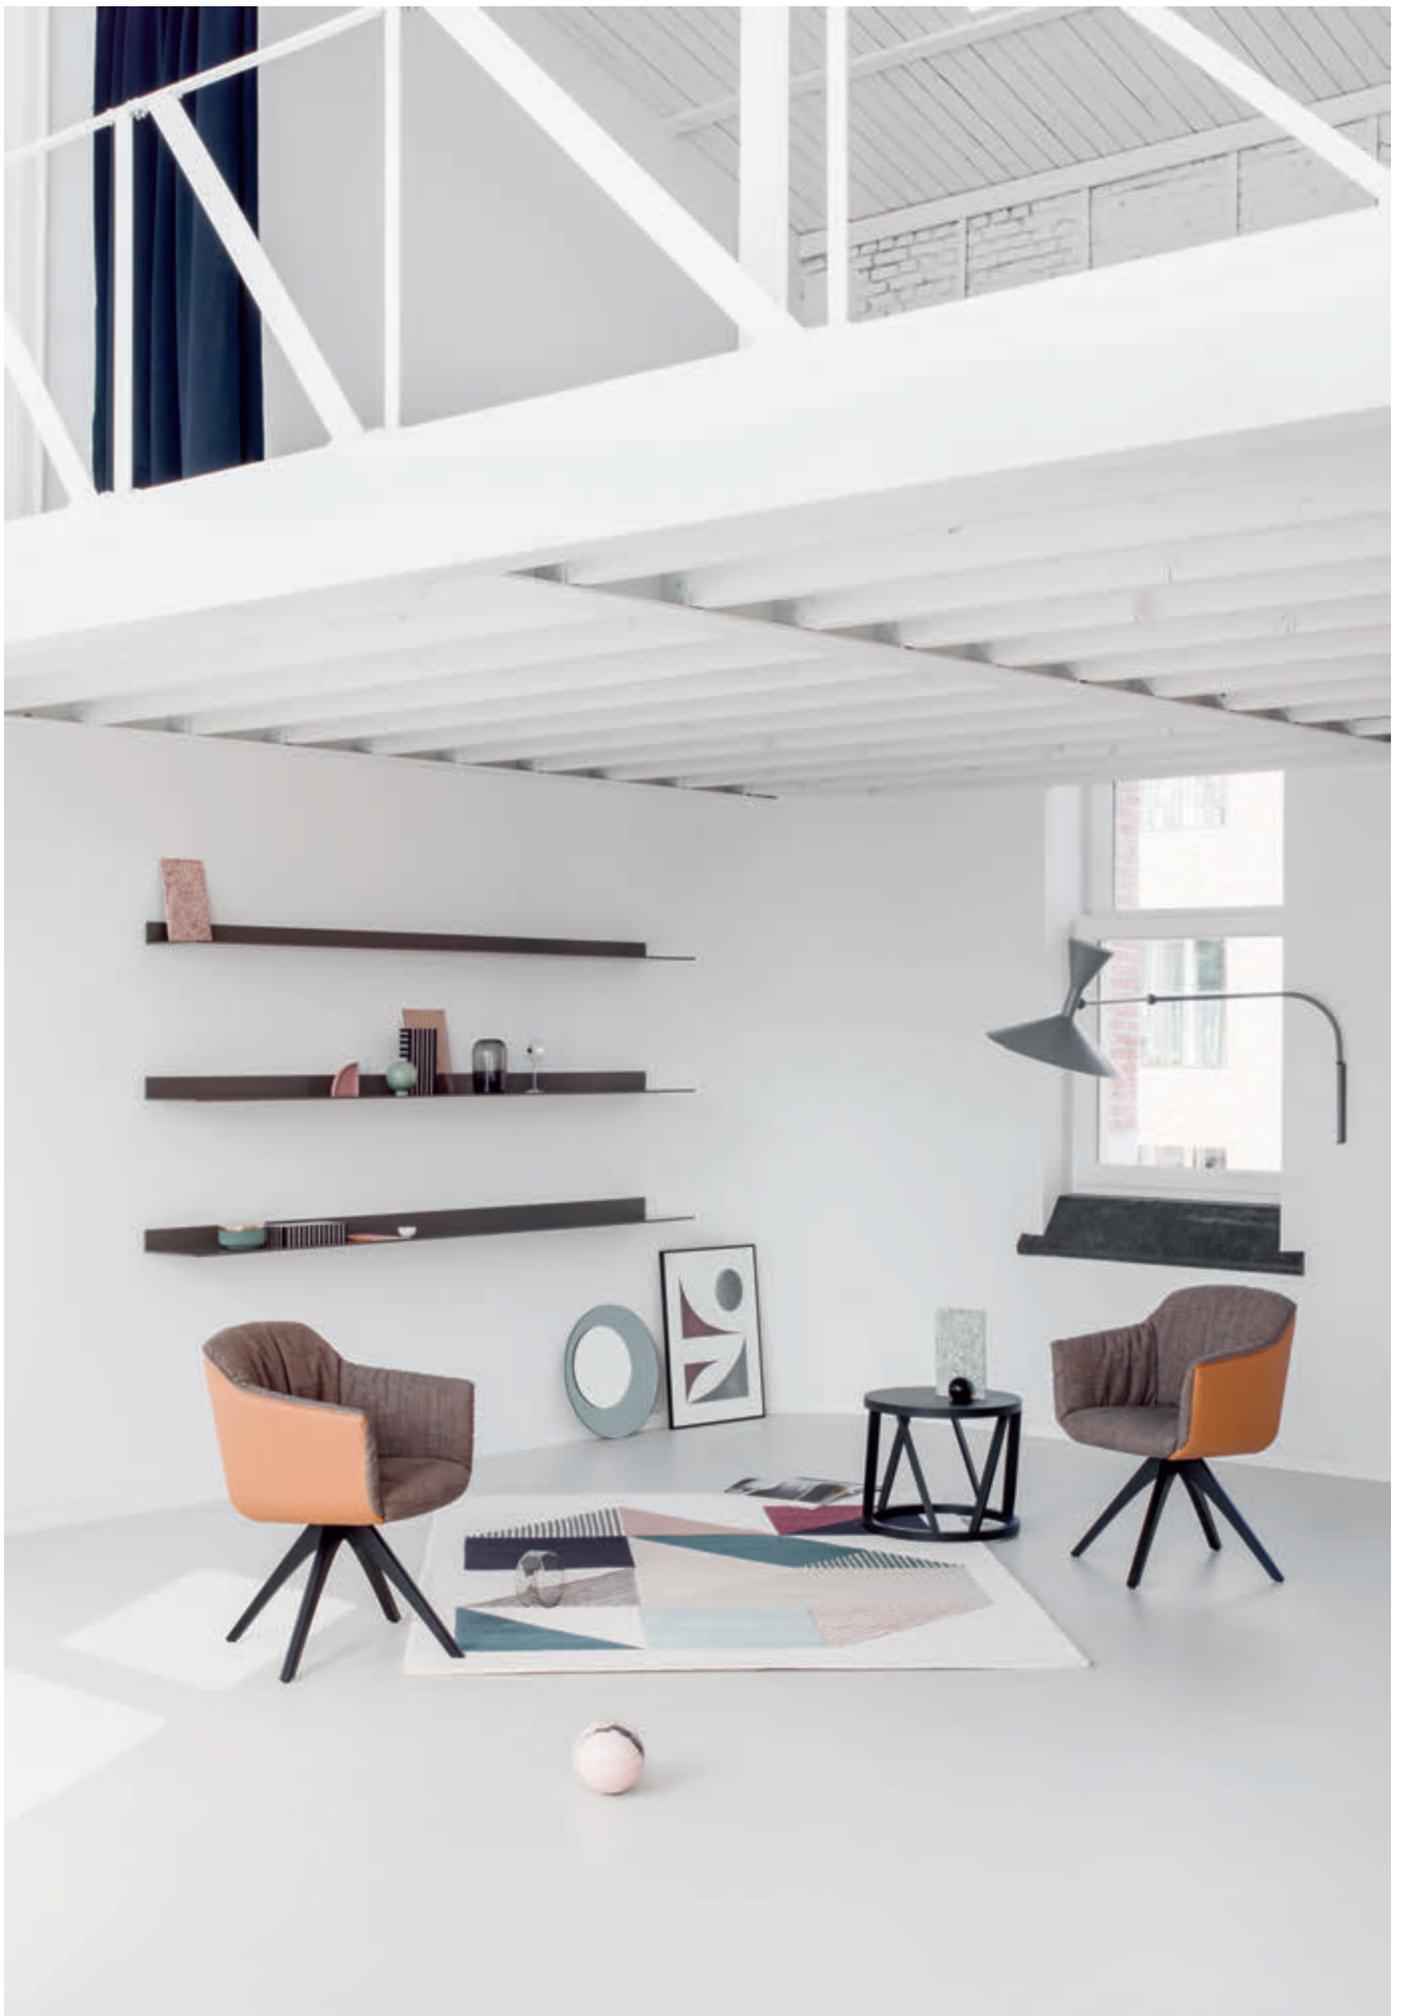

This Weber & labsdesign

**Stands for casual relaxation,
wherever it stands.**

In just as good shape as its popular predecessor, but just a little bit more casual: the new Rolf Benz 641 hybrid chair/armchair combines the popular design of the successful Rolf Benz 640 with a new, trendy upholstery look and especially soft seating comfort, ensuring that not only is the chair comfortable to sit on, but it's also great to sit in – not just for a few moments, but even for hours at a time. The striking

drape gives it a particularly casual touch, bringing the feeling of well-being into the living space. Thanks to the mix & match option, the interior surface of the shell can be covered differently to the outer shell, allowing independent looks to be created. The hybrid chair/armchair is also available in 2 seat heights and with foot designs in metal or wood (with or without swivel function).

Rolf Benz 620

Design
Beck Design

**Just the way
you
like it.**

With Rolf Benz 620, we offer you individual solutions for seating furniture at the dining table and counter, ranging from chairs and (corner) benches to bar stools. You can assemble the chair entirely according to your taste, your ergonomic preferences and the size of your rooms. It is available in 2 back rest heights, as a cantilever chair with round or square tubing, either in matt or polished chrome to match your furnishings. Rolf Benz 620 achieves superlative seating comfort thanks to its seat back shell which rocks pleasantly and is comfortably padded. The three-dimensional curved armrests provide even more comfort and are available covered in leather, walnut veneer or oak veneer. Stained according to the Rolf Benz colour chart, they will superbly match the materials of your dining table.

Rolf Benz 620 is now available in a special leather edition at an attractive promotional price. Choose from 17 leather colours: black, ivory, dark brown, dark red, white, black blue, beige brown, grey brown, grey, light beige grey, beige grey, green, light green, orange, tomato red, blue grey and petrol.*

* Further information can be obtained from participating dealers and at www.rolf-benz.com. Promotion applies for a limited time only for leathers 60.500–60.516.

**Tradition with
a modern twist.**

Long since frowned upon as too traditional, Rolf Benz 620 heralds a whole new interpretation of the seating bench in modern dining rooms. It combines perfectly with the Rolf Benz 620 range of chairs, and its highly practical and clear shape means that it blends beautifully with many other chairs and tables too. The solid side panels of the Rolf Benz 620 bench are attached to the seating surface without projecting and are covered in the material of the seat and the seat back rest. Matt or polished chrome-plated skids are available as an alternative foot design. The dining bench is available with or without a back rest in a variety of different sizes and configurations – making it the ideal solution for virtually any floor plan.

Rolf Benz 7800

Design
Joachim Nees

Concentration on the essentials.

The Rolf Benz 7800 chair: outstanding seating comfort and a striking design that makes the compact chair look like a sculpture. Thanks to its refined design, this exceptionally beautifully shaped chair can rock freely, thereby supporting

both ergonomically correct, upright sitting as well as leaning back and relaxing. The seat and back rest of the chair are comfortably upholstered. The foot is available as either matt or polished chrome-plated.

Rolf Benz 651

Design
Beck Design

The fine art of sitting down.

Comfortable and lightweight, discreet and stylish, purist and at the same time luxurious: Rolf Benz 651 accomplishes the art of combining all of the essentials of perfect seating. The quilted seat cushion is a true work of art, since despite the soft upholstery, the chair looks wonderfully delicate and is the epitome of perfectly balanced design. The chair – with or without armrest – has been created for enjoyable and stylish companionship and, thanks to its various design options, blends in perfectly with virtually

any setting. Painted surfaces in silver, black or umbra grey are available for the feet, while the upholstery is available in the comfort variations Classic or Soft. For the counter, Rolf Benz 651 in the “Soft” comfort version is also available as a bar stool, complementing the chair system range with many a happy and comfortable hour spent in the kitchen and at the bar.

Rolf Benz 652

Design
Beck Design

**Perfection
is
variable.**

Delicate legs and invitingly soft upholstery: these are the hallmarks of the Rolf Benz 652 chair. The especially soft cushions (available in either Classic or Soft) determine the character of this range of chairs, which has been designed based on ideal dimensions for the seat depth, seat height and back height, and which moulds organically to the proportions of the body. Rolf Benz 652 comes with

an optional armrest. Stylish decorative seams accentuate its sculpture-like design and the perfect craftsman finish. The lightweight, delicate legs are painted in silver, black or umbra grey.

For the kitchen and bar counter, Rolf Benz 652 is also available as a bar stool. The layered upholstery and comfortable footrest ensure comfortable seating, no matter how long you sit for.

Rolf Benz 651 and 652 are currently available in a special leather edition at an attractive promotional price. Choose from 17 leather colours: black, ivory, dark brown, dark red, white, black blue, beige brown, grey brown, grey, light beige grey, beige grey, green, light green, orange, tomato red, blue-grey and petrol.* During the “5+1” offer period, you will receive the 6th chair free from Rolf Benz when you buy 5 Rolf Benz 651 and 652 chairs.**

* Further information can be obtained from participating dealers and at www.rolf-benz.com. Promotion applies for a limited time only for leathers 60.500–60.516.

** Equivalent to a saving of 17 % on the RRP. Only at participating retail partners. Non-binding promotional recommendation valid until 30.04.2020.

Dining tables

Rolf Benz 924

Design
Beck Design

Focus on taste.

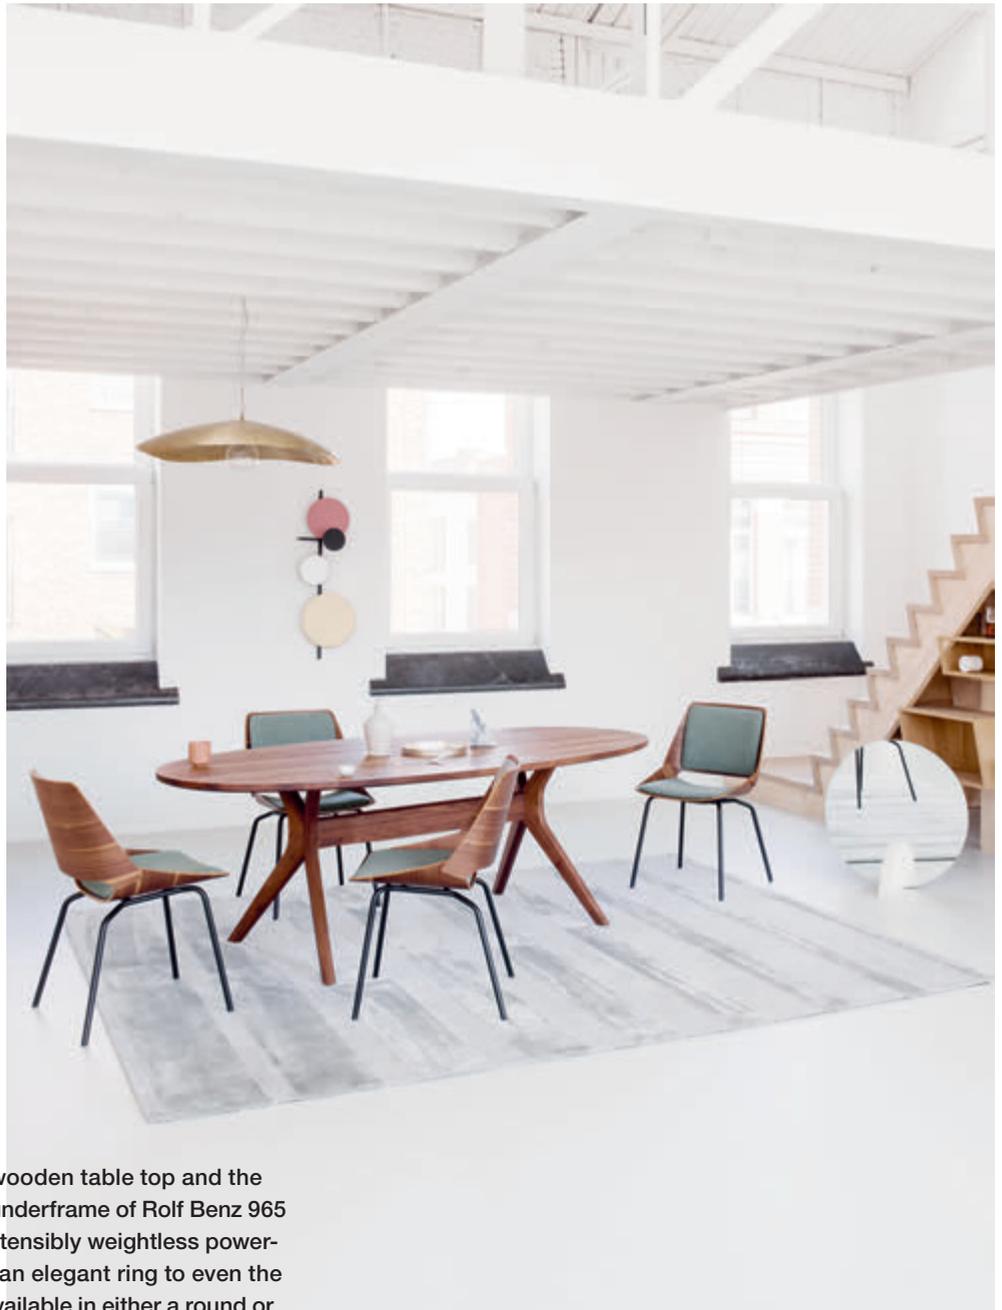

It's almost impossible to ever have your fill of the Rolf Benz 924 dining table. The table, made from highly characteristic solid wood, can be combined beautifully with the Rolf Benz 640 (p. 181) hybrid chair/armchair. The tabletop comes with a straight edge or stylish chamfer, with 4 sizes being

available from 180 cm to 240 cm. The wood options available are natural oak, dark oak, walnut and aged grey walnut.

Rolf Benz 965

Design
formstelle

**Solid
filigree.**

The light-looking solid wooden table top and the filigree structure of the underframe of Rolf Benz 965 combine to create an ostensibly weightless powerhouse. This table gives an elegant ring to even the smallest rooms and is available in either a round or oval version. The top and the frame are available in light oak, dark oak, or elegant walnut with an oiled surface. Rolf Benz 965 goes perfectly with the new Rolf Benz 650 (p. 177) range of chairs, and also integrates harmoniously into a great many other living spaces.

Rolf Benz 969

Design
Beck Design

**Focus
on
nature.**

The most important thing is with whom you share the table. Of course, it's still very nice if as unusual a piece of furniture as the Rolf Benz 969 is in the midst of everything that's going on. The table, made from solid oak, comes to your home as beautiful as

nature made it: the top is available in 4 sizes. Its knots and flaws are filled with a synthetic resin, and the surfaces are brushed and oiled. Its rustic appearance is stylishly grounded by the solid steel supports.

Rolf Benz 964

Design
Johannes Steinbauer

The lightness of relaxed hours.

Whether you're with friends or family, with the solid oak Rolf Benz 964 dining table, you'll be dining on cloud 9 thanks not least to the tabletop that appears to float over the supporting frame. In fact, it is connected via a visible metal support to the feet, creating a very special illusion of lightness. The dining table is available in two designs: either with a round

tabletop or a rectangular one with rounded table corners and edges. The tabletop and feet are available in oak and walnut, and the metal support can be produced as preferred in umbra grey or traffic black. Whichever choice you make, the Rolf Benz 964 table matches perfectly with the Rolf Benz 616 chair. And an urban lifestyle.

Rolf Benz 986

Design
This Weber

**The best
of both worlds.**

Opposites attract – and are attractive. Swiss designer This Weber has combined western and eastern culture perfectly in the Rolf Benz 986 dining table. With the large lazy Susan for sharing dishes and the round tabletop, it pays homage to Chinese dining culture. The leather-covered natural stone, available

either in graphite brown or Carrara, comes from Germany and impresses with its pure geometric lines. The tabletop is available with a diameter of 160 or 180 cm. On top is the optional lazy Susan, with a diameter of 80 or 100 cm.

Rolf Benz 966

Design
This Weber

**Timeless
beauty.**

There are precious few materials that have as radiant a character as natural stone. The Rolf Benz 966 table pays homage to precisely this material, and is available in two luxurious designs: with fine “Graphite Brown” graphite stone or white Carrara marble from Italy. The top of the Rolf Benz 966 table

has a primal-looking boat shape and a leather-covered surface, giving it a pleasant, warm feel. The Rolf Benz 966 table is available in various lengths and the feet made from cast aluminium are optionally available in umbra grey or traffic black.

Rolf Benz 988

Design
Bodo Sperlein

The characteristic one.

The Rolf Benz 988 is both a sculpture and a table. Its sensuous, biomorphic shapes contrast excitingly with clear lines. Either manufactured from light oak, dark oak or walnut, this table demonstrates the pinnacles of design solid wood is capable of. A unique homage to craftsmanship. The table has

both an inimitable presence, at the same time as meeting the most diverse demands. Available in a width of 107 cm, and in lengths of 220 cm, 240 cm and 260 cm, Rolf Benz 988 embodies influences from art, philosophy and architecture to create a new table icon.

Rolf Benz 8950

Design
Michael Schneider

**True
dining pleasure.**

With Rolf Benz 8950, culinary enjoyment can be combined with unadulterated pleasure for the eye. Its soft, organic shapes allow the original function of the table to blend into the background, giving it a truly sculptural character. Rolf Benz 8950 is incredibly inviting and offers plenty of leg room with

its unusual central foot. It is available in a round or long shape, and in various sizes. The table top is designed either as a solid piece (oiled oak, stained and painted oak or oiled walnut) or in painted MDF. The pedestal comes in black or white.

Rolf Benz 935

Design
labsdesign

**Steady
and flexible.**

The Rolf Benz 935 table is designed entirely around you: it can be used as a standing table or side-board positioned up against the wall, or serve as a classic free-standing model in – and as – the centre of the room. No matter where it stands, it offers a stylish invitation to linger and, in combination with the Rolf Benz 650 bar stools, of course to sit. Its versatility knows no bounds in terms of size,

material or paint finish either: the standing table is available in a rectangular and square design, and each comes in two heights (100 and 110 cm). You can also choose between a foot in the colours of traffic black or umbra grey. The tabletop, made from solid oak or walnut, adds the finishing touch to this flexible concept.

Beds & Accessories

Rolf Benz SONO

Design
Beck Design

new

**Blissful cocooning.
And in the best Rolf Benz quality.**

At first glance, the eyes are immediately drawn to the Rolf Benz SONO's headboard, with its strikingly beautiful workmanship and lavish diamond-shaped gathering. In the leather version especially, the incredible craftsmanship of our upholsterers is expressed here once again.

Despite the appealingly subtle opulence, the bed – not least thanks to its drawn-in, delicate feet in black or ochre-beige metallic – looks weightless and elegant. It is a true overall piece of art and

almost too beautiful to close your eyes in when sleeping. Rolf Benz SONO is available in 3 widths and 2 lengths, both as a box spring bed or with a mattress and slatted frame.

The perfect companion for the bed: the Rolf Benz 918 upholstered bench (p. 205), which also features beautifully crafted gatherings.

Rolf Benz 907

Design
labsdesign

new

**A valet with the
very best pedigree.**

Always at your service. This friend and helper will make life so much easier both in the bedroom and in any other room. Boasting an attractive clothes rack and elegant mirror, it is always on hand to give yourself that last-minute once-over. Even when not “on duty”, it looks wonderful thanks to its combination of different materials and surfaces and can be adapted to your individual preferences (see technical data, p. 94).

Rolf Benz 918

Design
Beck Design

new

One of the most beautiful places to be.

For sophisticated seating before sleeping, and as the ideal “little brother” to the Rolf Benz SONO bed, this high-quality feast for the eyes is a must-have. The seat cushion, with its spot indents, lies in a covered shell. Thanks to the “mix & match” option, this shell can have a different cover from the upholstery, creating unique, customised looks. This work of art can stand on steel feet painted in either black or ochre-beige metallic.

Rolf Benz TONDO

Design
labsdesign

new

Like a gentle hug.

Whether against a wall or free-standing in the room, the floor-level Rolf Benz TONDO bed is invitingly beautiful in every respect. The loose back cushions mean that upright sitting is exceptionally comfortable. And with the wraparound headboard, there's space to sit opposite too.

The exquisitely crafted "cuddle lounge" is available in 3 widths and 2 lengths, both as a box spring bed and in the classic design with mattress and slatted frame.

The Rolf Benz TONDO bed is closely related in stylistic terms to the sofa of the same name (p. 86), which won the Best of Best award in 2017, the highest accolade from "ICONIC AWARDS:

Innovative Interior". Anyone who cannot get enough of the beautifully casual look will delight in bringing all the wonderfully matching furniture together in the bedroom: the Rolf Benz 917 bench (p. 209), the Rolf Benz 916 bedside table (p. 209) and the Rolf Benz 907 valet stand (p. 205) make the ensemble complete.

Rolf Benz 917

Design
labsdesign

new

**The perfect
companion.**

The upholstered Rolf Benz 917 bench acts as a piece of furniture that is as practical as it is beautiful in the bedroom but has a special role as a companion to the Rolf Benz TONDO bed (p. 206). The upholstery with indents delights the observer

with its decorative flat fell seams. At the rounded corners, the cover is artistically arranged in pleats. The frame and foot frame support this beautiful piece of furniture in an option of natural oak, black stained oak or American walnut.

Rolf Benz 916

Design
labsdesign

new

**By your
side.**

The dependable bedside companion Rolf Benz 916 has even more appeal thanks to its particularly meticulous workmanship. The drawer is a true delight with its soft-close mechanism and felt inlay. The body, frame and drawer front are made from solid wood; optionally available in natural oak,

black oak or American walnut. The sophisticated handle adds the finishing touch to this outstanding bedside table and make it a particularly cherished piece of furniture – available in a choice of ochre-beige metallic, traffic black, umbra grey or silver-grey painted beech.

You can experience Rolf Benz and our upholstered furniture first-hand at the largest Rolf Benz showroom in the world.

Experience the seating, explore functions and enjoy our passion for furniture in Nagold up-close. Our Rolf Benz consultants will be happy to show you everything in detail and offer you professional, unhurried advice. Our team will also be on hand to offer you valuable tips and new furnishing ideas. Be inspired.

Our opening times are from Tuesdays to Fridays, 9:00 a.m. to 5:00 p.m. and Saturdays from 10:00 a.m. to 4:00 p.m. (closed Mondays). You are welcome to arrange an appointment with us at +49 (0) 74 52 / 601-101. Also feel free to visit our website, www.rolf-benz.com, where you will find a detailed map of how to find us.

We look forward to welcoming you.
