# CARACTER

Rolf Benz CARA

nothing but wunderbar.

**ROLF  
BENZ**

## CARA shows character.

---

Beauty attracts us. Character never lets us go. Rolf Benz CARA combines both in a matchless way. The first generation of the graceful system range has already endeared itself to many comfort seekers, not just because of its elegant proportions, but also thanks to the diverse design options and innovative comfort functions. Thanks to new design ideas, CARA is now even more attractive and modern and has even more hidden talents that prove its true individual character.

With 5 seat and sofa widths, 10 modular elements, 2 side section heights, 2 seat heights, 3 seat depths, 11 leg variants and 2 upholsteries, Rolf Benz CARA transforms your every wish into reality. And with the new optional relaxation functions, it can even satisfy the need for even greater flexibility and comfort.

**Always fits. And always adapts.**

---

Whether a sectional sofa with a long chair, a compact corner sofa or as a spacious living room environment: combining individual modules allows the sleek and stylish sofa to be customised and perfectly adapted to rooms of any size.

With the choice of legs (single leg, metal or wooden brace leg, metal runner or side section down to the floor), you can add the perfect finish to your personal living style. Choose the upholstery and seat height to match your ergonomic preferences. The seat depth is adjusted through the thickness of the back cushions. Different seat depths can thus be created and mixed within a sofa-scape.

**Just your character.**

---

Rolf Benz CARA adapts to your personal wishes as an individual sofa as well. With a total width of 136 cm and upwards, it is the most compact sofa in the Rolf Benz collection. It is complemented by the armchair, the ottoman or the footstool from the range. Further perfect companions are the Rolf Benz 562 armchair (see next page) and the Rolf Benz 934 coffee table range.

## More of the best.

---

Everyone has their own personal idea of what relaxation means. And Rolf Benz CARA lives up to everyone's standards. The system range offers optional relaxation functions that can intelligently increase comfort and can be operated with just a few movements. The side sections can optionally be folded down for comfortable reclining and moved stably to any position in-between. The backrest can be equipped with a stepless relax function and a concealed headrest. The optional footrest adds the final touch to your idea of perfect comfort - with a twist, it can be moved to the ideal position. The new modular bench (H-ARB-PSZ-SRV 137) impresses with its rotating seat, a convenient, already integrated back adjustment function and optional headrest. The additionally selectable storage space ensures that everything you need to be happy is within reach.

Beautiful for any occasion.

---

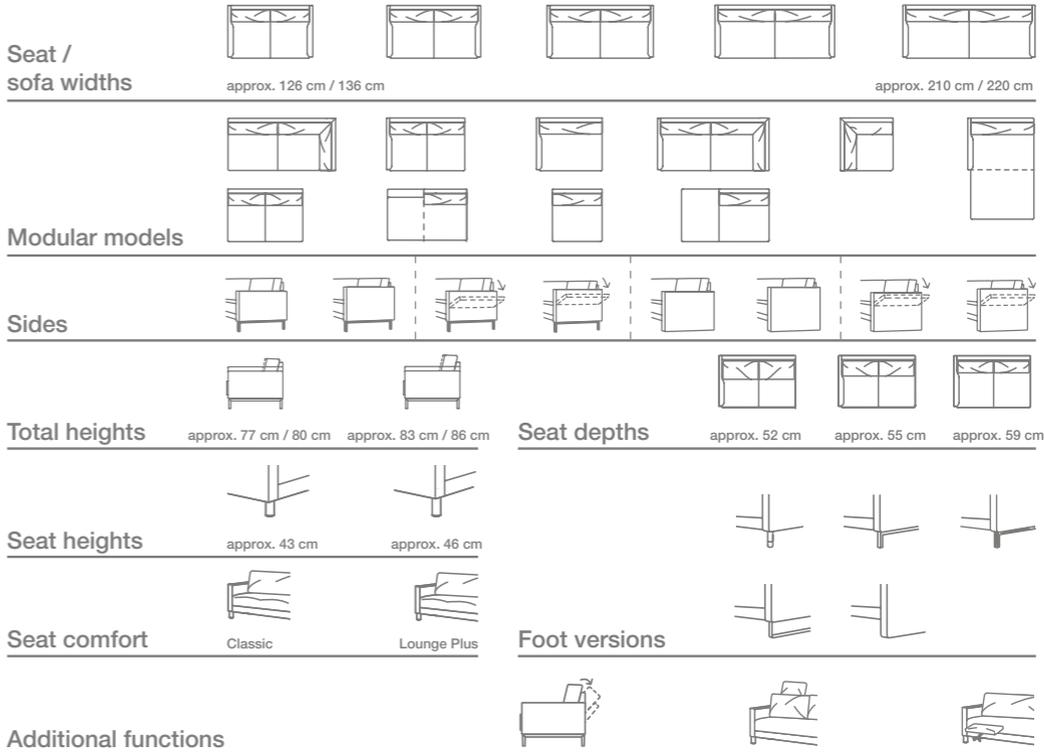

The perfect companion for Rolf Benz CARA is the new Rolf Benz 934 coffee table range, which can be used as coffee or occasional tables or footstools. They are, of course, available in various materials and dimensions, so that your own style is always at the forefront.

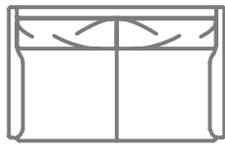

# Your wishes become CARA.

With Rolf Benz CARA, gradually shape the sofa that best matches your wishes.

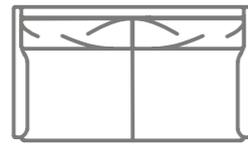

## The seat and sofa widths.

Rolf Benz CARA comes in 5 different seat and sofa widths.  
The total width is made up of the seat width and the width of the two side sections.

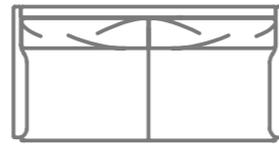

**Seat width: 126 cm**

Total width:  
With side section low or high: 136 cm  
With adjustably side section low: 170 cm  
With adjustably side section high: 182 cm

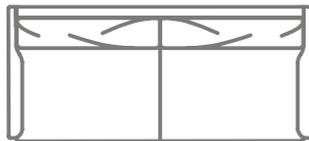

**Seat width: 147 cm**

Total width:  
With side section low or high: 157 cm  
With side section adjustably low: 191 cm  
With adjustably side section high: 203 cm

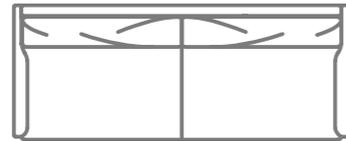

**Seat width: 168 cm**

Total width:  
With side section low or high: 178 cm  
With side section adjustably low: 212 cm  
With adjustably side section high: 224 cm

**Seat width: 189 cm**

Total width:  
With side section low or high: 199 cm  
With adjustably side section low: 233 cm  
With adjustably side section high: 245 cm

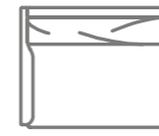

**Seat width: 210 cm**

Total width:  
With side section low or high: 220 cm  
With adjustably side section low: 254 cm  
With adjustably side section high: 266 cm

## The modular elements.

10 modular elements allow a great number of different combination options.  
And of course these include those which best match your living space. Make the configuration process especially easy using the planner included with this brochure.

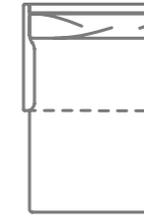

**End chair (H-ASS)\***

With adjustably side section high: 210/231/252 cm

**Corner modular bench (H-E-ARB)\***

Seat width: 168/189/210 cm  
Total width:  
with side section low or high: 182/203/224 cm

\*These elements are shown in their left-hand version. They are also available mirrored in the right-hand version.

## New: modular bench with relax function.

---

Relaxation redefined – with the new modular bench with swivelling seat and steplessly adjustable back (H-ARB-PSZ-SRV 137), you will now always find your ideal seating and relaxing position. On request with integrated headrest and storage space (wooden veneer in natural oak, black stained oak or American walnut).

## The side sections.

---

The graceful, sumptuously shaped side sections of Rolf Benz CARA are available in 2 heights and can optionally be fitted with a concealed version. A gas spring then allows you to move them to any position you wish. Rolf Benz CARA is always first in line when it comes to ensuring your very personal comfort.

Side section low (fold-down optional)

Side section high (fold-down optional)

## Additional function.

---

Stepless adjustment

Pull the loop and completely fold the side section down

Pull the side section upwards until the desired position is reached

## The back cushion heights.

---

You can choose between 2 back cushion heights (total height approx. 77/80 cm and approx. 83/86 cm). The backrest can be equipped with a relax function that allows stepless adjustment.

Back cushion low (back optionally foldable; with side section high, also possible with side section low)

Back cushion high (back optionally foldable; with side section high, also possible with side section low)

## Additional function.

---

Stepless adjustment

Pull the loop and steplessly fold downwards towards the rear into any position

Backrest completely folded down (maximum inclination reached)

## The leg variants.

Different foot designs ensure that Rolf Benz CARA looks fantastic no matter what type of surface it rests on. Choose the version that fits in best with your personal living space.

**Metal runner\***

// finely structured steel in powder-coated matt RAL 9017 traffic black or  
// finely structured steel in powder-coated matt RAL 7022 umbra grey or  
// polished chrome-plated steel

**Metal arch**

// finely structured steel in powder-coated matt RAL 9017 traffic black or  
// finely structured steel in powder-coated matt RAL 7022 umbra grey or  
// polished chrome-plated steel

**Wooden arch**

// varnished natural solid oak or  
// stained varnished black solid oak arch or  
// varnished natural solid American walnut arch  
Natur lackiert

**Metal round tube leg**

// matt chrome steel

**Side section down to the floor**

// plastic sliders

solid oak stained black and varnished

varnished natural solid oak

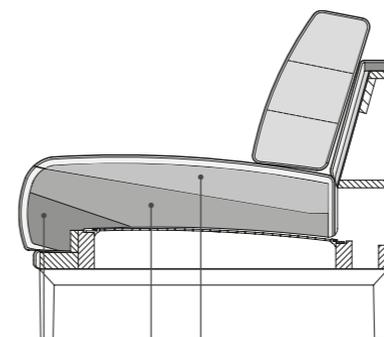

varnished natural solid American walnut

## The upholstery comfort.

Superlative seating comfort: choose from 2 upholsteries to find the one that suits you best. Both are made from different, perfectly coordinated, very high-quality cold foams that differ merely by virtue of their compression firmness and density. The “Classic” upholstery comfort is slightly firmer when sitting, while the “Lounge Plus” comfort is appreciably softer.

**Classic upholstery comfort**

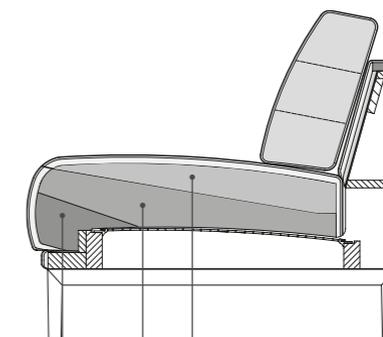

Density: 40  
Compression firmness: 3.0

Density: 37  
Compression firmness: 4.4

Density: 40  
Compression firmness: 6,0

**Lounge Plus upholstery comfort**

Density: 40  
Compression firmness: 2.0

Density: 50  
Compression firmness: 3.0

Density: 40  
Compression firmness: 6,0

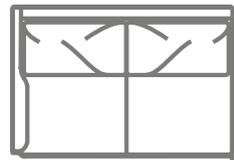

On the models H-EPT, H-E-ASO, H-ASO and H-E-ARB, a single foot is mounted under the corner back.

\*For shape reasons, with the H-ASS-PSZ, an arch is always fitted at the front under the PSZ.

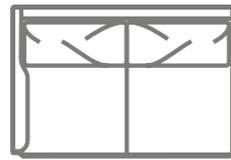

## The seat depths.

---

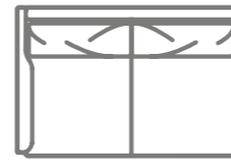

For your personal seating comfort, Rolf Benz CARA comes in 3 different seat depths: 52, 55 and 59 cm. The seat depth can be selected for each individual model. It is generated through the thickness of the back cushions. With corner modular groups, the seat depths 52 and 55 cm or 55 and 59 cm can be combined.

Seat depth: 52 cm\*

Seat depth: 55 cm\*

Seat depth: 59 cm\*

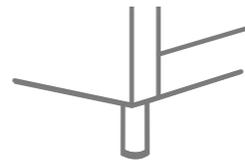

## The seat heights.

---

The right seat height is a crucial factor for comfortable seating. Depending on the individual's height and your seating habits, you can choose either of the two seat heights.

Seat height: 43 cm\*

Seat height: 46 cm\*

## Additional function: integrated headrest.

---

The optional headrest function is especially sophisticated. Once the loose back cushion is removed, there is a clip that can be folded up inside the body. An attachable side section cushion that can be ordered separately cushions the headrest.\*\*

By removing the back cushion, the headrest function with the concealed clip is exposed.

Pull up clip

Pull the attachable side section cushion over the headrest

headrest can be pulled forward for maximum comfort (watching TV / reading).

\* Please note that seat depths and seat heights may vary due to the different elasticity of the cover materials and different constructions of the upholstery. The dimensions specified may therefore vary.

\*\* It is not possible to retrofit the headrest!

## Additional function footrest.

---

Another hidden extra is the footrest, concealed under the sofa, which can be swung forward - with just one movement, you can move the footrest to the ideal position. In its final comfort position, you can enjoy Rolf Benz CARA at its full length.

Concealed footrest

Swing footrest forward

Twist function: Footrest is turned upwards

Footrest in final comfort position

## The accessories.

---

Rolf Benz CARA is rounded off by an armchair, ottoman, footstool, a mobile headrest, side section cushions and upholstered cushions.

Armchair

Seat width: 63 cm  
Total width:  
With side section low or high: 73 cm  
With adjustably side section low: 107 cm  
With adjustably side section high: 119 cm  
Leg variant: optional

Ottoman

Measurements: 94 x 46 cm  
Leg variant: optional

Footstool

Measurements: 63 x 46 cm  
Leg variant: optional

Headrest (adjustable)

Headrest dimensions:  
54 x 73 cm  
High headrest dimensions:  
54 x 79 cm

Side section cushions

Measurements: 54 x 32 cm

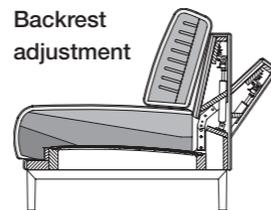

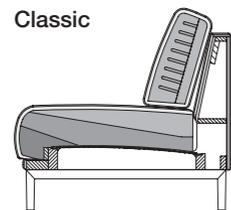

Upholstered cushion

Measurements: 40 x 40 cm  
or 54 x 27 cm

## Technical part

- // Wooden inner frame
  - › Steel, fine structure, powder-coated, matt, RAL 7022 umbra grey
  - › Steel high-gloss chrome
- // Nosag spring support
- // Seat in high-quality cold foam, built up in coordinated layers varying in height and firmness, with a polyester nonwoven cover
- // Back pad made from polyurethane foam
- // Back cover quilted with polyester fleece
- // Options:
  - The back can be steplessly adjusted down to the relax position
- // Backrest cushions made of polyurethane foam covered with a fleece/foam composite pad
- // Choice of two seat heights: 43 cm or 46 cm
- // Circular tubular base metal
  - › Smooth steel matt chrome
- // Metal brace, options:
  - › Steel, fine structure, powder-coated, matt, RAL 9017 traffic black
- › Steel, fine structure, powder-coated, matt, RAL 7022 umbra grey
- › Steel high-gloss chrome
- // Wood brace, colorless painted, options:
  - › Oak
  - › Oak black pigmented
  - › Amercian walnut
- // Metal skid, options:
  - › Steel, fine structure, powder-coated, matt, RAL 9017 traffic black
  - › Steel, fine structure, powder-coated, matt, RAL 7022 umbra grey
  - › Steel high-gloss chrome
- // Side sections to floor have plastic glides
- ! Due to the way the furniture is designed, and its comfort level, some wrinkles and sitting pressure indentations are inevitable, even in top quality Rolf Benz upholstered furniture. All dimensions are approximate.

The specified seat height dimensions are measured at the front edge of the seat upholstery. The measurements are approximate. Due to the soft nature of the materials, measurements for upholstered furniture can never be exact. The seat height can vary due to the different elasticity properties of the cover fabric, different padding structures and due to utilization characteristics.

All technical specifications relevant to the furniture ranges are correct at the time of publication. Subsequent modifications are possible. Colours may differ slightly for technical printing reasons. Please see the samples in store.
