

Made in Germany

Rolf Benz NUVOLA

nothing but wunderbar.

**ROLF  
BENZ**

## Make life at home.

---

Spend time with your family, welcome friends and acquaintances – or simply enjoy a moment of calm on your own. Rolf Benz NUVOLA is made for your life. The generous comfort system range offers a variety of individual elements to choose from that allow you to create all manner of flexible floor plan solutions. The sectional sofa impresses with its lightweight appearance, reflecting international trends, and transforms any living space into a vibrant place or a calm oasis, just as you wish.

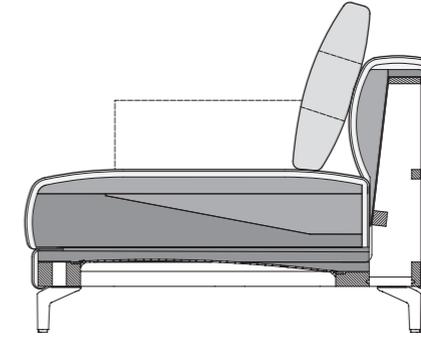

## Freedom of movement.

---

With Rolf Benz NUVOLA, you have the ability to change yourself and your personal living style whenever you want. Each individual element in the modular range can be used in a connected configuration or also free-standing. The seating elements can be selected in various sizes, with and without armrests, and with backless ottomans. Floor plans can therefore be changed and loosened at any time. Create your flexible living room environment with the planner included with this brochure and design your sofa in line with your own preferences. There are three seat heights to choose from, three surfaces on the cast aluminium feet (polished, traffic black or umbra grey) and two comfort variants – Lounge Plus and Lounge Deluxe.

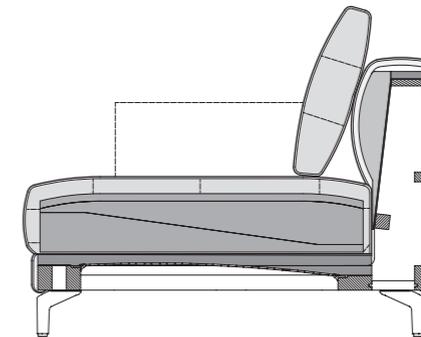

Lounge Plus

## Première for unique seating comfort.

---

It can feel so wonderful simply to fall back and let go of everyday stresses. Now it's more comfortable than ever before – with the Lounge Deluxe seating comfort, a superbly soft and casual-looking upholstery that offers blissfully gentle, easy seating. It comprises three anatomically shaped foams, a mat on top made from high-tech fibres, encased in a generous cassette chamber configuration with additional viscose foam and a carefully made, three-layer fleece ticking composite as the cover. To accommodate every seating preference, the tried-and-tested Lounge Plus seating comfort is available as an alternative and features a calmer surface. Additional cushions ensure perfect relaxation in any position: for example, back cushions with a stitched-on neck roll for true upright seating comfort.

Lounge Deluxe

## An all-round feeling of wellbeing.

---

The Rolf Benz 987 models are the ideal additions to the Rolf Benz NUVOLA sectional sofa. The table can be linked to the upholstered elements and stand both between the modules and as an addition on the end. The shelving unit provides a handy storage surface behind the sofa. The tops are available in solid oak or solid walnut. To match Rolf Benz NUVOLA, the frames are available in traffic black, umbra grey or polished chrome.

### Companion with character.

---

The graceful coffee and occasional table Rolf Benz 8770, with its curved supporting metal struts, has an almost weightless appearance despite its sculptural expressiveness, and combines beautifully with the Rolf Benz NUVOLA sectional sofa. The metal struts are painted in traffic black, umbra grey or olive yellow and connected to a colour-coordinated glass plate or Parsol glass plate.

## Open to customisation.

---

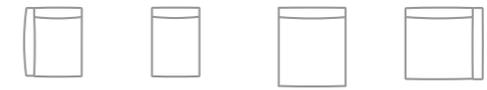

When it comes to the design of Rolf Benz NUVOLA, you have every freedom to create your perfect living room environment.
