A WORLD APART

BY GIO PAGANI

“MY CAPSULE COLLECTIONS ARE SET IN THE THEATRE OF PRIVATE LIFE, GIVING THE OPPORTUNITY OF LIVING THE SPACE AND BEING CARRIED AWAY BY EMOTIONS”

Opening the doors of GIOPAGANI World Apart is entering in a universe made of multi-shaped inspirations that flow into eclectic pieces of furniture in order to create unique atmospheres and raise emotions.

Each Capsule Collection is like a mirror that send us back to a particular memory. Objects that combine the charme of timeless design with the ultra-contemporary codes of Fashion, the art of bespoke of Haute-Couture, the rigor of Architecture, the power of expression of Visual Arts.

A personal aesthetic touch that goes straight into the heart like an Haute-Couture dress. Like a two-way ticket towards the known codes of the past to be reinterpreted in an avant-gardist language.

An intensity of research and creation aimed at transform the ordinary in extraordinary, the shapes and materials into emotions. Furniture, lighting, carpets, floors, walls: an harmonious symphony of elements that becomes transversal and suggests ambiances that become a true stage.

The stage of your private life. Let the show begin.
