**NEW EOLO**

Avec plus de 80 ans d'expérience dans le design et la production d'une vaste gamme de produits appréciés pour tout usage en plein air.

Le groupe Ezpeleta est né à Oñati (Guipúzcoa), en 1935, où il débute son activité en tant que Fabricant de parapluies. Depuis lors, le groupe connut une croissance continue lui permettant de développer non seulement ses installations comme sa gamme de produits.

Aujourd'hui, notre principale usine se trouve localisée à Vila Nova de Cerveira, au Portugal. Il s'agit ici d'une localisation stratégique située aux limites de la frontière entre la Galicie et le Portugal.

Notre modèle de croissance est basé sur l'innovation et une continue adaptation à la demande du marché. Une communication ouverte ainsi que l'étroite collaboration avec le business nous permettent ainsi une constante évolution en accord avec notre principal objectif qui est la satisfaction de tous nos clients.

Ezpeleta est fabricant d'une ligne de Mobilier d'extérieur, de parasols, et de parapluies grâce à l'utilisation de trois technologies que nous dominons: la confection textile, la mécanisation et la finition en métal ainsi que l'injection plastique.

Nous distribuons actuellement nos produits partout dans le monde créant des espaces uniques, fonctionnels, durables, différenciateurs, contemporains et respectueux de l'environnement.

Mais de 80 anos de experiência a desenhar e a fabricar produtos para serem desfrutados ao ar livre.

O grupo empresarial Ezpeleta nasce em Oñati (Guipúzcoa) em 1935 e aí começamos a nossa atividade como fabricantes de guarda-chuvas. Desde então, crescemos de forma contínua, quer em instalações quer em gama de produtos.

Hoje, a nossa fábrica principal encontra-se em Vila Nova de Cerveira, uma localização estratégica no limite fronteiro entre a Galiza e Portugal.

O nosso modelo baseia-se na inovação e na contínua adaptação à procura do mercado. A comunicação aberta e a permanente vinculação ao negócio permitem-nos estar em constante evolução e cumprir o nosso objetivo fundamental que é a satisfação dos nossos clientes.

Na Ezpeleta produzimos mobiliário de exterior, guarda-sóis e guarda-chuvas, utilizando as três tecnologias que dominamos: a confeção textil, o processo de mecanização e de acabamento metal e a injeção de plástico.

Distribuimos os nossos produtos por todo o mundo, criando espaços únicos, funcionais, duradouros, diferenciados, contemporâneos e no respeito pelo meio ambiente.

# CONTRACT

Más de 80 años de experiencia diseñando y fabricando productos para ser disfrutados al aire libre.

El grupo empresarial Ezpeleta nace en Oñati (Guipúzcoa) en 1935 y allí comenzamos nuestra actividad como fabricantes de paraguas. Desde entonces, hemos crecido de forma continuada tanto en instalaciones como en gamas de productos.

Hoy nuestra fábrica principal se encuentra en Vila Nova da Cerveira, ubicación estratégica en el límite fronterizo entre Galicia y Portugal.

Nuestro modelo está basado en la innovación y la continua adaptación a las demandas del mercado. La comunicación abierta y la vinculación permanente con el negocio nos permite estar en constante evolución y cumplir nuestro objetivo fundamental que es la satisfacción de nuestros clientes.

En Ezpeleta producimos mobiliario de exterior, parasoles y paraguas utilizando las tres tecnologías que dominamos: confección textil, mecanizado y acabado de metal e inyección de plástico. Distribuimos todos nuestros productos en todo el mundo creando espacios únicos, funcionales, duraderos, diferenciados, contemporáneos y respetuosos con el medio ambiente.

More than 80 years of experience in designing and producing products to be enjoyed outdoors.

The Ezpeleta corporate group was founded in 1935 in Oñati (Guipúzcoa), and it was there that we first began producing umbrellas. Since then we have steadily expanded, not only in terms of our facilities, but also our extensive product range.

These days our main factory is located in Vila Nova da Cerveira, a strategic location right on the border between Galicia and Portugal.

Our business model is based on innovation and a continuous adaptation to the market demands. Our open communication and permanent connection to the business has enabled us to constantly evolve as a company, which in turn has helped us to meet our primary objective: to ensure the satisfaction of our customers.

Here at Ezpeleta we boast extensive expertise in three main technological processes: textile production, metalwork and finishes, and plastic injection, and we use these processes to produce our outdoor furniture, parasols and umbrellas. Our products are distributed worldwide, going on to create unique, functional, long lasting, distinct and environmentally friendly, contemporary spaces.

# SILLAS CADEIRAS CHAIRS CHAISES

Rod, Fado, Attic, Town, Park, Hall, Dock, Bowl, Land Tex,  
Monaco, Sicilia, Capri, Niza, Berlin, Roma.

En Ezpeleta diseñamos y producimos una gran variedad de sillas en diferentes materiales. En los últimos años hemos centrado nuestros esfuerzos en la utilización del polipropileno debido a las cualidades que nos aporta. Es ligero, confortable, duradero, resistente y reciclable; todo ello nos anima a seguir apostando por nuevas colecciones basadas en este material. Ahora presentamos nuestro nuevo modelo "ROD", en esta ocasión combinado con el aluminio, material que también posee las cualidades que nos exige el canal Contract.

*Na Ezpeleta desenhamos e produzimos uma grande variedade de cadeiras em diferentes materiais. Nos últimos anos, centrámos os nossos esforços na utilização do polipropileno devido às qualidades que nos proporciona. É leve, confortável, duradouro, resistente e reciclável, o que nos anima a continuar a apostar em novas coleções baseadas neste material. Agora, apresentamos o nosso novo modelo "ROD" que combina o polipropileno com o alumínio, outro material que também possui as qualidades exigidas pelo canal Contract.*

Ezpeleta dessine et produit une vaste gamme de chaises et fauteuils sous différents matériaux. Au cours de ces dernières années, nous avons centré nos efforts dans l'utilisation du polypropylène en raison des aspects qualitatifs qu'il apporte au produit: Légereté, confort, durabilité, résistance et recyclabilité; De nombreux points forts qui nous animent ici à développer de nouvelles collections basées sur ce type de matière première. Ainsi, est né notre Nouveau modèle ROD que nous vous présentons, s'agissant ici d'une combinaison parfaite du polypropylène avec l'aluminium, matière au présentant également les qualités requises pour tout usage en Contract.

Here at Ezpeleta we design and produce a wide range of chairs using different materials. In recent years, we have prioritised the use of polypropylene due to the fantastic characteristics that this material offers. The decision to continue producing new collections based on this material was a simple one given that it is a light-weight, comfortable, long-lasting and resistant material which is also recyclable. We are delighted to be able to present our new "ROD" model, in which we have combined this innovative material with aluminium; another material that boasts the qualities we are looking to offer in our Contract product range.

# MESAS TABLES

Meet, Quatro, One, Monaco,  
Urban, Kos, Rodas

Para completar nuestra oferta de terraza disponemos de un gran surtido de mesas en diferentes materiales, colores y formatos. Todas ellas son producidas con tablero de compacto de alta densidad en más de diez decorados de actualidad como el mármol, el roble o el cemento.

Ofrecemos al mercado las mejores opciones de diseño, funcionalidad, apilabilidad, resistencia a los impactos y un fácil mantenimiento.

*Para completar a nossa oferta para esplanadas, dispomos de um grande sortido de mesas em diferentes materiais, cores e formatos. Todas elas são produzidas com tampo de compacto de alta densidade em mais de dez acabamentos decorativos atuais, como o mármore, o carvalho e o cimento.*

*Oferecemos ao mercado as melhores opções de desenho, funcionalidade, capacidade de empilhamento, resistência aos impactos e fácil manutenção.*

Pour compléter notre offre de terrasse d'extérieur, notre Collection présente un vaste assortiment de tables sous différents matériaux, coloris et formats. Toutes nos options sont commercialisées avec un plateau compact de haute densité, offrant plus de dix finitions possibles et en accord avec les coloris tendances de la saison tel que le marbre, la finition bois ou béton.

Ceci, nous permet ainsi d'offrir au marché les meilleurs options combinant les aspects qualitatifs tels que: dessin, fonctionnalité, empilement, résistance à l'impact et facile entretien.

We have finished off our terrace collection with a large selection of tables which are available in a wide range of colours, shapes and sizes. All of our tables have been produced using high-density compact board and they are available in more than 10 contemporary finishes including marble, oak and cement.

Our products stand out from other similar products available on the market thanks to their design, functionality, stackability and impact resistance, as well as the fact that they are easy to maintain.

Nuestra tradición fabricando parasoles, unida a nuestra constante innovación, nos ha llevado a poder ofrecer a nuestros clientes una gran variedad de parasoles en diferentes formatos, acabados y materiales. Todos nuestros parasoles son confeccionados en nuestra fábrica de Portugal para lo que utilizamos tejido técnico Olefin en más de diez colores. Las cualidades de este tejido, 100% polipropileno, se adaptan muy bien a las exigencias de las instalaciones hosteleras. Posee una muy elevada solidez de los colores a la radiación UV, certificación UPF80, es repelente al agua, resistente a las manchas y 100% reciclable.

*A nossa tradição no fabrico de guarda-sóis, aliada à nossa constante inovação, permite-nos oferecer aos nossos clientes uma grande variedade de guarda-sóis em diferentes formatos, acabamentos e materiais. Todos os nossos guarda-sóis são confeccionados na nossa fábrica de Portugal, para os quais utilizamos um tecido técnico, o Olefin, em mais de dez cores. Sendo de 100% polipropileno, este tecido tem qualidades que se adaptam muito bem às exigências das instalações hoteleiras. Possui uma elevada solidez das cores à radiação UV, certificação UPF80, é repelente à água, resistente às manchas e 100% reciclável.*

Notre tradition en tant fabricant de parasols, auquel s'unie une contante innovation, nous permet aujourd'hui d'offrir à nos clients une vaste gamme de parasols sous différents formats, finitions et matériaux. Tous nos parasols sont fabriqués au sein de notre usine au Portugal grâce à l'utilisation d'une toile technique Olefin disponible en dix coloris. Les qualités de cette option de toile, 100% en polypropylène, s'adaptent parfaitement aux exigences de l'hôtellerie: solidité des couleurs face aux rayons UV, certification UPF80, déperlant, résistant aux tâches et 100% recyclable.

Thanks to our extensive experience in parasol production and our strong commitment to innovation, we are able to offer our customers a wide range of different types of parasols, produced from different materials and in a variety of finishes. All of our parasols are produced in our factory in Portugal using technical Olefin fabric and these are available in more than ten colours. The particular characteristics of this 100% polypropylene fabric adapt very well to the specific needs of the hospitality industry. This material offers high UV resistance, boasting a UPF80 rating, and likewise this 100% recyclable material is not only water repellent, but it is also stain resistant.

## COMPACT

Tablero termolaminado compacto decorativo (10mm). Formado en la cara exterior por papel decorativo impregnado y en el interior por papel kraft impregnado con resinas termoestables. A este material se le aplica en la prensa temperatura y presión de forma simultánea para conseguir un tablero compacto de alta densidad.

*Tampo termolaminado compacto decorativo (10mm). A sua face exterior é formada por papel decorativo impregnado e o seu interior por papel kraft impregnado com resinas termoestáveis. O conjunto é prensado por meio de calor e alta pressão de forma simultânea para conseguir um tampo compacto de alta densidade.*

Decorative pressed laminated table top (10mm). Interior composed of thermostable resin kraft paper and surface lined with impregnated decorative paper. The compound is pressed simultaneously at high temperature and pressure to obtain a high density compacted table top.

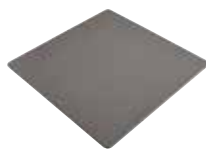

*Plateau stratifié compact décoratif (10mm). Formé sur sa face extérieure par du papier décoratif imprégné et dans son intérieur par du papier kraft imprégné avec des résines thermostables. L'ensemble est ensuite pressé sous l'action de la chaleur et de la haute pression, simultanément, afin d'obtenir un plateau compact de haute densité.*

Al igual que los árboles, el tejido de este parasol descontamina el aire de las ciudades, neutraliza los gases de los motores y otras sustancias nocivas. Incorpora una nanotecnología que, en contacto con la luz solar, convierte las sustancias contaminantes del aire en sales inertes.

*Tal como as árvores, o tecido deste guarda-sol descontamina o ar das cidades, neutraliza os gases dos motores e outras substâncias nocivas. Tem incorporada uma nanotecnologia que, em contacto com a luz solar, converte as substâncias contaminantes do ar em sais inertes.*

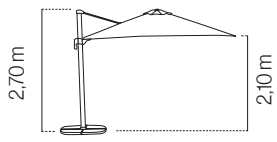

Much like trees, the fabric of this umbrella reduces city pollution, neutralizing engine gases and other harmful substances. Its nanotechnology, upon contact with sunlight, turns air pollutants into inert salts.

*Tout comme les arbres, le tissu de ce parasol décontamine l'air des villes et neutralise les gaz d'échappement des moteurs et d'autres substances nocives. Il intègre une nanotechnologie qui, en contact avec la lumière du soleil, transforme les substances contaminantes de l'air en sels inertes.*

## OLEFIN

Alta solidez de los colores a la radicación UV. Se trata de un tejido fabricado con hilo de polipropileno que ha sido tintado en masa, en su proceso inicial. Esto le otorga una gran resistencia a la luz solar ya que el color queda fijado en el hilo del tejido con mayor intensidad que en otros procesos.

Certificación UV standard 801 con la puntuación UPF 80, que garantiza la protección de la piel de los efectos nocivos de los rayos UV.

Repelente al agua - resistente a las manchas - 100% reciclable.

*Alta resistência das cores face à radiação UV. Sendo um tecido fabricado com fio em polipropileno tingido em massa no seu processo inicial, esta característica confere-lhe uma maior resistência à luz solar o que se deve essencialmente ao facto de a cor permanecer fixada ao fio com maior intensidade do que em outros processos de pigmentação.*

*Certificação UV standard 801 com factor de proteção UPF 80, que garante a proteção da pele dos efeitos nocivos dos raios UV.*

*Repelente à água - anti-manchas - 100% reciclável.*

High resistance of colours to UV radiation. The fabric is made from polypropylene fabric mass-dyed during the initial process. This provides high resistance to sunlight because the colour is set in the thread of the fabric more intensely than in other processes.

UV standard 801 rating UPF 80, that guarantees skin protection against nocive effects of UV rays on the skin.

Water repellent - stain resistance - 100% recyclable.

*Haute résistance des couleurs face à la radiation solaire. Il s'agit ici d'une toile fabriquée à partir d'un fil en polypropylène qui a été teinté en masse, depuis son processus initial. Ceci lui confère une haute résistance à la lumière solaire, étant donné que la teinte reste fixée sur le fil avec une plus grande intensité en comparaison avec d'autres processus de pigmentation.*

*Certification UV standard 801 avec un factor de protection UPF 80, qui garantie une protection de la peau face aux effets nocifs des rayons UV.*

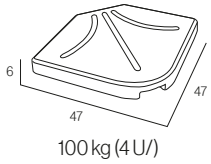

*Repellente à l'eau - résistant aux tâches - 100% recyclable.*

SOLUTION DYED - COLOUR FASTNESS: 7-8/8 - 100% RECYCLABLE
