

DEKORA & DEKORA SENSE DESIGN

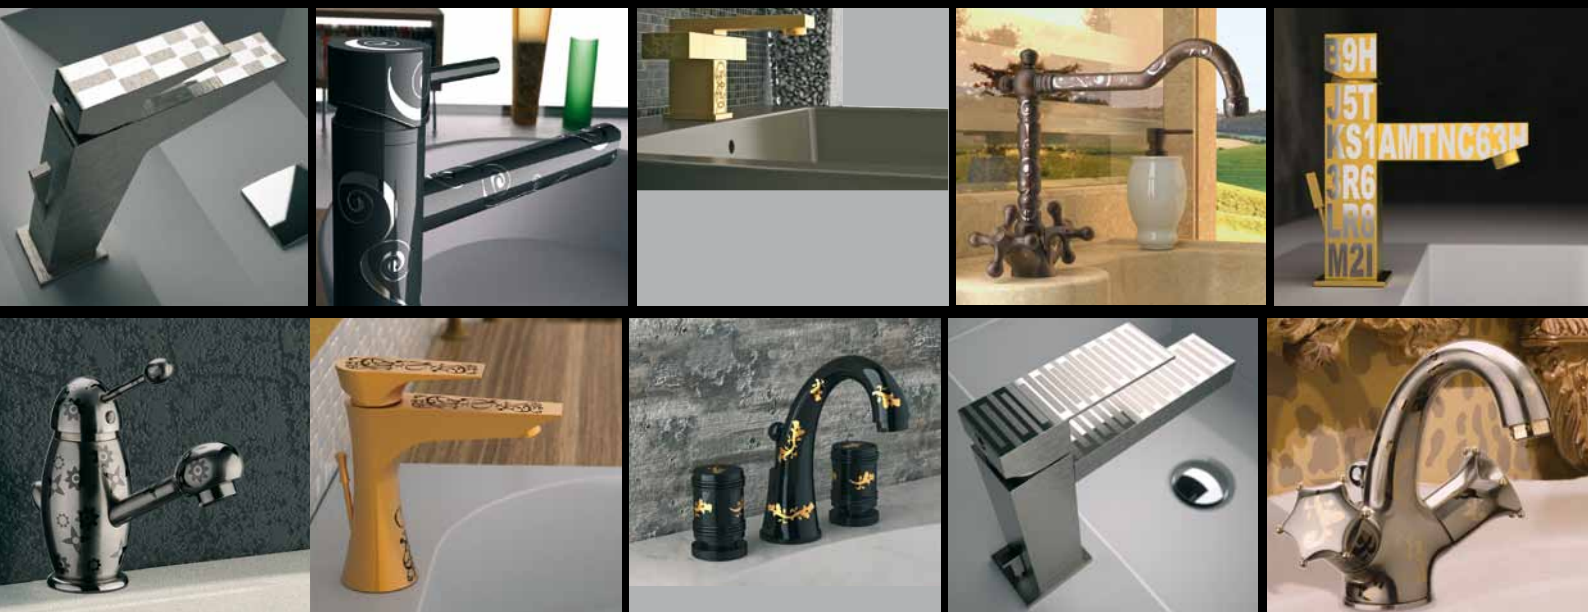

MADE IN ITALY

I prodotti DANIEL hanno la caratteristica di poter essere personalizzati e ulteriormente impreziositi attraverso le diverse finiture e decorazioni. DANIEL RUBINETTERIE propone finiture galvaniche, antiche, spazzolate, oltre ai verniciati classici, i nuovissimi metallizzati, i graniti e molte altre decorazioni possibili per rendere il Vostro prodotto assolutamente unico. Tramite tecnica brevettata da DANIEL RUBINETTERIE, creiamo inoltre abbinamenti di finiture galvaniche decorati delicatamente con disegni caratterizzanti che spaziano dallo stile pop-art a forme capricciose, tondeggianti e armoniose, fino a decori damascati più classici adatti ad ambienti importanti e prestigiosi. Queste serie di decori, eleganti e innovativi, sono il frutto di uno studio progettuale su forme, design e nuove tendenze.

DANIEL products have the peculiarity to be customized and further enriched through the various finishing and decorations. DANIEL RUBINETTERIE suggests galvanic finishing, antique, brushed, in addition to the painted classics, the latest metallic, the granites and much more. Through a patented technique by DANIEL RUBINETTERIE, we provide galvanic finishing couplings with characterizing and delicate decorations ranging from POP-art style to capricious, rounded and harmonious shapes, up to more classic damask decorations suitable for important and prestigious atmospheres. This series of decorations, smart and innovative, are the outcome of a keen study on shape, design and new tendencies.

DEKORA SENSE DESIGN

Dekora SENSE é un nuovo stile decorativo proposto dalla fantasia creativa di Daniel Rubinetterie.

Questo dekoro viene realizzato su rubinetterie verniciate e può quindi essere eseguito in tutti i colori di verniciatura, sia opachi che lucidi che metallizzati.

L'effetto risultante é elegante, moderno, e molto soft.

Il decoro diventa ora un elemento a rilievo che esalta il design del rubinetto fondendosi in esso.

La finitura verniciata, molto in voga al momento nei colori bianco opaco e nero opaco ma anche nelle varie personalizzazioni bagno, rende il miscelatore un oggetto che si integra perfettamente in qualsiasi contesto, divenendo elemento scultoreo a sé ed icona del tono su tono.

L'effetto a rilievo é plasmato nella forma e ben visibile; esso stupisce per innovazione e per la delicatezza con cui si presenta, impreziosendo l'ambiente.

Un piccolo gioiello nel vostro bagno.

Dekora SENSE is a new decorative style proposed by the creative fantasy of Daniel Rubinetterie.

This decoration is realized on spray vanished faucets and therefore can be carried out in all the vanished colours, either matt, shiny or metallized.

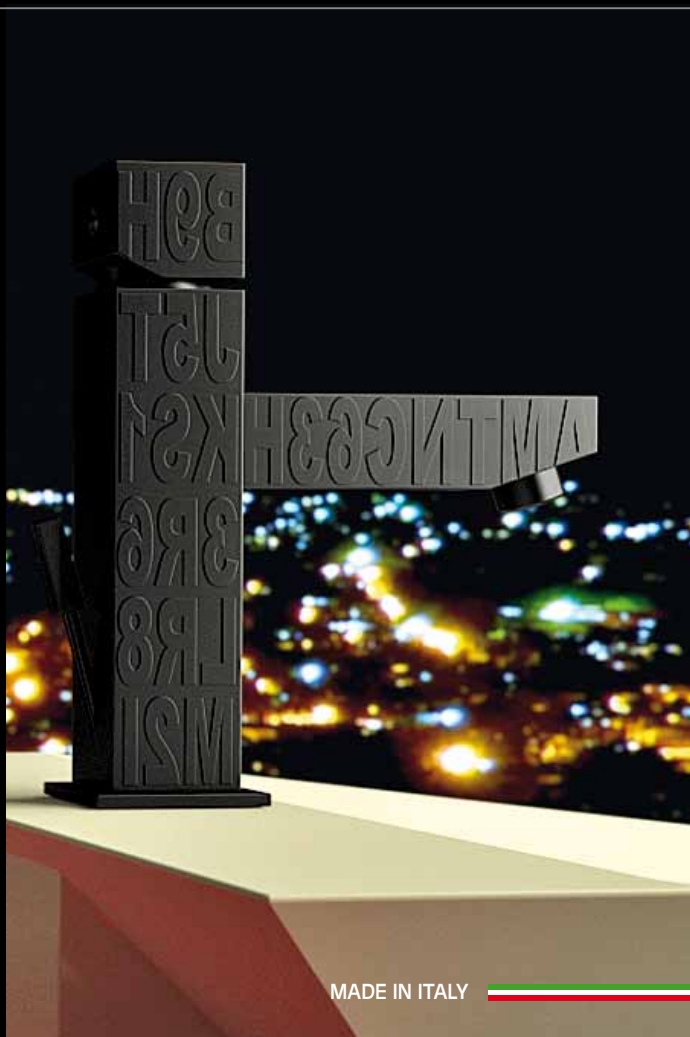

The resulting effect is elegant, modern, and very soft.

The decoration now becomes an element in relief that enhances the design of the tap, melting into it.

The vanished finishing, very much in vogue at the moment in the colors matt white and matt black but also in the various bathroom customizations, makes the mixer an object that integrates perfectly in any context, becoming a sculptural element and a tone-on-tone icon.

The relief effect is a shape moulded and well visible; it surprises for its innovation and delicacy, enriching the environment.

A small jewel in your bathroom.
