TrabÀ[®]

Arredi trasversali e funzionali.

Matrice d'ispirazione il design scandinavo. Arredi funzionali e sinceri. Dimensioni perfette anche per le superfici più ridotte. Sistemi aperti a libere composizioni. Una qualità concreta, che si riconosce dalla cura nelle costruzioni, nella facilità d'uso, nella versatilità e nel calore. Una pulizia del segno che non insegue facili tendenze, ma traccia uno stile individuale e un modo autentico di vivere ogni spazio.

Questa è la filosofia Trabà; prodotti che restano saldamente legati alla ricerca della qualità, dalla matrice artigianale, ma che nel tempo sono rivolti alla sperimentazione di nuove forme e di nuovi materiali. Le forme pulite, i materiali naturali, i colori pacati e neutri, con un mood ben definito. La collaborazione con l'architetto Emilio Nanni e l'architetto Massimo Broglio segna un filo conduttore in tutta la linea Trabà, rendendola unica, trasversale, innovativa e pragmatica.

Multi-purpose and functional furniture.

The Scandinavian design as source of inspiration. Functional and sincere furniture. The perfect dimensions even for the smaller areas. Systems open for unrestricted compositions. A concrete quality, recognisable by the care in the construction, in the ease of use, in the versatility and warmth. A clean design that do not follow ordinary trends, but outline an original style and an authentic way to live every space.

This is Trabà philosophy; products which remain firmly bound to the research of quality, of artisan work, but at the same time are the result of experimenting new shapes and new materials. Clean lines, natural materials, calm and neutral colours with a well-defined mood. The co-operation with the architects Emilio Nanni and Massimo Broglio delineates the whole Trabà range, making it unique, transversal, innovative and pragmatic.
