

Novelio® Nature OPPOSITES

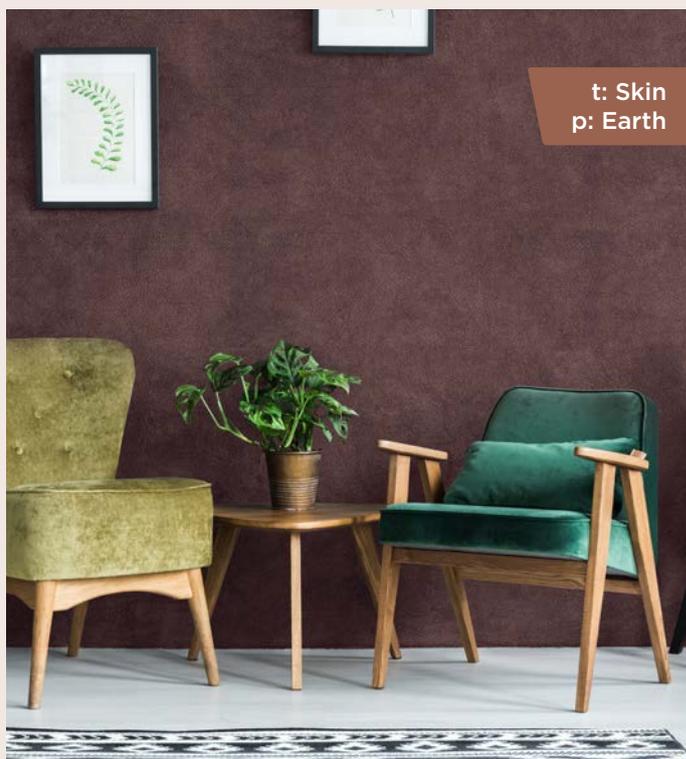

Let the wall impress

Glass fibre wallcoverings for a pleasant mood in any room you choose, for your lasting enjoyment. Soft elegant designs and colours combine with hard-wearing material – all inspired by mother nature.

Enjoy CleanAir

Inhale fresh air and feel full of life and vigour. ADFORS Novelio® Nature wallcoverings feature CleanAir technology, to make indoor air fresher. They absorb and neutralise formaldehyde that escape into the air, and permanently clean it of any such taint. They breathe new life into households, offices, hotels... Any place you want to feel naturally at your best.

Instructions

The wall must be clean (no dust, dirt or grease), dry, even and primed. Temperature should not be below 8 °C.

1. Cut to length according to room height (+10 cm).
2. Apply the dispersion adhesive evenly on the wall using a roller (~150 g/m²).
3. Place the wallcovering panel on the wall vertically and smooth it with a plastic spatula.
4. Place the adjacent panel edge to edge (respect vertical pattern repeat). Clean excess of glue at the joint with a clean tissue. Repeat steps 1, 2, and 3 with other panels until you have finished the room. You can also use the double-cut technique.
5. Cut off any surplus with a knife.

The glass fibre fabric is carefully checked before leaving our factory but should also be checked again just before hanging. Any claim should be accompanied with roll label and a sample featuring the defect.
