PANNELLI FISSI O SCORREVOLI FIXED OR SLIDING PANELS

Pannelli scorrevoli o fissi consentono di dividere due ambienti o chiudere la cabina armadio. Binari fissi guida in alluminio a una o più vie vengono facilmente installati per garantire una pratica e semplice scorrevolezza. I pannelli sono in legno e realizzati con pregiato legno intarsiato dai caratteristici disegni geometrici.

Sliding or fixed panels allow to divide two rooms or close the walk-in closet.

Fixed aluminum guide rails with one or more ways are easily installed to guarantee practical and simple sliding.

The panels are made of wood and made of fine wood inlaid with characteristic geometric patterns.

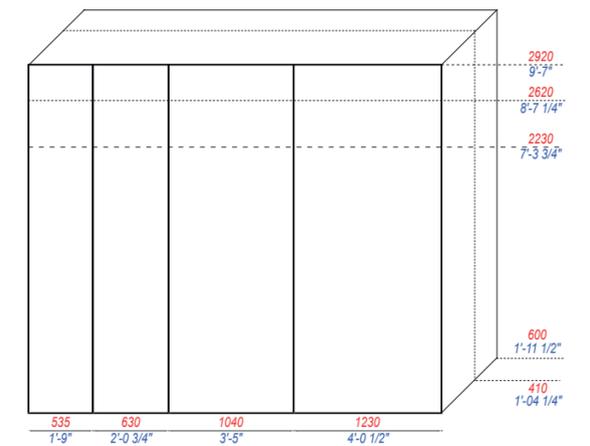

SISTEMA DI ARMADIATURA A SPALLA PORTANTE SHOULDER BEARING SYSTEM

Sistema di armadiature a spalla portante.
Il programma consente di realizzare tradizionali armadi con anta e cabine armadio. Offre pertanto di lavorare su ogni singolo modulo personalizzandolo con o senza ante. Ripiani disponibili in vetro trasparente o legno. Disponibile anche illuminazione interna a led. Inoltre il programma offre una completa gamma di attrezzatura interna come cassettiere, portacamice, cassetti alveolati, portapantaloni, portacamice, portascarpe.

*Cabinet system with supporting shoulder.
The program allows the creation of traditional closets with doors and walk-in closets. Therefore, it offers to work on every single module, personalizing it with or without doors. Shelves available in transparent glass or wood. Also available internal led lighting. In addition, the program offers a complete range of internal equipment such as drawers, gift holders, honeycomb drawers, trouser racks, gift holders, shoe racks.*

MADE IN ITALY

TA PRO lite 50 armadi e lit

Un sistema tamburato speciale:
viti nel legno massello, non si sgretola.
*An exclusive drum system:
tradition and vanguard.*

**QUALITÀ INASPETTATE
UNEXPECTED QUALITIES**
Lunga durata nel tempo significa
rispetto per la natura.
*Long lasting products mean high
respect of nature.*

"ADAPTIVE COLOURS TECH"
Tecniche raffinate uniformano le
varie tonalità dei colori del legno.
*Fine techniques give
uniformity to natural colours of
wood.*

PASSION AND EXPERIENCE
Arte in essenza selezionata con
cura "artigianale" e numerata per
tronco originario.
*Wood doors are selected
and checked with craft man care.*

DOOR CLOSER
Chiusura con richiamo
calibrato e cerniere
collaudate UNI ISO 9001.
*Smooth closers, 100.000cycles
UNI ISO 9001 norm.*

COLOURS & WOOD
Variazioni naturali di colore
rivelano l'impiego di vero legno.
*Natural tone variations reveal
the use of real wood veneer.*

L'ABETE DEI VIOLINI
Abete rosso della Val di Fiemme
lo stesso dei famosi violini Stradivari
"Abete rosso" - Val di Fiemme.
*Just the same of the famous
Stradivari violins.*

INCASTRI NEI MASSELLI
Solidi incastri fatti come una volta.
*Joints in solid wood just like once
upon a time.*

CASSETTI FRENATI
Chiusura antishock: i cassetti
chiudono silenziosamente,
senza sbattere.
*Antishock closing system:
drawers close smoothly and silently
without bumping.*

SAGOME PREMASSELLATE
Spigoli arrotondati miglior
finitura e stabilità nel tempo.
*Rounded corners to improve
finishing quality and long stability.*

ECOLOGICALLY SUSTAINABLE
Abete massello proveniente da
foreste eco certificate (MCF-FSC)
come gestite in modo
ecologicamente sostenibile.
*Solid fir comes from forests
certified as managed
in an ecologically sustainable
way (MCF-FSC).*

DOUBLE DECK SYSTEM
Stratificazioni bilanciate con incollaggi
a basse temperature
e componenti naturali.
*Gluing systems at lower
temperatures and with also
natural components.*

HONEYCOMB CELLS
Rigidità e leggerezza speciali dovute
alle strutture interne a celle esagonali,
principio impiegato anche da
sostitute tecniche nelle ali d'aereo,
scocche di auto di Formula 1, alta
velocità, componenti da competizione
estrema.
*High torsion resistance thanks to
honeycomb cells, just as happens
in aviation industry and racing
chassis.*

ANTICIPATE THE FUTURE
Lunga conservazione grazie a
finiture protettive a minima
emissione (acrilico uv, acqua uv, pe).
*Long lasting preservations tank to
finishing coats at low emissions
(uv water, uv acrylic, pe).*

"PERMANENT LIFT"
Una buona base: stabilizzatori micro
ingegnerizzati a doppio rinvio
cardanico in acciaio nylon vetro.
*Power comes from good basis:
micro supports in nylon charged
with glass assure highest stability.*

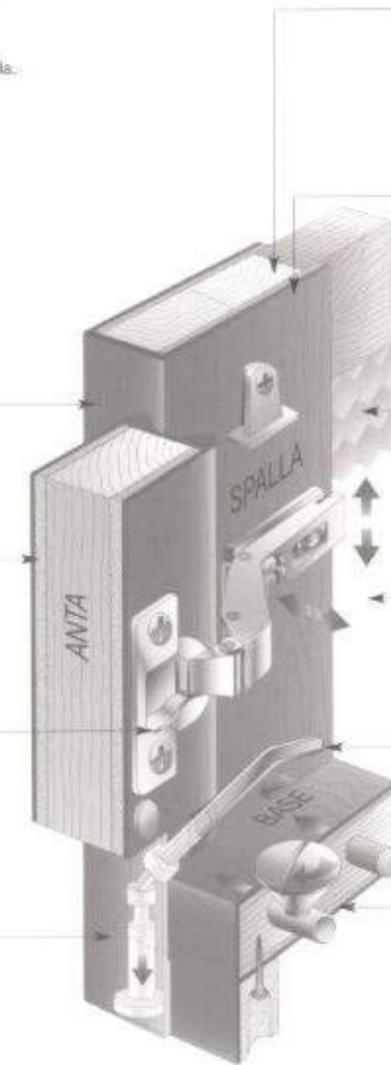

"FIR FRAME"
Robusti ripiani tamburati di forte
spessore 30mm con struttura in
massello "fir frame".
*Fir frame tamburato shelves 30mm
thick for highest strength.*

CUORE ITALIANO - ITALIAN HEART
made in Italy
Deio è costruita in Italia,
con know-how e cuore italiano.
*Deio is made in Italy, with Italian
know-how and heart.*

SISTEMA DI ARMADIATURA A CREMAGLIERA RACK CLOSER SYSTEM

Il programma consente di realizzare cabine armadio personalizzate al millimetro. Pannelli a muro a cremagliera agganciati al muro accolgono innumerevoli elementi sospesi come mensole illuminate o attrezzate con tubo appendiabiti, cassettiere, portacamice, cassetti alveolati, portapantaloni, portacamice, portascarpe. La duttilità del programma consente inoltre di creare cabine armadio miste abbinando ai pannelli a cremagliera elementi a spalla con ante, per meglio custodire ciò che vi è di più prezioso.

The program allows you to create custom walk-in closets to the millimeter. Rack-mounted wall panels hooked to the wall accommodate countless suspended elements such as lighted shelves or equipped with clothes rail, drawers, gift holders, honeycomb drawers, trouser racks, gift holders, shoe racks. The ductility of the program also allows you to create mixed walk-in closets by combining rack panels with shoulder elements with doors, to better preserve what is most precious.
